

## GERMANS RATIFY

### THE PEACE TREATY

National Assembly Declares  
Versailles Pact Effective Law

ALLIES MAY RAISE  
BLOCKADE AT ONCE

Treaty Goes Into Effect With  
Them When the Three  
Have Ratified.

Berlin.—The German national assembly in Weimar has adopted a resolution ratifying the peace treaty, according to advices received here.

The resolution reads:  
"The peace treaty signed on June 28, 1919, as well as the protocol, annexed and special agreements on military occupation of the Rhineland are hereby ratified. This law becomes effective from the date of its promulgation."

Ratification of the peace treaty by the German national assembly removes all doubt of the acceptance of the terms by Germany.

The national assembly by ratifying the treaty makes it possible for the allied and associated powers to raise the blockade.

Official notification was sent Germany June 29, that the blockade was looked upon in peace conference circles as a sure plan for securing speedy ratification by Germany.

The council of five on Monday decided to lift the commercial censorship on communications with Germany simultaneous with the removal of the blockade.

When three of the principal allied powers, in addition to Germany, have ratified the treaty it becomes effective for those who have ratified it. After Germany and the three allied powers have ratified it, the treaty will come into force for each other power on the day when it notifies the peace conference secretariat of its ratification.

The resolution adopted by the allied council concerning the blockade was as follows:

The superior blockade council is instructed to base its arrangements for rescinding restriction upon trade with Germany upon the assumption that the allied and associated powers will now wait to raise the blockade until the completion of ratification, as provided for at the end of the treaty with Germany, but that it is to be raised immediately upon receipt of information that the treaty of peace has been ratified by Germany."

Promulgation of the resolution ratifying the treaty is dependent upon the signing of the resolution by President Ebert.

The German national assembly is the first elective body in any country whose representatives signed the treaty to adopt ratifying resolution. The treaty probably will be laid before the British, French and

Belgian parliaments, and will be placed before the senate of the United States by President Wilson.

Vote Was 208 to 115.

Weimar.—The resolution ratifying the peace treaty was adopted by the German national assembly by a vote of 208 to 115.

## WANT LEAGUE OPEN TO EVERY NATION

New York.—A demand that all the nations of the world may be eligible to the league of nations was expressed in a resolution unanimously adopted here at the first annual congress of the Pan-American Federation of Labor by delegates from ten countries including the United States.

The demand was formulated following a report by a committee on resolutions endorsing the league of nations.

Lively discussion was precipitated by the report, several of the delegates contending that it was "unreasonable" to expect the labor movement in countries which had not been admitted to the league to do more than sympathize with its general aims.

# Do You Want a Ford

-----?-----

We want to talk to you about that Ford you have been promising the "folks at home" to buy—no doubt you have "put off" placing your order on account of not knowing when you could get one. For the past two years The Ford Factory has been devoted to war work and cars have been scarce. While we are not in a position to make any promises as to deliveries—we have information which leads us to believe, that after the month of August we will be given more cars in our territory. You can greatly assist us to get these cars, and thus make quicker deliveries to yourself and others, if you will place your order with us during the month of July. Don't hesitate any longer, let your order and deposit (\$25.00) come along at once so your name will be "written there." Cars will not be plentiful, we can supply only those who have filed orders with deposits. If anything happens you can cancel order and deposit will be returned to you. Don't delay longer, hurry and get your order in—the sooner the quicker you ride in a Ford. If prices should fall you get them at the reduced price. Remember let us have that order at once, so it will come in July—and don't forget that the Fords are getting better every day.
