THE CITADEL

The failure of the railroads to give reasonably cheap rates for transporting the tadet corps to Jacksonville in April makes the proposed encampment at that place seem rather doubtful. This information was given ou with religiolance by the Citadel authorities as all of the cadets have been looking forward to the trip for sonttime and the announcement has caused distinct disappointment among them. As yet, nothing definite has been announced as to where the new camp site will be but it is more than likely that a place near the rifle range at Mount Pleasant will be selected.

The members of the Senior Physics elegitive stood the civil service examination at the postoffice here last week. The position to which they ment at that place seem rather doubt-

We made nice little sum of ten dollars.

We will use a part of this money preparing for field day. The children are delightd with the idea of getting to attend field day, and are trying hard to prepare for it. Both teachers and pupils are expecting a nice day. Lost year we bought a new three bundred dollar piano. By having lit-tle parties of different kinds we have

almost paid for it.
Once the young people of the community, who have finished school, arranged a good play for us from which we realized forty-five dollars.

Then another thing was to have a pig. One of the patrons gave him to The problem is, will the boys with us, a tiny baby, and we found nearly these attractions still stick to their twenty dollars in him when school closed.

TOWNVILLE SCHOOL

TOWNVILLE, March 11.—Probably the most novel entertainment ever given at a schoolhouse in Anably derson county was that given last Monday evening at the Townville school auditorium. The entertainschool consisted largely in showing the kind of class work done by the pupils of the school. The children who took part appeared pleased to be able to play school for "their mamas and papas," and 'everybody seemed de-lighted with their work. The pro-

ram was about as follows: First, a spelling mtch between the pupils of the second and third grades. Next, a number of declamations by the pupils of the primary room; last, arithmetic work at the blackboard by pupils of the fifth grade. A feaby purits of the fifth grade. A feature that captivated the audience was the recitation of Mother Goose rimes by a group of Miss Kellet's primary pupils. The group consisted of Misses Inez Boleman, Eunice Boleman, Eunice le Adams, Virginia Thrasher, Marie Adams, Virginia Giles and Christine O'Neal and Messrs. Dan Kay, George Spears, Tom Hunt, Claude Fant, Henry Holcombe, W. H. Thrasher, Spears and Nelson King.

Last Saturday a crowd of boys and girls from Pendleton came over and met Townville students in various athletic contests. The contests proved every interesting. Townville having the advtantage of being on home grounds, won most of the events, but oply by narrow margins. The home team won the relay race, and the majority of other events, but lost the girls' flag race and all three places in the pole vault. The following were the contestants from Pendleton: Misses Allie Whitten, Katherine Campbell, Nancy Evans, Maggie Foster and Virginia Evans and Messrs.
