Farm Loans

We are in position to place loans on farms in Anderson county, where the security is good, and the debt paying disposition of the borrower is satisfactory.

J. I. Brownlee, Cashier

Farmers & Merchants Bank.

PURELY PERSONAL

Jake Gilmer, illustrious son of Anderson but a Tar Heelian by adoption—having cast his lot in Charlotte some years ago—is spending the Easter holidays with relatives in this city. Jake is one of the most popular boys who ever went out of Anderson, and his friends here are delighted that he is making good in his adopted home. Anderson people who went to the great Presbyterian gathering at Charlotte recently came back singing the praises of this Andersonian, who showed them so many courtesies and who goes strong with Presbyterians of Charlotte.

Miles Ellison, a conductor in the local street car system, and Miss Earl Bruce of Cheddar were married at Pelzer on Wednesday by the Rev. M. M. McCuen.

Frank Chenuit, of Wofford College, is here to spend the Easter holidays with relatives.

Lewis Osborne of Wofford College is among the out of town students in Anderson for the Easter holidays.

William Eskew, one of the good old men of Anderson county, residing in the Prospect section, was in the city yesterday for a few hours. Mr. Eskew comes in that class of thoroughly honest, plain, scrupulously upright and substantial citizens who are known as the "salt of the earth." In "yore olde days" Mr. Eskew was a school teacher, and many of Anderson's most illustrious men and women of today first drank of the Pierian spring sitting on a slab bench in the plain old school house in which Mr. Eskew presided. And some of them can recall to this day without effort the undisputed fact that he did not sanction the principle "spare the rod and spoil the child."

Hampton Webb, of the Piercetown section of the county, was among the visitors in the city yesterday.

Henry Howard of Pendleton was a visitor in the city yesterday.

J. D. Moore, of Pendleton spent a few hours in the city yesterday on business.

Robert Moorehead, staunch old citizen of Scotch ancestry and of Presbyterian faith, who lives in the Concord section of the county, in one of the most interesting old houses, built of hand hewn logs, was in the city yesterday on business. "Uncle Robert," as he is affectionately known to a wide circle of kin, is the "last of the Mohicans" in the Moorehead family, being the last of his parents seven children. A visit to Mr. Moorehead's quaint old home is well worth anyone's time. The old home, in which he was born, is more than a hundred years of age, and in it are many "old time" things that would appeal to younger generations as real curiosities.

"Uncle" Dave Taylor, of Sandy Springs, who is never happier than when conducting an auction sale or writing epigrammatical paragraphs for The Intelligencer, was a visitor in the city yesterday.

H. M. Morrow, of Iva, was in the city yesterday for a short while. He is a well known and progressive farmer of his section.

J. J. Fretwell left yesterday afternoon for New York, where he will be for several days on business. Mr. Fretwell will be joined in New York by his son Sylvester, who is a student at Eastman's Business College at Poughkeepsie, N. Y.

Joe Blackman, farmer of Pendleton, was among the visitors in the city Saturday.

B. F. Martin, member of the Greenville bar and former Andersonian with his family, arrived in the city yesterday morning to spend the week end with relatives.

John Garrison, of Denver, was among the visitors in the city yesterday. Mr. Garrison is a brother of Farm Demonstrator W. D. Garrison of this city, and is a successful and progressive farmer.

W. E. Patterson, a well known farmer living near Starr, was a visitor in the city yesterday for a short while.

Lothar Bailey, of Iva, was among the visitors in the city Saturday.

W. E. Elrod, who lives in the Flat Rock section of the county was a visitor in the city yesterday. Mr. Elrod is a fine farmer.

J. E. Barton, alderman and prominent business man of Anderson, has returned from Atlanta, where he went to be at the bedside of his son, Walter, who is quite ill as the result of injuries sustained some years ago while working as an engineer with the Southern Railway.

J. W. Rotbrock, former county farm demonstrator for Anderson, and substantial citizen of the upper section of the county, was in the city yesterday for a few hours.

A. B. Boyce, who is connected with the Piedmont & Northern Lines, with headquarters at Belton, was among the visitors in the city yesterday.

C. S. Allen, Traffic Manager of the Piedmont & Northern Lines with headquarters in Greenville was in the city yesterday for a short while on official business.

W. B. Moore, a well known farmer of Pendleton was among the visitors in the city yesterday.

DON'T TAKE CALOMEL

Instead of dangerous, salivating Calomel to liven your liver when bilious, headachy or constipated get a 10-cent box of Cascarets. They start the liver and bowels and straighten you up better than nasty Calomel, without griping or making you sick.

CLARINETIST FOR ANDERSON THEATRE

In the Person of Member of Cincinnati Symphony Orchestra Arrives

"To make the already excellent orchestra of The Anderson theatre the best in the State, is my object in bringing to this city Mr. George Crumb, of Cincinnati, expert Clarinetist," said Manager C. H. Bleich yesterday in speaking of the addition which he is making to the musical staff of his theatre.

Mr. Crumb, who has been a member of the Cincinnati Symphony Orchestra, will arrive in Anderson today. He is said to be one of the finest clarinetists in the country, and will prove a valuable addition to the orchestra of the city's newest theatre.

BUSINESS NOTES

One of the West Whitner street business men remarked yesterday, while looking at the window display of the Lilly White Market, that he would not need any spring tonic this year; that he found the exceedingly tempting displays of meat which Mr. Lindsay keeps on display almost all the time kept his appetite whetted up to a very high pitch.

The Palmetto theatre, after the repairs and improvements which have just been completed, presents quite an improved appearance over its former looks. The pictures yesterday afternoon were shown perfectly and the new curtain was raised on the stage which has been built five feet wider than it formerly was. This, together with the brand new scenery which has been installed, will add considerably to the appearance of this popular place of amusement. Mr. Pinkston, owner and manager of the Palmetto yesterday stated to a reporter, for this paper that the Zarrow American Girls show, which comes to the Palmetto next week will prove to be one of the best Tab shows he has had here this season. See ad elsewhere in this issue.

The Owl Drug Co., have one of the most appropriate and attractive Easter displays of any place in the city. They have a window containing several pretty white rabbits, playing about, eating from a head of cabbage suspended from the ceiling, so that they cannot easily reach it. The Messrs. Evans invited several children to get into the window and play with the bunnies, and you may know that those favored were supremely happy.

The Southern Public Utilities Co. have a very attractive and instructive show window display this week. It is particularly appropriate, too, as there are quite a few Easter rabbits, and other little novelties scattered throughout the display. The window displays the different lamps from 1895 down to date, showing the different improvements as they have been made. It is well worth seeing.

Noxon's Hippodrome Shows will arrive Sunday April 11th, in their special train and will put up at the circus grounds, and will be in full operation Monday night.

This is one of the largest carnivals which has been in Anderson in some time, carrying ten paid attractions, two riding devices. The feature show is the big Wild West exhibition, cowboy cowgirls, Mexicans, Indians and horses.

They also have with them the sensation of 1915, a trip to Mars. Morrdome and Old Plantation and many other numerous attractions too many to mention.

They bring with them, (in a suitcase) Prince Williams, an eighteen year old midgait, who weighs only twelve (12) pounds, and he will be seen in Capt. Gregory's museum, of freaks, curiosities, and monstrosities. The management has made arrangement for special police protection and good order is guaranteed. This is a strictly high-class clean and refined show for ladies and children.

COLE PLAIN-VIEW CORN PLANTER NO. 11, PRICE \$12.50

Same as No. 9 with Sword Opener instead of Flow Foot.

No. 12, same as No. 11 with Guano Attachment added. Price \$16.50. To SEE the Plain-View Corn Planter is to BELIEVE everything good of it. To USE it is to KNOW that it is unequalled in the variety and perfection of its work and in ease of adjustment and operation.

The direct shaft drive insures smooth running. The mechanical construction is strong and simple. The working parts are well protected. It is easy to change seed plates or distance gears. No tools needed—just a moment with the fingers only.

It is really wonderful how accurately it will drop just one grain of corn at a time. If you have extremely small, or very large, odd-shaped corn, you can get plates with cups to suit any variety.

You can get plates suited to Peanuts, Beans, Velvet Beans, Cantaloupes, Watermelons and similar seeds.

The tenderest seeds, like Peanuts, are not bruised or injured in any way.

Save loss of yield caused by bad stands, save cost of replanting and thinning, save worry and loss by using the Plain-View Corn Planter.

TOP DRESS YOUR GRAIN

with 9-6-0

Eugene Snipes, who made 37 1-3 bushels of wheat to the acre last year has top dressed his wheat with our 9-6-0 and says he prefers it to Soda.

W. F. (Henry) Glenn says it is not too late to apply it—you see the ammonia in this 9-6-0 is largely derived from soda.

Apply it now and you will be astonished at the outcome of your grain.

9-6-0 is \$30.00 per ton; November payment.
