

FARMERS TRADE FARMING LANDS

Two of the farmers of upper Bucks township have recently about completed a deal in the exchange of farm lands which will be to their mutual advantage. The farmers are L. B. Register and R. B. Glasgow.

Coming to the Glasgow family and the Powell family under provisions of the will of the late Francis M. Johnson were two parcels of land, one of which was known as the home place of F. M. Johnson, and the other as the Ervin Johnson place. These did not lie near the present residence and farm of R. B. Glasgow which he has brought up to a high state of improvement and cultivation, especially within the last ten years. L. B. Register owned land which adjoined the present holdings of R. B. Glasgow, with a good house and a nice farm cleared thereon.

The farmers got together and agreed to exchange these lands, Register swapping the tract of about one hundred acres owned by him near the Glasgow place for the two parcels of the F. M. Johnson land, coming to the Glasgow family under the will of F. M. Johnson.

Before the trade could be made authority had to be obtained from the Court of Common Pleas of this county. A suit was brought by Mrs. Glasgow and some of her children against the infant heirs-at-law and the heirs of the late W. C. Powell, praying for confirmation of a parol partition that the parties had made about two years ago of the old home place of F. M. Johnson, and asking for authority of an order of the court to allow these lands with the other tract known as Ervin Johnson land for the tract owned by L. B. Register.

The papers were served in the case and the cause came on to be heard before Judge S. W. G. Shipp, in Florence, after testimony in support of the allegations of the complaint had been taken before W. L. Bryant, Clerk of the Court as Special Master in the cause.

Judge Shipp, recently granted the prayer of the complaint and the deal is now being consummated by the making of deeds in accordance with the decree of Judge Shipp.

All of this land is about the best upland that is to be found in that section of Horry County. It appears that both parties to the deal are good farmers. Of course Register is a much younger man than Glasgow, but he has in him the makings of a very successful farmer and substantial citizen of Horry County—the kind that tends to the upbuilding and progress of the rural communities of the section.

Recently both parties went into possession of the lands, feeling that the case would go through and nothing hold up the deal which they had made. Already preparations are being made for planting the lands.

NEGRO LYNCHED FOR KILLING

News of a lynching at Fair Bluff, N. C., began to filter through to this place the first of this week.

It was reported that a bad negro by the name of Bob Williams, had shot the town policeman, Bradley Cribbs, to death in a pistol duel; that a posse of citizens, containing in all about five hundred, went in pursuit of Williams who fled as soon as he had committed the crime.

The negro had been drunk on the streets of the town and when arrested by the policeman, in his efforts to maintain order, he resisted being taken to the guard house, and instead of submitting, pulled a pistol from where he had it concealed and shot the policeman dead. He then made tracks away from Fair Bluff.

The posse went in search of him and tracked him down, taking him after a day or longer had passed since the killing.

It was reported that this negro was lynched by the mob on Sunday, possibly on Saturday night.

Further particulars will be published as soon as they can be obtained from reliable sources.

DEATH OF A LADY

Mrs. M. O. Cannon, wife of the well known farmer of Bucks township, died at the Florence hospital last week and the body was brought here on the train last Sunday, to be taken to her former home near Dongola, for burial.

She is survived by a husband and a number of children. She was ill for about ten days from an attack of the "flu," from which pneumonia developed.

As a last effort to save her life she was taken several days before her death to the hospital at Florence.

SOLD TO CO-OPS

It will be remembered that the Farmers' Tobacco Warehouse, at Loris, S. C., was turned over to the Co-operative association last season, but was not operated by them for the reason that enough tobacco did not go to Loris to require the use of more than the brick warehouse, also belonging to the association.

The price at which the Farmers' Warehouse was sold to the association was \$22,000.00, which shows that warehouse property is regarded as valuable. This will almost bring the company out of debt that formerly owned the building. The deed for the warehouse to the association has not yet been passed, but the association is under contract to buy it and the deal will be consummated before very long, it is thought.

BRIDGE PARTY

On last Thursday afternoon, Mrs. H. W. Ambrose entertained at four tables of bridge in honor of Mrs. Dr. Gilmore, of Columbia.

The spacious living room was a profusion of white and yellow jonquils. The afternoon of quite enjoyable playing passed very rapidly. After the cards were cleared away the guests were served a delicious salad course with coffee.

Mrs. Frances Burroughs won first prize, a handsome brass toaster fork, Mrs. McQueen Quattlebaum the cut prize, a brass nut crack; Mrs. Gilmore was presented with a lovely box of homemade chocolate bonbons.

Those present were: Mrs. M. G. Anderson, Mrs. C. J. Epps, Mrs. Gilmore, Mrs. W. A. Freeman, Mrs. M. W. Collins, Mrs. A. H. Barrett, Mrs. Perry Quattlebaum, Mrs. H. G. Cushman, Mrs. A. T. Collins, Mrs. W. A. Stille, Mrs. E. J. Sherwood, Mrs. McQueen Quattlebaum, Mrs. W. S. Ward, Mrs. L. D. Magrath, and Mrs. Frances Burroughs.

SCHOOLS WILL OBSERVE DAY

Recently E. C. Allen, county superintendent of education, issued a call to all of the teachers, trustees and patrons of the schools of this county to observe Friday, February 2nd, as clean-up day.

Cards have been printed this week and sent out to the different schools, showing the method of rating them accordingly as they may do bad or ill in the way of cleaning up. The perfection point is put at one hundred, while the total is distributed among yards, water supply, floors, walls and ceiling, windows, stove, desks, blackboards, and materials. Clean yards will count 20, clean floors, walls and ceilings will count another 20; a clean stove will count for 16 points, and the other items for smaller percentages as they appear on the card.

The cards are intended to be filled up immediately after clean-up day, then hung up in the school rooms to show the results of the efforts made to clean up the school room and its surroundings.

It is to be hoped that each and every school will enter fully into the spirit of this movement. No better training can be given the young minds than to teach them the advantages of having things clean and in order. This movement is one of the best that has been started in some time. In order to get the most good out of it all of the teachers, the trustees, the pupils, and the patrons must get behind it and move it along.

SUTHERLAND STORE FAILS

The store of the Southland Furniture Company has been closed for the past several days, and there is a notice of sale sticking up on the door which says in substance that the entire stock of furniture and things will be sold in front of the court house under a chattel mortgage given to the Peoples National Bank, and recorded in the office of the Clerk of the Court of Common Pleas in Book B-2 at page 431.

It also appears that an offer of compromise of twenty-five cents on the dollar has been offered to the general creditors of the store, according to letters received by a number of these creditors within the past week.

The store has been conducted by A. M. Sutherland for the past six or seven years and has done a more or less large business in the sales of furniture and furnishings to the people of the town and in the country. While the business has been run under the name of Sutherland Furniture Company, it appears that Mr. A. M. Sutherland is the sole owner and proprietor of the store.

AUTOMOBILE ACCIDENT

Last Tuesday evening, two Ford cars, one driven by Dr. V. F. Platt, and the other by Louis Harris, of the Conway Lumber Company, had an accident near the Conway Methodist Church.

It was raining at the time, and this is given as the cause of the accident. Both cars suffered considerable damage, but fortunately neither of the gentlemen were injured.

SERVES LUNCHEON

About fifty members of the Conway Methodist Church were invited to attend a luncheon at the Kingston Hotel, given by the pastor, the Rev. J. C. Atkinson, last Monday at 5:30 o'clock.

One of the circles prepared the menu and the occasion was a very enjoyable one for both the pastor and the members of the flock.

MULLINS WILL MAKE SPREAD

Growing Tobacco Trade Calls For Big New Independent

MAKES SEVENTH HOUSE

Mullins Enterprise is Enthused Over This Added Warehouse Space

(Mullins Enterprise.)

Mullins is to have another tobacco warehouse. This one will make seven for our town—five independents and two co-operative receiving stations.

The Enterprise heard the news several days ago, but was not permitted to use it until today. The promoters of the new house are William Henry Daniel and O'Dell Lewis, both practical men, with ample capital to carry the enterprise to a successful finish. The location will be on the Seaboard track, just opposite the Yarboro warehouse, on the lot originally bought for the Mullins Hospital, on South Park street, and an ideal location it is, too. The Seaboard road runs through the property and this will give a decided advantage in shipping the weed, as there will be no drayage to look after.

In speaking to the promoters about their project, Mr. Daniel stated that he felt that there was need of another tobacco warehouse in Mullins, and that he was willing to back up his judgment by putting his money in a good house. Mullins is a tobacco town and has always been such and it is up to the people of the community to keep up the reputation as such.

It was Mr. Daniel's father, the late W. H. Daniel, who first built a tobacco warehouse in Mullins and thereby put the town on the map. The senior Mr. Daniel spent his money freely in advertising the Mullins market and succeeded in making the Mullins market one of the largest and strongest in the state, and the son, who has faithfully carried out the business policy of his father since he came into the management of his father's business, feels it a duty to continue to foster those business principles that his father spent a life time in building up. The new warehouse will be started in early spring. It will be built of brick and be made up-to-date in every respect. It will be larger than any house in the town, in fact, the largest east of the Big Pee Dee river.

TAX RETURNS FOR 1923

The County Auditor of Horry County will attend the following places at times specified for the purpose of taking returns for the fiscal year 1923, of all personal property, also all transfers of Real Estate which have been made since last return. All able bodied male persons between the ages of 21 and 60 years are required to return poll tax.

Executors and Administrators are required to make returns of all property under their control. Failure to make returns within the time specified subjects the delinquent to a penalty of 50 cents on the dollar.

Citizens generally are delighted with the move for another warehouse. It will help strengthen the Mullins market and cause us to have extra buyers here that we could not get otherwise. Every citizen realizes that there will continue to be at least two tobacco markets in the state—one on the east and one on the west side of the Big Pee Dee, and it is up to Mullins to make ours the biggest one of the two. With such men as William Henry Daniel and O'Dell Lewis back of the new house, the Mullins market will receive a great stimulus and no doubt our town will retain her prestige as the Danville of the Carolinas, and the tobacco center of the state.

We are a tobacco town, and as such keep the tobacco interests before the people. The Enterprise has done its part along this line for 25 years, and we will continue to put forth our best interests.

KU KLUX GET NEGRO DOCTOR

Stories were brought into Conway last Tuesday of the handling of a negro doctor at Mullins, by men who are said to belong to the Ku Klux Klan.

The negro's name was given as Conliff, and it is said that he had talked a good deal about the Collins case, the details of which appeared in the newspapers some weeks ago. The negro was roughly handled, according to the reports, and given several duckings in the river. He was warned to keep his mouth still thereafter.

it is increasing, says the Forest Service, United States Department of Agriculture. The principal source of softwood lumber for the entire nation will soon have shifted to the West Coast and the average freight cost paid by the home builder or manufacturer will have advanced to a new and higher level.
