PICKENS, SOUTH CAROLINA, WEDNESDAY, JUNE 20, 1906.

NO. 4

Cures Biliousness, Sick Headache, Sour Stomach, Torpid Liver and Chronic Constipation. Pleasant to take

ORINO

Laxative Fruit Syrup

Pickens Drug Company and Dr. R. F. Smith, Easley.

Cleanses the system thoroughly and clears sallow complexions of pimples and blotches. It is guaranteed

blocks has reduced the cost of this building material to such an extent that it now looks like we are into what might be called the cement or concrete age.

These small hand power machines, weighing from 400 pounds up and costing from \$50 up, may be set up at any convenient place, and by following the instructions sent out with these machines most any intelligent man can make those hollow blocks and put up these warehouses.

Any further information on this warehouse subject may be had by any Union man that will address this bureau and enclose stamped envelope for reply.

Death of Mrs. E. Lay.

Mrs. Elizabeth Lay, daughter of Wm. Boggs, and relict of Charles Middleton Lay, died at the home of her daughter, Mrs. W. N. Cox of Westminster, S. C., after a lingering illness of three months duration. Mrs. Lay was exactly 80 years old. She leaves a host of acquaintances and friends, besides one son, five daughters, twenty three grand children and three great-grand children. Her living son and daughters are William Lay, Edin, Okla., Mrs. N. T. Marlin, Greenville, S. C., Mrs. J. C. Newton, missionary in Japan; Mrs. W. H. Foster, Spartanburg, S. C.; Mrs. W. N. Cox, Westminster, S. C. and Mrs. R. A. Hester, Pickens, S. C.

At 36 years of age Mrs. Lay was bereft of her husband. There were nine children, the youngest of whom was about two years old. She raised all these children to maturity, and has been a ministering angel in their homes, having lived an active life up to a few months before her death. She will be sorely missed in each home of her daughters in South Carolina.

We loved you much, grandmother dear. We grieve that you have left us, but we are sure you are at rest in the glorious palace of the blest. We know that God will take care of your hands and justly reward you.

You will be missed, grandmother dear. Will long for you from day to day. But well we know your work was done. Your victory so nobly won. Was gained before the setting sun. Of life had passed away.

We'll mourn for you, dear grandmother. As we our onward journey run. But we shall see you at the door. Waiting to greet us when we near. After our life's work is o'er. And our battles with your's are won. We say good-bye, dear grandmother. 'Tis hard to see you pass away. But hope is with us, you are near. Your smile and presence still shall cheer. Thanks be to God, we'll join you there. On the glorious Resurrection Day.

—A GRANDDAUGHTER.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pain, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

You may have a sample bottle by mail. Home of Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

way and put up their own edifices now and get well entrenched ready for the fighting that is sure to come this fall to force cotton farmers to turn loose their cotton at prices that have always made all others rich that handled cotton excepting the men who toil most of all to produce this cotton.

If this warehouse movement among cotton growers progresses in gaining strength and confidence among cotton producers as time passes, as it is now doing, we look for several thousand of these co-operative warehouses to be put up this summer.

When cotton producers get a great chain of these warehouses linked together in all the cotton States in bonded form and produce their own farm supplies, this concert of action in a business way will place this whole cotton proposition upon a firm foundation and insure continued prosperity, not only to cotton growers, but it will also bring prosperity to every industry in the South.

There is nothing new in the art of making artificial stone or cement block by properly mixing sand and cement. This art is about as old as the country. But the recent improvements in the manufacturing and consequent cheapening of the cost of cement and the machinery for forming these hollow

than one section are put up together, but these walls above the roof are of no benefit in the way of protection from fire on a one section cotton warehouse.

Estimates given here are for 10-inch hollow block for foundations and 8-inch block for walls and all other material that farmers do not usually have on their farms.

All labor, sand for cement blocks and the nine 10-inch round posts to rest girders on through the middle of the room, are to be supplied by the farmers.

This style of cotton warehouse will hold about 400 bales to each section. Two round piles, 10 inches in diameter, should be placed under each row of bales to prevent capillary attraction of moisture there at any time.

Remember this, that if lower ends of bales are wet or moist, when stored, that in all cases this lower end will be damaged more or less, it matters not what kind of floor it rests on.

MATERIAL FOR ONE SECTION.

25 barrels Portland cement, 100 cubic yards of sand, 18 girders 3x12x25, 208 rafters 2x6x13, 4 sills 4x6x25—these may be round; ground post 10 inches diameter, 4 per line 2x4x25, 50 plank 1x12x8, 51 straps, 1x4x8, 50 plank 1x12x13, 51 straps 1x4x12, 5000 feet sheeting. Total amount sawed lumber 11,000 feet.

At \$1.50 per 100 feet \$165 00
25 bbls cement at \$1.80 45 00
Nails estimated 3 80
51 sq V crimp iron roofing at \$2.50 per square \$127 50
1 2 hand hollow block cement machine 75 00
Est freight on machine 4 00

Total cost material \$420 00
This cement machine may be sold for \$50 when through with—credit \$ 50 00

Net cost bought material \$370 00
Thus it is made plain to all Union men that by clubbing together they may put up the cash \$370.00 for the bought material and do all the work making the cement blocks and putting up their own warehouses with their own labor by the co-operative plan and have their warehouses ready for this crop if they will go at it when through working crops.

For less money than it takes to pay for a good pair of mules farmers may go to work in a neighborly

WOMEN SUFFER NEEDLESS MISERY.

There are hundreds of thousands of women in America suffering from Female Diseases, endangering their lives by doing nothing. If they write to me I will give them the benefit of my extensive experience.—S. B. Hartman, M. D.

IN view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The medicines prescribed can be obtained at all drug stores.

The Doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. Furthermore, all correspondence will be held strictly confidential.

This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements, and previous treatment.

Per-na Brought Health and Happiness.

Miss Nellie South, late of Manchester, Eng., writes from 88 Prince Arthur St., Montreal, Can., as follows:

"Per-na has made a wonderful change in my life. It has brought me health and happiness."

"Since my seventeenth year I have had female complaint and irregularities. My general health suffered, I had pains in my back and lower limbs, my eyes were dim, and I became morose and unreasonable."

"Mother sought the advice of our family physician, who prescribed for me, but I grew no better."

"I then read of Per-na and procured a bottle. That one bottle was worth more than all the doctor's medicine I had taken previously."

"I cannot express my gratitude. Per-na has been a great blessing to me."—Nellie South.

Miss Edna Moore, 46 Elm street, Buffalo, N. Y., Secretary East End Literary Association, writes:

"I was a great sufferer from systemic catarrh, was extremely nervous, could not sleep, faintly dizzy, was very irritable, had a confusion of the senses, and got up in the morning feeling more tired than when I went to bed."

"I was very wretched, but upon taking Per-na I began to improve, and after using the medicine four months, I felt like a new woman and was completely cured."—Edna Moore.

The principal remedy which Dr. Hartman relies upon in curing catarrh of women is Per-na. Hundreds of women sufferers find Per-na a household necessity.

MISS Angelina Grotten, 805 St. Urbain street, Montreal, Can., writes:

"Having heard Per-na praised so highly induced me to try it for my cold, and pains in the groins with which I had been suffering for months. It took nearly three bottles to cure me, but I consider that was but a short time, as I have often taken doctors' prescriptions for months before I got relief."—Angelina Grotten.

As is well known, Dr. Hartman is the President of the Hartman Sanitarium, an institution which has a department devoted to the treatment of female diseases.

He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

Half of Woman's Ills are Catarrh and for Catarrh Per-na is Unrivalled.

MISS NELLIE SOUTH, 88 Prince Arthur St., Montreal, Can.

Those wishing to become patients should address Dr. S. B. Hartman, Columbus, Ohio.

We have on file thousands of testimonials like the ones given here. We can give our readers only a glimpse of the vast array of unsolicited endorsements we are constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks. Hartman for Per-na.

Farmers' Union Bureau of Information.

Conducted by the South Carolina Farmers' Educational and Co-operative Union. Communications intended for this department should be addressed to J. C. Strickling, Pendleton, South Carolina.

State Union.

Considering the busy time of the year the first meeting of the South Carolina farmers' Union held at Anderson was well attended, the Court House being near full at times.

On Friday morning the formal organization of the Union took place by the election of the following officers: O. P. Goodwin of Laurens president; T. T. Wakefield, Anderson, vice-president; B. F. Earle, Anderson, secretary and treasurer; M. A. Mahaffey, Belton State organizer; A. B. Black, Taylor's, chaplain; W. R. Holiday, Laurens, conductor; J. D. Williams, Greenwood, doorkeeper; G. E. Putnam, Greenville, sergeant-at-arms.

The following resolution was unanimously adopted.

Resolved, That the thanks of the State Farmers' Union be returned to the daily and weekly papers of the State for the column devoted to the bureau of information edited by J. C. Strickling, of Pendleton.

Farmers' Union Cotton Warehouse Plans—Clay Floor, Hollow Cement Block Walls.

The following is gotten up upon the very simplest and cheapest plans for the use of co-operative Union.

This plan is for one section, to which may be added as many more sections at times as may be required to accommodate the needs of the Union.

Walls 100 feet long; 12 feet tall at high end, 8 feet tall at lower end space between walls, 60 feet. Excavations should be dug out to firm ground or clay (if in a clay territory,) well ditch and drained all round, good clay floor well beaten down.

As the cost of material in foundations varies in different places our estimate for cement walls are taken from about the floor line.

Parapet wall may be required by insurance companies where more

WOMEN WHO SUFFER FROM Sick Headache SHOULD USE

HERBINE

For Permanent Relief

HERBINE acts directly on the Liver. It will cure CONSTIPATION, DYSPEPSIA, MALARIA AND CHILLS. It is entirely free from all poisonous mineral substances, and is composed solely of LIFE-GIVING HERBS. Especially adapted for weak and weary constitutions; strengthens the weakened glands and organs; checks all derangements of the human body.

CURED HER SICK HEADACHE

Mrs. Josie Cameron, Centralia Avenue, Temple, Texas, writes: "I find HERBINE gives me quick relief, and take pleasure in recommending it to all women who suffer from sick headache."
