THE ALLIES BELIEVE RUMANIA SOON WILL TAKE THE PLUNGE

Would Provide the Missing Link in the Chain of Troops 1,300 Miles Long—Relations Between Greece and Turkey Have Reached Breaking Point—Italy is Growing Restless.

(By Associated Press.)
LONDON, Jan. 9.—Should Rumania, now that the Russians are on the border, if not actually in Transylvania, decide to join the Allies, her army will provide the missing link in the chain of troops 1,300 miles long, winding from the Baltic to the Adriatic. This battle line would be composed of Russians, Rumanians, Servians and Montenegrins on the one side, and Germans and Austro-Hungarians on the other.
The Allies believe Rumania soon will take the plunge. Other developments are expected. Relations between Greece and Turkey have reached the breaking point over the alleged ill-treatment of Greeks in Asia Minor. Italy is growing restless over Turkey's delay in giving satisfaction for the violation of the Italian consulate at Hodeida, from which the British consul, who sought refuge, was forcibly removed.
Italy also, it is reported, has agreed that Serbia should be granted a port in the Adriatic. Rumania and Greece, it is thought, however, may delay taking up arms until Bulgaria, which is anxious for a part of Macedonia, is satisfied for a hostile Bulgarian on their borders would compel them to divide their forces.
While there are no reports of starting battle field developments, extremely important operations are progressing in both east and west.
The Germans, simultaneously with renewal of their attacks on the left bank of the Vistula, are developing

SEA BELONGS TO ALL THE WORLD

Asserts Dr. Dernburg, Former German Colonial Secretary in Address Before Club.

(By Associated Press.)
NEW YORK, Jan. 9.—The sea is the common property of all the world and if its freedom is maintained it will mean cessation of war, asserted Dr. Bernhard Dernburg, former German colonial secretary, in an address today before the Republican Club. The present struggle he declared, was the fight for the sea, and the absolute dominion of the seven seas and on the other for a free sea.
"The English have time and again asserted," he said, "that Britannia must rule the waves as a matter of safety. The British doctrine leads further, of necessity, to the claim that the British empire begins at the three-mile limit of all other territory, a claim that has no foundation in the law of nations or in the feeling of the civilized world.
"We must establish a free sea to be ruled on exclusively by the merchant marine of all nations. Men of war of any nation whatsoever must be forbidden upon the high seas. When that is done, the world as it is divided now will come to a permanent peace."

Medals Presented.

NEW YORK, Jan. 9.—William C. Redfield, secretary of commerce, presented today to Captain Paul H. Kreibohm a watch and to 39 officers and seamen of the Red Star Line steamship Kronland medals awarded to them by congress for their rescue of 89 survivors of the steamship Volturo, burned in mid-Atlantic on October 9 and 10, 1913.

Relief for War Prisoners.

SAN FRANCISCO, Jan. 9.—The liner Mongolia sailed for the Orient today with a consignment of relief supplies for German and Austrian prisoners of war confined in Siberia.

Governor May Turn Loose Every Convict in the State

(Special to The Intelligencer.)
COLUMBIA, Jan. 9.—"This is just the beginning," said Governor Blaise today in making public his proclamation granting pardons to the 1,000 or more convicts who have been paroled by him since being governor. He is seriously considering, he said, turning loose all convicts remaining in the penitentiary on challenge throughout the State and in county jails. Over 2,000 more convicts would be freed should he do this. The fact that Governor Blaise asked every county supervisor to telegraph the number of prisoners on the challenge helps in the belief of the public that he will "fling wide all prison doors" before he retires from office. "I know I have turned out more than one a day for every day I have been governor," he said, "and I am informed that his total clemency list was about 1,700."
A special pardon was granted to W. T. Jones, the wealthy Union County farmer, who was paroled after serving only a short part of a life sentence for the murder of his wife. This was necessitated by other conditions having been attached to his parole besides good behavior.
This afternoon 37 more pardons and paroles were sent across to the secretary of state from the governor. Anderson County drew a blank in this batch.

a new offensive from the direction of Miawa on the east Prussian frontier. Some German attacks on the Russian line which runs along the Bzura and Rawka rivers and thence southward to Opoczno, and along the Nida to Opoczno on the lower Vistula, have been particularly severe, but according to the Russian report, all have been repulsed.
The thaw which has set in in southern Poland and Galicia, has converted the country into a sea of mud and even cleared the snow from the Carpathians, so that fighting in this region is impossible.
The French, after a heavy bombardment of the German positions between the Oise and the western end of the Argonne, and after suffering several repulses, have advanced their fronts at several points, particularly east of Rheims, where their progress has been slow but steady. In eastern Argonne the Germans have been advancing.
The French again report progress in the vicinity of Filirey, in the Woivre district, which is of particular importance, for should it continue they will cut the road linking St. Mihiel with Metz and may compel the Germans to evacuate St. Mihiel, which they gained long ago at great cost.
The Germans have sent reinforcements to Alsace, where the French advance has threatened to cut Muehlenheim from the rest of the German line, and have occupied Burnhaupt-Le-Haut.

FOOT OF WATER IN THE TRENCHES

Struggle in Alsace Continues Despite Heavy Rains—Thousands Killed and Wounded.

(By Associated Press.)
GENEVA, Switzerland, via Paris, Jan. 10.—(12:10 a. m.)—The struggle in Alsace continues in spite of the heavy rains. There is more than a foot of water in the trenches. The Germans already have lost 6,000 in killed and wounded, according to reliable reports, and Belfort, the great French fortress, is filled with prisoners, men mostly 40 years of age or more.
At Basel and Delle (11 miles southeast of Belfort) the firing of heavy guns is heard night and day. The fighting around Cernay is becoming more desperate daily, the Germans having constructed miles of trenches in terraces along the meadows and forests.
Steinbach has been taken and retaken six times, which accounts for the conflicting statements in the official bulletins. It is now in the hands of the French, according to reports here.
The Germans are hurrying reinforcements from Bavaria and Baren and all ordinary railroad traffic has been stopped to make way for the troops.
Killed His Step-Mother.
LITTLE ROCK, Ark., Jan. 9.—Jesse Coggins, St. Louis youth, who was arrested here yesterday in connection with the killing of his step-mother, Mrs. Olive Coggins, in St. Louis Tuesday night admitted that he strangled the woman to death, according to a statement made by Sheriff William C. Hutton. "I don't intend to kill her," Sheriff Hutton declares the boy told him, "but once I got hold of her throat I could not let go until she was dead."

German Leaving Ostend.

LONDON, Jan. 10.—German civilians are leaving Ostend because the Allies have now advanced to within nine miles of that town, according to a dispatch to the Amsterdam Telegraph from its Sluis correspondent.

Elopes With Son's Wife.

(Special to Intelligencer.)
NEW YORK, Jan. 9.—Frank Olin D. Wood, a young hospital intern, named his own father as co-respondent in a suit for divorce brought to the supreme court today. It was alleged that the young man's father eloped with his bride on the very night of the wedding and took her to Chicago. Young Wood's mother testified in the suit that she had found her husband and her son's wife occupying apartments together in Chicago.
NEW ORLEANS, Jan. 9.—Canadians here to attend the celebration of the centenary of peace between Great Britain and the United States added an unexpected feature to the second day's ceremonies today by placing a wreath on a statue of General Andrew Jackson. Hon. J. R. Boyle, minister of education of Alberta, officiated.

Leader of the Persian Kurds Fighting Kussia.

This photograph shows how the great war has spread over the earth. The figure on the right is Omar Agha, leader of the Persian Kurds, who is fighting with the Turks against the Russians. The young man is his brother. One of the bloodiest fields of the war is that in Turkey, just west of Persia. The Russians marched over the Caucasus Mountains into Turkey and took several cities. They were met by Turkish armies they

Problem of Pacification Practically is Solved

PROPOSITION OF ALL ARMED GROUPS IN MEXICO PROBABLY WILL BE SATISFIED

PLAN WAS NOT MADE PUBLIC

General Gutierrez Reports to Convention in Session at Mexico City.

(By Associated Press.)
WASHINGTON, Jan. 9.—An agreement of "all the armed groups" in Mexico by which "the problem of pacification is solved" has been reported to the convention in Mexico City by General Gutierrez, according to state department advices today from Consul Silliman. Details of the plan were not made public. General Gutierrez's statement to the convention was in substance as follows:
"It may be considered that the problem of pacification practically is solved. As it would be inopportune to publish at this time the decisions recently arrived at, I refrain from giving their details and must limit myself to the statement that there have been in touch with the government over which I preside, all of the armed groups operating in the country. Some of these units have dispatched special commissioners. The demands of these groups have been reduced by them to two propositions. These propositions, which will be given publicity in due time, probably will be satisfied.
The state department here issued a statement declaring Gutierrez's announcement apparently "carried with it an intimation of the strengthening of the central conventionalist party without the domination of any particular leader or faction."
A dispatch dated yesterday from Mexico City said the convention had decided to hold daily sessions.
As to the recent Carranza decree regarding oil lands, the state department issued the following:
"The department is in receipt of a telegram dated January 8 from Vera Cruz stating that on January 7 an executive decree was issued by Carranza ordering development of all oil lands in Mexico as well as their operation to cease immediately unless such development and operation are carried on with the consent of the Constitutional government. It is provided in the decree that the work on these oil lands shall remain sus-

Dynamite Bombs and Fuses in His Trunk

(By Associated Press.)
TRENTON, N. J., Jan. 9.—Inale Gabriele, a resident of the Italian district, arrested today by the Trenton police, who found about 50 dynamite bombs and fuses in his trunk at his boarding house, was charged with attempting to wreck St. Joseph's church, where an unexploded bomb was found last Monday. Gabriele pleaded not guilty and in default of \$5,000 bail was sent to jail.

Prisoners Are Not Being Ill Treated

(By Associated Press.)
WASHINGTON, Jan. 9.—Chandler Anderson, former councillor of the state department, who recently visited France, Germany, Austria and Great Britain for the department and inspected detention camps for interned nationals of hostile nations, reported to President Wilson today that charges that these prisoners were being ill treated were unfounded. So far as his observations went, he said, they were being given the same treatment as the soldiers who guard the camps.

Will Pass Through U. S.

(By Associated Press.)
WASHINGTON, Jan. 9.—The American State department has granted permission to General Benjamin Hill, Carranza commander in Sonora, to pass through the United States on his way to Vera Cruz. Hill will depart tomorrow under orders to report to General Carranza on the killing and wounding of persons on the American side of the line during the siege of Naco, Sonora.

WILL PREVENT BORDER FIGHTING

VILLA GIVES HIS WORD THAT THERE WILL BE NO MORE TROUBLE

NACO SHALL REMAIN NEUTRAL

Mexican Leader Promises Gen. Scott That Gov. Maytorena Will Sign Agreement.

(By Associated Press.)
EL PASO, Tex., Jan. 9.—General Villa today gave Brigadier General Scott his word that he would prevent further border fighting, which since the Madero revolution in 1911, has been a menace to residents of American border towns.
The Mexican leader promised he would order Governor Maytorena to sign an agreement which had been drafted by General Scott at Naco. It would prevent a recurrence of the fighting there, which during the last two months has caused the wounding and killing of more than 50 persons on the American side. General Hill, commander of the Carranza garrison defending Naco, Sonora, already has signed the agreement.
The 8,000 Villa troops passing through Juarez on their way to Sonora, will be sent, Villa said, to Guaymas, on the California gulf, and not to participate in fighting along the border.
The agreement also provides that Naco shall remain neutral territory and closed to commerce until some constitutional government is established in Mexico and recognized by the United States and until one of the contending factions in Sonora entirely dominates the other. Nogales, held by Maytorena, and Agua Prieta, held by Hill, shall not be attacked for any reason whatsoever.
Maytorena's troops shall retire to Cananea or Nogales, and shall not molest the movement of the Hill forces from Naco to Agua Prieta.
This last clause is opposed by the Maytorena faction. Naco is between Nogales and Agua Prieta.
General Villa is expected to return south to direct personally the campaign against Carranza forces in the east. General Scott will return to Washington, perhaps after a brief visit to Naco.
A Villa force will be detached to hold General Hill's force at Agua Prieta, but it is understood not to attack him.
General Villa announced tonight he would welcome the return to Mexico of all former regular army officers, many of whom were reported in a destitute state in the United States, and other countries. He also issued a statement claiming a decisive victory against Carranza troops near Matilla.

GERMAN BATTLE CRUISER VON DER TANN IS REPORTED SUNK

Engagement Takes Place Off Rio Grande de Norte With British Cruiser Invincible Which Was One of the Vessels That Sank the German Squadron Off Falkland Islands.

(By Associated Press.)
BUENOS AIRES, Jan. 9.—La Prensa publishes the report that an engagement has taken place off Rio Grande de Norte, Brazil, between the British battle cruiser Invincible and the German cruiser Von Der Tann, adding that the Von Der Tann has been sunk.
The German battle cruiser Von Der Tann was reported several weeks ago to have crossed the Atlantic to join the other German warships in the South Atlantic or Pacific. Her arrival in those waters never has been recorded.
The Von Der Tann is of 19,000 tons displacement, 562 feet in length, a speed of 27.6 knots. She carries a complement of 910 men and an armament of eight 11-inch guns, ten 5.9-inch guns, sixteen 24-pounders and four torpedo tubes.
The British battle cruiser Invincible is of 17,250 tons displacement with a complement of 781 men. Her armament includes eight 12-inch guns, sixteen 4-inch guns and four torpedo tubes.
The Invincible was one of the British squadron which sank the German squadron off the Falkland Islands.

WAR SCARE CAUSES WHEAT TO DECLINE

Number 2 Red Cash Sold Down to \$1.36; May Options Goes to \$1.38.

(By Associated Press.)
CHICAGO, Jan. 9.—Reports that congress might be asked to declare an embargo on foodstuffs, and vague rumors that Italy might soon enter the war against Turkey and force an outlet for Russian wheat through the Dardanelles resulted in a break of almost 4 cents in wheat prices here today. Number 2 red cash sold down to \$1.36 a bushel and on change the May option declined to \$1.38.
President Canty, of the Board of Trade, discussing today the recent sudden rise, said:
"Those who are qualified to express an opinion of wheat values know that there is but one cause or reason for the present range of prices. That cause is based on the fact that Norway, Sweden, Denmark, Holland, France, England and Italy have been in competition as buyers in the United States markets during the last few months. Closing of the Dardanelles and elimination of exports from Russia has concentrated the world's demand on the United States. Manipulations have had nothing to do with creating this situation, in my judgment."

Steamer Receiving Official Attention

(By Associated Press.)
WASHINGTON, Jan. 9.—The status of the former Hamburg-American steamer Daedalus, loading at Fort Arthur, Texas, with cotton for Bremen, Germany, is receiving official attention here, it was learned today, because of an intimation from the British government that this ship might be regarded as subject to seizure. The questions involved are of great importance not only to Americans seeking to purchase interned German merchant ships, but also to southern cotton interests, now exerting every effort to find means of placing the staple in European markets.

Fifty-Seven Vessels Will Make Up Fleet

(By Associated Press.)
WASHINGTON, Jan. 9.—Fifty-seven naval vessels will make up the fleet which will go to San Francisco by way of the Panama Canal next March, Secretary Daniels announced today. There will be 21 battleships, headed by the dreadnaught Wyoming, Admiral Fletcher's flagship; 23 torpedo boat destroyers, and 13 auxiliaries, including colliers and supply vessels.
At Christobal the fleet will be joined by the famous old Oregon and De Vey's flagship of Manila, the Olympia. The Oregon is being fitted on the Pacific coast for the cruise and the Olympia at Charleston, S. C.

Canadians Add Surprise

(By Associated Press.)
NEW ORLEANS, Jan. 9.—Canadians here to attend the celebration of the centenary of peace between Great Britain and the United States added an unexpected feature to the second day's ceremonies today by placing a wreath on a statue of General Andrew Jackson. Hon. J. R. Boyle, minister of education of Alberta, officiated.

Convention Fails to Meet

MEXICO CITY, Jan. 9.—The national convention called to name a provisional president and adopt a reform program, failed to meet today. Sessions have been suspended indefinitely. Southern delegates, however, met today. Those present represented only the Zapata forces.

Leaves Made Smaller

LOS ANGELES, Jan. 9.—Loaves of bread selling at five and ten cents have been reduced three ounces in weight, and master bakers today announced that if flour prices went higher they would be compelled to increase prices instead of further curtailing weight.

TURKS TO THE FRONT

LONDON, Jan. 10.—(4:00 a. m.)—The eighth Turkish army corps has left Damascus for the Egyptian frontier, well armed, and provisioned and provided with 8,000 camels for crossing the desert, says an Athens dispatch to the Exchange Telegraph Company.
It is reported from Beirut (Syria) that all French and Greek subjects have been taken to Damascus in chains because of an effort to escape.

Plan to Bring Jobless Man and Manless Job Together

(By Associated Press.)
WASHINGTON, Jan. 9.—A national employment bureau reaching into every section of the United States will be put into operation by the labor department next week. It will be operated along the lines of President Wilson's suggestion in his Indianapolis speech for "a systematic method of helping the working men of America."
Preliminary work for the bureau has been completed, it was announced today by Commissioner Caminetti, of the immigration bureau, and instructions sent to postmasters and rural mail carriers throughout the country and to nearly 200,000 field agents of the agricultural department.
The general plan was outlined by Mr. Caminetti as follows:
Notices will be posted in all post-offices announcing that applications for work or workers will be received by the postmaster, who will be supplied with forms to be filled out and forwarded to the labor department agent in charge of the town in which the office is located. The distribution branch of the immigration service will handle that part of the work and to it also will go reports of the agricultural departments as to sections where laborers are needed. Applicants will then be informed of the nearest point where they can obtain work of the kind they seek.
Commissioner Caminetti said the plan had been tried out on a small way and the results had been most satisfactory. After the first at Salem, Mass., last June, when nearly 4,000 factory operatives were thrown out of employment, the labor department succeeded in finding work for many of them.
