Big Time at Mt. Carmel.

On last Friday there occurred at Mt. Carmel the closing exercises of Rev. Mr. Patterson's school. These occasions are always interesting, and on Friday a large crowd of the friends and neighbors of the school were present. The proceedings were opened with prayer by the Rev. Mr. Patterson. After this the exercises consisted of ex aminations of the various classes in arithmetic, history, spelling, grammar, central club. &c. These were very interesting and evinced good progress on the part of the pupils and faithful work on the part of the teacher. Between the examinations there were rendered some excellent songs by the school.

At one o'clock a recess was taken until three. Then the candidates went to shaking hands and button-holing voters. Whilst the hospitable ludies and gentlemen spread a most bountiful and delicious pic-nic dinner, to which every body was invited. We remember a similar occasion to this when Mr. Patterson taught at Lodimont two years ago. And we are prepared to say that the good folks in that neighborhood never fail to entertain visitors in a royal style.

At three o'clock the proceedings were resumed and Mr. Patterson introduced as the orator of the occasion, Frank B. Gary, Esq., of Abbeville. Mr. Gary paid a graceful and deserved compliment to the teacher and pupils of the school, and delivered a most excellent address om the advantages of education. Mr. Gary spoke carnestly and well and was heartily applauded and at-tentively listened to. This closed the proceedings of a very enjoyable occa-

There were also exercises at night, consisting of music, recitations, declamations, and charades, which were enjeyed heartily by the audience. We heard mentioned as especially good the recitation, "Jeptha's Daughter," by Miss Boykin.

Mr. Patterson is doing a good work In this neighborhood, and we hope they may be able to retain him for many years to come.

Quite an interesting communication may be found on the first page from "Troupe." He writes in a clear forcible manner, and his suggestions are always practicable and in the right direction. A beautiful tribute to that sweet sin-

We are indebted to the Secretary. Mr. W. C. Benet, for a copy of the transactions of the first annual meeting of the South Carolina Bar Association. It contains all the papers read before the Association and is a valuable document.

Perrin Esq., on the "Shakespear-Bacon Controversy."

Mr. A. W. Jones is announced this week as a candidate for County Auditor Mr. Jones is a young manof energy ability and pluck, and hasever taken a lively interest in Democratic affairs. He is a farmer and takes an active interest in the Farmer's Movement. His election would prove gratifying to many friends. Our office was honored one day last week by a visit from two of Abbeville's fairest daughters, under the escort of that courtly gentleman, Col. II. T. Wardlaw. Our devils, unaccustomed to angels' visits, beat a hasty retreat. We stood our ground, however, and did our best ta entertain and instruct them, in which we were ably assisted by the edtor of the Press and Banner, who happened to be present. Such visits lighten the heart of a poor bachelor printer, and we hope our fair friends will come again.

The Press Associatino.

The State Press Association meets in Spartanburg this evening ta half-past 8 o'clock. This will be one of the most important business meetings that the Association has ever held. A number of new members will be added to the roll on this occasion, and it is sin :erely hoped that all the old members will be present. In addition to a trip to Glenn Springs and Western North Carolina, arrangements for a visit to Washington, D. C., have been perfected. The rate for the round trip, editors and their families, is exceedingly moderate, and no doubt a number of the quilldrivers will make it convenient to visit the nation's capital and see for themselves how our Democratic President looks and talks at home. Let's all go to Washington !
