CHARGES WILL BE DISMISSED

Indictments Against Victor Innes and Wife For Murder in Atlanta Ga., Dismissed.

(By Associated Press.)
SAN ANTONIO, Texas, Nov. 11.—The charges of murder and conspiracy to murder against Victor Innes and his wife, of Eugene, Ore., in jail here in connection with the disappearance of Mrs. Elois Nelms Dennis and Miss Beatrice Nelms, of Atlanta, Ga., will be dismissed Monday next, District Attorney Linden announced in court today.

At a hearing in the court where the Innes trial is set for Monday, Mr. Linden said the state has been unable to establish the fact of the Nelms sisters' death and therefore would not undertake trial. The case will be called before the regular jury, and if a plea of not guilty is entered, the court will instruct a verdict of that character.

Indictments against Innes and his wife, returned by an Atlanta, Ga., grand jury and charging misapplication of funds, still are pending, and an effort will be made to take them there for trial. This will be contested. The sister, Miss Beatrice Nelms and Elois Nelms Dennis, disappeared in June last. They were traced to Texas, where all clues were lost.

Building and Loan Associations Taxed

More Than 6,400 Associations Handling \$1,750,000,000 Will Be Affected.

(By Associated Press.)
WASHINGTON, Nov. 11.—All transactions of building and loan associations will be subject to a stamp tax under the war revenue law, according to an opinion handed down today by Solicitor Johnson, of the treasury. It is said more than 6,400 associations having nearly 3,000,000 members and handling annually about \$1,750,000,000 will be affected. Unless the collectors' ruling is protested and reversed by a higher authority, collections from the revenue bill may be increased by it to several million dollars in excess of the estimates made by Congress.
 The opinion differs from that of the commissioner of internal revenue and an assistant attorney general, who interpreted the revenue tax law of 1898. The language in both cases is held by loan association officers to be identical. No opinion has been asked in the present instance from the department of justice, but if protests are made, it is possible Secretary McAdoo will seek construction from the attorney general.

Pullman Car Has Been Discontinued.
 It appears that the rumor heard in Anderson to the effect that the chair cars were to be taken off the Piedmont & Northern Line were groundless and that the Interurban will continue to furnish this splendid service. The Pullman sleeping car, running over the P. & N. between Spartanburg and Atlanta, via Greenwood, was taken off Saturday. It made its last trip back from Atlanta on Sunday morning and then the service was discontinued. Anderson people regret that this was necessary but they all hope that the chair car service may be continued.

Using Only One Dormitory Now.
 As report says that the officials of Anderson College have determined to reduce their expenses to a minimum and with that idea in mind they have discontinued the use of one splendid dormitory at the college and all the pupils have been lodged in its other dormitory. The better class educational institutions of the State all suffered somewhat severely as a result of the business depression induced by the war and Anderson college was no exception, therefore one dormitory is fully large enough to accommodate all of the young ladies in a very comfortable manner.

PIPE ORGAN ARRIVED FOR PICTURE THEATRE

BEAUTIFUL INSTRUMENT IS BEING INSTALLED.

WILL OPEN SOON

Those Behind New Enterprise Are Planning To Open "Theatre Beautiful" November 20.

The handsome musical instrument ever brought to Anderson for use in a moving picture show has reached the city and will be installed and ready for use within the next few days. The instrument was brought to Anderson from Greenville on the Brisby Lumber company truck and placed in the quarters to be occupied by the theatre.
 F. M. Burnett, who is to be manager of the new show, said last night that he expected to open the place on November 20 and certainly not more than a few days after that date. He thinks that he will have all his plans complete by that time and be ready for the first public performance.

The picture show is to be located in the vacant store room in the handsome Kress building on South Main street. The lobby of the theatre will be fitted up in very handsome style, much after the fashion of some of the larger theatres in the city. Everything possible will be done to make the theatre comfortable and sanitary.
 Mr. Burnett said last night that the chairs for the theatre would arrive today and that little more would have to be done in regard to equipment before the opening performance takes place.
 The best obtainable feature services have been secured for the new theatre at a considerable outlay and it has been determined to make the theatre second to none in this part of the country.

in the Hillman building on Whitner street, just next door to Tolly's. This is the first affair of its kind for this season and those interested feel that they should be able to raise a considerable sum today. The dinner will start at 12 o'clock.

Big Order

Was Placed Yesterday by Blue Ridge Railroad to Williamston Quarry For Stone.

The Carolina Stone company of Williamston was awarded a good contract yesterday by the Blue Ridge railroad when that line ordered 15,000 tons of stone from the Williamston quarry. This rock will be used by the Blue Ridge railroad in the work of ballasting the road. Some months ago the Blue Ridge announced that the entire road would be ballasted and since that time the force of the road has been busy in getting the plans ready for the work to begin.
 John T. Neaton, president of the Carolina Stone company, came to Anderson yesterday in person and the contract was secured by him. He made the statement before he left the city that deliveries of the stone would be begun at once.
 This well known concern furnished all the stone used in the construction of the Blue Ridge railroad station, now rapidly nearing completion.

Gamblers

Are Having a Hard Time At The Hands of Magistrate—County Is Getting Many Fines.

Just about the last detachment of the negroes rounded up within the last few days by the sheriff's forces on charges of gambling, appeared yesterday in Magistrate Broadwell's court and were fined. This wide up the list of those now in jail but a few yet remain to be caught and they will later get into the toils.
 Yesterday Jesse Carter, a negro, entered a plea of guilty to the charge of gambling and was sentenced to pay a fine of \$20 or to serve on the public works for 30 days. He said:
 "I'm Hall and Jim Marshall, both negroes, also entered a plea of guilty to the same charge and they too were fined \$20, which each paid."
 The last few days have been busy ones for Mr. Broadwell and he has had a court room full of negro gamblers practically all week.

No Radicals

Everything Voted in Anderson County Was Democratic—No G. O. P. Or Bull Moose.

Not a single supporter of the "Grand Old Party" or one "Bull Moose" ventured forth from his hole last Tuesday, according to the returns of the election commissioners for Anderson county, which was made public yesterday.
 According to the report of the local election commissioners, there were 1,032 ballots cast in this county and both Ellison D. Smith, candidate for the United States senate and D. Wyatt Aiken, candidate for congress from the Third District, received this number of votes.
 Therefore it seems that everything in Anderson county is Democratic.
