

ELECTRIC TO-DAY "THE SEA WOLF," by Jack London

In seven reels Admission 10c

KRESS' 5-10 AND 25 CENT STORE

Opening Date: Saturday, Oct. 17th

KRESS CANDY QUALITY

The word "Best" is a much battered term when applied to things which have to do with the selling of merchandise. We endeavor to use it only when it represents the actual qualities which we talk about, and from experience know that Kress candy quality has no equal at anywhere near the price.

This condition has been made possible because we have given careful attention to the manufacture, to the equipment of the factories, to the supervision of all conditions, which owing to pure food agitation have been brought prominently to the foreground, whether it be a piece of confection at 10c a pound, or a delightful, delicious chocolate cream, hand dipped, double coated, you may be absolutely certain that you are securing the "Best" that money can buy, made under the most favorable conditions which the modern way of doing things has made possible.

"WATCH KRESS' WINDOWS"

GERMANS BUILDING BIGGEST GUNS EVER CONCEIVED IN KRUPP PLANT

New York, Oct. 12.—Adolph F. Gall, an engineer in the Edison laboratories here, who arrived today on the Helligola, said Germany was building a number of guns which would make the 16-inch guns used against Liege, Namur and Antwerp "look like bean blowers."

The guns, according to Mr. Gall, will have a calibre of 19.50 and 21.45 inches and are being rushed to completion at the Krupp plant in Essen.

"The new guns will shoot from 21 to 25 miles," Mr. Gall said. "The Germans plan to supplant the present batteries of 16-inch guns with these and then mount the old guns on the battleships."

"Then if the German army has captured Ostend and some other points along the channel the new big guns will be ranged there to hold off the British navy and troop ships. In this way the Germans feel they can control a considerable portion of the English Channel of Calais and Ostend. One shot from either of these guns would demolish a dreadnought."

"It is impossible to say how many Zeppelins there are. Many have done excellent service. I know they run in numbers from A-1 to Z-98."

Mr. Gall said he received his information concerning the new siege guns from friends in the Krupp company, whom he had met in a business way.

Confirmed From Amsterdam.

Amsterdam, Sept. 30.—Reports are current in Berlin that the Krupps have completed a number of enormously heavy guns of a calibre and range never before attempted, and that eighty or more Zeppelins are being collected near Kiel awaiting a favorable opportunity to sail for England, according to the statements of a British newspaperman who has just returned from Berlin to Amsterdam.

Artillery officers assured this correspondence that the new Krupp guns have a range of about 25 miles and probably are destined for use at some channel port in event the Germans secure a foothold there.

He also says the aeroplane factories in Germany are working day and night supplying machines and that 200 aviators are qualifying for military service every week.

PIEDMONT FAIR LAST OF MONTH

Greenwood County Fair Will Be Held Oct. 28, 29 and 30 at Greenwood.

Greenwood, Oct. 13.—Special: On account of an apparent misunderstanding as to the dates of the Piedmont Fair, the officers want it distinctly understood that the fair has been postponed from October 21-22 and 23 to October 28-29 and 30. The officers of the association decided to make this change when it became known that the State fair has withdrawn all premiums on live stock. The officers thought best to conflict with the State fair than with some others to be held in this section.

There is now absolutely no doubt as to the success of the fair. Word has been received from quite a large number of live stock men, poultry raisers and farmers from far and near and these have all stated that they will be here and have their exhibits ready. Preparations are being made to care for all exhibits, whether of live stock, poultry, agriculture or whatever they be.

It is impossible to foresee which of the three days will be the better. The program has not been arranged, nor can it be until a day or two before the beginning of the fair, but it is certain to be such that each day's happenings will be very interesting.

There will be horse racing on two of the days at least. Wednesday designated as "Agricultural and Industrial Day," and all exhibits in these departments will be judged on this day. Thursday is to be "Live Stock and Poultry Day" when all cattle, hogs, sheep and poultry will be judged. Friday is given very largely to the schools and colleges. There will be judging of saddle and harness classes on each of the three days, since it will be impossible to finish with these interesting classes in less time.

Governor-elect, Hon. Richard I. Manning, has been invited to be present on the opening day and he has expressed the hope that he may be here.

The Piedmont fair will be held in Greenwood, but the exhibits to be received are not confined to Greenwood county; on the contrary, the following fifteen counties will participate and on an equal basis: Anderson, Abbeville, Chester, Cherokee, Edgefield, Greenwood, Greenville, Laurens, Newberry, Oconee, Pickens, Saluda, Spartanburg, Union and York.

Two important meetings of cotton mill stockholders were held in this city yesterday when the stockholders of the Anderson Cotton Mill and of the Brogan Cotton Mill held sessions.

At the meeting of the Anderson mill stockholders, held yesterday morning, the old board of directors was re-elected.

The board is composed of J. W. Dorsey of New York, G. M. Whittin of Whitinville, Mass., C. R. Mackepeace of Providence, R. I., M. C. Branch of Richmond, Va., J. E. Shirrine of Greenville, J. B. Vandiver, J. A. Brock, N. B. Sullivan and Jas. D. Hammett of Anderson. The directors met immediately after the meeting of the stockholders and adjourned and re-elected officers for the ensuing year as follows: Jas. D. Hammett, president and treasurer; J. R. Vandiver, vice president; and J. M. Cathcart, secretary.

The meeting of the stockholders of the Brogan Mills was held at 12 o'clock, noon, at which time the report of the president showed that the mill has had a good year and that everything connected with the business of the mill is in good shape. The old board of directors were re-elected these being: G. M. Whittin of Whitinville, Mass.; George A. Draper of Hopedale; C. R. Mackepeace of Providence; J. W. Dorsey of New York; Jas. D. Hammett, H. H. Watkins, Jas. P. Gossett, B. B. Gossett and C. S. Sullivan of Anderson.

At the meeting of the directors held subsequently to the meeting of the stockholders the officers were re-elected to serve the ensuing year. They are: Jas. P. Gossett, vice president and assistant treasurer, and G. T. McGregor, secretary.

AWARDED PRIZE.

Mr. A. W. Meredith of Westminster, R. F. D. was awarded the prize of a year's subscription to the Daily Intelligencer for the best essay on "Patriotism in Time of War Abroad and Peace at Home." The essay will be published in Thursday's Intelligencer.

WILL TOUR SOUTH AMERICA.

Boston, Oct. 13.—The world's champion Boston Nationals will make a tour of South America next year, according to an announcement today by Frederico Alfonso Peset, Peruvian minister to the United States, at a baseball dinner by the Chamber of Commerce.

CANNON BOUND OVER TO COURT

Was Given a Preliminary Hearing Yesterday Before Magistrate Broadwell Here.

Richard Cannon, charged with adultery, was arraigned in Magistrate Broadwell's court yesterday morning and was given a preliminary hearing. He was bound over by Mr. Broadwell and in lieu of bond in the sum of \$500 was committed to jail to await trial at the next term of the Court of General Sessions.

When the case was called yesterday and Cannon was asked if he desired the services of an attorney he stated that he did not and conducted his own defense. S. M. Wolfe appeared for the prosecution.

The principal witness in the case was the woman with whom it is alleged that Cannon had illicit relations and she told her story with great difficulty. Frequently she would break down and could hardly complete what she had to say.

Cannon is well known in Anderson, having conducted a business here for a number of years. He was also employed as bookkeeper in this city for some time.

NEW DIRECTORS OF SOUTHERN R. R.

Elected at Annual Meeting of Stockholders of Company Tuesday.

Richmond, Va., Oct. 13.—Dr. Edwin A. Alderman, president of the University of Virginia, and Dr. John C. Kilgo, of Durham, N. C., bishop of the Methodist Episcopal Church South, were today elected directors of the Southern Railway Company, at the annual meeting of stockholders here.

Other directors elected were John Kerr Branch, a banker of Richmond; Robert Jamison, of Birmingham, Ala., and Charles Steele, of New York. The majority of the road's directors, it was announced, now are Southern men.

This is in fulfillment of a hope expressed by Fairfax Harrison, president of the road, in an address made in Chattanooga last January.

"Today's meeting of the stockholders," says a statement issued by a representative of the company, "was the first at which they have had the opportunity to take directly a hand in the management of its affairs and the election of directors, the voting trust which has been in control since the organization of the company in 1894 now being in process of dissolution."

A large number of stockholders attended the meeting in person and over ninety per cent of the total capitalization was represented. The meeting was open to the public.

SOUTHERN DIRECTORS FOR GREAT RAILWAY

HARRISON'S HOPE HAS BEEN REALIZED

THE DIRECT VOTE

At Meeting Yesterday of Southern Railroad Stockholders, Prominent Southern Men Chosen.

Capt. John R. Anderson of the Blue Ridge Railroad yesterday gave out a statement concerning the meeting of the stockholders of the Southern railroad, held yesterday at which time prominent Southern men were added to the directorate of the railroad.

Dr. Edwin A. Alderman, president of the University of Virginia; John A. Kerr Branch, banker, of Richmond, Va.; Dr. John W. Kilgo of Durham, N. C., Bishop of the Methodist Episcopal Church South; Robert Jamison of Birmingham, Ala., and Charles Steele of New York, were today elected directors of the Southern Railway Company, thus making a majority of the board Southern men, and fulfilling the hope of President Fairfax Harrison in his first address before a Southern audience at Chattanooga on January 20th. He said: "I look forward to the time when there may be more Southern men on our board of directors."

Mr. Steele succeeds himself, the four new directors filling vacancies caused by the death of Messrs W. W. Finlay and H. C. Fannstock, the resignation of Mr. Geo. F. Baker, Jr., of New York and the declination of Judge F. H. Gray of New York to accept re-election.

Judge Gary, who is chairman of the board of the United States Steel Corporation and Mr. Baker, who is allied with a number of other corporations, are retiring from the board of directors of the Southern Ry. largely in deference to public opinion of the present day in regard to interlocking directorates, despite the fact that both have been active and useful members of the Southern Board.

Today's meeting of the stockholders of the Southern Railway was the first in which they have had the opportunity to directly take a hand in the management of the affairs and the election of directors.

The voting trust which has been in control since the organization of the company in 1894, now being in process of dissolution.

A large number of stockholders attended the meeting in person and over ninety per cent of the total capitalization was represented.

The meeting was open to the public and there was full and frank discussion of the report covering operations of the company for the fiscal year closing June 30th, and of the recently accomplished financing before approval was voted a number of the directors and principal officers were in attendance and answered questions asked by the stockholders touching the management of the property, and gave all information requested in regard to the affairs of the company and the progress of the territory which it serves.

A RACE WITH DEATH.

Philadelphia, Oct. 13.—A 4,000-mile race to reach their son before he died, was lost by the parents of 9-year-old John P. Heller, whose death from injuries received in a football game was reported today to the coroner. Clyde Heller, the boy's father, is the president of a mining company with interests in Alaska. He and Mrs. Heller were in Vancouver on their way to Alaska when they were informed that their son had been seriously injured. Chartering a boat and a special train to San Francisco, they hurried to his city to learn that the boy had died.

At the same time

We want you to see North Anderson through your own eyes, weigh its advantages in the balance of your judgment—and judge for yourself the future it promises.

MR. H. M. GEER IS CRITICALLY ILL

Attending Physicians Hope That There is Slight Improvement But Condition is Grave.

It was said last night by physicians attending H. M. Geer at Belton that possibly the patient was slightly improved, although his condition is very serious indeed and it is admitted that the patient is critically ill. Slight hopes are entertained for his recovery.

Mr. Geer suffered a stroke of apoplexy Monday morning about 9 o'clock and for a time it was feared that he would not live throughout the day. However, if he can continue to hold his own for the next few days it is believed that he may recover.

UNION FAVORS PROPOSED BILL

Anderson Farmers Yesterday Adopted Resolutions Approving of the Legislation.

The Anderson County Farmers' Union met yesterday morning in the city hall, at which time matters of routine business were given attention. The meeting was not largely attended, although those present made up in interest what they lacked in numbers. J. W. Rothrock, president of the union, could not be in attendance and J. P. Johnson, the vice president, acted as the presiding officer.

The most important action taken by the union was to pass resolutions endorsing the proposed legislation which is now being considered by the South Carolina General Assembly looking to a reduction of the cotton acreage for next year.

BRITISH DUTCH IN SOUTH AMERICA SUDDENLY BREAK IN REBELLION

London, Oct. 13.—The rebellion of a section of the Dutch element in South Africa which broke suddenly today is the first warning note that has marred the harmony in the British Empire since the outbreak of the war and it has momentarily diverted attention from the war as near the heart of the empire.

That this rising was real and dangerous was sufficiently proved by official dispatches from Governor-General Buxton to the Imperial government and by the drastic step General Louis Botha and his colleagues have taken to stamp it out by the imposition of martial law in the whole union of South Africa.

The proclamation of martial law directly charges the widespread secret propaganda of the Germans with being responsible for the seduction of this command, which was one of the four armies sent in the field when the union government undertook to relieve the home government of the task of dealing with the German colonies in the continent of Africa.

It apparently is the belief of General Botha's government that others besides the immediate command of Colonel Maritz may have been affected, hence the inclusion of the whole dominion in the order establishing martial law.

British authorities say Germanizing factors have been at work for years in the frontier districts in Southwestern Transvaal and other Dutch districts.

Telegrams from Cape Town declare, however, that a majority of the Dutch remain absolutely loyal and this seems shown by resolutions drawn up at the emergency meeting of the South African party summoned immediately after receiving news of the rebellion.

The meeting, composed entirely of Dutch speaking Afrikaners, condemned Colonel Maritz. A telegram was dispatched to Premier Botha unsparingly offering the services of the Cape Dutch in any capacity desired.
