The meeting at Gap Hill closed Monday night, and was about the best that has been held at that place at all for years. A detailed account will appear next week. T. D. He was on the streets of Pickens Monday, however, and bids fair to be all right in a short time.

H. M. ALLEN, Ch'm. A Pretty Wedding. On Thursday evening the 5th inst., at half past six o'clock, Miss Omecia Lewis, daughter of Mr. Robt. Lewis, of Anderson Mills, was led to the altar by Mr. Thomas Kelly where the Rev. J. E. Foster in his usual and impressive manner soon pronounced them man and wife. The drawing room was beautifully and tastefully decorated with ferns and chrysanthemums, and immediately after the ceremony, the guests were invited to the dining room where awaited a table laden with everything to satisfy the inner man. The bride is a beautiful and accomplished young lady, whose numerous charms have won the admiration of all who know her, and the groom is a successful young farmer. On the day following a reception was given the bride and groom at the residence of the groom's father, Mr. A. E. Kelley. The bride was the happy recipient of a number of useful presents. Mr. and Mrs. Kelly have a host of friends who extend to them their best wishes and congratulations for their future happiness and prosperity. G. M. B.

NOTICE TO TRESPASSERS. I forbid any person from hunting, cutting timber or crossing my premises in any way except in the public road without my consent. J. MARION LOOPER. Mica, S. C., April 27, 1895.

Duensville. It has been some time since this scribe has sent you any word about this corner.

Election day passed off quietly at our precinct. Nothing occurred to mar the franchise of both white and black if McKinley did manage to get in six names, which broke our record as a solid white man voting precinct. A match game of two fighting cocks was the only blood shed and after a fight of ten rounds was parted in a tie game.

Looper Bros. have moved into their new and commodious store house at Loopers gin. Frank W. Hogsit has made another crop which is a record beator for a one horse farmer. He has lately fitted himself up with another fine mule, and a new two horse wagon. I tell you Mr. Editor a greater part of these hard times are caused by laziness. Show me a man that works and loves to work for its remuneration and I will show you a man who will have something. In a common way the gambler is a man that loafers around and seldom works but little. Though I will admit that times are somewhat hard to some people on account of scarcity of money, that is those who are in debt. People can live as well now as they ever could if they were out of debt. Mr. Editor take the average farmer and how much of his time does he devote to solia work? About one day out of four. I have been a farmer all my life and I know whereof I speak. Take any other occupation, for instance the merchant he works from early dawn until nine at night the year round and about half of them get broke at that, or just cut out a living, and take the railroads they run day and night and frequently have to make assignments.

The farmer is the happiest and most independent people on earth if they would only take advantage of their calling. I know the occupation of a farmer is looked down upon by the aristocrats but not so with a wealthy christian gentleman. Mr. Editor I am afraid that this necktie and stiff shirt business will run our country to its ruin. It has got so that you can tell a professional tramp by his neckwear. So no more at present. ROAD HAND.

Remarkable Cures. The book now being sent out for one-cent stamp, by Blood Balm Co., of Atlanta, Ga., certainly shows Botanic Blood Balm, (B. B. B.) to be a wonderful remedy for building up and curing all manner of blood and skin diseases. Their certificates are from well-known people, and the cures performed almost stagger credulity. It is a fine medicine, far better than the many substitutes, said to be "just as good." Buy the old reliable and long tested B. B. B. \$1.00 per large bottle. For sale by Druggists.

McFALL'S BUDGET PHUN and PHAX FOR THE PHOLKS. Mr. Editor: This is the season for "rounding up" and we know of no good and sufficient reason why this should not be done now.

Come to see us, tell all the folks to come. We have a nice lot of new goods that we want to exchange for silver and now is the time to fix up for winter. Send us solid silver.

Extracts From Correspondence From Morgan Horse Co's Catalogue. I received your catalogue, and am very much pleased to hear from you and your Morgan horse. I don't think there is, or ever was, as good a family of horses.—Anderson Leeks, Rockford, Ohio.

I am glad to know that through all the craze for foreign-bred horses the Morgan horse has been preserved in purity. F. Moore, Elvaston, Ill. I am always interested in the Morgan horse. When I was a small boy, my parents moved from Vermont to Illinois, a distance of sixteen hundred miles, overland, and so I had the privilege of riding all that long distance after a fine span of Morgan horses.

I have a Morgan mare that weighs about 900 pounds. I drove 85 miles from 4:30 a. m. until 6 p. m. and at the end of the trip she was ready for a race. I made the drive with two in a top buggy. Give me the Morgan.—A. W. Wheeler, Edinburg, Ohio. I am an ardent friend of the old time Morgan. The extreme speed craze will have its day and wind up about as gloriously, according to my thinking, as the Jersey cattle fever of a few years since. Millionaires are not increasing. I am pleased to think, nearly so fast as 2:50 trotters, and when the time arrives that they are too numerous to find buyers at extravagant prices, more attention will be paid to the roadster—per excellence—the Morgan horse.—C. E. Ayers, Osceola, Iowa.

My father has a Morgan mare, and my brother has a mare, with Morgan on her mother's side. These little mares will do so much work as I can wish my Norman mares that weigh 1,400 pounds.—Marion Bangman, Juntura, Ohio. The best two horses I ever owned were Morgans. One of them weighed 950 pounds, and worked along side of a 1,200 pound mangled, and worked him to death.—A. J. Smathers, Stanton, Pa.

I offer the services of my station, Justin Lambert, to the farmers of Pickens County, believing him to be the most intensely bred registered Morgan stallion in the State. He is stylish, handsome, gentle as a dog, very intelligent, hardy and to any one wanting superior farm horses and the finest roadsters on earth, I can confidently recommend the Morgan as the horse. I have placed the service fee of this grandly bred horse at the nominal sum of \$10.00 to suit the part times and to enable all to patronize him. Old, scrubby, and unselected mares not accepted on any terms. For addresses and other information, apply to L. G. CLAYTON, Central, S. C.

Did You Know? That I would sell you pepper, spice or ginger at 10 cents at retail, and Ayer's the coffee at 5 lbs for \$1.00, or six lbs fine green coffee for \$1.00. I want you to know that I am selling best quality prints at 5 cents; best checks at 4 cts. by the bolt; ladies' nice dress suitings at 6 cts.; good worsted at 10 cts.; water proofing, 1/2 yards for dress at \$2.70 for suit; fine broadcloths, about \$1.00 gets a dress; nice trimmed hats from \$1.00 up. I will pay the ladies to know these things and take a look. You should know that I have a big line of shoes—all styles and sizes, and that my prices sell them; bring on your feet and let me fit. Good black-ets, 50 cts to \$7.00 per pair. A warranted axon 60 cents. I want folder, corn, seed cotton and produce. T. D. HARRIS. Pickens, S. C. Jan. 3/95
