Mitchel = Wagons.

A few reasons why they are better than any other wagon:

Because

Their immense home demand is for the very best goods that can be built, price being a secondary consideration as against quality, knowing full well that often one or two dollars judiciously added to the cost of building a vehicle will add \$5.00 or \$10.00 to its intrinsic value.

Because

to work on, probably the largest and best equipped factor the world and could handle any class of goods as che cheapes than any other concern, but for over FIFTY Y have built to only one standard-that the BEST.

MITCHELL & LEWIS have millions of dollars of cheap cap

Because

The company builds only Wagons, no Buggies or other sid They er ploy only one kind of labor, one grade of mater build only one grade of work. No seconds, no fancy brat Southern grades. They are all branded "MITCHELL. whether of the lightest one-horse or the heaviest log truck. are the same as to material and workmanship. Remember

There is sometqing besides "Pure Commercialism" land the MITCHELL Wagon: There is family pride and reputation, there is honesty of purpose, there is a life time of experience, there is ample and easy capital to carry out the of experience, there is ample and easy capital to carry out the of experience, there is ample and easy capital to carry out the of experience, there is ample and easy capital to carry out the of experience, there is a life time of experience.

MITCHELL WAGON shall always remain and conts, THE OF THE ROAD."
