The toll of the automobile in human life is fearful, if we are to believe the long list of accidents coming to us through the columns of the papers. Most of these accidents (?) were unquestionably the result of recklessness on the part of the drivers growing out of a criminal disregard for the speed limit laws.

There is a scarcity of crates in Conway and the shippers have been greatly hampered in moving the berries to market as a consequence, so we are informed. The supply did not near meet the demand, and for some time the situation was really serious. One shipper temporarily relieved the situation by ordering a large load of crates from Tabor, N. C., and others have done the same.

The shifting of the cars on Main is annoying to pedestrians, interfering with business and is a common nuisance to all classes of our citizenship. It often happens that the street and crossings in the business centre of the town are blocked with long strings of cars for an unreasonable length of time. There is much complaint concerning this matter and as it has become to be a common nuisance it can be abated and there is no reason why it should not be. The public good demands it and the progress of Conway insists that this nuisance shall cease to exist.

On last Friday, May 10th, all over this beautiful Southland, and in nearly every place where a Confederate soldier sleeps beneath the sod, beautiful flowers and garlands of immortelles covered the heroes who have "crossed over the river." The 10th of May was selected by the survivors of the Southern Confederacy as Memorial Day in honor of Thomas J. Jackson, better known in war annals as "Stonewall" Jackson, who died at Guinea Station, on May 10th, 1863, after having been wounded a few days before by Confederate soldiers, who mistook him and his staff in the dark for Federals.

We are glad to learn from the communication of "S. M. A." that there is at least one section of Horry county from which comes no complaint concerning the bad condition of the public highways. This is against all precedents as the usual thing the complaints concerning the bad condition of the roads have been long and loud and have come from nearly every section of the county. In view of this fact, therefore, it is refreshing to be informed that in Green Sea township the public roads are in such an excellent condition as to give general satisfaction to those who travel over them. There must be one of two reasons, probably both combined, to bring about such a marvelous state of affairs. The first of these may be owing to the excellent judgment of the road-overseers of that township in having the public highways under their jurisdiction faithfully worked with a view to their permanency; or, that the public spirited citizens, for which that township is noted, have banded together for the purpose of putting and keeping their roads in a good condition at all times and during all seasons of the year, independent of the inefficient work usually done by enforced labor or county road hands. Anyhow whatever may be the cause it is certain that if the roads of Green Sea are in as good condition as "S. M. A." say they are, and we have no reason to doubt it, they should be an object lesson to stimulate the people of the other communities of the county to put and keep their roads in as good, if not better condition. It will most assuredly pay in the long run.

A correspondent writing to the News and Courier from Conway, says that Hon. R. B. Scarborough is a candidate for delegate to the Baltimore convention from the 6th Congressional District.

## A BRILLIANT SOCIAL EVENT.

Mrs. Lollie Collins Charming Entertains in Honor of Her Niece.

A Conway correspondent writing to the News and Courier under date of May 11, says: "At her beautiful home, on Main street, Mrs. M. W. Collins was the hostess at a charming party given in honor of her niece, Miss Laurie Wilcox, of Marion, on Tuesday evening. The guests were met at the door by little Misses Minnie Collins and Allene Spivey, who, in dainty pink dresses, assisted the hostess in a charming manner during the remainder of the evening. The fun began with an amusing rhyme contest in which the guests were to fill out blanks of familiar quotations. Those who best remembered these quotations were Miss Naomi Collins and her partner, Mr. B. W. Middleton—the partners having been chosen by divided quotations. The prize for this contest was a pretty breast pin and a tie holder, while the guest of honor was presented with a box of stationery. "The guests were then requested to go out on the lawn, and here a beautiful surprise awaited them. Small tables adorned with vases of roses had been artistically grouped on the cool, quiet lawn, and the beautiful moon, as if honoring the occasion, casting a soft, rich glow over the merry party. Delightful refreshments, consisting of ice cream, cakes and candies, were served. The invited guests were Misses Laurie Wilcox, Lucile Burroughs, Marjory Quattlebaum, Catherine Doak, Marie Dent, Margaret McNeill, Naomi Collins, Mabel Norton, Mitchell Collins and Messrs. Freeman, Magrath, Hughes, Coles, Hunter, McNeill, Quattlebaum, Moffatt, Middleton, Cates and McWhite."

## Dedication of Cedar Grove Baptist Church.

Rev. W. E. Wilkins, of Greenville, S. C. held a meeting at Cedar Grove, commencing on the 2nd inst., and on Sunday, the 5th, dedicated the new church there. Brother Wilkins did some faithful preaching, and the future will tell of the good accomplished.

At the dedicatory services on Sunday, Mr. W. J. Hendricks, Chairman, of the Building Committee, and to whom the church is indebted for this beautiful building, made his final report and in this report he gave facts that will be of interest to all former members as well as to the present membership.

His report showed that the building cost \$1275, and that it was all paid. He stated that the church was constituted just thirty-six years ago—on the first Sunday in May, 1876—with thirty-six members, all of whom are now living but only two of whom still hold their membership there. Only one of these charter members, Mrs. L. F. Hughes, was present at this service.

The oldest charter member now living is Mr. W. A. Spivey who is 80 years of age. He lives in Moultrie, Ga., and while his health is not good he is still trying to fill his place in the kingdom.

Revs. H. H. Holmes, W. D. Martin, A. M. Noble, and Messrs. John A. Mayo, John M. Woodward, John R. Reaves, William Russ and A. J. Benson were present and took part in this service but none of them are now living. Rev. A. M. Noble was the first pastor.

This church now has 108 members and has sent out many who are in other churches helping to advance Christ's kingdom.

At the close of the services Sunday an offering was taken for State missions and the Laymen's Missionary Movement, which amounted to \$37.65.

The church is at present without a pastor, but Mr. W. J. Hendricks, a member of our Laymen committee and the other laymen are carrying on the work. They hope to secure a pastor within the next few weeks. John C. Spivey, Conway, May 10th.

Since writing the above I have received a message stating that Father has passed away. He died Sunday morning at 7 o'clock and was buried at the Moultrie Cemetery on Monday. J. C. S.

Mr. J. S. Neal recently closed a deal with Mr. W. T. Burton, of Wilson, N. C., to auctioneer for his firm at Mullins, S. C. Mr. Burton is recognized by the tobacco trade to be one of the highest class auctioneers in the business. Mr. Burton has auctioneered on the largest markets of North Carolina, Virginia and Kentucky and he stands at the head of the list in his profession, which will add much to this strong firm. Mullins is the largest tobacco market in South Carolina and from her reputation she bids fair to be the largest market in the bright belt, especially the coast belt of the bright section.—The Chatham Va. Tribune.

It was stated some days ago, that the Sunday excursion trains to Myrtle Beach would be put on again the first running on the first Sunday in June. The Sea-Side Inn, which will be in charge of Mr. Nance this season, will be open and ready for business about the same time.

S. W. Martin, of Haskell, was in Conway on business one day last week.

## CALOMEL GIVES ONLY TEMPORARY RELIEF.

So Powerful It Shocks Liver and Leaves It Weaker Than Before, Dobson's Liver-Tone a Perfect Substitute

Nearly everybody who has ever tried calomel for constipation or a sluggish liver has found that it gives only a temporary relief. For calomel is such a powerful drug that it shocks and weakens the liver and makes it less able afterward to do its duty than in the first place.

This is one of the reasons why Norton Drug Co.'s drug store would rather sell Dodson's Liver-Tone to you than calomel. We know that Dodson's Liver-Tone is a pure vegetable liver tonic that will cure constipation quickly and gently without any danger of bad after-effects. We guarantee it to do this with a guarantee that is simple and fair. If you buy a bottle of Dodson's Liver-Tone for yourself or your children, and do not find that it is a perfect substitute for calomel, then come back and get your money. If you don't get value for your money out of this tonic, it's your right to expect your money back, and we will gladly give it to you.

## Dairy Doings.

What do you do when you discover a leak in the milk pail? Stop it, of course. But do you ever think about stopping the leak caused by poor cows? The latter leak is the bigger of the two.

A cow so milked that she does not enjoy the operation will gradually retire from the business of giving milk. Do not milk her in a cold wind, or a hot stable, nor where flies torture her, nor in a muddy barnyard.

A cow will do much better if always cared for and milked by the same person. Cows do not like strangers, so when your visiting friend offers to help milk say, "No," or not quite so much milk as usual will be the result.

Midsummer often brings much suffering to stock because the water supply falls or becomes low. Pains should be taken to provide an ample supply of pure water, not only because it is humane so to do, but for the more selfish reason that the animals will thrive and produce much better.

Buttermilk cheese is a new product obtained by curdling buttermilk with heat, draining the curd and adding salt. Large amounts of buttermilk are wasted every year, says Professor J. L. Sammis of the Wisconsin experimental station. If this were made into buttermilk cheese it would furnish a larger supply of palatable food, equal in food value, pound for pound, to lean beefsteak, and which can be sold profitably at half the price of meat. To make this cheese the buttermilk is curdled by heating to 80 degrees, and left undisturbed for an hour. It is then heated to 130 degrees, and after standing quiet for about an hour the clear whey is drawn off the curd, and the latter is placed on a draining rack, which is covered with cheese cloth. Here it remains half a day or overnight, until as dry as desired, when it is salted with one and one-half pounds of salt per 100 pounds of curd, and is ready for use.

## Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough, she writes. 'Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now.' Quick and safe, its most reliable of all throat and lung medicines. Every bottle guaranteed, 50c and \$1.00. Trial bottle free at Norton Drug Co.
