

OWE MY HEALTH to Peruna

I was Gradually Breaking Down From Confinement to Store.

Mr. C. N. Peterson, dealer in fine boots, shoes and cigars, No. 122 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peruna has done me. Constant confinement in my store began to tell on my health and I felt that I was gradually breaking down. I tried several remedies prescribed by my physician, but obtained no permanent relief until I took Peruna. I felt better immediately, and five bottles restored me to complete health. I have been in the best of spirits since, and feel that I owe my health to it."

Catch Cold Easily.

Mr. Arthur G. Peterson, R. F. D. 21, Box 21, Omro, Wisconsin. He was in the habit of catching cold easily.

He says: "It has been seven months now since I have taken any Peruna and I haven't felt the least touch of cold since, and I am positive that I am now rid of the tendency to catch cold. Peruna is a wonderful remedy."

Those who object to liquid medicines can now procure Peruna Tablets.

LECTURE ON PANAMA CANAL ON THURSDAY

Will be Given by Zone Resident at K. of P. Hall at 8 P. M.

An illustrated lecture on the Panama Canal, by one who has lived in the zone some seven years and is thoroughly familiar with the subject, will be delivered Thursday evening in Chiquola Lodge Knights of Pythias hall by Mr. Stacy Russell, an Anderson boy, who is here on a short vacation.

During his residence in the zone, during which time he has been in the postal service, Mr. Russell has taken a keen interest in the construction of the canal. He has studied the great engineering feat at close range, and has at his finger tips a multitude of facts and figures regarding the big ditch that are not known to the average resident of the States. Mr. Russell has made numerous photos of scenes in the zone, his pictures showing all stages of construction from the time Uncle Sam took hold of the proposition, where the French had fallen down on the job, until the first merchantman went through the canal.

Mr. Russell has transferred a great many of his photos to lantern slides, thereby being able to splendidly illustrate his lectures. He shows with his lecture a large amount of data which he secured from official sources. Mr. Russell has not gone into the lecture field, but merely consented to give his friends in Anderson the benefit of the knowledge of this great undertaking which he has picked up during his residence in the zone.

The lecture will be given at 8 o'clock, and other Knight of Pythias in the city are cordially invited to attend.

(From Wednesday's Daily).

As a result of their misunderstanding the terms of the agreement whereby they returned to work after a strike several days ago, weavers of the Equinox Mill did not return to their looms after the noon hour yesterday, thereby bringing about closing down of the plant for the remainder of the day.

Mr. Robt. E. Ligon, general manager, stated last night that a conference had been held between representatives of the mill and the weavers and the misunderstanding straightened out; that the understanding reached was agreeable to all concerned, and that the mill would resume work at the usual hour this morning.

Best Laxative For Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin, because it contains no opiate or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Druggists sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Monticello, Ills.

HONEA PATH SCHOOL

The boys of the school held a meeting last Thursday for the purpose of organizing their base ball team for the approaching season. They elected Olin Tice as their captain with Johnnie Donald as manager. Most all of the larger boys of the school were present at this meeting and a great deal of interest is being taken in this branch of athletics. They will begin at the earliest date possible.

The enrollment number in the Central high school is 131, making a total enrollment of 401. The total average attendance for last month was 323. Thirty per cent of the pupils in the Central school made the honor roll for the month ending February 5.

We were entertained in chapel Friday morning by an interesting talk from the superintendent on the life of St. Valentine and "how St. Valentine's day should be observed," also by a valentine song, which was very sweetly sung by five little girls, from the lower grades.

The high school literary society held its regular meeting last Friday afternoon and the following program was rendered:

SLEW HIS WIFE AND CUT HIMSELF

C. R. Alexander of Pelzer Lodged in Jail on Serious Charge.

(From Wednesday's Daily).

Charged with having murdered his wife, by severing her throat with a sharp knife or razor, C. A. Alexander, an employee of Pelzer Cotton Mill No. 4, is occupying a cell at the county jail, and is himself in a dangerous condition, as he slashed his own throat with the same weapon.

About 9 o'clock yesterday morning Sheriff Ashley was notified over the telephone by officers at Pelzer of the fearful incident, and the former instructed the officers to bring the prisoner to Anderson. Alexander was brought here on the 1 o'clock interurban car.

When seen at the jail yesterday by a representative of the Intelligencer, Alexander could scarcely utter a syllable on account of the self-inflicted wound in his throat. Through officers of the jail, who had heard Alexander give his version of the trouble before his throat got in such condition that he could scarcely talk, something of the details of the crime were learned.

So revolting are the details of the crime, the man is charged with having committed and so nauseating is the story he gives as the explanation of the crime, those of more refined sensibilities would not care to hear them. Alexander stated that he and his wife separated last Monday afternoon, and that about 6 o'clock she returned to the house to get her belongings, when a quarrel ensued, and he, in a fit of anger, slashed her throat with a razor and then stabbed himself in the throat.

She man states that his wife acknowledged to him she had had relations with her sister's husband; and that this is what brought about the separation.

Michigan Democrats Endorse Administration

LANSING, Mich., Feb. 16.—Michigan Democrats nominated by acclamation a ticket for the spring election and endorsed in most emphatic terms the administration of President Wilson at their State convention here today. The platform adopted commended the stand of President Wilson on the ship purchase bill and denounced the Republican opposition to the measure as being un-American and against American prosperity. The platform pledged President Wilson the support of the Michigan delegation for renomination and reelection.

PELZER

We are now having very spring-like weather, meeting out to us as our portion. We hear some saying, "I can't last," others are calling pretty day, with their Southern balmy breeze. Weather breeders—"These days may not last," however, we are very grateful for the ones just enjoyed. There has been much going and coming during this "spell" of pretty weather. Many farmers have come into town, numbers of them for supplies, while a few have brought loads of baled hay, some with cotton, one now and then with a beef cow and we have noticed a few with eggs and chickens, which goes to prove that the farmers are not dead (it was just the bad roads which kept them from town during January) nor are they depending entirely upon Mr. Cotton. This leads us up to the meeting of the Oakland Jersey breeders association at Washington's school house, east of Pelzer, Friday afternoon. It seems that great good was accomplished at this meeting. A number of prominent men were present. Among them were: Prof. Hare, (the government's chicken man) of Green; Prof. Mason, (the government's cow man) of Clemson College, Mr. Sheeley, the Southern Reive ways corn and pig club man, and a Georgia visitor who has charge of demonstration work in Georgia. An egg route was established a long with the cream route. This will mean a boom to the farmers now and especially so when they get busy on the farm; also when the local egg market becomes glutted. Late in the afternoon the above mentioned association adjourned with the expectation of meeting once a month regularly. They were promised fullest amount of help and cooperation from the government and S. Railwaymen.

Another event which was much before the eyes of our people this week was the informal social given by the West Pelzer high school girls in the school auditorium Wednesday evening, 7:30 to 11 o'clock. A number of visitors were present, and there were games in which both the young and old joined and mingled their happy laughter. The blue book speaker carried the older ones back to the old log school house that stands upon the hill. This old time spelling match was greatly enjoyed. Mr. Thomas McElroy (the oldest man present) won the box of candy for standing up the longest. Some others of the bygone school days, who partook of this childhood pleasure were: Mr. and Mrs. J. M. Garrett and Mrs. L. Padgett.

The piano which the improvement association has just had put in the West Pelzer school auditorium is quite a delight to Miss Brabham, the music teacher, as well as to the school children who have been so anxious to take piano lessons.

Dr. and Mrs. W. A. Tripp spent last Sunday night and Monday here as the guest of their son and family. Dr. Tripp ran over to Anderson on an early car Monday morning, returning here on the noon car.

Mrs. M. D. Sullivan and children came up from Sumter last week. They joined Dr. Sullivan, who is spending a while with his brother, Harold Sullivan.

Miss Cleo Welborn of Williamston was the guest of her cousins, Misses Felecia and Margaret Welborn of this place Wednesday night.

On last Wednesday afternoon the two popular teachers of East View were calling on friends in town.

Mrs. R. L. Snipes had as her guest her sister, Miss Janette Haynie of Greenville this week.

Mr. Ben Martin of Easley spent Wednesday night here with friends.

Dr. and Mrs. C. M. Tripp visited homefolks in the Plagal section last Thursday night.

Esquire W. F. Lee of the E. F. D. No. 1 Piedmont was a business visitor in town last week. The esquire has many friends here, who are always glad to have him in their midst, even if for a few hours only.

Mr. Tom Long of Piedmont spent last Thursday and Friday in town.

Mr. Will Johnson, a farmer on the Anderson side was in town on business Monday.

Mr. W. J. Sheeley of Greenville was here in behalf of the West Pelzer corn club last Monday.

The friends of Mr. and Mrs. Willingham are welcoming them here. Mr. Willingham and family have just come to Pelzer from Williamston.

Another business visitor in town this week was Mr. Wm. Tollison of the White Plains section.

Mr. R. S. Garrett of Greenville is spending a while here with his parents.

Quite a number our people are enjoying their automobiles these pretty days.

Mrs. J. Y. Jones' friends were delighted to see her out Thursday afternoon.

Misses Annie Belle and Janie Strickland spent Wednesday night with Miss Mildred Harrison.

We were jerked up, so to speak, out of our midwinter reverie and made to realize (from the number of hearts we saw flying around) that it was the middle of February. Who can realize the way the little god of love is never too soon, nor too late, hence it must be so.

Miss Kate Ellis of Williamston was in town Saturday, 13th inst.

WOULD REQUIRE DOCTORS TO BE EXAMINED
