ANDERSON SCHOOLS CAN WIN PRIZES

LARGE FUND TO BE DISTRIBUTED NEXT SEASON

OPEN TO STATE

State Department Offers \$1,250 In Prizes To Be Awarded Various Schools In State

Anderson county schools are to have an opportunity to participate in a large sum of prize money to be distributed by the State during the coming season, according to an announcement made yesterday by J. R. Felton, superintendent of education for this county. Mr. Felton believes that Anderson county has a good chance at a number of the prizes and he will urge the schools to do their best.

All told, there will be \$1,250 to be given the various schools in this State, this sum to be divided into 30 prizes and will be awarded to the schools showing the greatest improvement during a given length of time. There will be ten first prizes of \$50 each and 20 second prizes of \$25 each.

The following are the rules and regulations which will surround the contest:

- 1. Improvements must be made between October 1, 1913 and December 1, 1914.
2. Only rural schools can compete for these prizes. Districts barred by the State high school act, or by the State rural graded school act are ineligible to enter the contest.
3. Prizes will be awarded by the State executive committee of the school improvement association immediately after the entries close.
4. All applications must be sent through the county superintendent of education, rural school supervisor, or county organizer of school improvement associations.
5. Prizes will be awarded in checks sent out from the office of the state superintendent of education and the money will be deposited to the credit of the district in which the prize-winning school is located. The money must be spent for further improvement of the school winning it.
6. All reports must be made on the printed blanks furnished by the association.
7. In making application for a prize, the clean-up day score card and a brief description, a photograph and any evidence of improvement should accompany the regular prize score card.

NEW RECORD FOR OAT CROP

Anderson Planter Has Sold 4,000 Bushels To One Concern and Still Has Some Seed At Home

A new record for Anderson county in the way of raising oats has been established, since one Anderson county farmer has closed a deal with Furman Smith to handle for him 4,000 bushels of oats, raised on one Anderson county plantation. This is not the entire crop, but it is the bulk of what one Anderson man raised. Any reader can easily estimate the market price of oats and see how this compares with cotton figures.

Mr. Smith also received two magnificent specimens yesterday in the way of what a man can do on an Anderson county farm in raising hay and feed stuffs. He received a sample from Sedgwick M. Johnston of Garvin township of wheat, oats and vetch, which combined make an excellent hay. This bunch excited a great deal of interest and elicited many favorable comments from those visiting Mr. Smith's place during the day. Mr. Johnston also sent a fine sample of sapling clover from his farm. On three-fourths of an acre he raised one and one-half tons of fulgram clover and the sample he sent here yesterday is as good as any seen in Anderson county this year.

DR. CARMAN CHARMED MISSIONARY MEETING

SPOKE LAST NIGHT AT ANDERSON COLLEGE

MEET AGAIN TODAY

Entire Day Devoted To Study of Bible Questions and Plans Made For Future Meetings

The Ladies' Missionary Conference of the Saluda Association convened in this city yesterday and last night a splendid program was heard in the auditorium of Anderson college. The meeting was attended by a large number of visitors and the keenest interest was manifested in all the deliberations of the body.

Decidedly the feature of the meeting was the address delivered by Dr. John C. Carman, general secretary of the South Carolina Sunday School Association. Dr. Carman spoke on the subject "The Bible" and he gave his hearers a clear conception of what numerous passages conveyed. The speaker showed that it was a simple matter to misconstrue many passages of the scripture and elucidate on how a careful study would do much to prevent such mistakes. He also showed that when those interested in missionary and church work had acquainted themselves with the real meaning of the chapters they would then be able to pass on the true conception of the Word.

It was decided to make this association a permanent one, to hold annual meetings in this city and the offer of Anderson college for the meeting place was very kindly extended by the officials of the college in attendance. The offer was accepted and it was decided that an annual meeting would take place to be held with the college.

An all day meeting will take place today, at which time a further discussion of Dr. Carman's subject will be heard. Rev. W. T. Tate is to speak tonight and it is believed that a large audience will be present to hear this able man.

COURT HEARING APPEAL CASES

Convened Yesterday Morning and Day's Transactions Consisted of Arguments

After a recess lasting since last Saturday at noon, the court convened yesterday morning at 9:30 o'clock, with Judge Prince presiding and the day was spent in hearing appeal cases.

A majority of the cases argued yesterday to that section from the magistrate's courts and the police court on liquor cases. In some cases lines were lowered.

No jury has been drawn for this week and when the appeal cases are concluded the court will take an adjournment. After three weeks of continual court and a week of appeals both the attorney and the court officials will be tried out.

COUNTY BOARD WAS IN SESSION

Matters Before the Body Yesterday Consisted Entirely of Routine Affairs

J. Mack King rounded out his first year as county supervisor of Anderson county yesterday when he attended the 12th meeting of the Anderson commissioners.

Yesterday's meeting of the County Board was held in the office of the supervisor and the affairs of the county were gone over. There was little business of any importance to come before the body and nothing out of the ordinary presented itself.

A large number of bills against the county were presented and audited, and paid and this constituted the greater part of the day's business. Adulterated oranges constitute the latest foodstuff to come under the ban of the State dairy and food division of the Ohio, Agricultural Commission. The commissioners held that oranges whose skins have colored by being placed in a warm, moist place after being removed from the tree, are "artificially within the meaning of the Ohio law," so their sale is prohibited.

FEDERALS LOST TO CHAMPIONS

Good Game of Ball Played at Buena Vista Yesterday Between Town and Y. M. C. A.

As far as is known the Y. M. C. A. team has never claimed the championship of Anderson or the right to the title of "Champions" but since it seems to be the habit here, when one decides on some step in regard to baseball, to take that step, regardless of what any one else thinks, the Y. M. C. A. team hereafter should be known as the Champions.

This decision has been reached by the eminently dippy sports writer of The Morning Intelligencer and hereafter no other name shall be applied to the Y. M. C. A. organization.

However, even laboring under a handicap like that, the Y. M. C. A. succeeded in winning a good game of baseball from the "Federal" team, composed of the baseball players of the city, when the two met at Buena Vista park yesterday. The Y. M. C. A. played a better game of ball than did the town boys, doubtless due to the more practice and keen in handy style fact that the Y. M. C. A. has had by a score of 6 to 4.

It is understood that another game will be scheduled between the two teams at an early date and some good playing is expected.

MRS. AMANDA MERRITT

Died in Brushy Creek Township Monday Morning.

Greenville News: Mrs. Amanda Merritt, wife of Mr. J. A. Merritt, of Brushy Creek township, Anderson county, died Monday morning after a sudden illness. She was 55 years old. Mrs. Merritt was a member of Siloam Baptist church since her early life and in all of the relations as wife, mother and consecrated Christian she did her part well in life. She is survived by her husband, four sons, D. M. Merritt, W. H. Merritt, J. H. Merritt and Ezell Merritt, of Anderson county, Mrs. Lula Jones, Greer, S. C.; Mrs. Bettie Dobson, Greer; Mrs. Nellie Freeman, Pickens. Her funeral services will be at Siloam church this morning at 11 o'clock. Rev. D. W. Hiett officiating.

TO SPEAK HERE

Mr. Mullally Pushing His Candidacy for Governor.

Editor The Intelligencer: I have spoken as a candidate for governor in Charleston, Columbia, Newberry, and Orangeburg.

I will speak at the court house in Anderson Saturday afternoon. I believe Anderson ought to have the governorship this time. Collaterally it will put her more securely on the map. I am making great sacrifice of time, labor, money and peace of mind to run the race.

I shall be elected. I speak by the card. Very sincerely yours, Jno. B. Adger Mullally.

Mr. Mullally has published his platform in which he endorses Gov. Blease enthusiastically.

GOOD MEETING

Of The Ladies of the Missionary Conference of Saluda. There is quite a large attendance upon the sessions of the Missionary conference. Mrs. E. W. Masters and her associates who have tried to make the conference a success are much pleased.

The first session of the conference was held this afternoon. The devotional exercises were conducted by Mrs. Lee Sanders, in the absence of Rev. J. F. Vines.

The ladies assembled, then began class work, consisting of the Ways and Means. Organization was planned and many questions were discussed.

Mr. G. W. Gaines III. Mr. and Mrs. T. E. Link were called to Belton last night by a phone message announcing the serious illness of Mrs. Link's father, Mr. G. W. Gaines, who has been unwell for several days. His case took a sudden and alarming turn yesterday.

Mr. Briskey's Father Hurt. Mr. W. L. Briskey while attending a meeting of the directors of the Chamber of Commerce last night received a message that his father had been seriously hurt by being run over by a horse at Parr Shoals. Mr. Briskey left at once and no further details could be obtained last night.

ARRANGED CAMPAIGN FOR CITY CANDIDATES

COMMITTEE HELD MEETING YESTERDAY

WILL SPEAK TWICE

Considered the Matter of Having Campaign Addresses and Decided On Election Managers

The city executive committee met yesterday afternoon in the office of G. Cullen Sullivan, the chairman of the committee, at which time a number of affairs in connection with the coming municipal election were arranged. Five of the six committeemen were present. The certificate of pledges as filed with the clerk of court at noon yesterday canvassed and the committee announced that the following composed the list eligible for election:

- For Mayor: W. Frank Ashmore, E. E. Elmore, J. H. Godfrey and J. M. Payne. Alderman, Ward 1. E. H. Ballentine, J. E. Barton, C. M. Guest, J. L. E. Jones. Alderman, Ward 2. Walter Dobbins. Alderman, Ward 3. H. H. Acker, R. F. Johnson and C. F. Spearman. Alderman, Ward 4. K. E. Gilmer, John H. Tate. Alderman, Ward 5. J. H. Harbin and R. F. King. Alderman, Ward 6. R. L. Carter, J. M. Fennell.

It was announced by the committee that there would be no re-enrollment for this election, on account of the fact that such a short length of time remains before the election. The same rules and regulations as followed two years ago will prevail in this election. The next question taken up at yesterday's meeting was the selection of managers for the approaching election but all the committeemen were not ready to name the managers for their wards and this list was delayed until today.

Two Campaign Meetings.

It was decided to hold two campaign meetings one at the court house in Anderson on Thursday, June 11, and another at the Anderson cotton mill on Saturday, June 13. It is probable that some limit will be placed for the speakers, probably 15 minutes for the majority candidates and seven or eight minutes for the aldermanic candidates. It was also decided that the candidates for mayor and for the first five wards will speak at the first meeting and at the cotton mill meeting the candidates for mayor and alderman from ward 6 will speak.

It was decided that the committeemen from each ward would appoint an enrolling committee to consist of three or four of whom will be the secretary. These names will be announced today. All the rolls must be completed before 6 o'clock on the evening of June 10 and president and secretary of each club will be required to certify, before the chairman of the committee, that the list is accurate.

However, these rolls will be open to the public up until election day and any voter will have a right to inspect them and lodge a protest against any name appearing thereon.

Practically all arrangements were made yesterday for holding the election and little now remains to be done before June 16, on which date Anderson will choose her new officers.

AFTER A BIG MAN

United States Wishes To Enlarge Builder of the Assouan Dam.

Phoenix, Ariz., June 2.—Sir William Wilcocks, builder of the Assouan Dam in Egypt, has been retained by the government as consulting engineer for the United States reclamation service.

This was given out today by W. A. Ryan, comptroller of the reclamation commission. Sir William left last night for Yuma, Ariz., and will make a tour of inspection of all the government reclamation projects.

VULGAR DANCES NOT TOLERATED

(New York Times)

Chief Rosenthal of the Mayor's bureau of licenses came to the rescue of the tango, the one step, the hesitation, the maxime, the turkey trot and the other modern dances. He does not propose to see them maltreated, kidnapped, shot at in the dark and then finally murdered in cold blood. The chief recently called together several hundred of the dance hall owners of the city and read the riot act to them. He announced his intention of conducting a general crusade until the dance halls are conducted along the lines of decency. It seems that "once a good dance, not always so," can be said of any of the modern dances, executed so beautifully at the large cabarets in Manhattan, for they are distorted as they find their way into the sections of the city where foreign elements from every land come together.

As a result of inspection carried out quietly by the bureau, a series of dances, distinctly related to the tango and the maxime have been discovered but these are vulgar and indecent. There is a Harlem version of the tango, that would make Terpsichore weep with the angels. Down in Coney there is said to be a translation of the maxime that would not make a Tenderloin cop blush, and up North Beach was found a Turkey Trot that isn't even decent to think about. Chief Rosenthal declared that he is going to compel the dance hall keepers to have competent men on hand to watch the dancers who offend the sense of decency in other; Chief Rosenthal explained that in the more humble halls the law is lived up to.

More than 65,000,000 pounds of aluminum were consumed in various industries in the United States last year.

Dr. Cyril B. Hopkins, professor of agricultural economy and chemistry in the University of Illinois, says that America has reached the period in its history when scientific agriculture is absolutely necessary to provide enough food for the growing population. The increase in food supply in the United States, says Dr. Hopkins, falls far short of keeping pace with the increase in population, therefore the principles of scientific farming should be taught in the public schools and in every rural section.

The United States Commission on Industrial Relations has taken up the problems of the building trade and will give them serious consideration. One of the important questions upon which the commission is seeking light is an alleged agreement between contractors and trade unions, resulting in an unnecessary increase of cost in building work. Other subjects are boycotts on building materials, jurisdictional disputes and arbitration.

One of the most bothersome pieces of work on the Panama Canal has just been completed.
