GOOD DAYS WORK DONE BY CRIMINAL COURT

IS TRUE BILLS, 7 PLEAS OF
GUILTY AND TWO TRIALS
BY JURY

THE OFFENDERS

The Crimes They Committed and
Confessed and the Punishment
Meted Out.

The spring term of court of general session for Anderson County, convening yesterday morning with Judge Frank B. Gary of Abbeville presiding, promises to be one of the most remarkable that has been held in this county in years in respect to the number of cases wiped off the docket on the opening day of the session.

Convening at 10 o'clock and adjourning a half-hour before the regular time, or 5:30 o'clock, and recessing an hour and a half for dinner, the day's proceedings consisted of 19 true bills returned by the grand jury, 7 cases disposed of by the defendants entering pleas of guilty, one case disposed of by jury trial and another jury case partly finished.

Please of Guilty.
 Shortly after court convened one Lawrence Hammond, whose case was brought over from the last term of court, came forward and entered a plea to charges of assault and battery with intent to kill. He was sentenced to serve two months in the State penitentiary or on the public works of the county.

Albert Thompson and Joe Bates pleaded guilty to charges of housebreaking and larceny, and were sentenced to serve one year each in the State penitentiary or on the public works of the county.

J. T. Parks entered a plea of guilty to charges of larceny of live stock. He was sentenced to serve 18 months in the State penitentiary or on the public works of the county.

Maud Sales came forward and pleaded guilty to larceny, and received a sentence of two months in the State penitentiary or on the public works of the county. She recently stole \$50 from the residence of Frank P. Robertson, 505 South Main street.

Lester Lark and Fred Pringleton pleaded guilty to charges of housebreaking and larceny, and were sentenced to serve 10 months each in the State penitentiary or on the public works of the county.

Plummer Turner pleaded guilty to charges of housebreaking and larceny and was sentenced to serve 9 months in the State penitentiary or on the public works of the county.

Verge Hunter pleaded guilty to charges of housebreaking and larceny and was sentenced to serve 10 months in the State penitentiary or on the public works of the county.

George Keller pleaded guilty to charges of disposing of property under lien, and received a sentence of 15 months in the State penitentiary or on the public works of the county.

Jury Trial.
 The first jury case taken up was that of Steve Robinson, charged with burglary and larceny. The jury returned a verdict of guilty and Judge Gary sentenced the prisoner to serve 5 years in the State penitentiary or on the public works of the county. Robinson recently entered the residence of Col. James T. Roberts and stole a brace of fine pistols and a gold watch. He was later arrested by State Detective W. B. Drennan, who found the pistols and watch in the ceiling of the negro's house. The following jury tried the case: E. Lee, Owens, W. P. McClelland, R. H. Tripp, G. F. Eagle, B. M. Aull, L. F. Kay, W. F. Mattison, J. H. Wright, T. L. Little, Guy H. Norris, B. A. Wilson and A. L. Rollins.

The next case taken up was that of J. F. Kennedy, charged with assault and battery with intent to kill. When court recessed at 5:30 o'clock, one-half hour before the regular time, on account of the absence of several witnesses, two witnesses for the State had been examined in the case. The following jury is trying the case: H. G. Anderson, G. F. Eagle, R. H. Tripp, B. A. Wilson, T. K. Royer, A. A. Sullivan, J. B. Massey, F. C. Bowen, Guy H. Norris, W. H. Harrison, W. S. Breazeale and F. E. Alexander.

HEADACHE, COLDS, COSTIVE BOWELS, TAKE CASCARETS

**To-night! Clean your bowels and
end Headaches, Colds,
Sour Stomach.**

Get a 10-cent box now!
 You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.
 Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?
 Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.
 A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

EXPORTS LARGER THAN RECEIPTS

Predicted That This Will Be the
Record Week For Shipment
This Season.

NEW ORLEANS, Feb. 1.—Shipments of cotton from ports today were over 100,000 bales larger than receipts, totalling 155,647, against 55,249 received. Foreign shipments aggregated 136,493 bales. These figures gave strength to predictions that this will be the record week for exports thus far this season just as the shipments today made a new record.

Bulls predict that the export movement for February will be over 1,500,000 bales or about 200,000 bales larger than January exports. This forecast is based on the large freight bookings, the continued spot demand and the piling up of stocks at the ports, although port stocks lost 35,225 bales today, being reduced to 1,920,900.

In some quarters it was predicted that the height of the export movement will not come until March. Shippers now are paying 13.75 a bale for room for Rotterdam and all available ships are being pressed into the cotton trade.

The total amount of cotton on shipboard at all ports on the week end was 519,223 bales, breaking all records. Over ten million bales of the crop already have been marketed and many local traders think the remainder of the crop may be sold more easily than was the first ten million bales.

COLLEGE TRUSTEES WILL MEET AT NOON

TO CONSIDER BOND ISSUE
AND MATTER OF CANVASS
OF STATE

AT COLLEGE

Baptist Convention Authorized Issuance \$75,000 Bonds and \$100,000 Canvass.

A meeting of the board of trustees of the Anderson College will be convened at noon today at the college for the purpose of considering the proposition of issuing \$75,000 bonds on property and conducting a canvass of the State for the purpose of raising \$100,000 for the institution.

Dr. W. E. Taylor of Sumter and other out of town members of the board of trustees of the college, arrived in the city yesterday afternoon in order to be present at the meeting today.

It will be recalled that the meeting of the State Baptist convention, in Charleston, last December, the trustees of the Anderson College were authorized to issue \$75,000 bonds on the college property and carry on a campaign in the State for the purpose of raising \$100,000, all of which is to be used in the interest of the institution.

It is to consider these two propositions and matters of a routine nature that the meeting of the trustees will be held today.

FEEL BLUE—OR JUST STUPID
 Sluggish bowels and torpid liver usually go together and it does not take long for constipation to produce a bad condition—a feeling of languor or lassitude—the "blues," headaches, palpitation or other malady. Indeed, when in this condition the system invites more serious illness and is not able to throw off disease. Foley Cathartic Tablets are a wholesome laxative and cleansing cathartic. They act without inconvenience, griping or sickening.

TRANSMISSION LINE OUT OF COMMISSION

FOR SHORT WHILE YESTERDAY ON ACCOUNT OF
SHORT CIRCUIT

SOON REPAIRED

Wire Came in Contact With Wet Pole Just West of Oliver Bolt's Residence.

A short-circuit on the transmission lines of the Southern Public Utilities Company between Portman Shoals and the city, caused by a wire coming in contact with an extremely wet pole, at a point just west of the home of Mr. Oliver Bolt, crippled the several cotton mills about the city using electric current for several hours yesterday.

The trouble occurred shortly after 9 o'clock yesterday morning and by 2 o'clock in the afternoon the cause of trouble had been discovered. By 3 o'clock the damage had been repaired and the transmission lines restored to service.

As soon as the transmission line went out of commission the steam turbine auxiliary plant in the city was fired up. This was started working about 1 o'clock and supplied power until the Portman Shoals power was brought into service again.

Manager H. A. Orr of the Anderson branch of the Southern Public Utilities Company stated that the short circuit was caused by a cross arm on a cedar pole giving way slightly and allowing the wire to come in contact with the pole. The pole forms the point of an angle in the line and for this reason the cross arm had to give way only a few inches in order to cause the wire to come into contact with the pole. The particular pole where the cross circuit occurred is of cedar and had become thoroughly soaked with rain, which caused the wire to become grounded as soon as it touched.

The Anderson Cotton Mills, the Orr Mills, the Townsend Twine Mill and the Equinox Mill were affected by the disabling of the transmission line. The power from the Gregg Shoals plant kept the city supplied with current, so industries of a smaller nature were not affected by the trouble on the Portman Shoals line.

Henry Moseley has returned to Lowndesville after a short stay in the city.

Has Used Chamberlain's Cough Remedy for 20 Years.

"Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.

Burriss Metal Shingles

GREAT FIRE PROTECTION

In the case of the fire Monday afternoon, which destroyed the two story house at No. 204 Bleckley Street, and occupied by Mr. Will Edwards, the houses adjacent thereto would surely have burned if they had not been as safe as they were as a result of the extremely wet weather we have been having recently.

A Burriss Metal Shingle roof will afford great protection in case of fire near you; this has been proven time and time again.

Better look into this now. Our Fire Department is terribly handicapped by getting to the fires on account of the very bad streets.
