Crib have moved into the cottage on sixth avenue recently vacated by Mr. and Mrs. D. F. Sawyer. S. H. Grainger, a former Horry boy, is now at Bennettsville, where he holds a position with Smith's Barber Shop. Mr. and Mrs. Archie Gasque have moved into the cottage next door to Mr. and Mrs. John E. Watson on Main street. Milton Pitman returned to Conway recently and has assumed his former position with the Conway Iron Works, of which he is still the lessee. Opportunity is worth something to the man who is ready for it, and entirely worthless to him who is not in position to accept it with open arms. Ma. and Mrs. D. F. Sawyer have moved from the cottage on the northward side of Sixth avenue to a new dwelling recently completed on the opposite side of the street. S. B. Crawford, an experienced lumberman of this section of the State, spent several days here on business recently. He will be interested in new mills now being operated by some of the leading lumber companies of Eastern Carolina. On account of a few showers taking place one night last week the clay surface of the streets which had been fine dust the day before, became of the right mixture for making bricks. This was the way it looked the next morning. The considerations being stated in some of the land deeds now being recorded in different parts of the State are remarkably small; but this does not mean that the price of land has gone down that low. It may mean that parties want to escape taxation. In years gone by it was the practice of those buying real estate to have the acreage stated in the deeds much smaller than it really was, and by using the words, more or less, in connection with it, get by with all the land covered by the boundaries stated. Now the plan is evidently different. The acres are stated exactly as they are but the consideration is often the sum of \$5.00 and "various other good and valuable considerations," the deed not disclosing what those other considerations are.

McDermott stopped over in Columbia on their way home from Florida and heard the Rev. Billy Sunday preach. Mrs. A. W. Barrett visited Marion last week and while there spent the time with Mrs. J. E. They will go to Murrells Inlet this week as members of a house party. M. Stewart, of Columbia, was in this section a few days ago appraising farming lands for the Federal Land Bank, under application made by members of the Conway and Loris Locals. In all the appraiser went over and valued about forty different farms. It is stated at the office of the secretary of the Conway Farm Loan Association that a large number of applications under which the appraisements have recently been made, have been sent in to the Federal Land Bank of Columbia. All bridges on the National Highway, in the direction of Georgetown, have been finished, except the one at Bear Swamp. The work at that place is going ahead and will soon be finished. This week the traffic is being passed around on a temporary bridge made of planks and scantling. It is perfectly safe, but slows down the speed, of course. The chain gang camps have been moved to a point near the Thompson farm in Bucks township along the route of the National Highway. The work will be finished up to the Waccamaw Presbyterian church and will stop there until a bridge has been provided for the Pee Dee near Bull Creek. Until this bridge has been provided for and the location selected, there is no way to tell the exact direction that the new road should take from Waccamaw church.

Atkinson, Miss Johnnie Atkinson, Mrs. D. G. Spivey, Mrs. H. W. Smith, Mr. A. E. Goldfinch, Mr. W. M. Goldfinch attended the Sunday School District conference in Loris Thursday and Friday. Little Miss Virginia Burroughs entertained at a surprise dinner party on last Tuesday, in honor of her mother, Mrs. F. A. Burroughs' birthday. Besides the members of the family, her guests included Mrs. H. L. Buck, Mrs. D. V. Richardson, Mrs. C. J. Epps and Miss Johnnie Atkinson. The dinner, which was served at 2:30, was planned entirely by the little hostess, in league with the cook, and the place cards and table decorations were prepared by her ingenious little hands. When the plates were removed the birthday cake, with its lighted candles was brought in and cut by Mrs. Burroughs and served with cream. THE THIRD PAYMENT The checks for the third payment did not include anything for some of the low grades of tobacco handled in the co-operative association. It was the higher grades that drew good checks in this third round of checks. HAS AN ACCIDENT Dr. V. F. Platt went to Columbia last week, where he purchased a new Durant automobile. He was driving it home and had arrived near Darlington, S. C., when a high powered car, making terrific speed on the hard surfaced road ran into him and wrecked his car to such an extent that he could not drive the machine home. Two young ladies were in the car with Dr. Platt at the time. None of the occupants were injured in the accident. STOPS AT WACCAMAW The work on the new road from Conway toward Bucksport will be stopped at Waccamaw church. They do not know the exact direction to take from that point in order to reach the new bridge that it is hoped some day will span the Pee Dee river near Port Harrelson. The bridge bonds were not voted and we know of no new act providing funds for the bridge and it may still be a long time before the location of such a bridge will be fixed. The work, when done, will be at the joint expense of Horry and Georgetown counties. SERVICE CLASS MEETING The regular class meeting of the Service class met with Miss Mitchell Collins on last Thursday afternoon, at the home of Mrs. D. A. Spivey. The guests were met at the door by Miss Collins. After all had been seated Mrs. I. T. Scoggins passed around some stamped cup towels, also thread, needles and thimbles and the members were told to outline the designs. Everyone was eager to get her towel finished, but before many had completed their task Miss Allene Spivey and Mrs. Dan Winstead brought in refreshments, so the towels were quietly laid away. The business meeting of the class was then held. Just as the meeting had been finished a postal card was handed to Mrs. E. P. Walsh—a recent bride—which stated that a package had been left for her at the front door. Mrs. Walsh very hastily went to the door, where a large box securely tied, greeted her. It was a large box, but Mrs. Walsh was equal to the occasion, and in a very short time her nimble fingers had untied the string, and she was gazing intently at her gifts, all neatly wrapped in white paper and tied with ribbon. The packages were all opened, admired and passed around. There was much talk as to who the next bride would be. The gifts were given by members of the Service class, of which Mrs. Walsh is a member. The towels that had previously been outlined were presented to the bride. The Service class will meet with Mrs. Walsh in April. CIRCLE NO. 5 MEETING Circle No. 5 held a very interesting meeting on Monday afternoon at the home of Mrs. J. H. Wilson. The meeting was opened by the Scripture lesson from first John, by Mrs. J. K. ... followed with a prayer by Mrs. W. T. Goldfinch. The early history of Catholics in New Orleans was told by Mrs. D. G. Spivey and "Protestantism" by Mrs. L. S. Ward. Information on St. Marks and New Orleans today were read by Mrs. Dusenbury and Mrs. W. M. Goldfinch. A most interesting poem was read from memory by Mrs. Proctor. Following this, the business session was held at which time a majority voted for Circle No. 5 to be named "Lambuth," for Bishop Walter Lambuth. Arrangements were made to entertain the general society on the second Monday afternoon in March. CIRCLE NO. 6 HAS MEETING Circle No. 6, of the Missionary society, met at the home of Mrs. H. P. Little last Monday afternoon. Eleven members were present. Miss Johnnie Atkinson, leader, read some interesting stories to the society; Mrs. Elmo Hyman read a Scripture lesson from the Bible. There was a discussion as to having a mission study class in connection with the regular circle meeting. This, however, was not fully decided upon. After the meeting had adjourned Mrs. H. P. Little and her daughter, Miss Ernestine, served refreshments. The next meeting will be at the home of Mrs. B. T. Hyman. BASKETBALL GAME The Rehoboth quint journeyed over to the Allen school for a game of basketball on Friday last. The game, though rough, was very interesting. Lack of practice spelled disaster for the Allen school. The mean work of the entire Rehoboth team stood out prominently. Collins' and Johnsons' guarding was superb. Smith was the leading scorer of the game, dropping in eight field goals and one foul. Rehoboth plans to enter the Field Day contest for County honors. The lineup and summary follows: Rehoboth 25 Allen F. Barnhill 6 S. Baker B. Smith 17 H. Booth B. Johnson W. Small S. Collins 2 G. J. Cartrette F. Johnson G. E. Small Substitution—Allen—H. Allen (2) for E. Small.

COURT GRINDS MANY CASES (Continued From Page One.) ing Huggins was waived with the understanding that the case would be called up early in the week as possible and disposed of. D. M. Todd Case The State vs. D. M. Todd for uttering a worthless check was tried on Monday afternoon in the absence of the defendant, who was called three times at the door without result. The defendant was charged with giving to E. L. Smith a bad check in the sum of \$156.88, drawn by D. M. Todd, on the Peoples Bank of Conway, and that the defendant did obtain and get from Mr. Smith thereby money or other things of value. The defendant Todd was declared a bankrupt in 1922, and his real estate was sold at the court house some months ago. On investigation it was found that the defendant had made arrangements to settle the check and on this appearing, the case was wound up by having the jury render a verdict of not guilty. The charge of stilling against Jack Vereen was called and he pleaded guilty. His sentence was deferred until later in the week so that a showing could be made in behalf of the defendant. The State vs. Thomas W. Graham was a charge of assault and battery of a high and aggravated nature and resulted in a plea of guilty with explanation that the party whipped had been twice an inmate of the insane asylum; that his temper gave away and he had tried to correct his wife. He said he did not have an idea he had intended to injure her and the sentence was placed at \$200 or three months on the public works. JURY CLEARS WHISKEY CASE The charge of violation of the prohibition law against three defendants, Charlie Page, John Stroud and Carl Cannon was called and tried on Friday. John Stroud had not been arrested and was not tried but the case went on as to the other two defendants. The proof in this case was to the effect that the defendants were along the road with signs of using "monkey rum," and that a witness saw a fruit jar with something in it. The only charge, therefore, was that of transporting whiskey. The jury found all three not guilty. 666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever.
