## A PERTINENT QUESTION.

If We Have Prohibition Let Us En-  
force It or Have Dispensaries.

Editor Herald: Please allow me  
space in your columns for a few  
items from Little River,  
The health of the little town is  
very good.

I think that there is going to be a  
large crop of tobacco gathered in  
this section. The acreage has been  
increased and the plants are in a fine  
healthy condition.

Well, our Supervisor was up to  
see us some time ago and said that  
he was going to put every effort for-  
ward to make us some good roads.  
These, I think, we need.

Our Sunday school is getting  
along fine under the management of  
P K Bessant, and I dare say it  
would have a larger attendance if  
it were not for so much moonshine  
and blind tiger whiskey. The good  
people of this little town should  
look into this matter and see if it  
cannot be stopped for it is a dis-  
grace and a curse to the place. The  
unlawful sale of whiskey is common  
all over this part of the county.

Whiskey may be all right in its  
place, but I think it should be put  
in its place and kept there. I trust  
that I am not stepping on any one's  
toes by saying what I have for if  
we are going to have prohibition let  
us have that, but if we are going to  
have whiskey let us have it in a de-  
cent way. Don't let us have it  
hailed in here at night by these  
moonshine stillers and hide behind  
some store or old house and deal it  
out to all who come along. Hoping  
that I will not see so much of its  
effects in the future as I have in the  
past, I will close with best wishes  
to the Herald and its readers,  
W.

## Words to Freeze the Soul.

"Your son has Consumption. His  
case is hopeless." These appalling  
words were spoken to George E.  
Blevens, a leading merchant of  
Springfield, N. C., by two expert  
doctors—one a lung specialist. Then  
was shown the wonderful power of  
Dr King's New Discovery. "After  
three weeks use," writes Mr Blevens,  
"he was as well as ever. I would  
not take all the money in the world  
for what it did for my boy." Infall-  
ible for Coughs and Colds, its the  
safest, surest cure for desperate  
Lung diseases on earth. 50c and

## Hull Island Items.

We are having lovely spring weath-  
er now.

Our truckers are looking cheer-  
ful over the prospect of an early  
shipment of their berries.

A birthday party was given at  
the home of S P Hughes on the af-  
ternoon of April 3rd, in honor of  
his daughter, Miss Lutye. It was  
quite an enjoyable occasion and the  
time was very pleasantly passed in  
innocent games. At 10:30 o'clock  
refreshments were served consist-  
ing of a variety of cakes and ho-  
chocolate. Miss Lutye was also  
the recipient of some lovely pres-  
ents.

Well, dear readers of the Herald,  
come next Sunday to Springfield.  
It is our preaching day, and, too,  
we want you to join us in our Bible  
class and help us read our lessons.

Best wishes to the Herald and its  
readers. Vestus.
