HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical. It acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. 7 years' foot comfort guaranteed or money refunded.

AIRY SPRING SCHOOL

The enrollment of our school has increased greatly since Christmas, with an enrollment of 98. On account of the increase it was necessary to secure another teacher, who is Mrs. W. E. Merritt. We have organized a literary society, basket ball team, but the boys are more enthused over base ball. We are busy getting ready for field day, which is to be held at Three and Twenty, March 20, and we hope to have a good display of exhibits. We have ordered some new books for our library with William Pickens, president; Shafter Merritt, secretary, and Bruce Wilson as credit, we meet twice each month. We celebrated Washington's birthday with a short program, which was enjoyed by all. A number of patrons and friends were present, and all seemed to be delighted. Thos C. Jackson of Iva was among the visitors in the city yesterday.

VERDICT OF GUILTY AGAINST WILL STEVENS

No Recommendation in Finding of Jury—Proceedings in Greenwood Court

(From Greenwood Journal.) After deliberating a very short time a jury Tuesday afternoon decided that Will Stevens was guilty of the murder of Ernest Carter. The verdict carries with it no recommendation for mercy, which means that Stevens will go to the electric chair if he is not granted a new trial and the next verdict reverses the one of Tuesday. Stevens was tried for shooting to death the Carter negro at a negro church in the Cambridge section. Carter was an employee of Mr. London Brooks.

General sessions court spent most of the morning in the trial of Howard Manus, a young white man, on the charge of arson. The State is endeavoring to prove that Manus burned the Holcombe sawmill in Yeldell township. The defendant is represented by T. Frank McCord. The jury in the case of Luke McKinney was still out this afternoon. McKinney was tried on the charge of assault and battery with intent to kill. It is alleged that he cut and seriously injured W. C. Smith several months ago. Both men lived in the Greenwood Mill village. McKinney is represented by Henry C. Tillman.

Judge Moore sentenced Ezra Chiles to one year for assault and battery of a high and aggravated nature.

W. E. Gardner was found guilty of the charge of violating the dispensary law.

The grand jury has returned the following true bills: Blain Adams, assault and battery with intent to kill; Miller Hix, violation of the dispensary law; Walter Young, violation of the dispensary law.

Thomas C. Kay of Union Grove was among the visitors in the city yesterday.

Rev. H. C. Martin of Belton was in the city yesterday.

Grady Holland of Martin Township was a visitor in the city yesterday.

GET RID OF LINGERING COLDS, COUGHS AND LA GRIPE.

Spring finds many afflicted with lingering, hacking coughs that weaken the system. Sneeze and wet cause more colds than zero weather. Croup, bronchitis, and pneumonia are prevalent. Every family should have a safe and reliable cough medicine ready for us. Foley's Honey and Tar Compound contains no harmful ingredients. It cures a cough, checks a cold and relieves inflamed and congested membranes. It clears the air passages and soothes inflammation. Evans Pharmacy.

Overnight Relief For Constipation

When the bowels become clogged with a mass of poisonous stomach waste, sick headache with all its attendant misery, belching of sour stomach gases, bloat and general discomfort are sure to follow.

A mild, pleasant laxative-tonic that will carry off the congested mass without upsetting the stomach or gripping the bowels, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose taken just before retiring will afford grateful relief next morning, without unpleasantness or discomfort.

Dr. Caldwell's Syrup Pepsin is the ideal family remedy, especially for women and children and old folks. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 462 Washington St., Monticello, Ills.

WALKER-McELMOYLE

The Walker-McElmoyle school is doing excellent work under the wise and efficient direction of J. M. Hunter, with the assistance of Misses Haddon, Rankin, and Clark. The pupils are in the main, progressing satisfactorily in their studies. They seem to be interested, not only in their regular scholastic work, but in all the activities that pertain to a well-regulated school. All indications point to one of the most successful years in the history of the school.

The Walker-McElmoyle Literary Society was organized before Christmas, and has had several interesting and highly satisfactory meetings. This society was instituted some four years ago, and though it has been once or twice in a state of relapse, it seems now to be manifesting as much life and activity as could be desired. The pupils of the four highest grades seem to be very enthusiastic over and eagerly interested in society work.

The officers of the society are as follows: John B. Martin, president; Lawrence Boggs, vice president; Hattie Kay, secretary and treasurer, and Lena Thompson, critic. The subject under discussion at the last meeting was, Resolved, That the education in South Carolina should be compulsory.

Harry Rankin and Pauline Jameson upheld the affirmative side, while Walter Jameson and Helen Rankin supported the negative. The debate went to the negative.

Our boys have already begun base ball practice. Not only that, but they have won two games by a good majority. With consistent practice they should be able to compete favorably with any school team in the county. Those who have made the best showing are: Lawrence and Roy Boggs, Willie Jameson, Walter Gillespie, John Martin, Rufus Newton, Arthur and Raymond Gillespie, and Harry Rankin.

The school improvement association is in a thriving condition, and seems to be fulfilling the purpose for which it exists. With a large, enthusiastic membership there is no reason why it should not be a very potent factor in the upbuilding of our school and community. The association is contemplating giving an entertainment in the near future.

The McElmoyle Camp, No. 611, W. O. W., in spite of the war and the low price of cotton is showing unusual signs of activity. Several members have been taken in lately, and others are on the prospective list. The camp gave an oyster supper some weeks ago, which was much enjoyed by all present. Dr. J. B. Allgood, who is camp physician, is one of the officers of the Head Camp, which convenes at Charleston, March 18-17. Mr. J. N. Ewalt will represent this camp at the Head Camp.

Mr. Henry Martin, a prominent farmer, is suffering with a broken leg. He is getting along as nicely as could be expected.

Mr. S. J. Newton was a business visitor in Anderson Monday. Messrs. Joel Newton and Bill Russell were in Liberty Saturday. Prof. Hunter and Mr. J. N. Ewalt went to Liberty Saturday evening, the former to see homefolks, and the latter on business.

Mr. Samuel C. Ewalt has deserted the ranks of the widowers. Mr. Ewalt had already proved that martial felicity is more to be desired than single blessedness. On Friday, February 26, he and Mrs. Ida Clark were unexpectedly married.

Mr. P. W. Tims, an old Confederate veteran, is very ill at present. Mr. and Mrs. S. C. Ewalt were at Sunday school Sunday afternoon, receiving the congratulations of their many friends.

Misses Ernestine Rankin and Clara Clark called at the home of Mr. O. J. Kay, Sunday evening.

Misses Selma Massey, Jessie Wilson, Allie Newton and others went to Mt. Carmel Friday afternoon to see the ball game. It is reported they became so enthusiastic and interested that they wanted to take part in the game themselves.

THIS—AND FIVE CENTS! DON'T MISS THIS. Cut out this slip, enclose five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, especially conforming to stout persons. Evans Pharmacy.

FOLEY KIDNEY PILLS FOR BACKACHE, KIDNEY AND BLADDER

WILLIAM S. BATTIS COMING TO ANDERSON

Will Appear During Musical Festival March Seventeen, Eighteen and Nineteen

"There are times," said Mr. Wm. Laughlin, chairman Central Musical Festival committee "that we wonder why men know so little about their business—doctors are put down as good guessers, lawyers cannot make out a case without laboriously consulting their law books, ministers surround themselves with so many books on theology, Bible history, interpretation and exegeses, with a goodly number of printed sermons, bound volumes of the Homiletic Review and all manner of tracts, magazines and religious publications that he really inhales religion, absorbs theology and by his environment he lives and thinks, feels and sees what he preaches."

The great actors have been men and women who made a study of their parts; many of them spent years and thousands of dollars collecting private libraries embracing all the facts, the first editions, commentaries and books that really go to make up a library.

It is conceded by all who know William Sterling Battis, who will appear in Anderson during the Musical Festival March, 17, 18 and 19, that he is one of the best posted, most thoroughly acquainted and most practical Dickens scholars in the lyceum. To talk with Battis is to realize that the sayings of Dickens fall from his lips as fluently as slang from the lips of a newsboy.

We are apt to wonder where he gets all of his Dickens knowledge, but a peep into his private library may make one feel that with all that storehouse of Dickens literature constantly before him it is a wonder that he, like the preacher, doctor and lawyer, doesn't really know more about his own life work.

You pick up a large volume. It is a "Cyclopedia of the Best Thoughts of Charles Dickens." It has been well used, for it is marked, counter-marked, noted and scribbled over in a way that has destroyed the book for those who buy to please the eye, but these pencil disfigurements have made the book invaluable to the real student. Here is a volume entitled the "Life of Charles Dickens by Mackenzie," here is one by Foster in two volumes, close by is another and here another biographical set. "Dickens, as an Educator," "Tales from Dickens," "The Humor and Pathos of Dickens," "Christmas books by Dickens," "A Critical Study of Dickens," four Encyclopaedia volumes of Character sketches, a collection of pictures, cartoons, photographs and old prints give one a true touch of the real source of the knowledge of Dickens that has given William Sterling Battis his power to hold, to interest and to entertain the most critical audiences at places like the chautauqua at New York where 9,000 sat charmed and spell-bound by his mastery life portrayals, or the fashionable ladies' clubs at Lincoln Center here in Chicago, a college audience of students, the great chautauqua audience of farmers, business men and artisans, or the promiscuous crowd in the small towns where they have never before had a lyceum course, where the word lyceum sounds more as though it dealt with the outside of the head rather than the gray matter on the inside.

Mr. Battis is without doubt the best posted, most versatile Dickens impersonator in America today. His great character delineations rank with those in Chevallier in artistic worth and are equally as entertaining; in fitness, they surpass his creations as Dickens surpasses George Ade.

Sage Tea Darkens Hair to Any Shade

Don't let Gray! Here's an Old-time Recipe that Anybody can Apply. The use of Sage and Sulphur for restoring faded, gray-hair to its natural color, dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brawling at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well known downtown druggist says it darkens that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

TEN YEARS' MISERY ENDED. J. T. Chambers, merchant, Jonesboro, Ark., writes: "Foley Kidney Pills cured me of a ten-year standing case of rheumatism. I suffered miserably. A friend told me of being cured; so I used them, and they cured me, too."

Most middle aged men and women are glad to learn that Foley Kidney Pills afford a way to escape sleep disturbing bladder weakness, backache, rheumatism, puffiness under eyes, all acid swollen joints, and other ailments related to kidney troubles. Evans Pharmacy.

If You Can't Afford a New BUGGY OR WAGON

WHY NOT PAINT YOUR OLD ONE?

We have some excellent Wagon and Carriage Paint that we bought at a great bargain, and we are more than willing to give our farmer friends the benefit of our good fortune.

You can clean up, and paint your wagon, buggy, or carriage, and improve its appearance greatly, and add considerable to its life by painting it now. And at this time when all of us wish to economize, painting our buggies and wagons will in a great many cases answer, instead of buying new vehicles. All colors: Red, Green, Yellow, Black and Maroon.

Table with 3 columns: Paint Grade, Per Pint, Per Quart. Best Grade: 40c per pint, 75c per quart. Second Grade: 30c per pint, 50c per quart.

Guaranteed Three Years

Come in while the supply is unbroken!

Guest Paint Co.

"If you want the best, see Guest." No. 113 West Earl Street. Opposite the Y. C. A. Building.

ENGRAVED CARDS AND STATIONERY

Nothing so refined as a neatly engraved calling card. Nothing so distinctive as stationery with your monogram neatly engraved thereon. Wedding Invitations, Announcements, Etc. Calling Cards, Stationery, Etc. We would be pleased to show you samples and quote prices—either by mail, or in person at our store.

WALTER H. KEESE & CO. EXPERT WATCH REPAIRING.

THE TROUBLE ABOUT Meal and Acid

The trouble about fertilizing with meal and acid is that you get your ammonia from one source only, and that is meal and it all gives out at once. Meal is meal you know. In our mixed goods you get the ammonia from meal and fish and blood and tankage, and Sulphate of Ammonia, and as one of these ammoniates gives out, another comes in so that you have your cotton and your corn supplied with plant food from the time it sprouts in the ground, all through the working season and through the laying-by season, and until it is ready to be gathered. Fish and blood last longer than meal, and sulphate of Ammonia acts more quickly than meal and so by using these mixed goods of ours you get a complete fertilizer.

When your meal gives out your cotton sheds. The reason cotton sheds is because it has not sufficient plant food. So when the meal is used up in the soil your cotton sheds. It cannot do anything else. And then our mixed goods are there, they are really mixed with the meal and acid will be. You could mix it as thoroughly as we can if you were prepared for it. But you are not prepared and it won't pay you to prepare for it for one farm. We expect to supply a great many farms with fertilizer and it pays us to prepare to have our ingredients thoroughly mixed. Where an improperly mixed fertilizer is used your crop will be irregular and we all know that the crop that lags off the cotton is the crop that runs regular all through. We believe it is economical to use the mixed goods instead of mixing your meal and acid. We will be glad to sell you.

Anderson Phosphate & Oil Company

We believe our 8-34-1 is the goods for cotton and corn this year. A great many are buying it. A. P. & O. Co.

When You think of GOOD Clothes think of Parker & Bolt

Some Facts About Potash

POTASH is higher than last year because of scarcity brought about by war in Europe and recent decree by Germany entirely prohibiting further exports, but the increased cost, if proportioned to the amount of fertilizers used per acre, is a small item.

For Potash in mixed goods, our charge at this time is at the rate of \$1.50 per unit potash (present market price \$2.50 to \$3.00 per unit)—in comparison with \$1.00 per unit last season. A difference of only 50c. per unit. This increased cost, per acre of land, is insignificant, as you will see by the following:

Table showing Potash Goods prices. 2% POTASH GOODS—Increase 50c. per Ton for Potash. 3% POTASH GOODS—Increase \$1.00 per Ton for Potash.

This is a very small increase in charge for Potash when you consider that Muriate of Potash is now selling at about \$125.00 to \$150.00 per ton (equivalent to \$3.50 to \$3.00 per unit of Potash) at ports, for cash in large quantities, whereas our present charge of \$1.50 per unit is for goods delivered, time payment.

Our price per unit of Ammonia delivered is \$3.25 against \$3.50 last year. A reduction of 25c. per unit, although Cotton Seed Meal is now selling approximately at the rate of \$3.40 to \$3.50 per unit of Ammonia. Our charge per unit for Available Phosphoric Acid is the same as last year,—60c. per unit.

If you want Fertilizers containing Potash, write or apply to our nearest Sales Office.

Advertisement for V-C Fertilizers. Includes text: "V-C SALES OFFICES" and a list of locations: Durham, N. C., Winston-Salem, N. C., Charleston, S. C., Columbia, S. C., Richmond, Va., Norfolk, Va., Atlanta, Ga., Savannah, Ga., Columbus, Ga., Memphis, Tenn., Montgomery, Ala., Shreveport, La., and a logo for Virginia Carolina Chemical Co. with the slogan "BEST IN THE WORLD".

Ordinarily you would not risk growing your Crop without Potash. Why do so this year when the cost per acre is so little more than in previous years? Can you afford to take such a chance?
