

## BOXED PINES PLAYING OUT

Users of Naval Stores Must Look For Other Sources

### REFORESTATION REMEDY

Much Land in Horry County Suitable Only For Growing Young Pine Trees

The wearing out of the turpentine forests in this section of the country has been coming on gradually until now it is plainly seen that before long the supply will be cut off to such an extent that those who use naval stores will have to look to some other source for the materials they have so far used and ready in the past.

One plan for taking care of the exhaustion of the turpentine producing trees is to re-forest the country with long leaf pine, using lands that are unfit for anything much else except for the growing of grass or timber. This plan would succeed provided enough interest could be awakened in the project.

Large tracts of land in this county can never be used for the raising of crops on account of the great cost of drainage. Such lands are nearly all clear of the long leaf pine that produces turpentine in marketable quantities. There is some short leaf pine on some of these tracts, but the short leaf pine is a very small producer of turpentine, and as we understand it the little turpentine that does come from the short leaf pine is not so valuable as a producer of spirits and resin.

The matter has been called to the attention of The Horry Herald by Mr. F. L. Dusenbury, vice-president of the Jennings Naval Stores Company, of New Orleans, La., where Mr. Dusenbury has been engaged in the naval stores business for a number of years and has made a large success.

He writes The Herald under date of November 1st:

"Mr. H. H. Woodward,

"Conway, S. C.

"Dear Sir:

"I hand you herewith a clipping taken from The Times-Picayune of October 25th. This in line with what I had previously written you. Of course it must be taken with a 'grain of salt' as the United States Forestry experts are spreading a propaganda all over the South with a view of getting Congress to appropriate money for the furtherance of the reforestation plan.

"I hope, therefore, that you will be able to stir up something in Horry County and other sections of South Carolina, so that ultimately we can expect a new growth of long leaf pine to replace the God-given supply that we have so ruthlessly destroyed in the past forty years.

"My recollection of Horry County is that a large part of the area only fits the growing of long leaf pine and is not fit for the cultivation of the general crops, and I think any area not suitable for growing crops should be set out in long leaf pine trees.

"I hope you will be able to start something, and if I can be of any assistance to you from the western end of the territory, you can command me.

"Yours truly,

"November 1st, 1922.

"F. L. DUSENBURY, Vice-Pres.

"New Orleans, La.

"November 1st, 1922."

The article inclosed in the letter contains interesting reading for business men and land owners of this county, and this article follows in full:

"Unless experiments are started at once to discover how soon and what system of tapping is best for second growth pine the turpentine industry and gum naval stores supplies will be so curtailed in ten years that both the local and export markets will have to seek some other source of supply, is the prophecy made by Carlisle P. Winslow, chief of the forest products laboratory maintained by the Department of Agriculture at the University of Wisconsin.

"The present supply of virgin timber for turpentine will be exhausted in less than ten years," said Mr. Winslow last night. "Estimates show that in that time the gum naval stores supplies produced in the Southern belt will be so reduced that the export markets as well as the local will have to seek other sources of supply unless experiments are started to discover how soon and how long the second growth pine now coming up can be tapped."

"Mr. Winslow pointed out that if haphazard methods of tapping trees are tried, it is strongly probable the second growth trees will be so damaged that they will be killed, leaving only the extraction and distillation process for stumping to produce turpentine and the gum naval stores. He also said that the \$40,000,000 in naval stores produced in the Southern belt is from 75 to 80 per cent of the world supply at present. He made plain that his statements are based on estimates arrived at from exhaustive research work made by the forestry division.

"Mr. Winslow visited New Orleans yesterday with Dr. L. F. Hawley, from the Wisconsin experimental station. They are seeking to interest the turpentine interests in starting this research into the turpentine of the second growth trees so that by the time the virgin timber is exhausted the naval stores situation can be met without destructive losses both in finances and timber production."

Tell it to the Horry Herald.

## FIRE DESTROYS FINE DWELLING

The burning of the home of Mr. and Mrs. D. M. Burroughs last Tuesday, just before twelve o'clock, caused excitement in the business section when the fire alarm was rung and the department responded as quickly as possible.

The residence was the building formerly occupied by the late Mr. and Mrs. D. M. Burroughs, lately purchased by Mr. D. M. Burroughs; and at the time of the fire was in process of remodeling.

The work on the building was begun several months ago. Workmen were engaged on the building at the time of the fire, but up to the time of this writing no satisfactory explanation of the cause of the conflagration has been made. It is generally reported that workmen were using a blow torch in some part of the building to take off old paint; that from the torch, which either exploded, or was left carelessly, the blaze started.

By the time the members of the fire department got there the structure was falling in. Efforts to save the building were useless. It soon burned down to the ground and nothing remained of the big dwelling except the smoking embers.

The changes on the old building were quite extensive. It was considered a large contract, and was taken by the firm of Haynesworth & Lawton, of Florence, S. C., the same concern that had the contract for the building of the Myrtle Beach Yacht Club at Myrtle Beach last spring. The same firm is erecting the new school building.

### CIRCLE MEETING

The Belle Bennett Circle of the Missionary Society of the Conway Methodist Church met with Mrs. C. R. Scarborough Monday, the 6th of November, at 4 o'clock.

The meeting, which was conducted by the leader, Mrs. Parker, opened with the song "What a Friend We Have in Jesus," followed by a prayer by Mrs. Parker. Then the song "Come Holy Ghost in Love," and a Scripture reading by Mrs. Gasque. Mrs. Wachtman read a splendid paper on "Friendship."

After the roll call it was found that six new members had been added to the roll. During a general discussion of the oyster supper which we will have Tuesday, November 14th, from 4:00 to 9:00 P. M., at the Town Hall, a delightful salad course and coffee was served by the hostess.

The next meeting will be held with Mrs. B. J. Sessions December 4th at 4:00 P. M.

### NOTICE OF SALE

Under and by virtue of the decree and judgment of the court made by his Honor W. C. McLain, Presiding Judge, in the case of B. B. Anderson, Plaintiff vs. C. G. Hoover, Condonee Chemical Company, a Corporation, and American Bank & Trust Co., a Corporation, defendants, and dated the 28th day of October, A. D. 1922, I, the undersigned W. L. Bryan, Clerk of Court as Special Master, of Horry County, will sell at public auction, to the highest bidder before the Court House door, at Conway, in Horry County, and State of South Carolina, during legal hours of sale, on salesday in December next, it being the 4th day of said month, all and singular that certain real estate situate in Horry County, and described as follows, to wit:

All and singular, that certain tract of land, situate in Green Sea Township, County and State aforesaid, containing Three Hundred (300) acres, more or less, beginning at the run of Mitchell Swamp at the Bridge on Fair Bluff and Conway Public road, and running westwardly with said swamp to where Iron Springs Swamp intersects with it; thence with the run of Iron Springs Swamp northwardly to a live oak corner, thence a straight line eastwardly to a stake in field nearly opposite gate on Eastern side of Fair Bluff road leading into J. P. Derham's field; thence at right angles Southwardly a straight line until it intersects with said Fair Bluff and Conway Road and thence with said road to the beginning point; being the identical tract of land this day conveyed to me by A. M. Lee by his deed of even date.

TERMS of Sale Cash. Purchaser to pay for papers and stamps.

November 3rd, 1922.

SHERWOOD & McMILLAN, Plaintiff's Attorneys.

W. L. BRYAN, Clerk of Court as Special Master Horry County.

### MEETING ANNOUNCEMENT

Meeting to be held at Salam church on the third Sunday at 11 o'clock by Brother McCrackin and Brother J. F. Connel. Come one come all.

Meeting to be held at Brother Dill Cooper's on the third Sunday evening at 8 o'clock; none at the come all.

Meeting to be held at Juniper Bay Church on the 4th Sunday at 11 o'clock and on Saturday night before 7:30 o'clock. Come one come all and let us put our trust in our God that it may be a day to be remembered. Come praying that God may rule the hearts of the lost and that they may be found. To be held by Brother McCrackin and J. F. Comer.

If one farmer in a community wants to raise sheep and his neighbors want to raise dogs, how many sheep will be raised?

Last Monday was salesday. Many sales were made and there was a crowd in attendance.

Let the Horry Herald do it.

## CROWD ATTENDS COURT SALES

There was a crowd of people in Conway last Monday to attend the sale of many tracts of land advertised to sell under orders of the court and a number of tracts under orders from the Court of Bankruptcy. Some of the sales were made by the Clerk of the Court, while others made by the Sheriff of the County, while still others were made by C. R. Scarborough for D. M. Todd in one case and Francis G. Holliday in another case. The lands did not bring prices that lands had brought in the past when sold at the block here in Conway. A comparison of the prices below given will show this.

The J. M. DeLette farm went to the Bank of Little River for \$2,500. The bank held a second mortgage against this property and bought the land in as a matter of self protection.

Six tracts of land were advertised to sell in the case of the Burroughs & Collins Company vs. Mrs. Ellen Nixon Nye, five of the tracts brought enough to pay the mortgage debt of the sixth tract, which was not sold. The five tracts were sold as follows: Tract No. 1 of two and one-third acres in Little River village was purchased by Dr. Stone for \$220.00; tract No. 2 of three and three-fourths at the same place for \$250.00; tract No. 3 of twenty-five acres was purchased by Cordie Page, attorney, for \$70.00, as also tracts No. 4 and 5. Tract No. 4 of 118 acres, known as Futch place bringing \$1,500.00 and tract No. 5 of 35 acres on Haning's Bay bringing \$150.00.

The Nellie C. Medlin land in Simpson Creek Township, consisting of two tracts aggregating 225 acres, was purchased by Burroughs & Collins Company for \$500.00.

A tract of 15 acres in the case of Lewis vs. Tyler was purchased by J. L. Lewis for \$200.00.

W. E. Heniford purchased the tract known as the H. G. Fowler land for \$1,500.00.

The bidding was spirited on a tract of land in Gallivants Ferry known as the K. M. Floyd estate land, consisting of a tract of upland with no acreage given, and a tract of swamp land of 85 acres, more or less. It was finally knocked down at about \$4,000 to George J. Holliday, who was the owner of a two-thirds interest in the property.

Sixty acres in Simpson Creek Township brought the sum of \$200.00 and was taken in by E. S. C. Baker, attorney.

A tract of 3 1/2 acres of land on the south side of Spring Swamp in Dog Bluff Township was sold to D. G. Spivey, of Conway, for the sum of \$2,000.00.

Several small parcels of land belonging to the bankrupt estate of D. M. Todd was sold for rather small amounts, most of it being bid in by Hoyt McMillan, Esq., as attorney.

Two tracts of land belonging to the bankrupt estate of Francis G. Holliday was sold by C. R. Scarborough, Trustee. One tract consisting of 800 acres, more or less, in Gunners Island was purchased by H. H. Woodward for \$1,105.00. The other tract brought a comparatively low amount.

### NEXT YEAR'S IRISH POTATO CROP

Clemson College, Oct.—Next year's Irish potato crop is going to depend in large measure on the seed used. There are all kinds on the market,—good, bad, and indifferent; and the grower who takes what the market happens to offer him has no complaint if he gets poor stuff.

It is true, of course, that in the past this was about the best he could do. Now, however, we can get seed potatoes under a brand that means excellence. The progressive seed potato growers of the North are growing their crops under the inspection of expert, disinterested inspectors. Potatoes that pass certain rigid requirements as to true-ness to type and freedom from disease are given a certificate and are known as "certified" potatoes. Potatoes sold under this brand show a uniform excellence not approached by the ordinary market-run stock.

Therefore farmers should inform their dealers early that they will require "certified" seed potatoes next season, suggests Dr. C. A. Ludwig, Associate Plant Pathologist. No dealer can justly claim that he does not know where to get them because the Botany Division and all the county agents are prepared at any time to give this information to any one in the state.

The Near East Relief exhibited at the State Fair, articles hand made and embroidered by orphan girls of Armenia. These articles were on sale during the week in the steel building. The proceeds will be given to the fund used for the support of the orphanages run by the Near East Relief organization in the stricken countries.

D. Cameron Ralston, State Director of the Near East Relief for South Carolina, the executive of A. F. Lever, State Chairman, and Morris A. Balle, State Director for North Carolina, decided at a conference held in Columbia this week to work together, using the entire resources of both states at one time in order to facilitate the work in the larger communities and strengthen the co-operation between North and South Carolina in the campaign this year.

The farmers have had all the chance they wanted for saving plenty of hay for use this winter.

Let the Horry Herald do it.

## WACCAMAW ASS'N WILL CONVENE

The Waccamaw Baptist Association will convene in annual session at Tilly Swamp on the 17, 18, and 19th of this month. This promises to be a great session, and indications now are that the attendance will be large. Many good speakers and other leading Baptists are expected to be present.

We print elsewhere in this issue a copy of the proposed program for the benefit of those who are interested.

The following letter has been sent to all of the clerks of the churches of the Waccamaw Association by E. S. C. Baker, the Associational Clerk:

"Conway, S. C., Nov 7, 1922.

"To the Clerks of the Waccamaw Association.

"Dear Brethren:

"The Waccamaw Association will hold its next meeting with Tilly Swamp Baptist Church on Friday, Saturday and Sunday, the 17th, 18th and 19th of November, 1922. I am enclosing you herewith a blank form for your associational letter this year. Please see to it that all of the information called for in the letter is fully entered both in the original and in the duplicate. Since this is the only way we have of getting our statistics, it is therefore, very important that all church letters be fully and correctly filled out.

"Please have your churches send large contribution for minute money this time. It will be necessary for the churches to send in more minute money than they have been sending heretofore, for it costs more to have the minutes printed now than it formerly cost. We are behind on last year's minutes probably \$75.00 or \$80.00 yet, and we should make our minute contributions large enough this year to take care of this deficit and also pay for this year's printing.

"It is hoped that every church will send a full corps of delegates and help to make this the best meeting in the history of the Association. Each church is entitled to send one delegate for every twenty-five members or fractional part thereof, and at least three delegates regardless of how small its membership may be. These will make up the official roll of delegates, but any and all others who can attend will find a hearty welcome, and no doubt will be greatly benefitted.

"E. S. C. BAKER, Clerk Waccamaw Ass'n."

### HONOR ROLL OF LITTLE RIVER SCHOOL

To be on the Honor Roll scholars must attain an average of 90. Below is a list of names of scholars on the Honor Roll:

- First Grade—Irene Stephens, Richard Nixon, Eloise Vereen, Laney Clemons, Benny Gore, Edward Suggs, Leon Stephens, Moore Thompson.
- Third Grade—Sarah Ivy.
- Fifth Grade—Louise Stone, Eloise Thompson, Amelia Wilson.
- Eighth Grade—Georgia Ellis, Edna Wilson.
- Tenth Grade—Margaret Wilson, Eva Stone.

### APRON SALE

The Beginners Department of the Methodist Sunday School will hold an apron and cake sale at their rooms Tuesday, November 28th, for the benefit of the new Sunday School building from 2:00 to 5:00 P. M.

## WEED GROWERS WILL GET CASH

The directors of the Tobacco Growers Co-operative Association have named next Monday, the 13th, as the date of the second cash payment to every member of the Association who has delivered tobacco in South Carolina and three border counties of North Carolina.

Thousands of checks have been mailed to officials of the Association throughout the South Carolina belt and will be distributed upon presentation of participation receipts by members at the markets where they were issued.

Oliver J. Sands, Executive Manager, James H. Craig, Treasurer of the Association and other directors and officials will address the growers at mass meetings on November 13th and 14th at Mullins, Kingstree, Florence, Dillon and several points throughout the South Carolina belt.

The opening of the Association's dark warehouses this week at Lynchburg, Farmville, Bedford, Appomattox, Arrington, Phoenix, Dillwyn, Cumberland, Amelia, Columbia, Ashland, Milford, Richmond, Petersburg, Blackstone, Drakes Branch and Brookneal marked the successful operation of the Association in handling tobacco of all types grown in the Carolinas and Virginia.

The announcement of its directors that the Tobacco Growers Co-operative Association will go the limit in protecting its contract by bringing legal action against contract breakers has been followed by 63 suits against alleged offenders in North Carolina alone. These suits involve close to \$50,000.00 in liquidation damages and attorneys' fees and are scheduled for late November.

More than a thousand Virginia members of the Association welcomed Oliver J. Sands, Executive Manager of the Association at enthusiastic mass meetings in Danville and Chatham last Saturday. Mr. Sands told of the good averages for which association tobacco has sold throughout the old belt from Aberdeen to Alta Vista and said, "We have not yet found any merchant, banker, business man or farmer, who would hesitate to say frankly that if it had not been for the Association the present prices being paid on the warehouse floors would not be in existence today. It is conceded by all tobacco men that the present crop of tobacco will yield in the Old Belt around 250,000 pounds net, whereas the last year's crop of tobacco, which was considered a short crop ran around 175,000 pounds and averaged \$21.00. Therefore, we think we have been of great service to the tobacco growers in the three states and will by a conservative estimate put \$10,000,000.00 more money in this section than there would have been had the Association not been in existence.

"E. S. C. BAKER, Clerk Waccamaw Ass'n."

### CHRISTMAS ADVERTISING

The Herald is laying in a big supply of Christmas cuts to be used by the patrons of the advertising columns of the paper. These cuts will make the holiday ads attractive and make a most effective means of getting the attention of the holiday shoppers.

The people of Centenary, in Marion County, held a community fair at Marion. At the community fair the people selected the exhibits that they later put on at the county fair in Marion.

666 quickly relieves Colds, Constipation, Biliousness and Headaches. A Fine Tonic.—t

## CHRISTMAS PLAY TO BE GIVEN

Circle No. 5 of the Woman's Missionary of the Methodist Church met with Mrs. W. O. Davis at the home of her mother, Mrs. Sessions, on Monday.

Following the devotional which was conducted by Mrs. J. K. Stalvey and Mrs. Mary Hucks was a letter from Mrs. Kirkwood, the State Treasurer, read by Mrs. D. G. Spivey.

A short program consisting of oral readings of missionary interest and value was enjoyed prior to the business session of the meeting.

During this session two very important motions were carried. First, that this circle pledge \$100.00 to be used in the building of the new Sunday School rooms. Second that a play be given before Christmas for the benefit of this pledge.

Plans were immediately made, the committee formed, and a Christmas play was selected, which will be given the first of December, the exact date of which will be announced later.

Before the adjournment of this meeting dainty refreshments were served by the hostess.

### COTTON

Spot cotton prices advanced 119 points during the week. New York December future contracts advanced 117 points.

Spot cotton closed at 24.89c per pound today. New York future contracts closed at 25.37c.

### PETITION FOR FINAL SETTLEMENT AND DISCHARGE

In the Probate Court, STATE OF SOUTH CAROLINA, COUNTY OF HORRY.

Ex Parte, F. A. Burroughs & D. M. Burroughs, Executors.

In re: The estate of Addie Burroughs, Deceased.

To all and Singular the kindred and creditors of Addie Burroughs, deceased:

TAKE NOTICE That the undersigned will apply to the Judge of Probate, Conway, S. C., on Monday, the 20th day of November, 1922, at eleven o'clock A. M. for a Final Settlement of the Estate of Addie Burroughs, deceased, and Discharge from the office of Executors of said Estate.

F. A. BURROUGHS, D. M. BURROUGHS, Executors

Conway, S. C., Oct. 20th, 1922.

TAKE NOTICE, That a hearing on above Petition will be had at my office at eleven o'clock A. M. on November 20th, 1922.

J. S. VAUGHT, Judge of Probate for Horry County, 10/26/22-4t.

## Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse! We had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," by Bradford Washburn Company, B.A. 22, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.
