ONE OF THE DOOMED GUNMEN TO CONFESS

"Gyp the Blood" Will Tell of the Part He Played in Rosenthal Murder

(By Associated Press)

New York, April 9.—There were persistent rumors today to the effect that at least one of the four gunmen who are to die at Sing Sing Monday morning for the part they played in the murder of Herman Rosenthal, the gambler, would confess. The rumors could not be traced to their source.

Joseph A. Shay, counsel for Charles Becker, the former police lieutenant convicted of instigating the murder but saved by higher court ruling, said he might go to the prison some time today and endeavor to get statements from the four men to be used by the defense at the second trial of Becker. In case the condemned men decline to make statements to him he has prepared an application to the supreme court for an order requiring the appointment of a commission to take their depositions. In either event it was said the execution of the sentence would not be delayed.

Although Governor Glynn has twice refused to grant a reprieve, the families of the gunmen and their counsel, Charles G. F. Wahle, had not given up all hope today. Every means known to the law will be employed from now until Monday, Wahle declared.

Today he will send a memorandum to Governor Glynn on the latter's refusal to grant a reprieve. The memorandum will take the form of an argument in answer to the governor's reasons for his refusal. Wahle had at first intended to go to Albany today to make a personal plea to Governor Glynn, but when the delegation of rabbis failed yesterday to move the governor to reconsider his decision, Wahle determined that the interests of his clients would best be served by forwarding the memorandum by special messenger.

Rumors regarding the expected confession had it that the one gunman most likely to talk was "Gyp the Blood" Horowitz.

WARRIORS WILL GATHER TONIGHT

Red Men Will Confer The Haymakers Degree On a Number of Candidates

The Red Men of Anderson had looked forward with much pleasure to the coming of last night when Tugaloo Tribe No. 38 had planned to confer the Haymakers degree upon a number of candidates, but owing to a change in the plans, made imperative at the last minute, it was impossible to hold the rally. Arrangements have been made for holding the meeting tonight and it will be an interesting occasion, especially for the candidates taking the degree.

Immediately following the conclusion of the lodge meeting tonight a Haymakers banquet will be served, at which time the members of Tugaloo tribe will make merry.

Doubtless every member of the lodge will be present for the very important meeting to be held tonight.

HEARING HELD IN RE DRAINAGE

Clerk of Court Has Set May 4 As Date for Hearing On Rock River Question

A hearing will be held in the office of the Clerk of Court of Anderson on May 4 at which time the property owners of the Rocky River section of the county will appear before the clerk and make application for the formation of a drainage district. It is the desire of these property owners to have their land drained, where it is now swampy, thus reclaiming it for agricultural purposes. It is estimated that the work will cost about $20,000 but it is said that it will mean thousands of dollars to the property owners of that section.

Jas. N. Pearman, the clerk, yesterday turned over to the agitators of the drainage movement official notice to be served on 12 of the property owners that the hearing will take place. The other men owning property in the section affected had attached their signatures to the petition presented the clerk and therefore it was not necessary for them to be notified.

POLICE FOUND MISSING GRIP

Will Chester Charged With Having Stolen a Suit Case From Miss May Welborn

Charged with having stolen a suit case from Miss May Welborn, Will Chester, a negro, was arrested by Sheriff Ashley yesterday afternoon and brought from his home on Frank Rhody's plantation to the Anderson county jail. Chester claims that he found the suit case and that he did not steal it.

On March 21 Miss Welborn, who is assistant postmaster at Abbeville, was driving from this city back to her home, the suit case being in the back of the buggy. When near Bally Poole's plantation Miss Welborn heard the cover snap on the back of the buggy, this frightening the horse. When the trol Miss Welborn and her brother animal was finally gotten under condiscovered the loss of the suit case but could see no one in sight in the road.

Happily the young lady possessed samples of two dresses in the suit case and these were sent here to Chief of Police Lee. The chief got busy and yesterday discovered the suit case at the home of a negro woman, Maggie Walker. The two dresses were still in the suit case, the only thing missing being a pair of new shoes. The woman said that Chester had given her the suit case and the officers then went after him. He will probably be given a hearing before Magistrate Broadwell today.

The Gospel of Manure.

Manure is so helpful that I am stating the results of years of observation, putting it in a tiny nutshell.

1. Manure is plant food, rich and available.
2. It spreads helpful soil bacteria.
3. It is the best of humus.
4. It remains in the soil for years.
5. It should be applied at once—do not wait for it to rot.
6. Spread it on a growing crop so to catch all the gases.
7. Do not mix lime, ashes or commercial fertilizer with it, except ground rock.
8. Do not plow it under, for this will bury it too deep. Let it soak in.
9. Use as much litter as possible to catch the liquids and add to the supply.
10. Manure from stock is worth from $10 to $35 per year per head, depending on size, feed and litter, so save this by-product.
11. Cover as much land as possible each year rather than make a heavy application on certain parts.—M. Atkins, in The Progressive Farmer.

A $50,000 Exhibit Bldg. For Exposition

Washington, April 9.—A bill to appropriate $500,000 for a government exhibit building at the San Francisco Exposition, in accordance with President Wilson's suggestion, was reported favorably today to the house by the committee.

CUMMINS LAMBASTS THE ADMINISTRATION

American Sugar Refining Co. Bought Out Rival Refineries and Closed Them

Chicago, April 9.—United States Senator Albert B. Cummins, of Iowa, in an address here tonight, criticized the democratic administration, defined his stand on the tolls bill, pronounced the republican party the party of true progress and blamed the republican national committee for the democratic victory of 1912.

He was the chief speaker at the Appomattox Day celebration of the Hamilton Club. Democratic defeat at the next national election, Senator Cummins predicted, would be effected by republicans and progressives united as the republican party and embracing a platform of progressive doctrines.

Dealing with the records of the democratic administration, Senator Cummins declared it unnecessary to speak of congress. "The president has, for the time being, olliterated that ancient and once powerful department of the government," he said.

"When therefore I speak of the democratic administration, I mean Woodrow Wilson. The overthrow of republican government, does not seem to excite alarm, but the day will come when the country will understand that it does not owe its independence to executive authority."

The Rural Schools To Be Strengthened

Louisville, Ky., April 9.—Permanent organization of the National Conference of State Supervisors and Inspectors of Rural Schools was effected today.

Next annual meeting of the conference probably will be held in Cincinnati in February 1915.

Thirty seven states were represented and the delegates discussed the best methods for improving the rural schools of the country through state supervision. The decision of the conference as announced today was that the most pressing needs in this work are: Demonstartion schools, state and local supervisors, consolidation of weak schools into strong centralized institutions, improvement of teachers' training, agricultural and industrial supervisors and community activities.

CANCER TRACEABLE TO COOKING METHODS

Famous Specialist Says Third of Cancer of the Stomach Is So Caused

New York, April 9.—A statement by Dr. William J. Mayo, that the prevalence of cancer perhaps is traceable to present methods of cooking was to the yamka one of the salient opinions in a maze of technical discussions at the opening today of the American Surgical Associations' Annual convention. Dr. Mayo is a delegate from Rochester, Minn, and president of the association. He explained that cancer of the stomach formed a third of all cancer cases among civilized peoples.

Dr. Mayo said that the amount of meat consumed undoubtedly had something to do with the prevalence of cancer.

EDISONS'
Marvelous
Musical Instruments

THE NEW EDISON DIAMOND DISC PHONOGRAPH is everywhere recognized by music loveing people as a marvelous musical instrument. It ranks with the finest; in existence today; and in fact several of the large piano houses have added to their finest stock of high grade musical instruments. Edison spent years in perfecting it; it will take you but a few minutes to realize how wonderfully clear, sweet and true to life its tones are. There is an absence of all mechanical fiber; you hear the music as it was originally rendered with all its myriad overtones, beautifully blended. If you have an ear for music you are the one who will enjoy it.

Come near it; the pleasure to demonstrate it is ours, always; the pleasure of listening is yours, unconditionally. Let us play it for you.
