PERFORMANCE AT 3 THIS AFTERNOON AND ANOTHER AT 8 TONIGHT

DICKENS READINGS AND A LECTURE

Scheduled for Opening Day-- Those Attending Church Tonight Will Be Dismissed in Time to Attend Readings

Anderson's first music festival and indoor chautauqua begins today with a performance at 3 o'clock this afternoon and another at 8 o'clock this evening.

MECCA MARIE VARNEY

Anderson's first music festival and indoor chautauqua begins today with a performance at 3 o'clock this afternoon and another at 8 o'clock this evening.

Program This Afternoon. The program this afternoon calls for two of the best numbers on the entire list, the artists being William Sterling Battis, America's foremost Dickens man, and Francis Versey, one of the best known lecturers in the chautauqua platform today.

ing will be closed with more readings by Mr. Battis, who will give portrayals of Nicholas Nickleby, Micawber and some ten other well known Dickens characters.

Mr. Battis' readings will begin at 9 o'clock. It was announced last night that the meeting which Mr. S. D. Gordon is to conduct this evening at the First Baptist church will begin at 7:30 o'clock, instead of the usual hour of 8 o'clock, and close at 8:45, thus giving persons attending the church plenty of time to get to the theatre for Mr. Battis' entertainment.

Avi Killed. LOS ANGELES, March 16.—Frank Cates, an aviator, fell 300 feet in an "air well" at a motion picture city near here today.

He jumped from the aeroplane when 30 feet from the ground and died from his injuries shortly afterward.

SIX AND TWENTY

During the past few days of fair weather our farmers have done a considerable amount of farm work and many fields are now ready for fertilizer, and by the 15th of April, if the weather will be fit for farm work we will hardly know that we were behind with our work.

There is some complaint about oats being killed out during the severe cold weather on red land. Of course this land will be planted in cotton. Fertilizer hauling is now in full blast, and believe me some of it is being hauled, but not on half will be used this year that was used last year.

C. M. Martin has moved his shingle mill to this section and is sawing some fine shingles for our people.

Lee Elrod lost a valuable cow last Monday.

J. H. Elrod was a business visitor to Anderson last Wednesday.

Rev. H. A. O'Kelley preached one of the best sermons at this place last here. His subject was: "The Second Coming of Christ."

Our Sunday school is certainly doing a fine work now under the leadership of Prof. A. W. Meredith. Everybody has a cordial invitation to attend. We have over one hundred at present and room for more.

A. Martin had a nice ham stolen from him a few nights ago. "Dug" Robinson, a negro living with B. F. Mulliken also had one stolen from him.

G. S. Martin of Walker-McElmoyle was here several days recently getting out blocks for having a large number of shingles saved.

W. H. G. Elrod is in Anderson this week attending court.

C. N. Murphy was a business visitor to Anderson Thursday.

Emory Williams and wife of McElmoyle were visitors here last Tuesday.

Rev. O'Kelley of Greenville spent Saturday night at the home of A. Z. Bryson.

Mrs. Adolphus Murphy of Cross Roads visited Mrs. A. M. Martin Monday.

Misses Addie and Annie Wilson of Hopewell visited relatives here a few nights ago.

There is still a considerable amount of cotton in some places yet to be picked.

Mrs. W. T. Link and daughter, Miss Janie of Willis' Chapel attended services at this place last Sunday.

E. W. Stong and wife of Central were visitors here last Saturday and Sunday.

In there is a single voter in this section who favors the good roads bond issue, we have failed thus far to meet him and we try to make it a point to ask everyone we meet if they are in favor of the bonds. In conversation with a prominent farmer of the Roberts section in Anderson last Wednesday, we asked him if the people in his section were in favor of the bonds, and he stated that to his knowledge, there was only one man in his section that was in favor of them. Another from the Whitefield section said the same thing.

W. L. Casey claims that the Five Fork section is opposed to them. Are these communities not among the most progressive in Anderson county and does not some of the county's best citizens live in these sections. Have they not brains enough to know what is best for them? Do they have to sit idly by and let a few who are under the control of corporations dictate to them what they must do, and if they do not be dubbed as non-progressive, and of poor judgment. Are the tax payers of Anderson county not already paying taxes to support several offices that is not worth a whoop to them? We can name several, and one in particular that is of no more benefit to the people of the county than the chief of some African jungle tribe. Like the turtle, the taxpayer has already got too many leeches sucking their living from them. It is not a question as to whether or not good roads would be a bad or a good thing for the county, but a question as to whether or not the county is able to try a three quarter million dollar experiment. Just a little comparison, please, as to who bears the burden of the taxes. This is true and the cartles are alive today to bear witness to the facts. A is a man living on rented land. He made his return at \$10.00, including everything he owned. The assessors raised his assessment to \$60.00. He pay a poll and road tax. The tax was 19 mills, making his taxes \$3.14. B is a man who owns 180 acres of land, four head of horses, two cows and three dwellings with necessary outbuildings, beside house furnishings that could not be replaced for \$1,000. His taxes, everything included, was a little over \$28.00. Now where did the burden fall?

It has been said that good roads would increase the value of land from \$10 to \$20 per acre. If that be the case we think that a large part of the money for the road work should be raised by an abutting property tax, thereby making it heaviest on those who receive the greatest benefits. It does seem strange that with the bond issue there is created enough offices to take a new sum from the total amount. The taxpayers should have been given to understand in no uncertain way that the bonds were to be used for road work and not go to pay fancy salaries to road engineers, assessors, commissioners, boards and other officers, as was the case in Tennessee. The writer has never in thirty-six years seen the roads as bad as they have been the past winter, and it may be that they will not be so bad again in the next thirty-six, and at the end of that time the roads will not be

needng Anderson county roads. We, like Josh Ashley, are more in favor of a direct tax than we are a bond issue, for the simple reason that if we become tired of the tax we can get that taken off, but if we get the bonds, death is the only thing that will rid us of them. We think Supervisor King is now doing pretty well with what he has at his command and lets us common sense and let pretty well alone. W. C. BARNETT. Greenville Attorney was here Tuesday. J. WEST CHEDDAR NEWS

The farmers are glad to see this dry weather and are making good use of it. It looks now as if we might have some more rain soon. Our new merchant is now moving in his new store, just opposite the G. & A. station. Miss Helen Price has returned to her home at Pendleton last Friday, after spending a week with her sister, Mrs. C. C. Copeland. Mr. and Mrs. C. C. Copeland, spent the week-end at the latter's parents, Mr. and Mrs. J. A. Price of Pendleton, and returned home Sunday after a pleasant trip. Professor Morrison filled his appointment teaching the new method of arithmetic at our school house. I spoke of the wedding bells in our town soon, as there is a couple that has been going together for about seven years, so think they have decided to get married, as the young gent seems to be at home. All of our people will be glad to see them married. Our school is in a flourishing condition under the supervision of Miss Gertrude Chukseales. Miss Lola Copeland and Miss Lucy Kelly. We are very much pleased to have such a fine young lady as principal, her assistants are fine young ladies. Come boys and here is a chance for you all. We expect to get up an entertainment at our school soon, as the teachers are working hard for it. Here's to all of us: For there is so much good in the worst of us. And so much good in the best of us. That it hardly behooves any of us, to talk about the rest of us. When what we all meet again, in thunder, lightning, or in rain. Bless be the tie that binds our hearts in Christian love.
