

ANDERSON IS READY FOR SECOND ELECTION

MANNING'S FRIENDS ARE CONFIDENT

HERE FOR WIND-UP

Candidates Come to the Piedmont To Campaign on Home Stretch For Various State Offices

Anderson county is ready for the second election which is to be held in this state next Tuesday, Friday several of the candidates for State offices were in the city and some of them will remain for today and this being Saturday, more real genuine work will be done in the county than has been accomplished since the first primary.

Friends of Richard I. Manning, the leading candidate for governor, say that he will have a majority in this county.

Mr. Manning arrived in the city Thursday night and spent all of yesterday in the county while John G. Richards, also a candidate for governor, will arrive today and will speak this afternoon at 3 o'clock from the court house steps. Andrew P. Bellies, a candidate for lieutenant governor, was in Anderson yesterday and conferred with his friends. He believes that he will be able to defeat B. Frank Kelly, his opponent.

Frank W. Buel, candidate for Railroad Commissioner, who is in the second race with C. D. Fortner, arrived in the city yesterday and put in a good day's work in Anderson county.

A. P. Pearson, county chairman, said yesterday that only about 18 of the county boxes have come out and he wishes to request that as many of the managers as possible call for their boxes today. He also requests that the managers telephone the results of the count at their boxes to the Intelligence office when the count of each ticket is complete. State first and then county.

The following is the State ticket (Vote for one box office and scratch the others.)

- Gov. Richard I. Manning
Lieut. Gov. John G. Richards
Att. Gen. Andrew J. Bellies
S. Comm. B. Frank Kelly
R. Comm. C. D. Fortner
Frank W. Buel

- County Clerk Fred H. Dominic
County Treasurer W. A. Tripp
County Jailor J. L. Hancock
County Assessor J. Lawrence McGee

- Rep. John R. Culbertson
Rep. A. Sullivan
Rep. Harrison A. Foster
Rep. W. A. Reagman

ANDERSON TO BATTLE A GREENVILLE TEAM

CONCLUDING GAMES IN THE MILL LEAGUE

A POST SEASON

Winner of Anderson Mill League Trophy Cup Will Play Against Greenville Bunch

At a meeting held at the Anderson Y. M. C. A. last night the final details of the Anderson Mills Base Ball League were arranged. The beautiful Reach trophy which was secured through the Sullivan Hardware Co., was awarded to the Belton team. From every standpoint the season has been a most successful one and the games of the Riverside-Towaway and the Yreogon teams has been the feature of the season. It will be recalled that these teams have been contenders for the fall-end honors for the entire season; and with absolutely no chance for the pennant both teams showed a gameness which has won and merited the admiration of the fans. The Gluck mill team started out playing in good form but soon after the middle of the season they suffered a reverse from which they were unable to recover; so the wonderful spirit of the Beltonites soon placed them in a winning position.

It will be of interest to the Anderson fans to note that a post-series will be played between an all star team from the Anderson and Greenville leagues. The Belton mill team won the pennant in the Greenville mill league, and a majority of the all-star team from Greenville will possibly be composed of the Beltonites. A series of four to seven games will be played and an equal number of games will be played in Anderson, Belton and Greenville, respectively. It is needless to say that some fast games will be pulled off in this series and of course the Andersonians have fully decided that they will win the big end of the series. Announcements as to players and schedules will be given at an early date.

DATE IS CHOSEN FOR HORSE SHOW

September 30 Was Selected As Day on Which Anderson Livestock Will Be Shown

A meeting of the livestock dealers of the city and county took place on yesterday morning, at which time they decided that the Anderson county livestock exhibit will take place on September 30 instead of September 19, as it had originally been planned. The idea of holding such an exhibit came through the chamber of commerce. Trade Day, as conducted by the Anderson chamber of commerce, is usually held on the second Tuesday of each month and when the date for the August meeting began to approach it was determined to substitute the livestock exhibit. Plans were put on foot but it was found that they could not be matured in time for the August meeting and it was then determined that the exhibit would be held on the date of the September trades day, combining both August and September. September 15th, the first day chosen, proved to be too early for the committee in charge and therefore the announcement that the exhibit will be held on September 30 is final and every breeder of horses, mules, ponies, etc., in Anderson county can now begin to prepare for that date. The exhibit will certainly take place there, regardless of the weather or any other condition.

The Day in Congress

Washington, Sept. 4.—House met at noon and held a joint session with the senate in rear President Wilson deliver an address on the need of raising war revenue. Judiciary committee adopted recommendations of a sub-committee which held there was no ground for impeachment of Federal Judge Spear, of Georgia. Senate amendments to the Clayton trust bill were disagreed to and the measure went to conference. Foreign relations committee reported favorably on reorganization bill. Bill appropriating \$6,000,000 for purchase of six government merchant vessels introduced by Representative Kennedy of Connecticut. Conference report on federal trade commission bill submitted. Ways and means committee resumed preparation of emergency revenue bill. Adjourned at 5 p. m. until noon Saturday. Senate met at 11 a. m. Senator Burton resumed his attack on the Ryan harbor bill. Senator James introduced a bill for government loans of not more than \$2,000 to citizens to buy country or city lands. Opposition to committee amendment to federal reserve act resulted in postponement of discussion until Wednesday. Resolved at 5:30 p. m. until 11 a. m. Saturday. Defending their homes in the cap-

Manning Will Be Elected

Special to The Intelligencer. Columbia, Sept. 4.—Reports received here from the Pee Dee and from the low country, embracing Charleston, and the neighboring counties, indicate that Richard I. Manning of Sumter, is going to sweep these sections of the state in the primary election of September 8. Mr. Manning's great strength lay in those counties and a portion of the middle and Piedmont counties in the first primary but the situation now is in much better shape for him than heretofore. Marked enthusiasm has been exhibited in many of these counties. Barnwell county is among the Manning club sections; Orangeburg is most enthusiastic; Florence, Charleston, Bamber, Beaufort, Hampton and through representative men that the vote in these counties will be much larger for Mr. Manning than in the first primary. Orangeburg is making an effort to beat its former record vote for Mr. Manning and the same is true in Charleston county. The low country has come strongly to the front in its advocacy of Mr. Manning's candidacy, especially since the whirlwind campaign has been waged in that section in the last few days.

Lowndesville, Sept. 3.—I travelled extensively through our state from January to July 1 of this year, and I saw both the beginning of the present campaign that Richard I. Manning was steadily gaining ground and favor in his race for governor, and of course, we are delighted that he has entered the second race.

Little Mountain, August 3.—Manning will run strong in Newberry and Lexington counties. In Lexington he ran far ahead of his opponents in the first race. Out of the 1,254 votes, he received 1,623 against the field, and I think I can be safe in saying that he will gain between 800 and 1,000 votes over the first primary.

From Barnwell County. Barnwell, Sept. 3.—Mr. Manning will carry this county 2 to 1. There has been posted here a list of \$100 to run for Mr. Manning would defeat Richards. No one here will bet on

THE TREATY OF BELGIUM. (New York World.) Smaller than Maryland, but with a population nearing 8,000,000, Belgium was the most densely populated country in the world. Centuries of thrift had made its soil an incomparable garden. Its huge industries exacted great imports of food. Antwerp stood, perhaps, second to New York in the bulk of its commerce.

Generations of skilled architects had enriched the doomed land with cities whose beauty was the despair of civilization. They call the rail of towns like Bruges, Ypres, Louvain, Ghent, Lille, Liege, and Brussels. They call the rail of towns like Waterloo and Oudenarde. As to name Belgium, the cockpit of past wars, but to give Europe a buffer state for

tal offense which poor men can commit. There is no trial; the word of a commander is sufficient; a rattle of rifles and a gray-haired peasant falls bleeding upon the steps of his roof. In one village of 600 houses a score only have been left standing. In others, the invaders rifle the cash box, shoot a peasant or two and pass on. Crowding the roads to France, to Holland, now one vast hospital, to Antwerp, there crawls a pitiful procession of wounded noncombatants, famished women, grandmothers, wheeled babies in handcars. Beside the roads these wretches lie where they have fallen, lying from hunger and exhaustion.

Even in their last resort the fugitives rely not be safe. Without notice and in defiance of the laws of war, the latest heaviest invention of man, turned to manslaughter, the swoops over Antwerp by night and

Future ages will dilate upon the heroism of Belgium in this war of annihilation. Today the world surveys the tragedy of Belgium—the saddest tragedy that has befallen the Low Countries since the days of the Duke of Alva.

Anderson Intelligencer. Please allow me space in the columns of your valuable paper to thank my many friends in Anderson county for the handsome vote I received there in the first primary, and to assure the militia no one appreciates their loyal support more than I do. I hope to be able next Tuesday to get even a larger vote there, for I feel confident that if the voters will turn out to the ballot box in the second primary I can win in the race for Lieutenant Governor.

Yours very truly, R. FRANK KELLY.

FINE FILM SECURED OF CITY YESTERDAY

"MOVIE MAN" WAS VERY WELL PLEASSED

SNAPPED A CROWD

Public Square Was Thronged With People When Picture Was Made of Fire Department

"I have never secured a better group of pictures in my life," said W. J. Kraft yesterday after he finished his work of snapping scenes in and around the city. Mr. Kraft was sent to Anderson by the South Carolina Panama Exposition commission and he came here for the purpose of securing moving pictures to be shown in Frisco when the exposition opens there in February.

Mr. Kraft came to Anderson Thursday and arranged to make pictures of Anderson College, of "Sunset Forest," the beautiful Fretwell country place, and scenes around the public square and of the principal manufacturing industries of the city.

The day yesterday was ideal for making pictures and Mr. Kraft says that there is no reason in the world why the pictures should not turn out to be beautiful.

Yesterday afternoon shortly after 2 o'clock the fire bell was sounded and the fire department made a run up North Main street. It then made this return trip and as the department came clattering down Main street Mr. Kraft secured pictures of the department and of crowds thronging the streets. He says that this will be one of the features of the picture and that Anderson people will be pleased with it when they see it.

The "movie man" left Anderson for Spartanburg and from there he will go to Gaffney, following the route taken by Manager Blum. When he has secured all the pictures, the reels will be shown in the various theatres over the state and will then be sent to Frisco in time for the first day of the exposition. Anderson will show up to good advantage, when compared to other towns in this state and section, and it is possible that the pictures shown of this city will attract a number of home-seekers from the east and west.

FARMERS TRY TO SAVE THE CROP

Clemson Men Tell Them What Is Reasonable Price to Pay for Arsenate of Lead Compound

The cotton caterpillar has a good hold on the cotton crop of Anderson county and before the farmers of the county found he was there, but since they have discovered that such an unwelcome guest is in the county, they have lost no time in getting rid of the pest. It is said that the farmers in every section of the county are waging a battle against the pest and that the arsenate of lead treatment is proving to be very effective. Druggists in Anderson report that they are selling quantities of the compound every day.

SPECIAL TRAIN FOR RED MEN

District Convention of I. O. R. M. Will Attract Large Number To Chick Springs For Today

Announcement was made in Anderson yesterday that special rates will be granted over the Piedmont and Northern Lines today for the district convention of the Red Men, which will be held at Chick Springs this afternoon. The rates will go into effect here immediately after 11 o'clock and when the 11:15 train leaves this city it will carry a number of passengers for Chick Springs. It has also been announced that a special train will be in readiness at Chick Springs to bring the members back to this city immediately after the night session is concluded. A rate of one fare for the round trip has been granted.

UNHAPPY GIRL BURIED YESTERDAY

In Cemetery at New Prospect Baptist Church

Eula Smith, the 18-year old girl who killed herself at her home near Anderson last Thursday afternoon, was buried yesterday afternoon at 6 o'clock at the New Prospect church. People from all the surrounding country attended the funeral and there were many sympathizers with the girl's aged mother and sisters.

SAYS PROSPECT HERE IS BRIGHT

Manning Making Final Trip Through Piedmont, Is Pleased With Anderson

Richard I. Manning, candidate for governor, was in Anderson yesterday and reports that he met with a great deal of encouragement. It is impossible to cover the entire Piedmont country, making every town, in a week, and Mr. Manning has taken to some of the places where he was least known.

EXPLAINS THE BOARD MEETING

County Registration Board Will Be In Session Only On Monday and Tuesday Of Week

Several days ago an announcement was printed in a local paper saying that the county registration board will be in session on Monday, Tuesday and Wednesday of next week and that the voters could secure registration certificates only on those days. The statement was in error, according to a member of the board, as the board will be in session on Monday and Tuesday and there will be no meeting Wednesday. Every voter desiring to secure a registration certificate must call at the court house either Monday or Tuesday.

TO DEMONSTRATE IN THIS COUNTY

Milk Testing Seen at Denver School Next Tuesday and Several Addresses To Be Heard

According to a letter received yesterday by J. W. Rothrock, farm demonstrator for Anderson county, experts will come to Anderson Tuesday from Clemson college and will give a demonstration of milk testing at the Denver school. At the same time several addresses on dairying and dairy products will be delivered. The meeting should be interesting and instructive and it is believed that the attendance will be good. The following is the letter received by Mr. Rothrock yesterday: "We are expecting to hold a meeting at Denver school house on Tuesday, September 8th and give demonstrations in separating milk, Babcock testing and in dairy cattle judging. We will also explain in detail the cream route proposition. Prof. Burgess and Mr. Mason will be present and we hope to have Mr. Long, Asst. Dairyman, Clemson college.
