### SUFFS CAUSE ROW

Perth, Scotland, July 10.—A militant suffragette uttering an exultant yell, sprang on to the footboard of an automobile in which King George and Queen Mary were driving through the streets of Perth today.

The woman was identified as Rhoda Fleming, from Glasgow, seized the handle of the door of the royal automobile before the paralyzed police could act. Two policemen then seized

her and it required a score of mounted soldiers to hold at bay the angry mob bent on lynching her. Miss Fleming turned out to be armed only with a petition against the forcible feeding of imprisoned suffragettes. A large force of troops was requisitioned to protect her from the populace as she was conveyed to the police station. Earlier in the day at Dundee another suffragette pitched a bundle of papers into the motor car in which the King and Queen were riding.

**Clerk Working On Big Task.**  
James N. Pearman, clerk of court, and his assistants are struggling with a stupendous task, that of indexing the county's mortgages for the last year. This work is done once each year and every mortgage filed from June 30 of one year, to June 30 of the next is indexed. This usually takes about three weeks and the clerk has been engaged on the task for some time already. He hopes to finish within the usual time this year.

**Slight Accident On Public Square.**  
An Tom McKinney rode around the corner of the public square yesterday from Whitner street to Main street, he collided with a little boy riding a motor cycle. The boy's name could not be learned, but he was a very small shaver, entirely too little to be riding on a machine of that kind. Mr. McKinney was riding on a bicycle and he had his machine knocked from under him when the cycles collided, but little damage was done. Neither rider suffered any injury as the result of the accident.

**Last Share Was Sold Yesterday.**  
The last share of stock of the Anderson Development Company theatre proposition, was sold yesterday morning and the work of calling in the capital stock was then begun. Splendid progress was made during the afternoon and it is expected that the remainder of the money will be secured today. Mr. Bryant is expected to return from Frisco within the next few days and then the plans will be placed in the hands of the bidders and the building will actually be under way within a few weeks.

**People Pleased With Prospects.**  
The people of the city seem to be immensely pleased over the fact that baseball will probably be kept here during the summer months. A week ago it seemed that the league would certainly have to go through if Anderson dropped out and for a time it appeared that this step had to be taken, but those behind the local movement are immensely pleased with the splendid sale of season tickets yesterday which showed that Anderson people really want to keep the game here if it can be done. It is up to every fan to shell out his \$5.00 today and buy a season ticket when he is approached by a member of the committee. This will put Anderson's team on a sound basis financially, and there will be no more begging.

**Fast Finishing New Buildings.**  
The Watson-Vandiver building, which is being erected on Main street, is now nearing completion and yesterday afternoon the handsome cap stone went into place across the top of the building. This is to be one of the most modern and most convenient business buildings in the city and it does a great deal to improve the appearance on Main street.

He expressed himself as delighted with the evidences of prosperity he saw on every hand, and is well pleased with the roads in this section. Deep Creek being swollen on account of the recent heavy rains caused a short detour but no other mishap occurred to mar the pleasure of his trip through this county.

**Young Men Stood Two Examinations.**  
The court house was crowded all day long yesterday with young men from various sections of the county and from the city, standing the entrance examinations for Clemson college. There is a vacant scholarship from Anderson county this year for the one year term and Walter Fant appeared and stood this examination. The competitive examination for the vacant scholarship from Anderson to the University of South Carolina was also held yesterday and the following three young men appeared for that: Clyde McCants, Julian Brice and Robert Bowen. The examinations were conducted by J. B. Felton, county superintendent of education.

**Mrs. McLain Is Now Improving.**  
Anderson people will learn with a great deal of regret that Mrs. D. W. McLain has been very ill for some time. Mrs. McLain came to Anderson as a bride only a few weeks ago, and shortly after her arrival in Anderson she suffered an attack of something similar to ptomaine poisoning. A trained nurse has been in attendance for the past two weeks and for a time it was feared that her condition was serious. The news that she is now much better will be received with pleasure. So fast is she recovering that it is hoped she can leave for her home in Lafayette, Ala., within the next day or two, to recuperate there.

**Mrs. Holleman Was Moving Yesterday.**  
Mrs. J. C. Holleman began the work yesterday of moving her splendid establishment from its old place to the new quarters in the Chiquola hotel building formerly occupied by the Fouché drug store. This building has been renovated and repainted and a new front is now being put in and when all improvements are completed, it will be one of the nicest store rooms in the city. Mrs. Holleman has already begun transferring her stock and the moving operations will doubtless be concluded today.

**Increase At The Local Postoffice.**  
Inquiry at the Anderson postoffice yesterday elicited the fact that there was a very satisfactory increase of receipts for the last quarter, ending June 30. In "The Tango in Tuckerville" the opening of the New York Lady Manicures' parlor starts a rumpus. The New Yorkers are far too good looking to suit the native wives, who open a tango parlor, from which their husbands are excluded. The New Yorkers open a rival "temple," and then the factions peacefully unite.
