**Anderson Folks**  
 Hear Josephus.

Many Anderson people will go to Greenville next Saturday, when Hon. Josephus Daniels, secretary of the navy, will speak at the Y. M. C. A. convention. Mr. Daniels, being a North Carolinian, will probably draw a larger crowd than almost any other speaker that might have been secured. The local Y. M. C. A. has formed a party of 25 well-known Anderson people who will make the trip in a special car over the Piedmont & Northern lines. The party will leave Anderson about 6 o'clock and attend the banquet in Greenville at 7:30 o'clock, will hear Mr. Daniels' address and expect to return to Anderson by 11 o'clock of the same evening. The occasion will be a delightful one, and those Anderson people who are fortunate enough to be able to go are being envied by their friends.

**Good Woman**  
 Died Yesterday.

Mrs. Nancy J. Campbell, one of the best-known and most lovable women of the New Prospect section, died at her home there yesterday afternoon, following a long and tedious illness. Mrs. Campbell was 71 years of age. She is survived by four children, Mrs. Minnie Farr and Mrs. Idelle Reynolds, Thos. A. Campbell and L. T. Campbell, all of this county. The interment will take place at the New Prospect church this morning at 11 o'clock and will be conducted by Rev. O. L. Orr of this city and Rev. H. C. Marshall of Belton.

**Work Progressing**  
 on New Station.

Work on the handsome station and concrete bridge being erected by the Blue Ridge railway on Main street is progressing in splendid shape, and J. H. Anderson, superintendent of the Blue Ridge, stated to an Intelligencer reporter yesterday that the work would be practically completed in three months. This work represents an expenditure of practically \$100,000 on the part of the railroad and to the city of Anderson. It will compare favorably with any similar structure in the State.

**Buzz Saws**  
 Will Cut.

Lum Ayres, a popular employe at the Gluck mill, met with an accident yesterday morning when his left hand became entangled in a piece of machinery at the mill, and he narrowly escaped losing the entire hand. As it was, he lost two fingers, his thumb was badly hurt and the palm of his hand suffered severe lacerations. Dr. R. Lee Sanders was hurriedly summoned and rendered medical assistance and it was stated last night that it would be possible to save the injured member.

**Planter Sold**  
 Much Cotton.

J. M. Rogers, a well-known and progressive Anderson county planter of the Princeton section, was in Anderson yesterday. Mr. Rogers sold 19 bales of fine fleecy staple, the cotton netting him a good price. Mr. Rogers is one of the best-known farmers in the county and believes in the scientific method of farming.

**David C. Phillips**  
 Died Sunday.

David C. Phillips, an aged and respected citizen of this county, died at his home in the Brandy Creek section last Sunday afternoon. He deceased was 79 years of age and enjoyed the confidence and esteem of all who knew him. The interment took place at the Methodist church in Pickens county Monday afternoon.

**Constable Kelly**  
 Here Yesterday.

Constable Kelly, of Williamston, who is an officer for Magistrate Acker at that place, spent yesterday in Anderson, coming here to secure a prisoner wanted for certain crimes committed in the town of Williamston. The constable secured the negro and left on the 2:15 train for his home.

**TAKES NO PRESCRIPTIONS.**

Red Cross Drug Company Makes a Statement.

In reply to criticism of some unnamed drug store, expressed at the meeting of the Ministers' union Monday, the following statement was prepared by the Red Cross Drug Company, who seemed to feel reflected upon:

"We assure our friends that we assume no antagonistic spirit toward any religious movement in our city that is calculated to improve its good morals."

"The subject under discussion, as we understood it, was the closing of the drug stores or places where drugs are sold. But it seems that discussion drifted to a matter over which the meeting had no jurisdiction."

"The writer is not a licensed pharmacist, but he is familiar with law of the State and the rules of the pharmaceutical association. The Red Cross Drug Company sells only articles known as commodities, patent medicines, etc., which any general merchandise or grocery store has a better right to do."

"I respectfully refer you to Geo. W. Cross, former president of the State Pharmaceutical Association; J. B. Munch, member of the State Board of Examiners. We solicit no prescriptions written by any practitioner."

**Shriners May**  
 Get Pullman.

David W. Morrah, representing the Seaboard Air Line, was in the city yesterday for the purpose of conferring with Anderson Shriners relative to furnishing a private Pullman car for the local delegation when the great convention of Shriners of the United States takes place in Atlanta, May 12. It is said that the Georgia city will be taxed to accommodate the enormous number of Shriners 40,000 being expected, and therefore many of them will have private Pullman cars and in which the delegates will sleep while the convention is in session. It is probable that a deal will be closed by the local people for this accommodation. Mr. A. S. Farmer is handling it for the Shriners' club of Anderson.

**New Theatre**  
 Soon Opens.

Pinkston's theatre, located on Main street, is now practically ready for the opening night and the new amusement place will throw open its doors to the public either Friday or Saturday. This will be one of the best arranged and most comfortable places of its kind in the State. The manager has made a number of improvements in the building and his system of ventilation will also make his place popular. He states that he will show only the best pictures obtainable and that his place will be conducted in a manner to meet with the approval of the best people of the city.

**Negro Acquitted**  
 Of Serious Charge.

Willis Curry, one of the negroes charged with being implicated in the robbery of the Gluck Mill's store and postoffice in 1908, was given a preliminary in magistrate's court yesterday and was acquitted of the charge of housebreaking and larceny. Magistrate Broadwell stated to an Intelligencer reporter that the sole evidence against Curry was the fact that he had some of the checks in his possession when arrested, and he proved to the satisfaction of the court that he obtained the checks from another negro.

**Mr. King Is**  
 Now Recovering.

Anderson county people will be glad to learn that W. B. King, ex-sheriff of this county, and better known as "Big Bill," is rapidly recovering from his recent indisposition and hopes to be out on the streets within the next few days. Mr. King has been ill for several days, suffering with a complication of troubles. He is now able to be up and around the house, and will be confined only a few days more.

**Penalty Not**  
 Yet Added.

G. W. McGee, county treasurer for Anderson, said yesterday that the 2 per cent. penalty effective February 1, had not yet been added, this being due to the fact that there is considerable routine work required on the books of both the auditor and the treasurer before the addition is made. Therefore, those people who paid their taxes Monday and yesterday were fortunate.

**Low Rainfall**  
 During January.

Mr. H. H. Russell, the local weather observer, reports that the rainfall for January was but 1.85 inches, the lowest he has ever known for the month. The thermometer readings ranged from 37 to 72. The latter was registered on the 29th, and is regarded as a record for January.

**Sheriff Gone**  
 To Georgia.

Sheriff Joe H. M. Ashley left last night for Tifton, Ga., where he goes to secure a negro wanted in Anderson county. The sheriff expects to return either Thursday night or Friday morning if he meets with no trouble in securing possession of his prisoner.

but engage in a general drug business."

(The Red Cross Drug Company was not mentioned by name in the meeting of the Ministerial Union, but the above statement is published in justice to that store on account of certain implications.—Ed. The Intelligencer.)

**NOTICE**

I will sell to the highest bidder at my residence near Cross Roads, on Thursday, 15th day of February, 1914, the undersigned property listed below:

- 2 Mules.
- 2 Two Horse Wagons.
- 2 Disc Plows.

 Westminister, S. C.

**HAMMOND SCHOOL**  
**BEST IN THE STATE**

No Other Country School in  
 South Carolina Can Compare  
 With New Building.

It has been said that the prosperity of a town or county can be measured by the number and class of its schools. If that be true, Anderson county is far and away the best county in South Carolina. This may be a sweeping statement, but it is nevertheless true and if there be any doubting Thomases who care to question it they can easily be convinced by a trip to the splendid Hammond school just about three miles east of Anderson, which is now completed. It is no exaggeration to say that this is easily the best rural school in Anderson county and Prof. E. G. McCants, superintendent of the Anderson public schools, says that it is beyond doubt the best country school in South Carolina. Other school men who have visited the new school concur with Prof. McCants' statement.

Not long ago the people of Hammond section decided that their school facilities were inadequate and with that spirit which characterizes not merely the Hammond section but all of Anderson county, they set about the work of rectifying this condition. How well they have succeeded is evident when one inspects the model school house of South Carolina because such it is and that beyond any reasonable doubt. The men who have made the school possible say that it was hard work at first to interest the people whose financial assistance was imperative but they finally succeeded. The first step taken was to form a new school district with Frank Moody, Pat Major and C. G. English as trustees. These gentlemen went to work with vim and to them is largely due credit for the splendid school which the Hammond section children will attend.

The plans for the building were drawn by experts at Clemson college. The building is constructed along the bungalow plan, having a brick base rising several feet from the ground and that surmounted by the shingle arrangement which gives the building a most attractive appearance. The roof is covered with creosote-dipped shingles, giving a finished air to the structure. The painting will be green and white effect, with the shingles stained an oak color. This will be completed in a few days.

The interior of the building, while delightful in its simplicity, is necessary in a school building, is more than comfortable and so far as can be seen, not a single detail has been neglected. The building is cut apart with a rolling partition, while the cloak rooms, teacher's room and class rooms have all been arranged with an eye to beauty and serviceability.

One striking feature supplied in the Hammond school that no other country school can boast of, is a sanitary sewerage arrangement with running water. This will be a feature of which the school can be well proud.

Another special feature is the lighting arrangement, so devised that there is light on every side of the building, yet it is subdued to an extent to protect the eyes of the pupils and at the same time prevent a glare from the afternoon sun when the summer arrives. This is one of the best features of the new school building.

One of the trustees discussing the building with an Intelligencer reporter yesterday, said that the total cost of the building would reach \$3,200 and that might possibly exceed that amount by a few dollars.

Arrangements are now being made for the opening of the new school, which will take place Thursday afternoon at three o'clock. At that time there will be a number of the school officials of Anderson county in attendance and doubtless a program will be arranged for the event.

The trustees of the new school also feel that they were fortunate in being able to secure an excellent teacher, Miss Mac Higgins, of Honon Path. Miss Higgins is an instructor of recognized ability and under her direction the school will prosper and do well.

J. B. Felton, superintendent of education of Anderson county, told an Intelligencer reporter yesterday that there was no doubt in his mind about the Hammond school being the best country school in the state and he plans to exhibit photographs of the building when he goes to the State Teachers' convention in Spartanburg. He says that he will show the other teachers of the state that they have their work cut out for them if they intend keeping up with the progress of the Anderson county schools.

**HOW IS YOUR BOILER?**

It has been stated that a man's stomach is his boiler his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach, Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by Evans Pharmacy.

Lightning is more frequent in Illinois and Florida than in any other states.

**DEMONSTRATION SCHOOLS.**  
 Rallies Will Be Held at the Following Places.

Prominent speakers, representing Clemson College, the State Department of Education and the United States Department of Agriculture will hold rallies at the demonstration schools in the following counties.

These schools are cooperating with the farm demonstration work on school plots in connection with these schools in the effort to teach the rising generation practical agriculture by writing the lesson on the ground in growing crops. This is the first effort that has ever been made to teach practical agriculture in the public schools of this State. We cordially invite everybody to attend these meetings, especially boys, girls and their parents. We hope at these meetings to organize strong clubs among the children, and to make these schools the centres of cooperative community life. Farmers and teachers will be especially interested in what will be said and done.
