by Keebee.

"Ambrosia's First Falsehood," one of those funny
farce comedies for which the Keystone Co.
are famous.

Will Celebrate 100th Anniversary of Peace on Last Battle Field

Last Salute Will Be Fired Exactly One Hundred Years to the Minute
From the Time General Jackson Triumphed Over the
British Near New Orleans.

NEW ORLEANS, Jan. 7.—A three-day celebration of the one hundredth anniversary of peace among English-speaking people will begin here tomorrow on the site of the last armed conflict between the United States and Great Britain. The ceremonies will be opened with firing of a salute of 21 guns so timed that the last gun will boom at 8:20 o'clock tomorrow morning, exactly one hundred years to the minute, according to historians, that General Jackson finally triumphed over the British on the field of Chalmette near New Orleans.

Peace advocates from many parts of the United States and Canada will witness formal exchange of greetings between a representative of the President of the United States and an especially appointed envoy of the king of England, watch the unveiling of a monument to General Jackson and see the maneuvers of the seventh United States infantry and other regular soldiers transported from Texas City, Texas, for the celebration. The seventh infantry composed a part of Jackson's command a hundred years ago.

The soldiers will be in charge of Brigadier General J. Franklina Bell, commanding officer of the second division, who is here with 73 other army officers and 2,000 men. Sailors will take part in the Chalmette ceremonies and a military parade Saturday will be commanded by Rear Admiral McLean, who arrived here last night on the battleship Rhode Island from Vera Cruz.

Speeded up the Factory

A BIRMINGHAM Selling House received a rush order for machinery. The sales manager called the factory at Pittsburg on the telephone, and was assured that the order would be shipped as desired.

Bell Telephone service is an essential link between the selling house and the factory.

FOREIGN MISSION BOARD BENEFICIARY

OF \$50,000 SCHOOL BONDS PURCHASED BY COL. JOS. N. BROWN

RECORD MADE

Other Half of \$100,000 Issue Purchased Goes to Miss Brown Individually.

One-half of \$100,000 of bonds of Anderson school district No. 17 is to go to the foreign mission board of the southern Baptist Convention upon the death of Miss Varina D. Brown, according to a record which has been filed in the office of the county clerk of court. Miss Brown is the beneficiary of the other half of the bonds, and upon their maturity they are to be paid to her, if living, or, if not to pass under her will. Should Miss Brown die before Col. Joseph N. Brown, the \$50,000 of bonds which are to go to the foreign mission board are to revert to him. The record in both cases is of a joint act of Col. Joseph N. Brown and Miss Varina D. Brown.

When the Anderson school district sold the \$100,000 bonds some time ago Col. Brown bid in the entire issue. All of these, with the exception of three, have been executed and delivered to the purchaser. The remaining three bonds have been executed, but will not be delivered until a similar amount of old school bonds, which are yet outstanding, have been located, retired and destroyed.

One of the bonds was filed yesterday with the clerk of court for recording, with the following endorsement on the back: This bond is one of fifty bonds of \$1,000 each, numbers 51 to 100 assigned by Joseph N. Brown, the purchaser, to the trust estate of Varina D. Brown, of which the corpus of said bonds shall constitute the said trust estate and the coupons shall be paid to said Varina D. Brown, herself, personally into her hands as they fall due, so long as she lives, and at her death shall vest in the said Joseph N. Brown, if living, and if dead, then to pass under his will to foreign mission board of the Southern Baptist convention. These bonds shall remain intact until maturity and then be simultaneously reinvested in registered United States Panama bonds, due in 1981, or other similar, and the income to be paid as above. Nontransferable.

DIES IN LOUISIANA

Cary Chachere, Little Son of Dr. and Mrs. S. C. Dean, Dies Away From Home.

STARR, Jan. 7.—The many friends throughout the county of Dr. and Mrs. S. C. Dean will be pained to learn of the death of their little son, Cary Chachere, which occurred at the home of Mrs. Dean's parents, Dr. and Mrs. T. C. Chachere, at Church Point, La., on Wednesday night Jan. 6th. Dr. and Mrs. Dean and their little son went to Louisiana to spend the Christmas holidays with the parents of Mrs. Dean and although their little boy was not very well at the time they left home, his condition was not at all alarming and they thought he would be all right in a few days. However, his condition gradually grew worse and Dr. Dean advised his mother here a few days ago that the little fellow was seriously ill and that they were very much alarmed over his condition. Several specialists on diseases of children from New Orleans were called in and everything possible was done for him but the little fellow had to give up his brave fight for life. Little Cary Chachere was thirteen months of age and an unusually handsome child and had a most lovable disposition, making friends with everybody.

The home coming of Dr. and Mrs. Dean will be a sad one indeed and they have the deepest sympathy of a host of friends in their great bereavement.

GREAT BRITAIN WILL NOT DISTURB SHIPMENTS FROM UNITED STATES

(CONTINUED FROM PAGE ONE) through cooperation of Italy most copper cargoes will be free from molestation hereafter. Although the Italian government considers its embargo against the exportation of copper sufficient guarantee in the matter, it has decided to help American shippers by certifying the cons'gments before they leave the United States. The Italian foreign office will investigate the business of the consignee and the purposes for which he seeks to use the imported copper. On learning the copper is strictly for home consumption, it will authorize a certificate, to that effect to be issued by the Italian embassy in Washington and to be submitted to the British consul at the American port.

GEOGRAPHY OF THE WAR IN EUROPE IS SUBJECT

OF ADDRESS TO BE DELIVERED HERE ON SATURDAY BY PROF. HUGHES

COUNTY TEACHERS

Will Hold Their Monthly Meeting at West Market Street School.

Members of the Anderson County School Teachers Association are keenly interested in the meeting tomorrow of this organization, which will be held at West Market street, beginning at 12 o'clock. The address of the occasion will be made by Prof. E. L. Hughes, superintendent of the city schools of Greenville, and his subject will be "The Geography of the European War." The subject is particularly timely, and owing to this fact it is probable that others besides members of the association will drop in to hear the address.

Prof. Hughes needs no introduction to the school teachers of Anderson county, or rather to those who have attended the summer schools at Wintthrop College and other points in the State. At these summer schools for teachers Prof. Hughes stands at the top of the list of those brilliant teachers who are gathered from the four corners of the earth to give instruction to those attending the summer training schools.

Capital City News

COLUMBIA, Jan. 6.—One of the convicts to receive clemency from Governor Bleasie is a recent batch was Thos. J. Craft a white man of Lexington. It is reported on good authority that Craft broke jail and escaped while his case was on appeal, and is still at large. He was convicted of murder with recommendation to mercy sentenced to life imprisonment in the State penitentiary. The governor reduced this sentence to ten years. It is stated that Craft fired into a house and killed Garfield Hutto, the same bullet wounding two others. It was for this offense that he was tried and found guilty and sentenced to life imprisonment. It is stated that the man who Craft killed had no trouble with him, and that he just fired into a house, killing Hutto and wounding two other innocent parties.

The secretary of state today issued a charter to the Seaboard Building and Loan Association of Charleston with a capital of \$150,000, the officers being R. G. Rhett, president; G. B. Buel, vice president, T. T. Hyde, secretary and treasurer. The company will do a general building and loan business.

A commission was secured for a charter for the W. T. Cunningham Lumber company of Pettig in Hampton county, to do a general manufacturing business in lumber and accessories. The company will have a capital of \$50,000. Petitioners for the charter are W. T. Cunningham and E. P. Carter.

WHISKEY IS STOLEN BUT SOON RECOVERED

Numerous Burglaries at St. Matthews are Explained in Part by Arrest

ST. MATTHEWS, Jan. 6.—As a sequel to the recent numerous burglaries which have been going on here, the dispensary at this place was broken into last night and about \$45 worth of whiskey stolen. George Taylor and Warren Davis, two negroes, the former of whom has no enviable name, are in jail under charge of the offense. A crowbar was used to part the iron bars in the rear of the building. A buggy from a nearby shed was put into service, the breakers acting as horse and driver. Bloodhounds were secured from J. N. Whangas at Singleton this morning as soon as the breaking was discovered, and they trailed directly to the barn where the two negroes were at work. A search of the barn was made and the liquor was found. In addition to the liquor was found \$125 worth of clothing and general merchandise, among them the hats and other goods stolen from the buyck company Sunday night. C. E. Clay identified the goods as his. The bars was a veritable hidden commissary of food and clothing.

A Wonderful Buying Opportunity

THE unusual thing about our present sale of overcoats is the quality of the goods offered at the prices.

Here are the highest quality overcoats at every price, bought to sell at former prices and with the idea of giving the best values ever.

Men's Overcoats.	
\$20.00 Values now	\$18.00

"The Store with a Conscience"

Scene in Portsmouth Harbor, Near Where Formidable Was Sunk.

This is a scene in Portsmouth harbor, the most important rendezvous of the British navy in the war, off which the battleship "Formidable" was sunk by a German submarine or mine. The fact that the Germans approached so near the southern base of the British fleet has spread uneasiness through the United Kingdom. Were it possible for a submarine to enter the harbor it might attack a half-dozen battleships.

The "Formidable" sank in a heavy storm. More than 600 of her crew went down with her. The loss of the vessel herself is not of great importance to the British navy, for the reason that she was of the pre-dreadnaught type and was manned with old guns. But the officers and men on board could not be well spared.

It has been the policy of the admiralty to keep the dreadnaughts of the navy within harbor, away from chance of sinking by the German submarines. The ships of lesser importance, like the "Formidable" and the cruisers, have been sent on duty in the open sea. The larger battleships have been held for the time when the German navy may break from its base.

Had Only Molasses For Their Meals and Revenously Licked the Plates

FIVE TINY NEGRO BRATS FOUND SQUATTING ON FLOOR FARTAKING ONLY OF THIS.

OTHER CASES

Relief Association Finds Two Cases Among Whites—One of These is Particularly Despicable—Jobs Are Wanted.

With nothing but cheap molasses for a meal and precious little of that, five tiny negro brats were discovered yesterday squatting about on the floor of the churches but they know as some folks their plates clean of the last drop of black syrup. Their old mamma was out somewhere trying to earn a few pennies at odd jobs here and there, probably stopping now and then to swap ignorance and superstition with a companion-in-poverty over some dilapidated fence, or fuming and fretting over the deeds of a black, ignorant and poverty-stricken "cut-throat" whose hands are unskilled and whose hardest day's labor at the wash tub or with the scouring mop is at best no more than the price of a piece of "rat back" the size of her wrinkled old hand.

The negro reported back to General Secretary Burnett that he found five small negro children sitting about in the floor of a hut on Hornet street licking their dinner from their plates. The men in this instance being a small measure of cheap molasses. There was no other food in the house, the investigation revealed. The mother of the brats, it was reported, worked when she could find anything to do, but there was little that her unskilled hands could find to do during these so-called hard times.

It seems that the family had gotten along fairly well during the lifetime of the man who acted in the capacity of father and husband. But their daily provender "got killed" a year or more ago, and since that time the old woman has had to shift for herself and her brood of five small children, the oldest of whom is not old enough to be of any service to anyone. The matter was taken in hand and the general secretary of the relief association will see that the family is provided food and a few other bare necessities of life.

Third Case Yesterday.

A third case, involving white people was reported yesterday to the association. An old white woman, whose only clothing seems to be a mass of rag rags, was found tipped into covering for her body and whose feet are on the ground. She has been begging on the streets. Her case was taken up by the association and through Ensign Belcher of the Salvation Army an investigation was made. The Salvation Army had been giving assistance to the old woman from time to time, out of the limited means at hand, and was therefore in a better position to make the investigation. It is reported that the old woman is living with two of her daughters. One is an invalid and the other has two illegitimate children. The association proposes to send the old woman to the county home, place the sick daughter where she can be looked after, place the children in respectable homes, and send the erring girl to some institution in an effort to induce her to mend her ways.

Jobs are Wanted. What the association needs most of all, stated Secretary Burnett yesterday, is about 25 good jobs, that is jobs for men who have been used to drawing good wages, men who are too proud to beg or accept charity, "what they want," said Mr. Burnett, "is a chance to work, and they can take care of themselves. People having any kind of work they want done are urged to communicate with the employment bureau of the association, the telephone being 500. Contributions of clothing, food and fuel are also needed, and these may be sent to the Y. M. C. A. building on West Harris street, which has been designated by the relief association as a repository for contributions to the association.

United States Senator Ill. SPRINGFIELD, Ill., Jan. 7.—United States Senator James Hamilton Lewis, of Chicago, is seriously ill at the governor's residence here from an attack of acute indigestion which developed last night. His physician advised several days rest.
