Attention Citizens.

There will be a mass meeting of the citizens of Pickens, Hurricano and Hurricano Townships, in Pickens court house on Saturday, the 3rd day of April, 1897, for the purpose of finding the sentiment of the people on the question of Township subscriptions to the Pickens and Easley Railroad. A full attendance is desired. Let every man come forward and express himself; your absence will be considered as a sanction to the action of those present. Respectfully, E. E. Looper, County Supervisor.

Is it not beyond all question, a need for us to confess that a condition is before us instead of a mere theory? The condition is, that notwithstanding torrents of energy, ceaseless streams of wealth-floods of effort—all grand, magnificent—there is much strangely ineffective about it all in bettering our country and uplifting the individual standard of life. Let us look to our methods and seek out our mistakes; let us forsake our enthusiasm for mere figures, and grow sober for the living, human thing back of the dry statistics; let us, pygmies alone but mightily united, harness our moral and educational Niagara, as our gift to the generations of the coming century.
