SECOND OF SERIES OF LECTURES GIVEN

AT GLUCK MILL UNDER AUS-
PICES OF THE Y. M.
C. A.

WAS ENJOYED

Title of Lecture Was "John G.
Patton Among the Canni-
bals."

The second of a series of illustrated, religious, educational lectures which is being given at the mill of Anderson under the auspices of the extension department of the Young Men's Christian association was delivered last night to a large and appreciative audience at Gluck Mills, the subject of the lecture being "John G. Patton among the Cannibals, or a Travels through the New Hebrides." The first lecture, "Touring Through Northern India," was given several weeks ago at the various mills about the city and was enthusiastically received wherever delivered. The lecture was splendidly illustrated, which adds considerably to their interest. They are delivered by Mr. D. H. Homan, assistant secretary of the Y. M. C. A.

The series of lectures will cover a wide range of countries and will probably continue through March. After missing the lecture at one mill Mr. Homan goes to another mill village the following night, or some night thereafter, where the same lecture is again shown. As the lectures are shown at six mills, it takes a week for one lecture to go the rounds, when it is given every night.

The efforts of the Y. M. C. A. to afford them pleasant and profitable amusement and is highly appreciated by the residents of the mill village, as is shown by the manner in which they turn out for the lectures.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver
Better Than Calomel and You Don't
Lose a Day's Work

Clean up your sluggish liver! Feel free and cheerful, make your work a pleasure, be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crumbles into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Calomel to eat? If you want to enjoy the finest, golden liver and bowel cleanser ever experienced, just take a little of harmless, Dodson's Liver

DAM AT AUTUM WASHED AWAY MONDAY AT NOON

FURNISHED POWER FOR
MAKING OF ELECTRIC
CURRENT

WILL REBUILD

Structure Was But a Year Old.
Cause of Giving Way Is Not
Known.

The main dam across Three-and-Twenty Creek at Autumn where water is collected for generating power for the Pendleton Manufacturing Company and for furnishing lighting current in the town of Pendleton was washed away at noon last Monday. The dam was 150 feet long and 12 feet in height and constructed of wood. A large section in the middle of the structure gave way. The cause of the break has not been definitely determined, but is believed that it was due to timbers giving way or by vacuum, caused by water pouring over the dam, undermining the mud sills of the structure.

The dam was practically new, having been constructed only about a year. The dam which stood on this site previously was in use for a period of 10 years. It is stated that the entire structure will have to be replaced, and that it will cost in the neighborhood of \$600.

Little or no inconvenience was caused by the break in the structure, as there is an auxiliary steam plant at Autumn, which was put into service shortly after the dam washed away.

Water in Three and Twenty creek was not unusually high at the time the dam broke, it is stated, so it is not likely that the break was caused by unusual pressure against the structure from above.

John Welborn, Roy Doyle, W. L. Hubbard and Mack Reed were among those from the country in the city yesterday.

Mrs. E. J. McCown of Mountain Creek was among the shoppers in the city yesterday.

Hon. C. C. Featherstone of Greenwood was a visitor in the city yesterday.

R. S. McIver of Greenville was among the visitors in the city yesterday.

Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, headache and dizziness gone, stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and does not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the
Wireless on the Streets of Anderson

County Board In Session.

What will in all probability prove the last meeting of the present board of county commissioners was held yesterday in the office of Supervisor J. Mack King. A large number of claims were approved and several applications for admission to the county home were considered. The bill authorizing the governor to appoint county commissioners for Anderson county has passed both branches of the legislature and it is expected that in the next few days Governor Manning will make the necessary appointments.

Stole Corn and Shelled It Later.

Mr. J. C. Duckworth, manager of the oil mill at Williamston, told yesterday of a prank committed by a negro last week which is probably without parallel in this section of the country. A negro broke into the corn crib of Mr. Duckworth's father, Mr. S. J. Duckworth, near Williamston, and stole a quantity of corn on the ear. The negro repaired to a nearby field, where he sat down and shelled the corn. The cobs and one of the sacks he had used in stealing the corn were found in the field the following day.

Only One Case Before Recorder.

There was but one case, involving two offenders, before the recorder yesterday. Eugene Thornton and Los Agnew were the defendants, and the charge against them was disorderly conduct. Each was sentenced to pay a fine of \$5.

Whaley and Long On to Columbia.

Secretary Porter A. Whaley of the local chamber of commerce and Prof. W. W. Long, State Agent of the Farmers Cooperative Demonstration Work, with headquarters at Clemson College, left yesterday morning for Columbia, where they appeared before the Anderson county delegation yesterday afternoon at 4 o'clock, at the Jefferson Hotel in the interests of an appropriation of \$800 for furthering agricultural work in Anderson county.

Birthday Party For Mr. Jackson.

Several Andersonians went to Iva yesterday where they attended last night a birthday party given in honor of Mr. T. C. Jackson, Sr., upon the attainment of the sixtieth year of his age.

Will Look After Seybt Plantation.

Roy E. Burriss, well known and capable young farmer of Anderson county, has been engaged to look after the plantation of the late U. E. Seybt, which lies a mile east of the city, beyond the Riverside Mills. Mr. Burriss will shortly move his family to the Seybt home. Mrs. Seybt will move to the city and make her home with Mr. and Mrs. Tom Hill, who will occupy the old Hill residence in East Orr street, which has been recently remodeled and improved.

Brought Back From Georgia.

Magistrate R. I. Yeargin of Sandy Springs sent Constable B. C. Elrod over to Royston, Ga., last week for J. W. Elgin, who is charged with non-support of his wife and children. The warrant was sworn out by Mrs. Elgin. It is stated, left home October 27. He was arrested Saturday and lodged in the county jail. Magistrate Yeargin was appointed in December to succeed Magistrate Earle Green, who died.

Recommissioned as a Notary Public.

Leon L. Rice, Esq., whose commission as notary public was revoked by Governor Bleasde shortly before the primary two years ago, yesterday received a commission as notary public from Governor Manning. He is the third notary public to be commissioned in Anderson county by the new governor Manning, the others being Capt. H. H. Watkins and J. C. Shearer, of the Bank of Anderson.

Did G. Hog See His Shadow?

Whether or not the ground hog saw his shadow yesterday depended altogether on the time of day he issued forth from his hole, for there was sunshine, rain and cloudiness alternately throughout the day. The old superstition is that the ground hog comes forth on February 2 and if he sees his shadow returns to his hole for a period of 40 days, knowing that the backbone of winter is not broken. If he fails to see his shadow, his Excellency remains out, knowing that winter has broken.

Fire Truck Is Inspected.

Following an inspection of the automobile fire truck Monday by Mr. Doven, an inspector employed by the American-LaFrance Fire Engine Co., from whom the truck was purchased by the city of Anderson three years ago, the big machine was given a try out yesterday morning down South Main street. The mud was so deep and heavy that the machine stalled in two places, once at the intersection of McCully street and once in front of the residence of Mr. D. H. Russell. Mr. Brown stated that he found the machine in splendid condition and complimented Driver Furman Geer on the excellent care he takes of the machine.

Bible Examinations at Frazer School.

The regular mid-term Bible examinations were held yesterday at Frazer Academy, under the directions of Headmaster W. H. Fraser. This was the last of the regular mid-term examinations, the others having been held some days ago.

Mr. Walter Hembree Has Pneumonia.

Friends of Mr. Walter Hembree, who is connected with the Coca Cola Bottling plant of this city, will regret to learn that he is suffering from pneumonia. His condition yesterday was regarded as much better than it had been. His friends wish him an early return to good health.

Small Fire in Courthouse Basement.

As he was about to leave the office of county treasurer late Monday night, Louis Green, a clerk in the office, noticed smoke curling up out of the basement. Making an investigation, he found that some coal in the furnace room had become ignited by coming in contact with the steam plant. Policeman Clamp, who was on the courthouse beat and who is familiar with the water hydrants in the courthouse, being a former janitor of the building, entered the building and quickly extinguished the blaze. A still alarm was turned in to the fire department, bringing out several of the firemen with hand chemical extinguishers. The damage was negligible.

Will Be Examined By Lunacy Board.

A negro man named Will Adams, aged about 35 years, was taken in custody yesterday by the sheriff and lodged in take county jail. Adams is suspected of being mentally unbalanced and will be examined for lunacy. The negro lived near the Riverside Mills. It was stated at the sheriff's office that the negro had indulged in no violence, but merely appeared to be so mentally weak that he could not take care of himself.

IMPROVEMENTS BEGUN AT HOTEL CHIQUOLA

WORK ON CONSTRUCTION OF NEW LOBBY STARTED YESTERDAY.

WILL BE BEAUTY

Entrance Will Be Changed to North Main Street Side of Building.

Work of remodeling and changing the main entrance of the Hotel Chiquola was begun yesterday afternoon at 1 o'clock, under the direction of Mr. C. M. Guest, who has the contract for making the alterations. It is estimated that something like 3 months will be required to complete the job, and when it is finished there will be no hotel in the State with a more attractive lobby and entrance than Hotel Chiquola.

The present entrance to the hotel will be converted into a store room, and the main entrance will be from the North Main street side of the building. The room formerly used as a billiard parlor will form the basis of the new lobby. The floor dividing this room from the offices on the second floor will be torn out so as to give adequate height to the new entrance. The portion of the building where the new lobby is to be constructed will be lengthened by adding to the western end of it. This addition will be built on to the rear of the room formerly used as a billiard parlor.

The present rear entrance of the hotel will be closed up, and a substantial brick ice house which stands just to the right of the rear entrance is being torn away to make room for the addition.

The new lobby will be an ornamental one. Marble will be used in profusion about the walls while the floors will be of tile. Other fittings will be in keeping and altogether the lobby will be one of the handsomest in this section of the State. With the new lobby will go, of course, a new stairway leading to the upper floors of the hotel.

TOWNVILLE NEWS

TOWNVILLE, Feb. 2.—The school is looking forward to the county field day to be held in Anderson during the month of April. We hope to put some winning athletes in the contest.

An event of interest during the past week were the marriage of Mr. H. L. Bradberry and Miss Florie Sullivan. The best wishes of a host of friends go with them.

Messrs. J. S. Cromer and Silas Jones of Anderson were visitors here last week.

Mr. Oliver Cole, probably the oldest citizen of the county died at his home here Wednesday morning. He was past the century mark. Funeral services were conducted by Rev. W. W. Leathers and the pastor. The text and hymns for the service had been selected by Mr. Cole and at his request, they were carried out.

When You think of GOOD Clothes Think of Parker & Bolt

SEVEN CASES WERE WIPED FROM DOCKET

LARGE AMOUNT OF WORK ACCOMPLISHED YESTERDAY BY COURT

D. T. SMITH FREED

Belton Cotton Mill Operative Who Slayed Invader of His Home Acquitted.

Seven cases wiped from the docket, eight bills returned by the grand jury—which marked the completion of work for this tribunal for this term of court—and the reading of the presentment of the grand jury to the presiding judge, constituted the day's work in the court of general sessions yesterday. There are but seven cases left on the docket for trial at this term of the court, and it is not improbable that they will be completed this week, thereby winding up the work of the spring term of the court of general sessions for Anderson County in one half of the time allotted for the holding of it.

The most interesting case disposed of yesterday was that against D. T. Smith, an operative of the Belton Cotton mills card room, who shot and killed Ed Lolliss, second hand in the same department of the mill, upon discovering the latter in his home with Mrs. Smith. The case did not go to the jury for settlement, the court directing a verdict of "not guilty." When the defendant had been arraigned the State put up but three witnesses, as follows: Dr. N. C. Bowen, A. Y. Shirley and Mrs. C. S. Smith. The defense offered no testimony, and at this juncture the court directed the jury to write a verdict of acquittal, which was done.

Old Case Settled.

Leo Hubbard, who was tried in his absence at the November, 1914, term of court on charges of violating the dispensary law, a verdict of guilty being returned, and who later appeared before the clerk of court and heard his sentence, from which an appeal was taken but never perfected, appeared before the court yesterday for resentencing. On motion of counsel for the defendant, the court reduced the former sentence from \$200 to \$150.

Trial resumed yesterday morning in the case against J. F. Kennedy, whose case was taken up Monday afternoon. He was tried on charges of assault and battery with intent to kill. After hearing the testimony the jury returned a verdict of guilty. Sentence was not imposed yesterday by the court.

The next case taken up was that against Eugene Shaw, indicted for assault and battery with intent to kill. A verdict of not guilty was returned.

Fred Dawson was tried in his absence on charges of violating the dispensary law and a verdict of guilty returned. A sealed sentence was left by the court for him.

Plea of Guilty.

Henry Simmons pleaded guilty to charges of housebreaking and received a sentence of seven months in the State penitentiary or on the public works of the county.

Albert Lewis was tried on charges of violating the dispensary law and a verdict of not guilty directed by the court.

The last case taken up during the day was that against John H. Jenkins, charged with assault and battery with intent to kill. The jury returned a verdict of guilty of simple assault and battery, whereupon the court imposed a sentence of 20 days on the chain gang.

The following no-bills were returned by the grand jury: Will Washington, bastardy; Paul Jones, larceny; Edgar Hubbard, violation of dispensary law. True bills were returned as follows: J. M. Meeks, violation of dispensary law; C. W. Fobbins, violation of dispensary law; Pleas Agnew, Joseph Agnew and Jim Davis, housebreaking and larceny; Henry Simmons, housebreaking; John H. Jenkins, assault and battery with intent to kill.

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders relieve at once—10 cents a package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and pain fades away. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

Jack Duckworth of the Lebanon section was a visitor in the city yesterday.

L. E. Martin of the Hopewell section was in the city yesterday.

Brown Wilson of Pendleton is among those attending court this week.

Burriss Metal Shingles

GREAT FIRE PROTECTION

In the case of the fire Monday afternoon, which destroyed the two story house at No. 404 Bleckley Street, and occupied by Mr. Will Edwards, the houses adjacent thereto would surely have burned if they had not been as wet as they were as a result of the extremely wet weather we have been having recently.

A Burriss Metal Shingle roof will afford great protection in case of fire year you; this has been proven time and time again.

Better look into this NOW, Our Fire Department is terribly handicapped in getting to the fires on account of the very bad streets.

John T Burriss & Son

Earle Street

TRIAL OF WHITLOCK SET FOR THURSDAY

BUT SEVEN CASES REMAIN ON DOCKET FOR TRIAL AT THIS TERM

SCORE ENDED

Solicitor Smith States That Between 20 and 25 Cases Settled Already.

When court of general sessions recessed last night at 6 o'clock, to be reconvened at 9:30 this morning, but seven cases remained on the docket for trial. Probably the most important of these was the case against S. H. Whitlock, indicted for murder, trial of which has been set for Thursday.

Solicitor Kurts P. Smith stated that between 20 and 25 cases had been disposed of in the two days court had been in session, leaving but 7 for trial during the two weeks' term of court. But, of course, court will be adjourned as soon as these cases have been disposed of. "I do not recall having seen such a session of court," said the solicitor, "we have disposed of more cases in the shortest while of any term of court I have ever attended."

With the exception of the case against S. H. Whitlock, the cases remaining on the docket are of little importance or interest. Whitlock will be tried for the killing of former State constable Robertson, which occurred at Pendleton several weeks ago. Whitlock was chief of police at Pendleton and had a difficulty with Robertson, which resulted in Whitlock being severely beaten over the head and arms with a stick or club and Robertson being fatally shot. The case is of considerable interest throughout the county, and especially in the Pendleton section, where Robertson made his home and where Whitlock has been living for the past several years.

W. D. Spearman a well known and prosperous planter of the Slatton section was a visitor in the city yesterday.

Albert Means has returned to Philadelphia after a visit to his parents, Mr. and Mrs. A. G. Means.

NEW YEAR RESOLUTIONS

On January 1st you resolved to turn over several new leaves, didn't you? NOW, you are resolved to Pave the Streets So far—so good, but what about

PAINTING

We can improve that home, or tenant house you rent out, and the expense is very small; NOW is THE TIME to paint! What about it????
