

Dots from Dog Bluff.

Farmers about through planting corn and are turning their attention to other crops and farm work.

In a recent issue "Sly Coon" said that there were no weddings to report, but I want to say that we had a marriage on Saturday afternoon, March the 20th, the contracting parties being W M Edwards and Miss Maggie, daughter of Mr F Lawson, of Galivants Ferry.

But I want to say a few words about what took place the night after the marriage. A party of about twenty-two gathered and with conks and sweeps and cow bells gave the newlyweds a vigorous, if not harmonious, serenade. Night was made hideous by the conglomeration of the discordant sounds, which could be heard two miles away and I can't say how much further.

No visiting worth writing so I will close for this time with best wishes to the Herald and its many readers. Blue Jay.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do are tenfold to the good you can possibly derive from them.

Three Deaths Near Macedonia.

The death angel visited the home of J F Hardee and took away his son, Nathan, on the 2nd Sunday in March, and on the 3rd Sunday the home of Mrs Sarah Causee was darkened by the presence of the grim reaper. On the 4th Sunday Mrs Mary Jane Todd fell asleep. This makes three deaths in three weeks in sight of each other.

Sweet Over Niagara.

This terrible calamity often happens because a careless boatman ignores the river's warning—growing ripples and faster current. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape fatal maladies—Dropsy, Diabetes or Bright's disease.

Married.

Advertisement for Virginia-Carolina Fertilizers. Text: "Making More Money Out of Cotton Crops is merely a question of using enough of the right kind of fertilizers. Virginia-Carolina Fertilizers are the right kind. The cotton plant cannot feed on barren land. Study your soil. Find out what it lacks. Then apply the necessary fertilization and the results will surprise you. See what Mr. V. G. Hays of Smith Station, Ala., did. He says: 'I planted about 30 acres of some 'gray land' that had been in cultivation for over 20 years, and used 300 pounds of Virginia-Carolina Fertilizer per acre, and I expect to gather 30 bales from the 30 acres.' This is why we say it is the right kind. We have hundreds of letters like this, and even a tongue, in praise of Virginia-Carolina Fertilizer for cotton. Get a copy of the new 1909 Virginia-Carolina Farmers' Year Book from your fertilizer dealer, or write our nearest sales office and a copy will be sent you free.
