THE PICKENS SENTINEL-JOURNAL.

Entered April 23, 1903 at Pickens, S. C., as second class matter, under act of Congress of March 3, 1879.

VOL XXXIII. PICKENS, S. C., WEDNESDAY, FEBRUARY 3, 1904. NO 35

REACTION COMES IN THE COTTON MARKET

Country Longs Go Wild In Effort to Liquidate.

OFFERINGS SWAMPED MARKET.

Prices Went Down From 45 to 86 Points—Prominent Bulls Were the Heavy Buyers at the Decline—Eastern News Responsible.

New Orleans, Jan. 29.—The long expected reaction came in the cotton market this morning and country longs went wild in their efforts to liquidate. Their offerings swamped the market for awhile and prices went down from 45 to 86 points. The prominent bulls were heavy buyers at the decline and even at the lowest buying orders of a few hundred bales would send the market up 10 points.

The caution was sounded yesterday when brokers commenced to ask $10 a bale margin.

It was generally considered that the false reports concerning the situation in the Far East spread about last night were responsible for the liquidation by the weak long interest. All features remained bullish. The movement was light and the weekly insight figures were smaller than were expected by the most enthusiastic bulls. At one time May options were 86 points under the highest level of the morning, but a quick recovery brought them up until they were only 41 points below the highest level and only 21 points lower than the close of yesterday.

The leading bulls said that the drastic liquidation had left the market in a healthier condition than ever, and more open to further advances than for several days past.

WAR ON MICROBES.

Effort to Exterminate The ... Libraries From Bertillon Devices.

Berlin, Jan. 29.—The Berlin municipal authorities have decided to make an attempt to exterminate the microbes in the libraries, Professor Koch having called attgention to the danger of spreading infectious disease among the books loaned indiscriminately from libraries. The professor's representatives, during the former's absence in South Africa, where he is studying the Rinderpest for the British government, has drawn up a plan for attacking the microbes which will be submitted to the library committee of the municipal council next Tuesday.

It is intended to adopt some method of disinfecting books after their use. The municipal disinfection station will take charge of the matter.

INDICTMENT QUASHED.

Against Former Mayor Ames of Minneapolis, Minn.

St. Paul, Jan. 29.—The supreme court today quashed the indictment against Former Mayor Ames, of Minneapolis, and the entire court held that the indictment was faulty.

Judges Start, Collins and Lewis concurred in the majority opinion that the offense was not proven, while Judges Lovely and Brown disagree with that part of the opinion of the majority. Dr. Ames was charged and convicted in the district court of Hennepin county of receiving money as ... Minneapolis illegally from ...

Oldfield Won Auto Race.

Chicago, Jan. 29.—A dispatch to The Tribune from Hotel Ormond, Fla., says that without wind, on a wavy surfaced course, and with a deep haze covering everything, Barney Oldfield has won the 1 mile automobile championship of America, defeating William K. Vanderbilt by three seconds. Oldfield's time was 46 3-5, but in the best heat he did 43, which sets the world's competitive mark three seconds lower than the record of Angiers, made on the Dourdan road in Paris.

Found Guilty of Husband's Murder.

Kansas City, Mo., Jan. 29.—Mrs. Lulu Prince Kennedy Kramer, for the second time for the murder in January, 1901, of her first husband, Philip H. Kennedy, was found guilty by a jury here today. At her first trial she was convicted and sentenced to 10 years in the penitentiary.

Tried to start Fire With Oil.

Pittsburg, Jan. 29.—As the result of an explosion following an attempt to hurry a fire with carbon oil, Mrs. A. F. Gray, of North Sewickly, is dead; Ethel, a daughter aged 12 years, is probably fatally injured, and other members of the family are seriously injured. The family recently came here from Lovett, Ind.

Supposed Crime of Burglars.

Chicago, Jan. 28.—With bills of large denominations amounting in all to more than $500 sewed in his clothing, August Ortman has been found dead in the squalid little rear room of his home. The man had been shot dead, supposedly by burglars.

German School Ship Sails.

Charleston, S. C., Jan. 29.—The German school ship, Stein, which has been ... here today for Vigo, Spain.

BLAZE AT ELBERTON.

Georgia Town Suffers Third Fire in Three Years.

Elberton, Ga., Jan. 29.—Elberton's third disastrous fire within a few years and in the same place, occurred Thursday morning.

About 4 o'clock Mathew's drug store was discovered on fire and before the people could be aroused the flames had spread to Gaines Bros., Thornton Bros. and then enveloped Duncan Bros., all of whom suffered total losses.

The block burned was known as the Jones block, owned by W. O. Jones. Across the street the buildings of T. M. Swift were damaged about $2,000.

For awhile it looked like the whole business section on McIntosh street would go, as well as the residence portion on Heard street. A stiff wind was blowing and was preceded by a light snow. While the citizens heroically worked to stop the ravage the thermometer registered far below the freezing point.

The Bank of Elberton building also caught and was damaged considerably. The bank itself suffered some loss, as did the Elberton Loan and Savings banks.

TRIPLE KILLING.

Six Men Took Part in the Fatal Row Three Dead, Three Wounded.

Biltmore, N. C., Jan. 29.—News was received here of a triple killing in Burke county, 13 miles from Morganton Tuesday night.

The statement is that Julius Fisher, Marion Fisher, York Fisher, Bill Deal, Eddie Hunt and Joe Towerly, became involved in a quarrel when Julius Fisher killed his uncle, Marion Fisher. York Fisher killed Bill Deal and Eddie Hunt killed Joe Towerly. The other three are reported ... riously injured.

... Wednesday, Jan... uary 6, 1904, at the ... residence of Mr. ... brother, Mr. Eber ... the bride, in the ... Fishers ... cousins of ... are related. ... arbut, both ... Asheville railroad ... marriage, ...

Conductor Fisher says he does not think the details are exactly correct, but that there was trouble and some loss of life.

KICK MADE ON VACCINATION.

People of Carrollton Shy at Vaccine Virus.

Carrollton, Ga., Jan. 29.—Considerable comment and no little dissatisfaction in this section has been developed in the past few days by the visit of the secretary of the state board of health to Carrollton, and into Heard county, with a view to securing compulsory vaccination of the people against smallpox.

Ordinary Brown has been pressed to refuse the order, which subjects him to a fine, but a strong sentiment in opposition to compulsory vaccination prevails in the county.

Mayor T. C. Bledsoe, of Carrollton, will meet with the aldermen today to determine what steps the city shall take to prevent the further spread of the malady, which has already cost the county thousands of dollars to control a few cases occasionally breaking out over the county for the past few years.

AGAINST BRYAN.

Poll of Mississippi Legislature Shows Desire for Revision.

Jackson, Miss., Jan. 29.—A poll was made of the leading members of the legislature to ascertain their views regarding the Democratic platform shows that a large majority of them are in favor of repudiating Bryan and making a thorough revision of the platform.

Speaker E. N. Thomas, of the lower house, who will probably be a delegate to the national convention, declares himself, as unalterably opposed to the recognition of Bryan as a party leader and says that the free silver plank should be entirely eliminated.

Stolen Panel Recovered.

New York, Jan. 29.—The original panel from which was taken Sir David Wilkie's famous painting, "Blind Man's Buff," and which was stolen from the Lenox library, a few days ago, has been found. The panel is valued at $5,000. The thief sold it to a Forty-second street dealer for $2.50.

Firemen Under Suspicion.

San Francisco, Jan. 29.—It is stated that the detectives who are investigating the anonymous letters sent to the Southern Pacific company demanding $10,000 under threat to dynamite the trains, have centered suspicion on five men now employed in the vicinity of Fresno, and that one of them has been picked out as the author of the letters.

Not Reduce Wage Scale.

Fayetterville, Pa., Jan. 29.—At a meeting of more than 20 coal operators on New river, employing in the aggregate 90,000 miners, it was unanimously voted not to reduce the wages of miners this year. This means no strike in New river territory.

Must Hang for Killing Sweetheart.

Paris, Mo., Jan. 29.—Frank Dawson has been convicted of murdering Anna Hartman and sentenced to be hanged March 17. Dawson Killed Miss Hartman as the result of a broken engagement.

Saved From Terrible Death.

ERECTION OF SHAFT AT VICKSBURG, MISS.

Illinois to Raise One to Memory of Her Soldiers.

STRUCTURE TO COST $150,000.

It Is To Be Constructed of White Marble or Granite and Ornamented With Bronze—Bas Reliefs Illustrating Historical Events.

Chicago, Jan. 29.—The state of Illinois will erect a monument in the National Military park at Vicksburg, Miss., in honor of the Illinois soldiers and sailors who participated in the seige of that city from March 29 to July 4, 1863.

The structure, expected to cost $150,000, will be in the shape of a rotunda or circular temple. It is ... constructed of white marble or ... ite, and ornamented with bronze. Bronze tablets on the exterior of the temple will have bas reliefs representing Richard Yates, the war governor of Illinois, presented Ulysses S. Grant, his commission as colonel of the Twenty-first Illinois; the gunboats running the batteries at Vicksburg on the night of April 16, 1863, and the surrender of Vicksburg on the night of April 16, 1863, and the surrender of Vicksburg by General Pemberton. Under the exterior of the dome will be engraved from Lincoln's second inaugural, "with malice toward none; with charity for all," and the last phrase in General Grant's farewell order to the army, "Let us have peace."

The circumference of the interior will bear panels of size and number sufficient to contain the names of all the Illinois soldiers who took part in the siege.

William Pilgrim ... er's, Mr. A. A. Pilgrim, ... from dropsy. He was buried ... Mile.

... McKibben Makes Surprising and Startling Statement.

Chicago, Jan. 29.—"To prove that large numbers of cartridges are not dangerous in cases of fire I am willing to station myself in a room where 1,000,000 cartridges are stored in a wooden box and let fire be started" The Rev. William McKibben, who was superintendent of a cartridge company before he entered the ministry, has made this offer to go accompanied by the fire department, in order to determine the magazines of the ammunitions in store will not endanger firemen while a structure is on fire.

"It will be nothing new," resumed the Rev. Dr. McKibben, when the committee had recovered from its astonishment.

"Several years ago when the cartridge company's storehouse burned and 1,000,000 rounds of loaded shotgun shells were destroyed by fire, I was in the thick of it, and did not get a scratch. The experiments probably will be made next week at the foot of Randolph street, and if the cartridges are found to be dangerous, the merchants say they are willing to keep them in fire-proof vaults in the suburbs."

Action Expected In Near Future.

New York, Jan. 29.—The board of managers of the Cotton Exchange has received the report of a special committee appointed to investigate the proposed plan for extending the present system of certificating cotton to southern warehouses. Action by the board is expected in the near future. The committee reports that from 1900 to the present time the December first stock has averaged but 456,000 bales, while the future trading for the past two months is estimated at an average of 750,000 bales daily. Answers from over 100 members were against the plan of licensing warehouses and certificating cotton in the south showed a decided majority in favor of the plan. The report declares that under present conditions the continuance of the cotton futures trading is menaced.

$90,000 Fire In Louisville.

Louisville, Jan. 29.—Fire of unknown origin destroyed the DuPont warehouse early this morning. B. F. Avery & Co. the Metalware Manufacturing company, and the National Metal and Machine company, lessees, were the principal losers. Total estimated loss on buildings and contents is $80,000.

Oldest Artist's Model Dead.

New York, Jan. 29.—William Webb, the oldest artist's model in this city, has been found dead in his room from heart failure. He was 80 years old, and owing to his remarkable physique was widely known among artists.

Bishop Galloway Accepts.

Tuskegee, Ala., Jan. 28.—Bishop C. B. Galloway, of the Methodist Episcopal church, south, Jackson, Miss., has accepted the invitation of Principal Booker T. Washington to preach the commencement sermon at the Tuskegee institute on May 22.

Treaty for Extradition Criminals.

New York, Jan. 29.—A treaty providing for the extradition of criminals has been signed by the minister of foreign affairs and the minister of Great Britain, according to a Herald dispatch from Lima, Peru.

Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want now.—Geo. W. Emery, Rock Mills, Ala. For sale by Pickens Drug Co.; Earle's Drug Store; Hunter & Pickens, Liberty.

OPERATORS AND MINERS.

Joint Conference Being Held at Indianapolis, Ind.

Indianapolis, Ind., Jan. 29.—The opening of the joint conference of Indiana, Ohio, Illinois and Western Penasylvania coal operators and miners was delayed today by the operators holding caucus to formulate their demands. At the caucus last night the operators found it impossible to get together and there was an adjournment that the Indiana and Illinois operators might caucus together. The operators came to Indianapolis expecting the miners to make a demand for a 10 per cent increase in the mining scale, and when it was found that they had cut out the demands for more wages and were "standing pat" on a proposition to be presented to the operators, making the run-of-mine basis and the seven count differential the battlegrounds, the operators had to change their plans.

Many operators urged that the operators make their demands conservative. The Western Pennsylvania and Ohio operators insist on making demands for the return of the mining scale of 1902, and announced that they would refuse to consider the run-of-mine basis and the 7 cent differential.

The Illinois and Indiana operators were for more conciliatory action.

SITUATION OF TRADE.

Special Reports as Furnished to the International Agency.

New York, Jan. 29.—Special telegrams regarding the situation of trade from correspondents to The International Mercantile Agency throughout the United States are summarized as follows:

In the central Mississippi valley and throughout the southwest business in most staple lines promises to exceed that of the opening months of 1903. General wholesale orders for spring trade this month in that region are said to be heavier than in any preceding January. More than 115,000 wage-earners have gone back to work in Pennsylvania and the lake region within a fortnight.

Officials interviewed insist that steel rail prices will not be cut. Despite pessimistic reports as to iron and steel demand continues to slowly increase, notably for structural steel and basic and forge iron.

Prices have been stronger for cattle, rubber, coffee, cotton goods, raw cotton, wheat and corn. Not the least encouraging feature of the business week has been the renewed confidence in a prosperous season due to an improvement in collections. The Ohio river valley and South Atlantic and gulf states report large volume of orders.

"DASH FOR THE POLE."

Lake Navigation Offers An Unusual Chance to Explorers.

Chicago, Jan. 29.—Lake navigation this winter has fitted the crews of the steamers in service for a "dash for the pole" for it combines all the experience of Arctic navigation.

Lake Michigan has at last frozen over. At many points along the west shore the ice is piled up solid until it reaches from the bottom, 40 feet deep to an equal distance above the water line. The icebergs are of great size and how they came to be formed is regarded as a mystery, since the thicker chunks of ice are not over 18 or 20 inches thick.

The average temperature for December was 8 degrees below normal, and thus far in January it has been 4 degrees. This average has been excelled but once during the winter of 1876.

HIS QUALIFICATIONS.

Those Necessary for the Ideal College Professor.

Chicago, Jan. 29.—The qualifications for the ideal college professor, as outlined by President Harper in a lecture at the University of Chicago on the faculty of a college are:

1. He should be married.
2. He should be a church member.
3. He should mix with his students outside the class rooms.
4. He should have a doctor's degree.
5. He should be willing to work hard 11 months in the year.
6. He should be in sympathy with the public and take an active interest in public affairs.

The professor who is married, said President Harper, will do three times as much good in his position as one who is single; and if he has three or four children, he will be still better, for he will be a stronger man."

Did Not Result In Duel.

Madrid, Jan. 29.—The dispute which occurred in the chamber yesterday between Minister Linares and Deputy Soriano, resulting in sending seconds to each other, has been settled without necessitating a duel between the principals.

Ex-Governor Taylor's Brother Dies.

Knoxville, Tenn., Jan. 29.—N. G. Taylor, aged brother of ex-Governor R. L. and Hon. A. A. Taylor, died this morning at "Robin's Roost," the Taylor home, near Johnson City, Tenn.

Earl of Devon Dead.

London, Jan. 29.—The Earl of Devon, Sir Henry Hugh Curtenay, rector of Powderham, Devon, is dead. He was born July 15, 1811, and held extensive estates.

When billous try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first class up to date medicine will correct the disorder. For sale by Pickens Drug Co.; Earle's Drug Store; Hunter & Pickens, Liberty.

Wonderful Nerve.

Is discovered by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and the trouble. It's the best Salve on

INTERNAL TROUBLE INCREASES IN COREA

Result of Burdensome Taxation It Is Charged.

GOVERNMENT FUNDS ARE TAKEN

Governors of Three Provinces Say that Their Officers Have Been Captured by Organized Bands and the Funds Appropriated.

New York, Jan. 29.—Internal disturbances in Corea is spreading, cables The Herald's Seoul correspondent. It is the result of increased taxation. The governors of three provinces report that their officers have been captured by organized bands and government funds taken.

Details have just been received here of disturbances at Vladivostock during the celebration of Russian Christmas. It was created by intoxicated Russian marines and Japanese women. Numerous houses were destroyed, mostly Japanese, but including the Russian theater.

The usual fighting occurred. As happens on such occasions, there was considerable brutality, but no fatalities. The marines were not brought under control until much property had been destroyed. The notification of Corean neutrality cabled from Che Foo to the powers was unknown in the Corean foreign office until replies were received from the representatives abroad. The intimation was that it was arranged by Yi-Yon-Gik and Hyon-Sang-Kun, the latter having just returned from Russia.

The Corean ministers at Tokio have been instructed especially to urge Japan's immediate recognition of Corea's neutrality.

REPLY UNFAVORABLE.

Baron Hayashi Speaks of Russian Note to Japan.

London, Jan. 29.—The Japanese minister, Baron Hayashi, said today with reference to the report published by The Daily Graphic, to the effect that the Russian reply to Japan was completed Wednesday; that it has been communicated to M. Kurino, the Japanese minister at St. Petersburg, and that it was unfavorable; that M. Kurino had officially notified him that the council of state called to consider the Russian reply was only held in St. Petersburg yesterday as cabled to the Associated Press. Baron Hayashi added that the reply had not yet been sent, and that it will only be submitted for the czar's approval today.

"There are no means, therefore," added the Japanese minister, "of knowing the contents of the answer, and as to the probable tenor, therefore, I have no official information."

TRINITY SPIRE IN DANGER.

Subway Excavation In New York City May Weaken Structure.

New York, Jan. 29.—Work on the Brooklyn extension of the Rapid Transit subway under lower Broadway in front of Trinity church, has been practically suspended at the request of the comptroller of the Trinity corporation, who fear that unless extraordinary precautions are taken by the subway constructors to protect the spire of the ancient church, it will be considerably weakened at the foundations and fall outward into Broadway.

When work on the subway had been carried as far south as Trinity, efforts were made to learn how deep the foundation had been laid under the spire, but no records could be found, and tests were made below the surface revealing the fact that it extends only nine for the six inches below the flagging. The subway, running quite close to the building lies goes much deeper, and as the earth is soft and sandy, some means will have to be found for staying the sides of the ditch as not to disturb one of the city's revered landmarks.

MASQUERADED AS MAN.

Girl Was Determined Not to Part from Her Sweetheart.

Chicago, Jan. 29.—Dressed in a suit of her brother's clothes, and with her long brown hair cut short and crammed into a man's wig, May Bondell, 22 years old, of Terre Haute, Ind., has applied to the recruiting sergeant at Ft. Sheridan to be mustered into company I, which is ordered to join the Twentieth regiment in the Philippines as soon as it is at full strength.

The girl broke down when informed that she must undergo the regular physical examination and confessed her sex. Heart-broken at the thought of separation from her sweetheart, Carl Palaum, who is a private in the company, she said that she tried to enlist as a man in order to accompany him and share his danger.

Probably Case of Suicide.

Detroit, Mich., Jan. 29.—Jeremiah G. Farwell, son of one of the most prominent capitalists of Detroit, died in Harper hospital today from a bullet wound through his stomach, fired, it is supposed, with suicidal intent. He was found at the Woodward avenue car barns early today with blood flowing from the wound through his stomach and a revolver beside him. No reason for his suicide is known. He was 36 years of age.

Card of Thanks.

We hereby extend our sincerest thanks and appreciation to the Methodists and friends of the Pickens circuit for the generous "pounding" given us last week. We feel ourselves unworthy of such manifestations of appreciation on the part of the people, because we have done so little, yet we are assured that our work is appreciated which thought rings moisture in our eyes. May God bless the kind people of Pickens Circuit.

EXCHANGE COURTESIES.

Toasts to Emperor William and President Roosevelt.

New Orleans, Jan. 29.—A happy exchange of courtesies between Governor Heard and state officials and Commodore Schroeder and the officers of the German cruiser Vineta, has taken place here.

On land and on water glasses clinked to the health of Emperor William and President Roosevelt. Governor Heard came here especially to pay his respects to the German visitor. Surrounded by his staff in full array of gold lace the governor received the visiting naval officers in the palm garden of the St. Charles hotel. Subsequently the governor with his staff were taken in launches to the ship. The guns of the cruiser belched a salute as the party went up the side of the handsome cruiser. All rose in the cabin when Commodore Schroeder, with a glass in his hand, proposed the health of the president and the governor.

Governor Heard offered a toast to the German commander and to the German emperor, expressing the hope that the present relations between Germany and the United States might continue to be marked by cordiality and good feeling.

Commodore Schroeder reciprocated the governor's sentiments.

German societies entertained the sailors at a ball last night. Tonight Baron von Meysenburg, the German consul, will be the host at an entertainment tendered to the visitors.

The Vineta is expected to sail on Saturday for Vera Cruz.

BIENNIAL BILL PASSED.

Houses of South Carolina Legislature Favor Less Frequent Meetings.

Columbia, S. C., Jan. 29.—A resolution has passed both branches of the general assembly providing for biennial sessions of the legislature. This is the first step in the process necessary to the radical change from annual sessions.

Having passed the two houses by a two-thirds majority, as required by the contitution of the state, the proposition goes before the people as a whole in the general election in November next.

If it carries in that election the succeeding general assembly will go through the form of ratifying it and it will become an amendment to the state constitution of 1895.

It is thought that the proposition will carry in the general election, and the change will be a welcomed one. If it does become a constitutional provision, it will be the first time in the history of South Carolina that the state legislature has not met once a year.

It will also be a saving of about $100,000, possibly more, in every four years to the state treasury.

To Kill Foreign Officers.

Constantinople, Jan. 29.—The porte has notified the Austrian and Russian embassies that the Macedonian committees have arranged with the Albanians for liberal rewards, to have them kill every foreign officer sent into the provinces in connection with the reorganization of the gendarmerie, under the reform scheme of the powers.

TELEGRAPHIC BREVITIES.

The Kentucky senate passed the house bill for a $1,000,000 capitol at Frankfort. This ends the fight started by Henry Clay and continued since his time to remove the seat of government.

The house yesterday was entertained by a speech by J. Adam Bede, a Republican member from Minnesota, who made his maiden go and won his spurs. There also was a discussion of finance by Mr. Hill, Republican, of Connecticut, and Mr. Williams, Democrat, of Mississippi, beside references to the Panama canal and the race problem in the south.

Replying to Senator Tillman's resolution in regard to the status of W. D. Crum, negro collector at Charleston, Secretary Shaw says that Crum is de facto collector; but is not receiving pay.

The Peabody trustees met in Washington, but took no action in regard to electing a successor to Dr. Samuel A. Green, general agent of the fund.

W. M. Toomer, of Georgia, is in Washington, opposing the Sibley bill to prohibit the purchase of convict-made goods by the government.

"Graft" charges have been filed with the interior department against Bird McGuire, the delegate in the house from Oklahoma.

Of the 103 bodies recovered from the Hardwick mine, only 18 have been identified.

The Duke of Marlborough, under secretary of the colonies, assured a deputation of the British Cotton Growers' association yesterday that the government would aid the movement to secure a supply of British grown cotton.

Colonel Younghusband, commanding the British expedition to Thibet, has been warned by one of the great lamas to retire from the country or there will be trouble.

The attempt of the sultan of Morocco to force the circulation of unpopular copper coins provoked the populace to riot and the Christian cemetery was desecrated.

In a political riot at Cienfuegos, Cuba, one man was killed and several were wounded.

Notice of Final Settlement.

I will apply to J. B. Newbery, Probate Judge, on the 27th day of February, 1904, for a final settlement of the estate of Nero Hallum, deceased, and ask to be dismissed as Administrator.

Isaac Hallum,
Jan. 27w4. Administrator.

100 YEARS OLD STRONG AND HEA...

Duffy's Pure Malt Whiskey Saved My Life from Bronch... Ago and Has Kept Me Strong and Healthy Eve... Writes Mrs. D. M. Roberts, of La Grange, ...

Mrs. Roberts Doesn't L... Reads the Papers a... "Thanks to Duffy's ... Digest Anything, ... for My Age."

"I write this ... Duffy's Pure Malt ... In 1898 I had an ... Bronchitis, and the ... surely die, because I was ... there was not enough vit... to resist the disease. Nothing ... any effect.

"My son saw your advertise... a bottle of Duffy's Pure Malt ... It saved my life. ... and I have not to this day since. ... I was born ... tondale, Mass ... year. I can ... the old of ages ... and am ... for my age. Thanks to Duffy's Pure Malt Whiskey, I can digest anything, and ... getting all the nourishment out of ... I am so much stronger than I have been for years, and am in good flesh. I sleep soundly, ... take any other medicine. Duffy's is the very life of old people, and I would not be without it."

MRS. D. M. ROBERTS.

The average length of life is less than 50 years. The census shows there are only 3,536 persons in the United States who have passed the century mark. Almost every one of them owes his or her ripe old age and freedom from disease to Duffy's Pure Malt Whiskey, the true Elixir of Life. We have been publishing their letters regularly in the papers for years. Mrs. Roberts is one of these wonderful old people.

DUFFY'S PURE MALT WHISKEY

PROMOTES HEALTH AND LONG ... HOP

It is an absolutely pure distillation of malt, a gentle, invigorating stimulant which the world-worn, run-down, weakened, diseased constitution and keeps it always ... throw off and resist disease. It kills disease germs, quiets the nerves, repairs ... diseased tissues, tones up the heart, enriches the blood ... and strengthens the circulation, and gives power to ... the brain and strength and elasticity to the muscles.

Duffy's Pure Malt Whiskey cures Bronchitis, Coughs, Colds, Grippe, Asthma, Catarrh, Pneumonia, Pleurisy, Consumption and all diseases of the throat and lungs; Dyspepsia, Indigestion, and every form of stomach trouble; Malaria and all low fevers. It is invaluable for overworked men, delicate women and sickly children.

If you wish to keep young and strong and have on your face the glow of perfect health; if you wish to live to a great age and to retain undimmed the use of all your faculties; if you would enjoy life to the fullest and be independent in old age, take Duffy's Pure Malt Whiskey as directed, and take no other medicine.

No other medicine or combination of medicines will do what Duffy's will do. It is prescribed by 7,000 doctors and used in over 2,000 hospitals.

Duffy's Pure Malt Whiskey contains no fusel oil, and is the only whiskey recognized by the Government as a medicine.

CAUTION.—When you ask for Duffy's Pure Malt Whiskey be sure ... genuine. Unscrupulous dealers, mindful of the excellence of this ... to sell you cheap imitations and malt whiskey substitutes, which ... market for profit only, and which, far from relieving the sick, ... Insist on Duffy's and be sure you get it. It is the only ... Whiskey which contains medicinal, health-giving qualities. Duffy's ... is sold in sealed bottles only; never in bulk or bottles. Look for ... "Old Chemist" on the label and be certain the seal over ... cork is unbroken. Beware of refilled bottles.

Sold by all druggists and grocers, or direct, $1.00 a bottle. Duffy Malt Whiskey Co., Rochester, New York.
