Sold by Evans Pharmacy.

DAILY INTELLIGENCER MOVES INTO NEW HOME

W. A. PEPPER BUILDING ON WEST WHITNER STREET HAS BEEN LEASED

MOVED MONDAY

Newspaper Plant Is Already Installed in New Home—Job Plant Moves Next.

The Anderson Intelligencer, having leased for a term of years the Dr. W. A. Pepper Building at the north-east corner of West Whitner and North Peoples streets, is moving its newspaper and job printing business from the Watson-Vandiver building, on North Main Street, to the new location. The newspaper department of the business was moved yesterday and the transfer of the job printing department will be completed this week. While not originally constructed for newspaper purposes, the Pepper Building, perhaps more than any other structure in the city, comes nearer being the type of home best suited for such a business than could be found almost anywhere. Certain alterations of a minor nature have put the building in convenient shape for a newspaper home, and from these quarters it is hoped to issue even a better paper than subscribers of The Intelligencer have enjoyed in the past. The Pepper Building is one of the best constructed business buildings in the city. In the commodious cement-floored basement of the structure will be situated the press on which The Intelligencer is printed. On the first or ground floor of the structure will be located the editorial rooms, the business office and the mechanical department of the paper. The job printing business will be established on the top floor of the building, where also will be located the editorial rooms of the Southern Christian Advocate.

Those who have never lived through a newspaper plant moving haven't the remotest conception of what a task it is, both gigantic and tedious. The very intricate and delicate linotype machines present a problem in the moving of these alone. And with the press, with its hundreds of parts, ranging in size from the smallest thumb screw to great bases weighing each into the thousands of pounds, it is ever a greater task. But in no instance has The Intelligencer had to send out of town for expert help to move its plant. Brains, talent and a willingness to buckle down for long hours without rest and work like beavers were responsible for the linotype machines of The Intelligencer office being moved yesterday by the operators and their assistants. The machines were dismantled, loaded on wagons, transported to the new building, unloaded, set up again and started running in record time, it is believed, for a job of this kind. The moving was accomplished without a hitch or a mishap.

The Intelligencer's big press is being taken to pieces by Pressman Kinney, who will assemble the various parts in the press room of the new location and erect the big machine again. He is one of the biggest jobs of all. Through the courtesy of the Daily Mail, The Intelligencer will be printed on the former's press until The Intelligencer's press has been started going again.

Friends of The Intelligencer are cordially invited to visit the paper's new home as soon as things have been set straight, which will be within the next few days, and get a glimpse of the inside of a model newspaper plant.

A MISSION CONFERENCE

Of the Saluda Baptist Association, First Baptist Church, Anderson, Thursday, February 4.

All pastors, members of the executive committee, members of laymen's committee, Sunday school superintendents and one representative member from each church are urged to be present. Matters of vital importance to each church and of great importance to the denomination at large will be considered. The meeting will be called to order at 10:30 and there will be a morning and afternoon session. Pastors and churches are especially urged to see to it that there shall be present at least one representative from each church. EDWARD S. REAVES, Chairman of Ex. Com.

The ladies of the First Baptist church will serve dinner in the church basement for the above occasion and the church extends a cordial invitation to those included in the above call to be present and take dinner with us as our guests. Those who expect to be present are earnestly requested to send their names to Mr. T. Guy Bostan, the church secretary.

Sick Headache.

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and bad sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." For sale by all dealers.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

SPARKLES

Three Cases in Recorder's Court. Although it was Monday morning, there were but three cases disposed of yesterday before the recorder. Frank Rutledge, an old offender, was found guilty of drunkenness and loud swearing and sentenced to pay a fine of \$5 or serve 10 days on the gang. Pete Lee was found guilty of petit larceny and sentenced to pay a fine of \$15 or serve 25 days on the gang. Lee stole a coat, valued at \$1.50, from another negro named Garland North. The third and last case disposed of was that against S. J. Nease, charged with drunkenness. The defendant failed to appear in court and his bond was declared forfeited.

Cotton Selling

For 8 1-4 Cents. Cotton was quoted yesterday on the streets of Anderson at 8 1-4 cents or rather this was the highest price paid. Very little of the staple was offered for sale. It is generally believed that more cotton would be put on the market were the farmers who have it at their homes in the country able to get to town with it. If the present prices held up and the roads dry out, it is believed that much cotton will be offered for sale and that business conditions generally will pick up.

Mud So' up Service Pipes Being Broken.

A South Main street resident stated yesterday that the mud had gotten to be so deep along this thoroughfare service pipes connecting dwelling houses with the water mains were being broken by wagon wheels passing over them. Saturday, he stated, a wagon mired so deeply in the street the wheels struck and broke the water service pipe causing a great loss of water, which served to make the thoroughfare all the more sloppy.

Lecture Tonight

Will Attract Many. Indications are that the auditorium of the Anderson College will be crowded this evening when Dr. Russell H. Conwell delivers his famous address, "Acres of Diamonds." The event has been well advertised by the committee, but aside from that, Dr. Conwell is well enough known to draw a large audience, wherever he may appear. He will arrive in the city this morning at 8:30 o'clock.

Cotton Receipts

For the Year. Receipts of cotton at the platform of the Standard Warehouse Company up until Saturday night last were 14,952. The receipts for the corresponding period of the year previous were 18,295 bales, a difference of 3,343 in favor of the previous season.

Two Cases Were

Before Magistrate. Two cases were before Magistrate W. C. Broadwell yesterday for his consideration. J. B. familiarly known as "Gimlet," Derrimk was before the court on charges of drunkenness and disorderly conduct, the alleged offense having taken place Sunday near the Townsend Twine Mill. The defendant was convicted and sentenced to a fine of \$10. A negro named Bunk Black was before the recorder for violation of a labor contract. He was convicted and sentenced to serve 30 days on the gang.

IS THE INDIAN THE ORIGINAL MAN? Philadelphia Ledger.

City Sells has proved once more that there is no satisfaction in the philosophy of negation. He has declared, in his capacity as commissioner of Indian affairs, that the American Indian is not a Mongolian, but he has not told us what the Indian is. The mystery is as deep as ever, and it is doubtful if it will be solved to the satisfaction of all ethnologists. But the most interesting and curious feature of the whole controversy is the effort to prove that the American aborigines—if the Indians can be so described—came to this continent from some other part of the world. The Mongolian theorists insist that he crossed over from Siberia by way of the Aleutian Islands or Bering Strait. But there are others who agree with Mr. Sells that the Indian is not a cousin to the Chinese, and insist that he came here from ancient Carthage or from Egypt, and crossed over the spaces now covered by the Atlantic Ocean while the fabled continent of Atlantis was still rearing its mountain chains above the sea. There are others who assert that the Indian is a Greek and still others that he is of Welsh origin, and there is a school of pseudo-thinkers who will argue "till the cows come home" in an effort to prove that the red men are the descendants of the lost ten tribes of Israel.

These ethnologists ought to be geologists, also, and then they would formulate what is doubtless the correct theory. Certain geologists declare that the first land which emerged from the steaming waters of the inchoate world are the Laurentian Hills north of Lake Superior; that Europe and Asia and Africa and the isles of the sea were submerged when these American rocks first glittered in the sun. There can be no men without land to live on, and what is more simple than to assume that the inhabited world as we know it began here, that all the migrations were from this continent to the east and to the west, and that the ungrateful immigrants forgot the home of their ancestors, and in their gaily and con-

Inspected Plant.

At Portman Shoals. E. F. Taylor, electrical engineer of the Southern Public Utilities company, and an engineer representing a New York bond brokerage firm, came to Anderson last Saturday morning, as was announced previously in The Intelligencer that they would, and went out to Portman Shoals, where they made an inspection of the plant. The engineers returned to the city that afternoon and left here Saturday night. The Southern Public Utilities company is planning to issue bonds and the engineer representing the bond brokerage firm made an examination of the plant in order that its valuation might be arrived at and the property listed with other property which will be mortgaged to secure the loan.

Sheriff Ashley

Is in Columbia. To attend a meeting of the State Sheriff's Association, in Columbia, Sheriff Ashley has gone to the capital city for a short while. A meeting of this organization was called on Monday ago, but as so few of the members were present it was decided to adjourn and call the meeting later.

Bankers Committee

Will Meet Today. Lee G. Holleman, president of the People's Bank of Anderson, and secretary of the State Bankers Association, goes to Columbia today where he will attend a meeting of the executive and the legislative committees of the organization. This joint meeting of these committees is held every year and while the Legislature is in session. The place of holding the next annual meeting will be discussed and probably a selection made. Proposed legislation pertaining to banking in the State will also be considered by the committees.

City Assessors

Begin Their Work. The city board of assessors, composed of Messrs. S. D. Brownlee, W. W. Robinson and E. P. Vandiver, have begun the task of going over the tax returns which have been made by citizens of Anderson liable for the same. The time for making returns expired last Saturday night. The returns will be checked over by the board in the course of the next two weeks or so and turned back to the city clerk, who will make up his tax book. This book must be made up and verified before February 15, the date when payment of city taxes is in order. The time for payment of city taxes expired March 15th.

Corrects Report as

To Jefferson Davis. Mr. D. H. Russell, who is one of the best posted men in this section of the country on matters historical, stated yesterday that he had read an Associated Press dispatch in the Sunday morning papers which chronicled the death in Baltimore of a man who was a personal friend of Abraham Lincoln and foreman of the jury which convicted Jeff Davis of treason. The statement about Jeff Davis, is incorrectly Mr. Russell states, as Davis was never brought to trial. "He was arrested at Irvinville, Ga., and confined in the military prison at Fortress Monroe, Va. His bond for \$100,000 was secured by Horace Greely, Alexander McClure and Garrett Smith. After Davis had been in prison some two years he was released, but the case against him was never called," declared Mr. Russell.

weil have tried to demonstrate that they are living in the ancient homeland of the race, and that it is the American Indians who migrated and then forgot whence they came. Until some one proves to the contrary, this theory that America saw the birth of the first man will do as well as any.

Many Carloads Of Machinery Shipped

Charleston, Jan. 23.—Between 50 and 100 carloads of machinery for the Southern Railway company's coal handling plant on the Cooper river will arrive in Charleston within the next week or ten days according to a statement made this morning by an official of the company here. It is thought that the machinery has already been loaded on the cars in Cleveland, O., where it was designed and constructed especially for the local plant. Rapid progress has lately been made on the pier and trestle work which will connect the pier with the mainland. It was stated today that very little space if any, remained to be spanned by the trestle which is a lengthy structure extending from back of the Country Club golf links, several thousand feet over marsh and water to the large pier, which is being built on the edge of deep water in the Cooper river.

The machinery which will be shipped here in several train loads from Cleveland consists of the giant car-dumping and loading units which will be operated on tracks extending along the pier. This is said to be the most modern and practicable machinery of the times for the rapid handling of great quantities of coal.

Chamberlain's Cough Remedy—The Mother's Favorite.

"I give Chamberlain's Cough Remedy to my children when they have colds or coughs," writes Mrs. Varne Shuler, Vandergrift, Pa. "It always helps them and is far superior to any other cough medicine I have used. I advise anyone in need of such a medicine to give it a trial." For sale by all dealers.

W. D. SIMPSON DIED SUDDENLY YESTERDAY

AT THE HOSPITAL WHERE HE HAD GONE SUNDAY FOR TREATMENT

FUNERAL TODAY

Services Will Be Held at the Home at 4:30—Interment at Silver Brook.

Friends and acquaintances of Mr. W. D. Simpson, 223 West Church street were shocked and grieved to learn of his death, which occurred yesterday morning at 8:15 o'clock, at the Anderson County hospital, where he was taken Sunday morning for treatment.

Mr. Simpson had been ill for only a few days, and it was not thought that he was in any danger. His condition was satisfactory to the physicians Sunday, and early Monday morning he did not appear to be any worse. He had been conversing with the nurses who were attending him when suddenly he expired, his immediate death being due to heart failure.

The funeral services will be held this afternoon at 4:30 o'clock at the residence, conducted by the Rev. W. H. Frazer, D. D., pastor of the First Presbyterian church, of which Mr. Simpson was a devoted and consistent member. Interment will be in Silver Brook cemetery. The following gentlemen will serve as pallbearers: Active, D. S. Gray, F. B. Crayton, J. A. Anderson, Willie Fant, James Schumate and Frank Farmer; honorary, Rev. H. B. Fant, J. M. Giles, T. W. Harrison, Dr. R. F. Dwyer, J. F. Clinkscale, John M. Hubbard and William Laughlin. The funeral arrangements are in charge of G. F. Tolly & Son.

William David Simpson was the only child of J. B. and Elizabeth Simpson. He was born in the lower section of the county, but early in life removed to this city, where he became engaged in the drug business with his father. They conducted their business in the stand now occupied by the main branch of Evans Pharmacy. Some 15 years ago Mr. Simpson's health became impaired and he retired from active business and devoted his time to looking after his large personal property interests.

Mr. Simpson married Miss Lula Norris, daughter of the late Col. Jesse Norris, a prominent and gifted attorney of this section during his life time. To them were born one daughter and four sons, who with the widow survive Mr. Simpson. The children are: Mrs. Chester W. Plant, Leslie N. of this city; Joseph E. and W. W. of New York, and Jesse W. a cadet of Clemson College. All members of the family but Joseph, W. W. and Jesse W. were here when their father died. The last named came home yesterday afternoon and the two who are in New York are expected to arrive here today. As Mr. Simpson's death was entirely unexpected, no members of the family were at the hospital when the end came.

Mr. Simpson was a devout Christian and a quiet, modest and retiring gentleman. He was a substantial business man and citizen and an ideal husband and father. His death is mourned by a wide circle of devoted relatives and staunch friends and admirers.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine.

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels. No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

NATIONAL GUARD ORDERS.

Captain Ligon Receives Copies of Orders No. 8 and 4. Capt. L. L. Ligon, Co. 3, First S. C. Infantry, N. G. S. C., has received a copy of general order No. 4 in which Governor Richard I. Manning, commander in chief of the militia forces of the State, declared null and void the recent order issued by the then Governor Blease disbarring the state militia.

Capt Ligon also received order No. 3, announcing the following staff of the commander in chief: the adjutant general, Brig. Gen. William W. Moore; military secretary, Col. Charles H. Cabaniss.

Mrs. Nina Carpenter of Greenville is the attractive guest of Miss Anna Tribble.

THE ANDERSON GUARANTY & TRUST COMPANY

will place your money for you secured by first mortgages on Real Estate at not over 60 per cent. valuation. All expenses to be paid by the borrower. The mortgages to bear 8 per cent interest. We will guarantee you that the property mortgaged in a first mortgage against the lands covered and that it is free from incumbrance and that the title to the property is perfect

For further information call at our office in store room of Bleckley Building below the Peoples Bank. Also watch for list of amounts wanted with number of acres as security, valuation, etc.

Pick out the amount you want and secure same as we do not intend to confine ourselves to Anderson County alone in placing these desirable loans.

There has been a great need here for the business we propose to engage in, a place where the borrower and the parties who have money to loan can place their money without waiting.

Come to see us at once whether you have money to loan or want to borrow and we will soon get the machinery working to place large amounts in the near future. Our president, Mr. J. J. Frewell, has ridden twice the distance around the world in this county and knows the location and value of Anderson County lands better than others who have had no experience in this line of work. Where we have any doubt as to valuations we will send one of our agents to inspect and report on the property.

The Anderson Guaranty & Trust Company

154 East Benson Street. Just Below Peoples Bank.
