NEWS OF VITAL IMPORTANCE AGREEMENT

The low price of Cotton which has prevailed all over the entire South has caused an enormous loss of business both to the wholesaler as well as retailers. Expectations were for better business and 15 cents cotton. Manufacturers have found themselves with enormous stock of Merchandise on hand and as conditions were. The other way they have shipped in merchandise which was bought at our price. We actually know the goods were bought at what it cost the maker to produce them. Now we have taken the opportunity of presenting a sale to the public that the people will remember it for days to come. It will not be an ordinary sale that others give you low prices on a few items to get you interested to start you buying and make difference upon other goods. But prices will be cut to the extreme point on every piece of merchandise in the house. Come and bring your family here and look for your self, convince your own eyes that our prices are far less than any sale that has been held in Conway before. True to our reputation and should protect every buyer and a guarantee goes with every piece of merchandise that leaves our store. We shall refund money to any purchaser for any reason whatsoever no one can afford to overlook this event. We will open our doors to the public, Thursday May 23rd, and invite you to partake in the marvelous selection of the mightiest avalanche of majestic bargains ever offered.
