Seneca Social Life. One of the most elaborate and enjoyable affairs of the Christmas festivities was the reception given by Miss Mae Hamilton, in the handsome Hamilton home, on the Waihalla road in honor of Miss Hunter, who is to wed the 14th of January. The lower floor of the old mansion was thrown open; and in the parlor the Christmas colors were carried out in the decorating scheme.

On Monday afternoon of this week Mrs. T. E. Stribling and Mrs. C. V. McCary entertained for Miss Hunter, in the home of Mrs. Stribling, at a "Love Party." The score cards had on one side Cupid and on the other love verses. Miss Mae Hamilton and Mrs. B. A. Lowry tied in the score and in the cut Miss Hamilton won the prize, a gift book "Love in All Ages," which she presented to the honoree. A delightful feature of this affair was the musical program. Mrs. Jas. Lowry, accompanied by Mrs. C. E. Smith, sang in her tender, touching way, "The Palace of Dreams" and "Two Little Love Birds." A graphophone played throughout the evening. After cards luncheon was served, at the close of which a toast was drunk to the bride, the last sip being taken to the health of the absent one (the groom). The signal for the toast was given on the piano by Mrs. B. A. Lowry in the first chords of Mendelssohn's wedding march. Misses Annie Hunter and Clara Vermer McCary assisted at the desk and kept score. Mrs. C. H. Ellison and Miss Kittie Sleigh sat at the piano. The following is the invitation that is being sent out: "Misses Annie Hunter and Clara Vermer McCary assisted at the desk and kept score. Mrs. C. H. Ellison and Miss Kittie Sleigh sat at the piano. The following is the invitation that is being sent out: Mrs. C. H. Ellison and Miss Kittie Sleigh at home, Friday afternoon, January 8th, 1915, four o'clock. Shower—things a girl would like.—Miss Hunter.

Commerical and Financial

Stocks and Bonds.

NEW YORK, Jan. 2.—Record breaking dullness attended the opening of the New Year on the stock exchange. In today's two hour session only 23,300 shares were traded in, some of the prominent issues failing to appear at all. The undertone of leading stocks was barely steady, after opening with general declines. The only notable changes were in some of the inactive specialties. Shares of several of the automobile companies added to recent gains, while the Gould stocks showed more firmness. Completion of the details connected with the \$150,000,000 loan by local banking interests to Argentina was included in the small budget of general news and rumors of further loans to establish credits at this center for some of the European governments were reviewed. Sentiment regarding the outlook in London, where market operations of a restricted character are to be renewed next Monday, was somewhat chilled by the latest disaster to the British navy. London bankers, according to private cables, were arranging for the purchase of 250,000,000 francs 6 per cent French treasury bills. Home news included more November railway returns, the Pennsylvania road showing a net loss of about \$480,000 for its eastern lines and \$320,000 on the part of the system west of Pittsburg. The weekly bank statement showed very few changes, loans and the cash increase being comparatively nominal, with a \$3,000,000 decrease of reserves. Today's bond market was no less negligible than that for stocks. Total sales, par value, aggregated \$551,000. For the week United States government and Panama bonds gained from 1-3 to 1 per cent on call.

Dry Goods

NEW YORK, Jan. 2.—Cotton goods and yarns were quiet today, many of the large houses being closed. Bur-laps were firm. Linens ruled very firm.

Cotton Goods.

NEW YORK, Jan. 2.—Trading has been more inactive in cotton goods markets this week, but prices have held very steady. Two leading numbers figures of 4-4 bleached cottons were placed at value preliminary to an advance, after active sales were made to the jobbing trades. The next merchandising movement looked for in the trade is the naming of prices on cotton blankets for the fall of 1915. The year went out with stocks of these goods cleaned up in first hands. As wool blankets will be very dear for next season because of the high price of wool and the active demand for export of army grades, cotton blankets bid fair to be in good demand. They will be cheaper because of lower cotton. Mills engaged on print cloths and staple conventions are less inclined to sell contracts at prices they will accept for spots. Southern staple shirtings have been advanced from the low prices and future buyers are being taken subject to ability to secure dyestuffs. There had been a steady search in all quarters of the market for job lots of cotton goods and buyers have found less than normal quantities offered. Export trade is developing slowly.

New York Cotton

NEW YORK, Jan. 2.—Cotton prices advanced sharply here today. The local exchange was the only futures market open and business was only moderately active. Houses with foreign connections were buying, however, and there appeared to be some demand from trade sources. All months made new high ground for the movement, with October contracts selling up to 8.57, or 7 points above the best price previously reached since the reopening of the exchange on November 16. The close was within a point or two of the best and steady at a net gain of 12 to 13 points. The market opened steady at an advance of 5 to 7 points on covering and irregularly during the early trading, but there was no southern hedge selling and early advices from the interior indicated continued firmness in the spot market. Buying was also encouraged by reports of an improving tone in the markets for cotton goods while the large amount of cotton reported on shipboard not cleared at the end of the week, suggested a continued liberal export movement.

Four German Army Officers Taken Off Ship

PHILADELPHIA, Jan. 2.—Local representatives of the department of justice tonight took into custody Morris Detches, said to be an attorney of New York, on a charge growing out of the alleged issuing of false passports in New York.

Most Important Arrest

NEW YORK, Jan. 2.—Maurice Detches, arrested in Philadelphia, is a prominent New York lawyer and an American citizen, although of German parentage. It was learned tonight that his apprehension was considered by the government of far greater importance than of any other of defendants in the passport case. It was alleged that Detches was active in advising reservists in connection with procuring the passports. Mr. Detches has been active in Democratic politics. He will be brought to New York, it was announced tonight and arraigned Monday before United States Commissioner Houghson. It was intimated that had Mr. Detches consented to be examined, sensational developments might follow. It was asserted that although Mr. Detches was far the most important of the defendants there were others connected with the case with whom the attorney is said to have been associated.

Indian Troops Cooking Chupatties in France.

The commissary of the Indian troops Great Britain sent to France has something different and apart from that of the regular troops from England, Belgium and France. They must have not only their own eatables, but their own methods of cooking. This photograph shows them making chupatties, a sort of round flat cake, much like an enlarged pancake, which they cook over fires made in the ground. The dish is one of the necessities of the Hindoo regime, and seldom does a day pass in the camp of these troops when they do not eat chupatties.

BIG INCREASE IN DEPOSITS

Reserve Deposits Show an Increase of Six and a Half Million Dollars.

(By Associated Press.) WASHINGTON, Jan. 2.—Reserve deposits in the 12 federal reserve banks showed an increase of more than \$6,000,000 at the close of business December 31, according to today's weekly condition statement, which follows: Gold coin and certificates \$229,069,000. Legal tender notes silver certificates and subsidiary coin \$26,578,000. Total \$255,647,000. Bills discounted and loans: Maturities within 30 days \$4,632,000. Maturities within 60 days \$4,215,000. Other \$1,746,000. Total \$10,593,000. Investments \$255,000. All other resources \$11,849,000. Total liabilities \$38,950,000. Reserve deposits \$256,697,000. Federal reserve notes in circulation (net amount) \$3,775,000. Total liabilities \$277,844,000. Gold reserve against all liabilities 88.2 per cent. Cash reserve against all liabilities 98.4 per cent. Summing up the week's showing the board said: "The statement indicates a loss of 2.7 million dollars in total cash resources and of 3.5 million dollars in gold as compared with the previous week's figures. The loss of cash in the hands of the banks is more than offset by an increase of 3.7 millions of gold, in the hands of federal reserve agents. Loans and discounts show an increase of over two million dollars, Richmond, Minneapolis and Philadelphia and Dallas showing the largest gains in discount operations during the week. Chicago and New York for the first time reports investments in public securities. The gain of 6.5 million dollars in all other resources is due chiefly to the increase in the amount of national bank notes and federal reserve notes in the hands of the banks. Deposits show an increase of 6.2 million dollars, mainly at those banks which report a gain in discount operations. Federal reserve agents report additional issues to the banks of 3.6 million dollars of federal reserve notes, but because of the still larger amounts of gold and lawful money in their hands and of federal reserve notes in the hands of the banks themselves the net liability of the banks upon their outstanding circulation was at the end of the year only slightly above .37 million dollars."

IMMIGRATION BILL CONTAINS LITERACY TEST

(CONTINUED FROM PAGE ONE)

tion of engaging in agriculture in the United States and to become American citizens. Virtually Same as House Bill. The literacy test, as finally approved, is virtually as it passed the house. All amendments to enlarge the exemptions to admit persons fleeing from political or racial as well as religious persecution were rejected. The section reads in part: "That after four months from the approval of this act, in addition to the aliens who are by law now excluded from admission into the United States, the following persons shall also be excluded from admission thereto, to wit: "All aliens over 16 years of age, physically capable of reading, who can not read the English language, or some other language, or dialect, including Hebrew or Yiddish; "Provided, that any admissible alien heretofore or hereafter legally admitted, or any citizen of the United States may bring in or send for his father or grandfather, over 55 years of age, his wife, his mother, his grandmother, or his unmarried or widowed daughter, if otherwise admissible, whether such relatives can read or not; and such relatives shall be permitted to enter. "The following classes of persons shall be exempt from the operation of the literacy test, to wit: All aliens who shall prove to the satisfaction of the proper immigration officer or to the secretary of labor that they emigrated from the country of which they were last permanent residents for the purpose of escaping from religious persecution; all aliens who have been lawfully admitted to the United States and who have resided therein continuously for five years, and who have in accordance with the law, declared their intention of becoming citizens of the United States or who return to the United States within six months from the date of their departure therefrom; all aliens who have been lawfully admitted to the United States and who later shall go in transit from one part of the United States to another through foreign contiguous territory. Other features of the bill which change existing law are designed primarily to increase safeguards of health and morals and to protect labor. The head tax on immigrants is increased from \$4 to \$6.

PREPARING TO RESIST INVADERS

Believed Germany Will Attempt Some Day to Land on East Coast of England.

(By Associated Press.) LONDON, Jan. 2.—(7:25 p. m.)—In the belief that Germany probably will attempt a landing some day on the east coast of England, Yorkshire is making special preparations to resist the invaders. A corps of civic guards and volunteers has been enrolled with headquarters at Hull, and funds are being raised by subscription to provide uniforms and other equipment. Baron Nunburnholme, the leading spirit in the project, said today the movement was making satisfactory progress. Instructions have been drawn up by the military authorities as to the course to be pursued by non-combatants and the new force in the event of an invasion. "Coughs that hang on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking is gripe coughs that wrench the body and cause soreness and pain in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years' record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can find nothing that will compare with this reliable remedy.—Sold by Evans Pharmacy. Skeleton for a poem entitled "Charge of the Anderson Brigade—Mud to the front of them, mud to the rear of them, mud beneath them, kersplash and kersplash." Did you pay your taxes before the old year died?—Greenville Piedmont. Now, we waited and laid the money on his eyes. We sincerely hope that "the evil that men do live after them, the good is oft interred with their bones" does not apply to years.
