PRICE FIVE CENTS

SIZE OF GARRISON EXCEEDS ESTIMATES

NEARLY ONE HUNDRED AND TWENTY THOUSAND SURRENDERED TO RUSSIANS

NOTHING TO EAT FOR SEVEN DAYS

British Military Critic Says Cracow Will Fall Within a Month

PETROGRAD, March 23.—The Russian war office announced today that one hundred and seventeen thousand men, nine generals, ninety three officers and general staff of twenty five hundred officers and officials surrendered at Przemysl.

LONDON, March 23.—The size of the Przemysl Garrison and the number of men who surrendered to the Russians has greatly exceeded all estimates.

According to Petrograd dispatches the garrison originally consisted of one hundred and seventy thousand men of whom forty thousand were killed. Nearly one hundred and twenty thousand surrendered.

A blizzard which has interfered with telegraphic service prevents receipt of the details of the capitulation. Lemberger reports that for seven days prior to the fall of the fortress the people had nothing to eat, and Russians, who carried large supplies of provisions, were welcomed as liberators.

Everywhere in Europe, both belligerent and neutral countries, great credit is given the Austrians for long and stubborn resistance. One British military critic stakes his reputation on the prophecy that Cracow will fall within a month, and then, or before, Austria will endeavor to conclude separate peace.

In the west, there has been but few attacks and counter attacks, but no important operations.

Unfavorable weather continues to cause a lull in the Dardanelles.

Allies are taking advantage of this to repair vessels which suffered in the last bombardment.

The Turks again have attacked the Suez Canal, and fired Monday on a small force of Turks, numbering one thousand, retired about eight miles. The British claim that general Youngblunde's forces attacked and routed them today.

Insists on Peace.

AMSTERDAM, March 23.—A stormy session of the Reichstag was held yesterday, according to a Berlin dispatch received here today. It is reported from an official source the Socialist leader, Scheidemann, in a fiery speech urged the government to take steps at once to make reasonable peace terms. Lemberger, another Socialist leader, bitterly attacked the government's war policy.

These two addresses are said to have created a great sensation in the German capital. Unofficial reports today are to the effect that the speeches were decided upon after news of the fall of Przemysl had been received. Others inimical to the German cause, declared the sentiments expressed by the two socialist leaders, is proof that Germany's unity, often referred to in official dispatches, is not as strong as has been represented.

INSTITUTE LIBEL PROCEEDING AGAINST GERMAN STEAMSHIP

VESSEL ATTEMPTS TO LEAVE HARBOR WITHOUT CLEARANCE PAPERS

SHIP MAY BE HELD IN CUSTODY

Situation Brings General Subject of Neutrality Enforcement to the Front

WASHINGTON, March 23.—Attorney General Gregory today instructed United States district attorney at Porto Rico to institute libel proceedings against the German steamship Odenwald, which attempted last Sunday to leave San Juan harbor without clearance papers. Under these proceedings the vessel may be held in custody of the marshal pending a settlement of the question as to whether she will be forfeited to the United States under a recent joint resolution by congress prescribing penalties for such cases.

While the department of justice was considering legal phases in the Odenwald case, treasury officials had a report from San Juan saying that fear was felt for the Odenwald.

Secretary Daniels was informed of the situation and after a conference with President Wilson, Admiral Fletcher at Guantanamo was instructed to dispatch two destroyers to San Juan. Coast Guard Service directed the cutter Algonquin to steam immediately for that port. Gregory's action, indicating the government's purpose to undertake the confiscation of the Odenwald by due process of law has attracted much attention in official and diplomatic circles. The Porto Rico situation brings the general subject of neutrality enforcement prominently to the front.

CADETS PARADE TO TAKE PLACE TODAY

MR. LAUGHLIN HAS BEEN COMMISSIONED

AS POSTMASTER AT ANDERSON BY AUTHORITY OF PRESIDENT WILSON

TRANSFER SOON

Commission Will Be Received in Next Few Days—Transfer Will Be Immediate

WASHINGTON, March 23.—President Wilson today named William Laughlin as postmaster at Anderson, Mr. Laughlin was recommended by Representative Alken several weeks ago. He will begin his term as soon as sworn in and will probably be promptly confirmed when the senate convenes. No appointment of postmaster at Greenville has been made as yet. Representative Johnson recommended W. D. Metts several weeks ago.

The above dispatch received last night by the Intelligencer from its Washington correspondent, will be of interest throughout this community and especially to the scores of friends of Mr. William Laughlin. Confirmation of Mr. Laughlin for the postmastership at Anderson had been expected for some time.

The term of office of Postmaster John R. Cochran was to have expired December 13, last. The name of Mr. Laughlin was presented for appointment to the position, but was held up on account of some objection that were made to the confirmation of Mr. Laughlin.

The matter "hung fire" for several weeks and a few days ago Postoffice Inspector A. J. Knight was sent Anderson to make an investigation of the charges which had been filed against Mr. Laughlin. The inspector interviewed a number of citizens. Anderson with reference to the charges that had been made against the nominee for the postmastership.

The report of the inspector must have refuted these accusations, since the appointment of Mr. Laughlin to the position follows immediately upon the return of the inspector to Washington.

It is presumed that Mr. Laughlin will receive his commission in the next few days. He will then take up his new office just as soon as the transfer of the affairs of the office can be made.

CHANGE IN PLANS FOR THURSDAY DECIDED UPON BY THE OFFICERS

BAND CONCERT AFTER PARADE

Corps Will Pass in Review at 4:30 O'clock—Battalion to Give Musical Drill

Fearing that a change for the worse might occur in the weather, the parade of Clemson College cadets and the band concert scheduled for Thursday afternoon will be held this afternoon instead.

Originally the plan was to have the parade of cadets at 4:30 o'clock and the band concert at 8 o'clock in the evening of Thursday. The parade will take place this afternoon at 4:30 o'clock and the band concert will follow immediately. The change in plans for the parade and band concert was announced yesterday morning by Col. J. M. Cummins, commandant of cadets, following a conference with President W. M. Eiggs of Clemson College, who arrived here from the college to remain throughout the encampment.

Line of March. The published orders of the camp call for maneuvers of the cadets in North Anderson from 8 o'clock this morning until 11:45. General leave of absence will be granted thereafter, but all cadets must report back to Camp Riggs in time to form for the parade. As the parade is scheduled to take place on the square promptly at 4:30, formation at Camp Riggs will be at least 30 minutes prior to this hour.

The line of march will be down North Main street to the square, across the square and up North Main street again to Camp Riggs. The parade pass in review before Col. Cummins and his staff at the city hall. The mayor and members of city council have been invited to review the corps with Col. Cummins and his staff.

Exhibition Drill. As the corps is marching back across the square the battalion will drop out of ranks and give an exhibition musical rifle drill, using the Bette manual. At the conclusion of this drill, which is said to be one of the prettiest of all, the cadet band, of some 40 pieces, will give a concert on the square.

The parade and band concert is, of course, free to the public and every one is invited to come out and enjoy the program.

SAYS MAGISTRATES WILL ENFORCE LAW

Ramey of Saluda Writes of Conference Held on Call of Governor

Gov. Manning has received the following letter from R. L. Ramey, magistrate in Saluda County: "Acting upon your request to Sheriff Sample and the magistrates of the county, a meeting was held last Saturday in the sheriff's office. All of the magistrates were present except Dumnick, who was not able to come, but sent his deputy, and I am glad to report to you that each one promised to do his best to put down the sale of whiskey in our county, together with all kinds of lawlessness—and while we know how hard it is to get the help needed to catch the whiskey sellers, we expect to do our best in the matter. In justice to myself and the other magistrates I must say that it is impossible for them to get out and do much work when their salary is only \$75 a year; however, I believe they will devote all the time they can to this end."

"The newly appointed deputy sheriff, who is to do my riding, was with us and promised to do his best and to work for conviction for any violation of the act. Assuring you of our best efforts and cooperation."
