Col. Wise Has Completed Work on Anderson County Affairs and Will Leave Here Today.

After having been in Anderson county for several weeks, getting all the books of the county in shape for the annual settlement between the county treasurer and the county au-ditor, Col. Wise of the comptroller general's office, completed his labors last night and will feave the city ear-

is thight and will leave the city early this morning for his home in Aiken.

Last night Col. Wise said that he had enjoyed his stay in Anderson and says that he considers this one of the pleasant places in the State to spend a few weeks.

a few weeks.

He said a number of nice things about Anderson county officers and remarked that the offices of both the treasurer and the auditor are in splendid shape. He says that Dr. Tripp's office, under the direction of Clerk Griffith, is being well attended to and that Winston Smith in the auditor's office the very best attention.

EAT LESS AND TAKE

Take a glass of Salts if your Back hurts or Bladder

The American men and women must guard constantly against Kidney trouble because we ent too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken . our overwork, become sluggish; the climinative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health, when your kidneys feel like lumps

with the Savings Detimes during the night; if you suffer with sick headsche or dizzy, nervous spolls, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a table-apocaful in a glass of water beforbreakfast for a few days and you kidneys will then act fine. This famous salts is made from the acid of the stable and promise salts is made from the acid of the stable and promise with ithia, and has been used for genera-lons to flush and stimulate clogged idneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disor-

dera.
Jad Salts is inexpensive; cannot injure, make a delightful ellervescent lithia-water beverage, and beongs in every home, because nobody can make a mistake by having a good kidney ffushing any time.

CASCARETS FOR **BOWELS TONIGHT**

No headache, constipation, bad cold or sour stomach by morning.

Get a 10-cent box. Sick headache, biliousness, coated ongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the in-

testines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes con-gestion and that dull, throbbing, sickening headache.

Carcarets immediately cleanse the stomach, remove the sour, undigested bile from the liver and carry out all the constipated waste matter and pois ons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Chicago Stock Yards Closed

(By Associated Press.)
CHICAGO, Nov. 6.—A large part of the cattle receiving and meat packing industry of the country, long centry. ing industry of the country, long centered in Chicago, tonight temporarily was shifted to Kansas City, Omaha, and other western cities. The Chicago Union Stock Yards, for the first time since its organization in 1865, was closed down for nine days because of hoof and mouth disease among cattle.

The quarantine against all cattle pens in the State went into effect at midnight. The State's action supple-ments the federal quarantine against Illinois.

No more cattle, sheep or hogs are to be received in Chicage until No-yember 16, when business is to be

yember 16, when business is to be resumed after the yards have been thoroughly disinfected.

The packers tonight sent to western branches one thousand butchers to dress animals which ordinarily have been sent to Chicago. They declared the products from their western plants would be sufficient to supply the market without advance in products.

The herd of 600, infected cattle was augmented by 216 more cattle and 600 hogs. No sheep so far have

Will Not Affect Prices.

NEW YORK, Nov. 6.—Dealers at the open markets recently established by the city assured Borough Perident Marks of Manhattan today that the live stock quarantine in various parts of the country would not cause a rise in the prices of meat here.

Mr. Marks was informed that retailers generally have declared a two cent increase, effective next week.

Patterson Music House Opens Doors To Public and Displays Hand-some Instruments.

The Patterson music house threw wide its doors to the public Thursday and on that day and yesterday they had many callers who were loud in their praise of the beautiful pianos on display in this latest addition to Anderson's retail mercantile business. This company proposes to handle planos and organs, buying direct from the lactories paying spot cash for their goods, says Mr. M. M. Patterson, who also stated that by buying their goods direct from the factories and paying spot cash, that they would be able to sell their goods very, very cheap.

would be able to sell their goods very, very chasp.

They have arranged to sell the "Prescott" pianos made by the Cote people; they will also sell the "Pack, ard," the "Mathushek," the "A B. Cameron," and the famous "Weser," one of the cidest and best known makes in the country. The "Weser" has been manufactured and sold continuously ever since 1879, and there are today upwards of 80,000 of these planes in the homes of the music loving people of this country.

There is one very handsome "Weser" in rolld mahogany case standing just inside the front door which attracted quite a great deal of attention yesterday. It containly is a heavity as well as a sweet toned instrument.

The Anderson and Belton high school basketball teams played here yesterday afternoon, and the game, was most interesting and at times exciting to the crowd of enthusiastic friends who had gathered to witness it. Miss Fobble Wakefield of Anderson college, acted as referee and the final score stood 20 to 8 for the Anderson team. This was a source of gratification to the home team as they were the losers in the last game, played in Belton, about two weeks ago. Miss Nan Forney has coached the team and they all are very proud of their work.

Despondency. Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indians, Pa. "For years my digestion was so poor that I could only sat the lightest foods. I tried everything that I heard of to get relief, but not dutil about a year ago when I saw Chamberlain's Tablets advertised and got a bettle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.

Grow Grain

Effort Will Be Made to Interest Every Farmer in South Carolina in Great Movement.

Anderson county farmers do not need to be told that in the planting of grain lies the solution of the cotton problem. They have already fig-ured it out and are now making their plans to plant more grain in Ander-son county than people around here ever saw before. However, they are nevertheless interested in the effort, shortly to be made, to round the far-mers of others sections of the State

nto line. Plans for a whirlwind campaign in South Carolina to interest the farmers in the growing of grains are being worked out by efficials of the State department of agriculture, the United States farm demonstration forces and Clemson college. A conference is to be held this week between Commissioner Watson and W. W. Long, State agent for the demonstration work and the Clemson extension work when the campaign will be discussed

when the campaign will be discussed and the speakers selected.

Tentative arrangements provide for several parties to visit all of the counties. From five to six meetings will be held each day. Short addresses will be delivered on the necessity of planting grain and questions asked by farmers will be answered. Automobiles will be used to make the trip over the State.

The campaign in the interest of the "live at home" movement will be launched as a result of the law passed by the general assembly reducing the cotton acreage in South Carolina in 1915.
