LORIS RED CROSS

Editor Herald:

The ladies of the local Red Cross unit of Loris, have been very diligent in their efforts in raising money for the Red Cross. The President, Mrs. D. J. Butler, led in the drive that has been made by the members of the local unit. These good ladies organized and sent Committees to the three Warehouses each day, and asked the farmers as they brought their tobacco in for a handful of tobacco for the Red Cross. This tobacco was sold and the proceeds netted \$544.00. These good ladies deserve the well done of all for their faithfulness in this most worthy cause. —(C.)

A. J. BAKER, Co. Agent.

When disposed to feel tired of the war and the situation of the country as brought about by the war; simply remember that this war is a necessary war and had to be. Human existence is surrounded by difficulties at the best. No man finds it as good as he would like to. That would be contrary to nature. If the war is necessary then we are obliged to help prosecute it to the highest of our ability, and to complain about the war is the same as complaining about life itself. The war is and must be. Our victory depends on our own efforts.
