He anticipates no trouble whatever in securing that number, but is anxious to have the men of all the Presbyterian churches of Anderson and Anderson County communicate with him at once, in order that he may be able to make the final arrangements with the railroads. The round trip fare is only \$4.30 and the train leaving here on Tuesday morning at 10:45 will put the delegation in Charlotte at 5:50 p. m., which will be ample time for the evening programme on which the name of John R. Motte appears in the subject: The Message of the Hour. The only part of the programme which will be missed by this schedule is the address of welcome and the response thereto, together with announcements.

Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organisms rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective. The combination of simple laxative herbs with Pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

FEDERAL BLD. TO BE BUILT HERE

This City Will Have Structure If the Aiken Bill For the Western District Passes Congress

(Greenwood Journal.) Aside from the fact that the Western Federal district of South Carolina will furnish several good jobs for lawyers and others, it will prove a boon to every citizen of the counties in which court will be held. If the bill introduced by Congressman Aiken passes at this session, and it is believed that it will, Federal court houses will be built in Greenwood, Anderson and Rock Hill, three of the cities in which there will be sessions of court. This will mean the addition of another large and costly structure for Greenwood and, coming at this time, will of course boost the city and county. Information has been received that the Aiken bill will pass the present session of the house when a "suspension day" can be provided. It has not been brought up yet, according to the report, on account of the great fight that is being made by the Democrats for the president's ship purchase measure.

"THE MAN ON THE BOX"

Returns to Anderson Today Max Figgman and Lolita Robertson.

The play that stirred the theatre going public of Anderson several weeks ago is to be on exhibition at the Paramount theatre today. "The Man on the Box" is possibly the most universally liked picture that has been exhibited in Anderson. A brief summary is given: Lieutenant Bob Warburton, a fancy-free, adventurous spirit, is wounded during an encounter with the Indians and taken to the home of Col. Annesley for medical treatment. Recovering, Bob finds that his service in the army has expired and he says he is flat broke. However, he is rich in romance and becomes fascinated by the colonel's daughter, Betty. Betty, not knowing who Bob is offers him a position as coachman, which he accepts. Many and varied are Bob's experiences as "The Man on the Box" of the Annesley coach.

Being implicated in a plot to defraud the United States government of important plans, he thwarts the attempts of a Russian count and saves important plans. Betty's father loses his money; then Bob discloses his identity and admits he is the possessor of a large fortune in his own right; however, Betty's and Bob's romance is one of pure love and, after a series of intrigues, plots and counter-plots, all of which "The Man on the Box" foils, the couple are married and live happily ever after.

This feature will be shown in connection with the "Exploits of Elaine" and the first reel of Elaine will start promptly at 3, 4:45, 6:30, 8:15 and 10 p. m.
