COUNTY SCHOOL

Report of Miss Garlington—For the First Quarter is Satisfactory.

(1913.)

Miss Maggie M. Garlington, county supervisor of rural schools, has done a much greater work in this county than the mere cold figures show. But that she has done good work is evidenced by the following report for the three months that Miss Garlington has been in this county:

MAGGIE M. GARLINGTON.

(1914.)

Report of First Three Months.

1. Number visits made, 36. 2. Several Associations have been organized, several reorganized, and many reports have been received from the older associations. They tell of

the amounts they have raised during these three months, one reporting \$178.50. The Associations are improving school buildings, libraries, desks, pictures, stoves and much work is being done on the school grounds.

THE CITADEL, Charleston, Jan. 17.—The new band instruments, which were ordered from the C. G. Conn Company about two weeks ago, are expected to arrive within the next few days.

There seems to be a slight epidemic of influenza in school just at present. Some 50 per cent of the pupils have very bad colds and during the past week the hospital was taxed to its capacity in caring for the sick.

Two years ago I had a great headache and a doctor told me to write Mrs. A. Kellar, Miss Ohio. Before taking them I was sick for two years with indigestion. Sold by all druggists.

the amounts they have raised during these three months, one reporting \$178.50. The Associations are improving school buildings, libraries, desks, pictures, stoves and much work is being done on the school grounds.

I have helped the teachers with classes in Reading, in all the grades, history, grammar, writing, drawing, arithmetic and geography. Bulletins and maps have been given out. Much school material has been selected and mailed to teachers upon their request.

About six weeks of my vacation and my first week this year were devoted to "A Course of Study and Helps" for the teachers. Many teachers have thanked me for writing this little bulletin for them.

I helped plan and carry out the community fair at Mountain Creek, which proved to be a great success. I have visited many schools on my own opening day, visited many on my own schedule, and have visited others upon the request of trustees or teachers.

MAGGIE M. GARLINGTON.

Plans are being made for the Field Day and County School Fair, which will be held next spring. Full plans will be given by the teachers by the last of January.

The school work at McLees is moving along nicely since Christmas. Two families have moved into our district recently, which furnishes us with five new pupils.

We are quite proud of a new stove that has been placed in the primary room since Christmas. The teachers and pupils have recently raised enough money to dig a well on the school ground and when this is done we are sure that the conveniences of McLees school will compare with the conveniences of any of the best schools in the county.

ANDERSON COLLEGE

The students spent from Wednesday to Saturday of the past week standing the mid-term examinations. This is always a trying, strenuous time for both faculty and students, and all are relieved when it is over.

Mr. E. G. Wilson, Interstate Y. M. C. A. secretary of Charlotte, N. C., addressed a large audience in the chapel last Sunday night. His theme was the "Face of Christ." His talk was very interesting and he expressed his points very forcibly.

CLEMSON COLLEGE

CLEMSON COLLEGE, Jan. 16.—The Columbian Literary Society held its twenty-first annual celebration on Saturday evening, January 16. The invitations sent out for this event contained not only the program, as usual, but the names of the officers and of the members of the society. The program follows:
