

The Very Last Word

In Style is the Last Shipment of Ready-to-Wear Millinery, Dress Goods, Underwear, Etc.

READY-TO-WEAR

Our New York representative has just shipped us a splendid assortment of Coats for Ladies, Misses and Children that would be hard to beat in style, general appearance, and actual service; the Suits in this same shipment embrace representatives of every new style, on which dame fashion has stamped her approval this season; the Dresses and Skirts will have to be seen to be appreciated, for lack of space precludes an adequate description of their beauty and charm.

MILLINERY

In addition to the already large and comprehensive showing of authentic styles in Fall hats for milady, we have this week received another shipment of Black Velvet hats, both trimmed and untrimmed which are very much in demand now.

DRESS GOODS

This season we have added a very complete line of Domestic and Imported Dress Goods, which includes, among many others, silk and wool poplins, crepe gabardines, serges, camel's hair plaid, prunellas, fancy coatings, and novelty cloths, etc.

UNDERWEAR

Our assortment of different makes, and in all sizes for women, misses and children is now complete, so we are prepared to serve you perfectly, and if you wait until later, the stocks may be broken and your style or size gone. Better buy now.

Black or
Tan
\$3.50

This is one of the best work shoes we've ever sold—comfortable, tasteful, economical. For hard, rough wear it stands without an equal. Between the outer and inner soles, and between the lining and vamp, there is a thin piece of water-proof material.

Where a heavier than dress shoe or a water-proof shoe is required we recommend and warrant Water King.

The Japanese Lose Many Thousand Men

(By Associated Press.)
PEKING, China, Oct. 21.—Refugees who have come out of Tsing Tau, the fortified position in the German possession in Shan Tung province, are authority for the statement that up to the time they left the Japanese had lost several thousand men before Tsing Tau while the casualties of the Germans did not amount to more than several hundred.

Reliable information obtained in Peking is to the effect that a British detachment sustained a number of casualties while crossing the land that had been mined by the Germans in Kiao Chay.

Arrivals at the Chinese capital from Siberia say Russian troop trains are traveling westward over the Trans-Siberian railway hourly.

An uncensored letter received here says the Japanese attacked Tsing Tau on several nights but invariably were repulsed. Once, the correspondent says, the Germans followed the Japanese successfully for a short distance.

Was Not Executed As Was Reported

SAN ANTONIO, TEX., Oct. 20.—Jose Bonafide Sandoval was not executed as was reported when he appeared recently at the headquarters of General Villa as the emissary of Felix Diaz (but is held prisoner at Chihuahua, according to information received today by friends of Diaz. Advice received at Constitutional headquarters also declare the report that Sandoval was put to death is untrue.

General Diaz, who arrived here tonight from Laredo, declined to comment on the report other than to express a belief that his agent was still alive.

Marked Improvement in the Situation

WASHINGTON, Oct. 20.—Marked improvement in the unemployed situation in Great Britain is indicated in official reports made public tonight by the British embassy. A statement issued at the embassy said unemployment in municipal trades in October was less than in September, which was remarkable since unemployment generally is on the increase on the approach of winter.

British Steamer Sunk By German Submarine

LONDON, Oct. 21.—12:45 a. m.—A Reuter dispatch from Stavanger, Norway, says the British steamer Giltner, of Leith, was sunk off the Norwegian coast today by a German submarine. The steamer's crew was ordered into the boats and the valves were opened.

The name of the steamer Giltner does not appear in available maritime registers.

ECONOMY-

Many a man's scheme of life is founded on enforced economy.

Modest income compels every dollar to do its full duty. There is no extravagance, no waste, no risk in buying necessities.

Clothes are listed among man's foremost needs

Suits at \$15.00

We're so enthusiastic about this line of suits at \$15.00 that every time we go to talk about them we fail to find expressions strong enough.

These clothes we are selling for \$15.00 are not ordinary suits at this price but are garments that usually sell at \$20.00.

Every suit is hand tailored. They are all wool. Inside and out they will stand the test of the most critical buyer.

Suits at \$10.00

If you can't afford to pay but \$10.00 for a suit of clothes your logical course is to buy from a house that will not sell a poor suit at any price. We are showing this season a Blue Serge that is all wool—made by one of the best Manufacturers in the business—a suit that will give perfect satisfaction. A suit we are proud to sell and a suit you will be proud to wear.

If your income is modest we would like to show you this Blue Serge suit at \$10.00.

FIERCE ATTACKS RESULT IN NO DEFINITE DECISION

navy service have suffered little loss and have been doing splendid work. Land battles are being contested with a fury and tenacity that would indicate that strategic importance is attached to the positions held by the opposing armies. When a town is reached street fighting generally develops. One side gains an advantage only to lose it when the other side brings up reinforcements.

Thus far the Allies have held Ypres, which is considered an important point, as it supports the allied force thrown out toward Roulers and seemingly endangers the rear of the German army advancing toward Dixmude and the coast.

The Germans are striking hard at the French line in the vicinity of La Basse and have made counter attacks against the force which for many days has been endeavoring to relieve Lille.

Along the rest of the line from west to east the French communication says there is no notable change. The German staff also ignores that part of the battle front in its statement. These reports doubtless mean that neither side has made any considerable advance.

It is not believed here that there has been a cessation in fighting either on the Meuse, where the French are trying to drive the Germans away from St. Mihiel and Camp Des Romaines, or at Belfort, which the Germans are attacking.

Of the fighting in Flanders the German official report says no decision has been reached while the Russian claim an important victory. An official report from Petrograd says German troops which were advancing toward Warsaw in the region north of the Piltra river have been repulsed and are now in full retreat. They are said to have been repulsed and are wounded on the field. The Russian, according to this report, have assumed the offensive, but the Germans are remaining on the east bank of the Vistula, south of the Piltra region, as far as Sandomeir.

The report seems to show that the Germans have concentrated a strong force of artillery in front of Koelnic, just across the river from the important fortress of Vansuud. It adds that the Russians are holding this district under most favorable conditions, as far as locally is concerned, but in the new sentence declares that the Russian position on the left bank of the Vistula is now secure.

Of the progress of the battles in Galicia, the Russian and Austrian reports again are in direct conflict. The Russians say the Austrians have

country. German military authorities, it is said, have ordered all German civilians to leave Brussels owing, it is believed, to a shortage of provisions there.

Great Britain is adopting stricter measures against Germans and Austrians in that country. Many of the men will be sent to detention camps.
