COUNTY SCHOOLS MUST MEET REQUIREMENTS

SO SAYS LETTER RECEIVED HERE

TO RECEIVE MONEY

Must Comply With Every Regulation of State Act Before Any Aid Will Be Given Them.

That the schools of the county must meet the State requirements before they can hope to receive the money which the State promises for these conditions, is evidenced by a letter recently received by Superintendent Felton from State Superintendent Swearingen. The letter follows:

Columbia, Nov. 4.

To the County Superintendent of Education.

Dear Sir: Term extension applications should be filed not later than November 15th. See rule 57, page 73, School Law 1912. Please forward all these applications from your county without delay.

A supply of blanks has already been sent each county superintendent. If additional copies are needed, please make requisition for them at once.

Rural graded school applications should be filed as soon as the requirements of the rural graded school act have been met. The enrollment for 1913-14 will be accepted in all cases where the county superintendent feels confident of 50 pupils in a two-teacher school and 75 pupils in a three-teacher school. The average attendance of 30 pupils in a two-teacher school must be fully secured for the session 1914-15 before State aid can be legally granted. Please take special care in observing this feature of the law.

Rural graded school blanks have already been sent to each county. If additional copies are needed, they will be forwarded upon request.

All rural graded school applications should be forwarded by December 1st, if possible. Communities unable to meet the requirements of the law by that date will probably have difficulty in meeting these requirements at all.

I hope every district entitled to term extension aid or to rural graded school aid will take advantage of these appropriations immediately and fully.

Please acknowledge this letter by return mail and state how many applications you are planning to file and when these applications will be forwarded to Columbia.

Relying on your usual hearty cooperation, I am, Yours respectfully, J. E. SWEARINGEN, State Supt. of Education.

Raise Money

Presbyterians of the State Are Making an Effort to Help Educational Institutions.

Anderson Presbyterians are doing their part in the effort soon to be launched to help the Presbyterian College of South Carolina and Chocoma college at Greenville during their time of need. Both these institutions are under the direction of the Presbyterians of the State and they are both in need of help. Prompt Presbyterians here say that Anderson has always done her part along this line and will undoubtedly do so in this particular instance.

An emergency fund of \$7,500, to meet deficits in the income of the Presbyterian college and Chocoma college due to the war in Europe, is to be raised by a special committee of the South Carolina Presbyterian synod, which has appointed to the committee of the canvass the Rev. J. T. Gillespie of Florence, an alumnus of Columbia seminary.

Both of the colleges concerned report full attendance, but say there has been a distressing decrease in current revenues and this is particularly embarrassing in the case of the college for men at Clifton, to which will be apportioned 75 per cent. of the \$7,500.

Besides Mr. Gillespie, the committee which is charged with raising this money consists of the Rev. J. B. Green, the Rev. F. S. McCreary, M. S. Lewis and J. P. McNair. Mr. Green is chairman. The committee organized in Columbia October 27.

Presbyterian congregations throughout the State will be asked by Mr. Gillespie to pay into the fund for the relief of the colleges sums equivalent to 5 per cent. of their donations last year to benevolence.

FROM NOVEMBER 1ST TO NOVEMBER 30TH, WALLACE WILL GIVE REDUCED RATES ON PHOTOGRAPHS TO AVOID CHRISTMAS RUSH. STUDIO 2 DOORS BELOW DRE HIVE.

TO CONCLUDE SESSION IN COLUMBIA TONIGHT

CHRISTIAN CHURCH HAS HAD BUSY MEET

LOCAL DELEGATES

Churches of Christ in South Carolina Have Conducted Interesting Work in Capital.

Representing the Christian church of Anderson and the people of that faith in this city, Rev. and Mrs. Black have been in Columbia for the last few days where they have been attending one of the most interesting conventions held this year by any church body.

Forty-five delegates are in Columbia, representing the Churches of Christ in South Carolina at the 25th annual State convention. The meeting is with the Christian church of Columbia, at Washington and Pickett streets, and will continue through today. State Senator J. C. Richardson of Jasper county is the presiding officer.

Thursday's sessions were devoted largely to discussions relative to auxiliary organizations of the church. In both the morning and afternoon sessions "Ten Minute Echoes From the Atlanta Convention" were heard from J. T. Black, W. H. Brunson, M. W. Maxon and Mrs. C. E. Davis.

Thursday night able addresses were heard from Grant K. Lewis, Cincinnati, secretary of the American Christian society, and F. M. Hopkins, Cincinnati, on "The Programme of the Modern Bible School." A brief talk was made by P. H. Moss, a negro representative of the church.

Other speakers who are in attendance are: Mrs. E. K. Payne, College of Missions, Indianapolis; R. M. Hopkins, Cincinnati; John H. Wood, Atlanta; S. S. Lappin, editor of The Christian Standard, Cincinnati; Rev. Howard T. Cree, Augusta; J. B. Lehmann, president Southern Christian institute, Edwards, Miss., and A. McLean, president of the Foreign Christian Missionary society, Cincinnati.

Programmes for Friday and today follow:

Friday Morning—8:45. Bible school conference, "Increasing Bible School Attendance," conducted by R. M. Hopkins; devotional service led by J. M. Sanders, Bainwell; "Men and Millions," address, Grant K. Lewis; State mission field reports, J. T. Black, C. C. Ware, Earl Gray; address, "Our National Bible School Work," R. M. Hopkins.

Afternoon—2:30, devotional service led by J. T. Black, Anderson; announcement of committees; address, "Retrospect of Our South Carolina Work," Jacob Walters; "Prospects of Our South Carolina Work," W. H. Brunson; paper, "Why Support?" South Carolina Christian, Felix I. Fox; report of corresponding secretary; report of treasurer.

Evening—7:30, devotional service led by J. E. England, Clemson College; committee reports; discussion; benevolence address, John H. Wood, Atlanta.

Saturday—9:45 a. m. Bible school conference, "Increasing Bible School Efficiency," conducted by R. M. Hopkins; devotional service, led by W. H. Brunson, Charleston; address, President J. C. Caldwell, Wilson, N. C.; address, John H. Wood; adjournment.

Contractor Had Painful Accident. Friends in Anderson of John Lowe of the contracting firm of Tut and Lowe, now engaged in building the new Blue Ridge station in Anderson, will regret to know that he met with a very painful accident Friday when a large window, as it was being put in place, fell on his foot. For a time it was feared that Mr. Lowe's ankle had been broken but when an X-ray photograph was made yesterday of the injured member it was found that he had merely sustained a bad sprain. He was confined to his home part of yesterday but will probably be back at work today.

Retraining Says Fair Was Great. Returning to Anderson yesterday from Spartanburg, where he has been spending several days attending the Spartanburg county fair, A. Newt Campbell says that the fair was splendid in every respect. He says that the part devoted to chickens was especially good and that he got many valuable ideas about the way to arrange the exhibit for the Anderson county poultry show, to be held in this city on November 17. Mr. Campbell is doing everything in his power to make the local event a success.

The War

Is Causing Still Further Reductions in the Forces Employed by the Southern Railroad Co.

Evidently the Southern railroad does not intend losing any more money during the European struggle than it can help. Already a number of men have been laid off, numerous changes have been made in the various schedules until hardly more than two-thirds of its trains are still running, and now the officials have gone still one industrial department of the road, according to advices reaching Anderson yesterday.

Official announcement has been made of the merger by the land and industrial department of the Southern railway, of its Asheville and Columbia offices and their removal to Charlotte, where quarters will be maintained at No. 11 South Tryon street, the uptown offices of the system.

Col. T. Gilbert Wood of the Asheville office and Mr. Murrill of the Columbia office will therefore make their headquarters in Charlotte, the change becoming effective Saturday of this week.

The Charlotte office will handle the work of the land and industrial department in North and South Carolina and also Virginia, having to do with a large part of the most productive lands of the Southern railway system. All of this business, which is not only large but rapidly expanding, including the wonderful tourist travel in western North Carolina, will be handled through the Charlotte office.

The manager of the Columbia and Asheville offices is in line with the policy of the system in retrenching. It is stated that the Knoxville and Bristol offices of the land and industrial department have also been merged.

People who have occasion to travel much over Anderson county roads are talking quite a little bit about the wonderful improvement the county changing has made in one stretch of road in Broadway township. This road formerly ran through a bog, was muddy at all times, and had dozens of very abrupt and dangerous curves in it at certain places. The change made takes the road by another course, out of the bog and comparatively straight. Travelers say that it has made a wonderful improvement and is a splendid piece of roadwork.

ELECTRIC CITY SPARKLETS

Splendid Show Delighted Crowd. People returning to Anderson last night reported that the show at the Grand opera house in Greenville was a splendid success. "Peg O' My Heart" has always pleased the people of this city and were delighted with the attraction. William H. Lyon and J. S. Fowler were among the people going from Anderson to witness "Little Boy Blue" Thursday night were: Miss Alberta Brock, Miss Fath Fretwell, Clarence Beaty and Donald Brown.

Want Figures To Aid Fight. Judging from a letter just received by J. B. Felton, county superintendent of education, the State board of education wants to get some convincing facts and figures to present in connection with the fight which will surely be made at the coming term of the South Carolina general assembly for compulsory education. The letter just received here requests that the county board begin at once on securing figures to show what percentage of the voters in Anderson county can write their names. This will be a comparatively simple matter since the club rolls for the primary election will show who was able to sign his name and who had to make his mark.

Armless Man Was Driving Automobile. Crowds collected around the public square yesterday morning to see an armless wonder manipulating the steering wheel of a huge roadster automobile. The man was Frank E. Fitcher of New York and he claims that he is the only armless man in the world who operates, drives and controls an automobile. He claims that he has attained a speed as high as 58 miles per hour. He is making a tour of the country in his car and earns his expenses by selling post card pictures of himself. Quite an amusing feature of his visit was his introduction to Winston Smith, Anderson county's armless auditor, but Mr. Smith is convinced that he could drive the car equally as well as the New York man if he had a machine with a similar arrangement of the steering wheel.

Thinks Situation Will Be Improved. The Anderson chamber of commerce received a very interesting letter yesterday from J. H. Gragdon and company of Philadelphia, Pa., during the course of which the Philadelphia concern says: "We think the situation in the South will be materially better when the early part of the year arrives, due to the plans just culminated of the \$135,000,000 loan on cotton warehouse receipts and by the prospects of Great Britain taking \$100,000,000 worth as stated here by their representative. The operation of the new banking laws will also improve conditions and we think that your prospects will be decidedly better by January 1."

Wants All Delegates To Attend Convention. In an open letter, issued yesterday, Mrs. E. W. Masters, superintendent for Anderson county, says: "I hope that every society in Anderson county and in the Saluda association has elected delegates to be present at the State convention which meets in Newberry next week, November 10-13. Please send your name immediately to J. H. West, Newberry, in order that you may be assigned a home. Also remember to ask your ticket agent for a certificate when you purchase your ticket. This certificate, when signed by the corresponding secretary of the W. M. U. will give you a special rate. Be sure to attend the meeting if possible, because you are expected to be present."

Anderson People Will See Wonder. The transit of the planet Mercury across the sun's face is to take place today and it today brings fair weather. Anderson people will be able to observe this sight between the hours of sunrise and 9 a. m., provided they use a telescope. It will appear like a round, black spot and will be visible in the Eastern part of the United States.

No Hunting on The First Day. November 15 will come on Sunday this year. Possibly the average reader will see but little significance in this fact but the lovers of the gun and dog will deplore the fact that they will have to wait about 24 hours before they can go on their first bird hunt of the season. It is said that game will be plentiful in Anderson this season and the hunters of the county are looking forward to a pleasant season.

Falmotto Show Proving Popular. The Falmotto with the Imperial Musical Comedy company, yesterday and last night played to good sized houses, and judging from the laughter and applause which came from there, the people certainly were getting the worth of their money. Mr. Pinkston promised the people of Anderson that this company was better than any that he had yet played here this season, and it looks as if he knew what he was talking about. There is not a dull moment throughout the performance.

"My Town" Hats Very Popular. Another evidence of the "Anderson spirit" was shown yesterday by the P. L. Cely company when they received a shipment of hats which they had picked out, and named for "My Town." Inside the great band they have had their name printed; T. L. Cely Co. makes a very neat and attractive name plate. This is the hat of hats which they are advertising as the "Best \$3 hat is 'My Town'."

Little Was Done At Board Meetings. The regular monthly meeting of the Board of Trustees of the Anderson city schools took place yesterday afternoon in the offices of E. C. McCanta, superintendent of public schools. The meeting was devoid of any interesting features whatsoever and consisted entirely of the trans-

action of routine business. Bills were audited and ordered paid and this constituted the principal work done. Messrs. Paget and Boleman, both of whom were out of the city, were the only members absent.

Clean-Up Day Was Generally Observed. Clean-Up Day was generally observed yesterday in every public school in Anderson county and as a result the school rooms, the yards, the springs and wells and everything about the school premises will present a neater and cleaner appearance today than at any time this season. The following method was used in cleaning: Yard, total of 20 points; water supply, total of 10 points; floor, walls and ceiling, total of 20 points; windows, total of 10 points; stove, total of 16 points; desks, total of 10 points; blackboards, total of 10 points; material total of 4 points. The schools are rated as follows: schools scoring 90-100, class A; 75-90, class B; 60-75, class C; 45-60, class D; anything below 45, class E. The pupils and teachers in all the schools of the county entered into the affair with a good will.

ADVOCATES INCREASE IN ARMY AND NAVY. (By Associated Press.) SOUTH HADLEY, Mass., Nov. 6.—An increase in the army and navy was strongly advocated today by former President Taft, who spoke at Founders' Day exercises at Mount Holyoke College. He urged also the need of more highly trained officers.

Merchandise Seized. NEW YORK, Nov. 6.—Merchandise of every conceivable form is being seized by Turkish officers in Syria under the mobilization orders, according to missionary reports made public today by the Presbyterian board of foreign missions.

At present there are in Syria 24 Presbyterian missionaries of whom 24 are women. Fifteen are at Beirut, twelve at Tripoli, nine at Soudan and three at Lebanon.

What's "Smatter" With Teddy? NEW YORK, Nov. 6.—The progressive national executive committee met here behind closed doors today, three members and one man holding a proxy attending. They are eight members. Subjects of general party interests were discussed; it was announced, but no action was taken and the meeting adjourned to reconvene December 2 in Chicago. Theodore Roosevelt did not attend and it was said he sent no message.

Calomel When Bilious? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodge's Liver Tonic" is Harmless to Clean Your Stagnant Liver and Bowels.

Ugh! Calomel makes you sick, it's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which is one of the most poisonous substances known to man. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "liver-knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, try a spoonful of harmless Dodge's Liver Tonic tonight on my guarantee.

There's my guarantee—Go to any drug store and get a 50 cent bottle of Dodge's Liver Tonic. Take a spoonful and if it doesn't straighten you right up, add more you feel fine and vigorous I want you to go back to the store and get your money. Dodge's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodge's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodge's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't grip and they like its pleasant taste.
