**HURT IN AN ACCIDENT.**  
Young People Are Injured When Automobile Turns Turtle.

**BARNWELL, Jan. 14.**—An automobile accident occurred near Dunbar Sunday, which resulted in the occupants of the car, Misses Lillie Owens and Goolsby and Barney Owens, being more or less seriously injured, according to a report received here. Although the details are lacking, from what can be learned in Barnwell the young people were enjoying a spin when the front axle of the machine broke, causing the car to turn turtle and pinning the riders to the ground. They were unable to extricate themselves and were forced to wait until a passerby helped them out. Miss Goolsby had an arm broken and it is feared that Mr. Owens suffered internal injuries. The extent of Miss Owens' injuries is not known. Mr. Owens and his sister reside near Dunbar and Miss Goolsby is a teacher in the school at that place. Her home is in Denmark.

**SAVES DAUGHTER**

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the women's tonic. I thought it was no use for I was nearly dead, and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

**Winners in Rebus Contest Announced.**  
Announcement of the winners in the rebus contest conducted by the Anderson Paint and Color Company was made yesterday. The first prize, a creamer, was won by J. L. Farmer. The second prize, a berry ladel, was awarded Archie L. Todd. A second prize was awarded C. C. Tribble, the gift being a card receiver. The prizes were purchased from the Marchbanks & Babb company and were on display in the windows of this well known and popular establishment for several days before the closing of the contest. There were 19 answers submitted in the contest. None of the answers were correct, but the winners of the prizes announced came nearest solving the rebus.

**No Recorder's Court Yesterday.**  
Once again there was nothing doing in the recorder's court. When the judge ascended the bench yesterday and pounded with the gavel for the court to be in order he was informed that there were no cases on the docket, whereupon he again pounded with the gavel and declared court adjourned. For the past several days matters in the police court have been all but negative. Up until a late hour yesterday afternoon no arrests had been made, and indications were that the recorder would find little of anything to engage his attention in the court today.

**Long Jury Trial Before Magistrate.**  
For three hours in the court of Magistrate W. C. Broadwell yesterday afternoon a jury wrestled with the evidence in the case against S. L. Edmonds, who was charged with obtaining goods by false representations. The result of their deliberations was the returning of a verdict of "not guilty." The allegations in the case were to the effect that last November Edmonds obtained merchandise from a store near Riverside Mill, assigning to the merchant to secure the debt wages which he claimed due him from the mill, that Edmonds purchased goods to the amount of \$6; that he went and drew his wages out himself, amounting to \$2 instead of \$6, as he had given the merchant to understand was the amount. This \$2, however, was applied by Edmonds to his debt. The jury looked the matter over, and there was no malicious intent on the part of Edmonds to commit fraud, since he drew out wages due him from the mill and applied as much as he had to his account.

**Unlucky Number Are in Jail.**  
The fact that there are 13 prisoners in the county jail is not worrying James Williams in the least, for he does not place very much confidence in the old superstition, about this numeral being associated with bad luck. The 13 prisoners in the county jail are all negroes. Of the number, one is a woman. This is the first time the jail has been without a white prisoner in a considerable while. Those persons now being held in jail are waiting trial at the February term of the court of general sessions, which will be convened here February 1.

**Local Concern Will Manufacture Machines.**  
A letter received some time ago by the chamber of commerce from James M. Cason, Route 1, Piedmont, stating that he had perfected a machine for threshing small grain and was anxious to form a partnership with some one and place the machine on the market has attracted the attention of a local manufacturing concern. Secretary Porter A. Whaley of the chamber of commerce has written Mr. Cason with reference to the matter and it is probable that the inventor of the machine and representatives of the local concern desiring to manufacture the machine will get together in the near future and consider plans looking toward manufacturing the machine here and making this the headquarters for its distribution.

**Instigates Held.**  
The fifth and last of a series of Sunday school institutes planned for Anderson county under the auspices of the Anderson County Sunday School Association was held yesterday with the Methodist Episcopal church at Pendleton. They have been presided over by Dr. J. C. Carman, state superintendent of the South Carolina International Sunday School Association.

**Is Nominated Mayor of Pendleton.**  
S. Lawrence Eskew has been re-elected intendee of the town of Pendleton for the seventh time. In being into office this time, however, he will be associated with an entirely new board of aldermen, consisting of E. Harris, Jr., Ralph Hunter, J. E. Garvin and N. H. Campbell. None of these aldermen have been in politics before. They are progressive, wide-awake young men of the town and it is expected that Pendleton will see considerable advancement along material lines during the administration of this new council and the mayor who has been honored with the same office for the seventh time.

**SPLENDID ROAD WORK DONE BY PLANTERS**

**SECTION OF CONCORD ROAD BEING PUT IN FINE SHAPE NOW**

**NEGROES HELP**

**Between Four-Mile Post and North Anderson Road is Harrowed and Dragged.**

D. Sloan Maxwell, mail carrier on rural route No. 2, brought with him on his return to the city yesterday afternoon reports of an excellent piece of repairing which is being done on the Concord road, beginning at a point four miles from Anderson and extending this way to North Anderson, by several white planters and negro tenants.

They are running a harrow over the road and are following this with split-log drags. The harrow takes off the high places and pulls the loose earth down into the depressions in the surface of the road, while the split-log drag serves to put the finishing touches on the job.

The white planters engaged in this commendable work are Foster L. Brown, D. M. Smith and C. C. Shelley. They are being assisted by the following negro tenants, who are working free: Enoch Starks, Tom McCade, Foster Agnew and Lloyd Dawson.

Now is the time to get in the best work with split-log drags on those roads which have dried out sufficiently to permit of their use. It is probable that as soon as the city streets have dried out more the road-working forces will be put to work running drags over the main highways in the city.

**Defer Trip to Columbia Few Days.**  
Secretary Porter A. Whaley of the chamber of commerce announced last night that the trip which he and Prof. W. W. Long, state agent of the farmers' co-operative demonstration work, with headquarters at Clemson College, had planned to make to Columbia, leaving here next Sunday night, for the purpose of appearing before the Anderson county legislative delegation with reference to an appropriation of \$800 for the purpose of placing an agricultural expert in Anderson county to be of assistance to the farmers, would be deferred until the latter part of next week. The change in plans was made for the reason that the General Assembly adjourned Friday afternoon until the inauguration, which will take place Tuesday, and because there was no use in his and Prof. Long going there Sunday and being so long time waiting for an audience with the delegation. Senator J. L. Sherman, who returned to the city yesterday afternoon, from Columbia, has agreed to call the delegation together in Columbia for the purpose of giving Mr. Whaley and Prof. Long a hearing.

**1914-1915 School Term Half Over.**  
The pupils and teachers of the city schools of Anderson begin the second half of the 1914-1915 term. The examinations marking the middle of the term closed yesterday, and there was great rejoicing on the part of pupils and teachers that half of the long road had been covered.

**Invited to Send Ten Delegates.**  
The chamber of commerce is in receipt of a communication from A. V. Snell, managing secretary of the Charleston chamber of commerce, inviting this organization to send a delegation of 10 representatives to the Development Conference to be held in that city February 11 and 12. At this conference, at which it is expected business men from all over the State will be present, the question of the advisability of securing emigrants from the northwest and from Europe to settle on some of the waste lands of South Carolina will be taken up and discussed. Following the conference, on February 13, the regular quarterly meeting of the South Carolina State Commercial Secretaries Association will be held. Secretary Porter A. Whaley of the local chamber of commerce is president of this organization. Whether or not the chamber of commerce will send delegates to the conference and Development Conference will be decided within the next few days. It is hardly probable, it is stated, that the chamber of commerce will send delegates to this conference, as there are no cheap lands in this section of the State which would interest emigrants, and in addition, this section is already confronted with the bringing of more people here who would have to have work to survive.

**Better Chautauquas Promised Anderson.**  
The entertainment committee of the chamber of commerce, under the auspices of which the chautauquas was held last spring, is in receipt of a communication from the Redpath Chautauquas, of Chicago, stating that the concern had received the various rating estimates on the 1914 chautauquas tent as made up by the committee of this city. These estimates, it is stated, will be of great value in determining upon the talent which will make up the 1915 chautauquas for Anderson. The letter further states that it is the earnest desire of the chautauquas bureau to make next summer's chautauquas of even more worth to this community, both in inspirational value and in entertainment.

**Community Builder In New Publication.**  
The chamber of commerce has received from headquarters of the Redpath Chautauquas a letter stating that this concern had begun the publication of a monthly paper called "The Community Builder," and that it will be sent to all committeemen of the chautauquas. The charge, it is stated, is for the publication of the paper, is to come in clear personal terms, with the committee men and local chautauquas anticipated to better inform them as to plans for a better year, acquaint them further in ad-

**Personal**

Willet P. Sloan has gone to Highlands, N. C. on a pleasure trip.

C. B. McCown of the Mountain Creek section was in the city yesterday.

Ernest McCown of the Mountain Creek section was among the visitors in the city yesterday.

Henry Zimmerman of New York, C. H. Nobs of Newark, N. J., J. C. Good of New York, and F. T. McDonald of Cincinnati, jewelry drummers, were in the city yesterday on business.

A. G. Ballard of Williamston was in the city yesterday.

Wardlaw Wharton of Iva was among the visitors in the city yesterday.

Miss Sallie Wharton of Iva was shopping in the city yesterday.

**AGAINST REPEAL OF REDUCTION LAW**

Farmers' Union of Sumter County Passes Resolutions on the Cotton Situation.

SUMTER, Jan. 14.—The Sumter County Farmers' Union, assembled in this city, passed the following resolutions:

"Resolved, That we, the members of the Sumter County Farmers' Union, do hereby commend the stand taken by our delegation in passing the present cotton acreage reduction law, and since conditions have not changed, it is the desire of this union to have this law remain upon the statute books and to be enforced."

"Resolved, second, That we memorialize our present delegation to oppose any repeal of said law, and if necessary to take steps to have a test case of said law made before cotton planting time."

"Resolved, third, That we memorialize our delegation to support a law making it legal for State warehouse commissioner to make sales of cotton, backed by the State, under the necessary restriction."

"Resolved, fourth, That a copy of these resolutions be given to our county papers for publication, to each member of our delegation, and that our delegation to the State Union be instructed to introduce similar resolutions at the meeting of the State union soon to assemble in Columbia."

"J. FRANK WILLIAMS, President."

"L. M. WARREN, Secretary."

**Chamberlain's Cough Remedy—The Mother's Favorite.**

"I give Chamberlain's Cough Remedy to my children when they have colds or coughs," writes Mrs. Verne Shaefer, Vandergrift, Pa. "It always helps them and is far superior to any other cough medicine I have used. I advise anyone in need of such a medicine to give it a trial." For sale by all druggists.

**UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED**

"Godson's Liver Tonic" Will Clean Your Stagnant Liver Better Than Calomel and Can Not Sicken.

Calomel makes you sick; you lose a day's work; Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel laxy, sluggish and all knocked out; if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Godson's Liver Tonic instead of using sickening, salivating calomel. Godson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine; your liver will be working; your headaches and dizziness gone; your stomach will be sweet and your regular. You will feel like a new man. You'll be strong, full of energy and ambition.

**SAGE AND SULPHUR DARKENS GRAY HAIR**

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to put in her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair, which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyn's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies is that Wyn's Sage and Sulphur is the only hair dressing that darkens the hair, brings back the gloss and lustre and gives it an appearance of youth.

**WE BUY AND SELL DEBTS**

If anyone owes you money, furnish us an itemized written statement of the account.

**WE GET THE MONEY**

If you owe anyone money, we will help you pay the debt by:

Our Mutual Loan Plan.

Our "Indies" will call on slow payers and collect bad debts.

That is his business.

**HOW TO CURE A LA GRIPPE COUGH**

"Coughs that hang on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking la grippe coughs that wrench the body and cause soreness and pain in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years' record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can do nothing that will compare with this reliable remedy—Sold by Evans Pharmacy.

**UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED**
