ANDERSON SCHOOLS OPERATED CHEAPLY

COST PER PUPIL PER MONTH FOR SESSION JUST ENDED \$1.16 2-3

STATE RECORD THE MENU

There Are Over 3,000 Pupils Enrolled in the City Schools. Proportion.

With the dismissing at noon yesterday of over 3,000 school children for the Christmas holidays there was brought to a close a term of the public schools of Anderson marked by the lowest cost of maintenance per pupil per month of any school district in the State of South Carolina, very probably.

From the time the public schools opened in September up until the time work was suspended yesterday the cost per pupil per month has been \$1.16 2-3. This represents running expenses of the schools only, and does not take in interest on bonds, interest on investment or anything of that nature. But in cost of running expenses per pupil per month it is quite probable that this record surpasses that of any other school district in the State.

Majority White Pupils.
The record made by the Anderson schools is all the more remarkable when it is taken into consideration that there are almost three times as many white children as colored children in the public schools, as it is generally understood that the cost of schooling white children is somewhat in excess of that for schooling the colored children. Records of school districts in the lower part of the State where the colored children in the schools are about as numerous as the white children, if not in the majority, probably do not compare with the record which has been made this year by the public schools of this city.

3,096 Enrolled.
The enrollment in the white schools of the city is 2,281 and that of the colored schools 815, making a total enrollment of 3,096. There are eight white schools and three colored schools in the city system.

The Edison Diamond Disc Phonograph

This wonderful instrument has no needles to change, using a diamond for the reproducing point, giving the music a natural tone free from the disagreeable scratching sound that you find in other machines.

Although the fire destroyed the Edison plant, we are able to furnish the machines and records promptly.

We invite you to COME IN and HEAR THEM.

THE OBJECT

Salvation Army Puts Out Pots to Collect Contributions For Xmas Dinner.

"Keep the Pot Boiling" is a familiar sign to be seen on street corners of every city of consequence in the United States at this time of year.

The well known little sign made its appearance on the streets of Anderson yesterday, this one being set up at the north east corner of North Main and East Whitner streets. The little red pot, covered with wire mesh, and suspended by a chain from a tripod, was kept "boiling" throughout the day by the dropping in of nickels, dimes, quarters and sometimes pennies.

In many cities these little pots are presided over by a young lady of the Salvation Army organization, who attracts the attention of the passing throng by ringing a tiny bell. The pot placed on the streets here yesterday, however, is watched over by a little boy.

Ensign Belcher of the local post of the Salvation Army stated yesterday that he will place another one of these little pots on the streets today, probably on the corner of South Main and East Benson streets. It is customary to put little pots out just a few days before Christmas, when the crowds on the streets are thickest and when better results are likely to obtain.

On the card attached to the top of each tripod from which a pot is suspended the object of the same is explained. Funds collected in this manner are used for furnishing Christmas dinners to poor and deserving families of the city.

Wins Pony

Miss Nancy Banks Gets First Prize in Belton Journal Contest.

First prize in the pony contest conducted by the Belton Journal was won by Miss Nancy Banks, who received 75,180 votes. She is the recipient of a dandy little pony and handsome outfit.

The second prize, a watch, was won by Master Donald McCuen, who received 75,085 votes.

The person receiving third highest number of votes was Miss Edna Campbell and the one receiving fourth highest number of votes was Miss Marion Keese. They received 67,760 and 40,495 votes, respectively.

Gore, Ga., P. A. Morgan had occasion recently to use a liver medicine and says of Foley's Cathartic Tablets: "They thoroughly cleansed my system and I felt like a new man—light and free. They are the best medicine I have ever taken for constipation. They keep the stomach sweet, liver active, bowels regular." Foley Cathartic Tablets are stimulating in action and neither gripe nor sicken. They are wholesome and thoroughly cleansing, and keep the liver active. Stout people like them.

Fireworks

Will Be in Order From 7 O'clock Tonight 'til Midnight Saturday.

From 7 o'clock tonight until midnight of Saturday the youngsters of Anderson, both boys and girls, the grown-ups, the middle-aged, the aged and infirm and in fact everybody who wants to, will be permitted to "burst" fireworks to their heart's content. But in the execution of this privilege they must have a care, for there are certain regulations in the city ordinance which govern the places where these things may be shot, exploded, burnt or set off. Nothing shall be fired within 200 feet of a cotton platform or other place where cotton is stored. Bonfires will not be allowed on any of the paving, and permission to build bon fires must be obtained from the chief of police.

It appears that the stock of fireworks this year is about as large as that of last year, so it is altogether probable that about as much noise will be made tonight as ever. Fireworks of any description, with the exception of the cap sticks, will be permitted.
