"SACRIFICED TO THE GUNMEN OF CAPITALISM"

Inscription on Wreath Laid on Coffin of Victim of Shooting in New Jersey Strike.

(By Associated Press.) ROOSEVELT, N. J., Jan. 23.—Patrick F. Gill and Daniel T. O'Connell, federal industrial relations commission investigators, who have been assigned to the strike situation here, returned to New York tonight to report to Chairman Frank B. Rowley. Before leaving Mr. Gill said they had seen officials of the American Agricultural and Chemical Company and that to-day they had no trouble getting admittance to the plant. The investigators will return Monday.

The joint funeral of Donato Alessandro and Carmen Parry, victims of Tuesday's shooting, was held today. The casket was carried with flowers to the cemetery, a ribbon inscribed "Sacrificed to the gunmen of capitalism" was draped over the casket. Union officials made short addresses during which the dead men were termed "the martyrs of an awakening that will result in the driving of gunmen from the State of New Jersey."

Two hearse bearing the bodies were followed over the three-mile course by the company's several hundred men, women and children, snatching through mud and rain. All along the line of march business houses were closed and blinds were drawn.

Police officers accompanied by representatives of prosecutors' offices, followed the Williams and Clark plant in a motorcade. A number of guns said to have been used by the guards Tuesday. These guns, with empty cartridges, will be used as evidence against the accused men. It was reported late tonight, but not confirmed, that 27 of the men arrested had been identified as alleged New York gunmen, and also that one of the numbers has agreed to turn State's evidence.

THE FOLLOWING families have moved into our midst within the last few weeks: J. E. Kunkel, 12 E. Broad, Geo. Nally and Geo. James. There will be something at Bethel church Sunday morning and evening at eleven-thirty and seven-thirty. Sunday school at 10 o'clock. Regular services at Bethel Baptist church Sunday morning and evening at the same hours. All are invited to attend.

BUSINESS DULL ON STOCK EXCHANGE

Although the Week as a Whole Was Memorable For Its Great Activity.

(By Associated Press.) NEW YORK, Jan. 23.—Business today on the stock exchange was relatively dull and the movement more narrow than recently. The trend of prices was downward from the outset on further liquidation, combined with bear pressure, but in the later dealing the list made partial recovery.

London presented the same low level for American stocks, Baltimore and Ohio being the only exception, with a slight gain. There were indications of more European selling in this market, chiefly of the less active metals and some industrial and mineral shares. The latter again failed to make favorable response to the higher price asked for the raw product.

Although the week-end shows material recession from the top level, the week as a whole was memorable for its greater activity. Sales of stocks in that period approximated 1,000,000 shares, while bond transactions on the exchange were close to \$20,000,000. From all trustworthy accounts, private sales of listed and unlisted bonds were far in excess of the latter figure.

1914-15 CROP MAY EXCEED 1911

Census Bureau's Report Shows 14,907,942 Running Bales Has Been Gained to Jan. 16

(By Associated Press.) WASHINGTON, Jan. 23.—A record cotton crop for the 1914-15 season was indicated in the census bureau's report today showing 14,907,942 running bales had been ginned prior to January 16. Ginnings from January 1 to 15 amounted to 460,440 bales, and exceeded those of that period in any previous year. They also took the total ginnings beyond any previous year, exceeding the record production year of 1911 by almost 400,000 bales.

Until the census bureau's final ginning report is issued on March 20 the exact size of the 1914 crop will not be known, but it is believed it will be larger than the 1911 record production—15,553,073 running bales. It depends upon the quantity ginned from January 16 to the end of the season, which in any crop of 1,000,000 bales, and for the past five years has averaged 455,596 bales. Should as much be ginned as in 1911, this year's crop would be close to 16,000,000 bales.

Ginnings by States: Alabama 1,676,061; Arkansas 941,881; Florida 85,113; Georgia 2,598,942; Louisiana 484,497; Mississippi 1,145,793; North Carolina 853,830; Oklahoma 1,147,497; South Carolina 1,425,768; Tennessee 342,982; Texas 4,120,904; all other States 136,043. Ginnings of sea island cotton by States: Florida 33,283; Georgia 41,214; South Carolina 5,667.
