ANDERSON, S. C. WEDNESDAY MORNING, APRIL 14, 1915.

PRICE FIVE CENTS

GERMANS BLOCK RUSSIANS MOVE

OFFER STUBBORN OPPOSITION TO ADVANCE AT UZCK PASS

HUNGARIANS FEEL RELIEVED

English Government May Monopolize Making and Sale Of Beer.

LONDON, April 13.—The two gateways into Hungary still remain barred despite the tremendous Russian hammering. At Beskidpass is the less important of the two strategically, further advance into Hungary hangs on the possession of the Uzck Pass, where the invaders are met with stubborn opposition.

Several days ago the Russians captured a position which gave them command of the road leading to the rear of Uzck Pass, but the Teutonic allies have since checked the movement.

The importance of the Carpathians operations is indicated by the half-hearted actions along the rest of the long eastern front. People in the dual monarchy are said to be greatly cheered by the number of German reinforcements passing through Budapest enroute to the Carpathian front to take part in the operations which are now believed to be in charge of the German general staff. The whole eastern situation pivots on Uzck Pass, where the Austro-German forces are in such strength that the efforts of the Russians to reach the Hungarian plains is likely to be prolonged.

Probably no session of the British parliament since the opening of the war has been awaited with keener interest than the sitting which begins tomorrow. A "dry" England, unknown except for a period two years, one hundred and fifty years ago, is not beyond possibilities. The government has given no official hint regarding what action may be expected. An opposition paper recently published a forecast of the government plan, which, it asserted, contemplated prohibition of all liquors, except light beer, which may be manufactured by the government. These predictions received some confirmation tonight from a government organ, which declared the entire business of manufacture and sale of alcoholic liquors will become a government monopoly.

TURKS NEAR GAZA BOMBARDED

PARIS, April 13.—A statement issued by the ministry of marine today, says that yesterday a battle ship in connection with French seaplanes bombarded an important Turkish encampment in the neighborhood of Gaza.

The reports indicate the development of hostilities in a new quarter. Gaza is in southern Palestine, near the Egyptian frontier, two miles inland from the Mediterranean and 48 miles southwest of Jerusalem.

CANADIANS TO ADOPT DISPENSARY SYSTEM

Commission From Saskatchewan Visits Columbia to Investigate System.

COLUMBIA, April 13.—The province of Saskatchewan in the dominion of Canada has decided to adopt the dispensary system for the handling of the liquor business and on July 1 will do away with the old bar room system and put in the dispensary.

They heard of the South Carolina G. M. L. and a commission from that province, consisting of James Franklin Bole, a member of the legislature, and Dr. Edward Henry Oliver, principal of the Presbyterian Theological Seminary, at Sawatton, have come to Columbia to make a study of the dispensary system as it is and was known in this State. They presented a letter to Governor Manning from Governor Brown of Saskatchewan introducing them.

These gentlemen intend to interview Senator B. R. Tillman, former Attorney General J. Fraser Lyon, to whom they will talk to about the "grail" of a dispensary system, Rev. C. E. Burtis, one of the prohibition leaders and Rev. J. L. Harley, secretary of the Anti-Saloon League. They will talk to others and read up all they can find on the dispensary. They expect to be in the State several days.

WILHELM MAY DASH FOR SEA

COMMANDER REQUESTS PERMISSION TO MAKE NECESSARY REPAIRS

ENTERED PORT LEAKING BADLY

Captain Says Allies "May Not Destroy Us, Even If They Sink Us."

NEWPORT NEWS, April 13.—Commander Thierfelder of the German converted cruiser Kronprinz Wilhelm today made formal request to the United States for time to remain here and repair his ship. The request was forwarded to Washington sealed. He is understood to have asked for temporary repairs only, which he estimated would require three weeks, although the commander indicated that less than two would be required. He insisted that he intended to proceed to sea despite the fact that allied warships are hovering off the Virginia capes. He said: "We got in and we can get out; the enemy ships must not deter us even if they may sink us." The general opinion prevails that the vessel will return.

CRUISER ENTERED PORT WORKING ALL HER PUMPS

NEWPORT NEWS, April 13.—The steam pumps of the German auxiliary cruiser Kronprinz Wilhelm, in port here, still were in operation today, while experts from the local shipbuilding yard resumed their examination of the ship in order to report to her commander on the repairs necessary to make her seaworthy.

As a result of the preliminary survey it was believed that Capt. Thierfelder would indicate that at least three weeks are necessary for the repairs. Evidence that the Wilhelm is leaking badly was given by the continuous work of her pumps and also by the fact that the ship lies low in the water despite her lack of cargo.

The customs officials and officers of the United States navy in this port accepted the declarations of Capt. Thierfelder and Commander Thierfeldrich of the German cruiser Prinz Eitel Friedrich, which was recently interned, that there were no wireless interchanges between them after the Eitel came to Newport News or while the ships were operating in the south Atlantic. Capt. Thierfelder explained that he tried to communicate with the Eitel on the high sea, but that he had not been supplied with the new German war code, which the Eitel's officers had. The Eitel's officers explained that they heard a ship calling them in the old code but believed possession of the abandoned German code.

Men Released

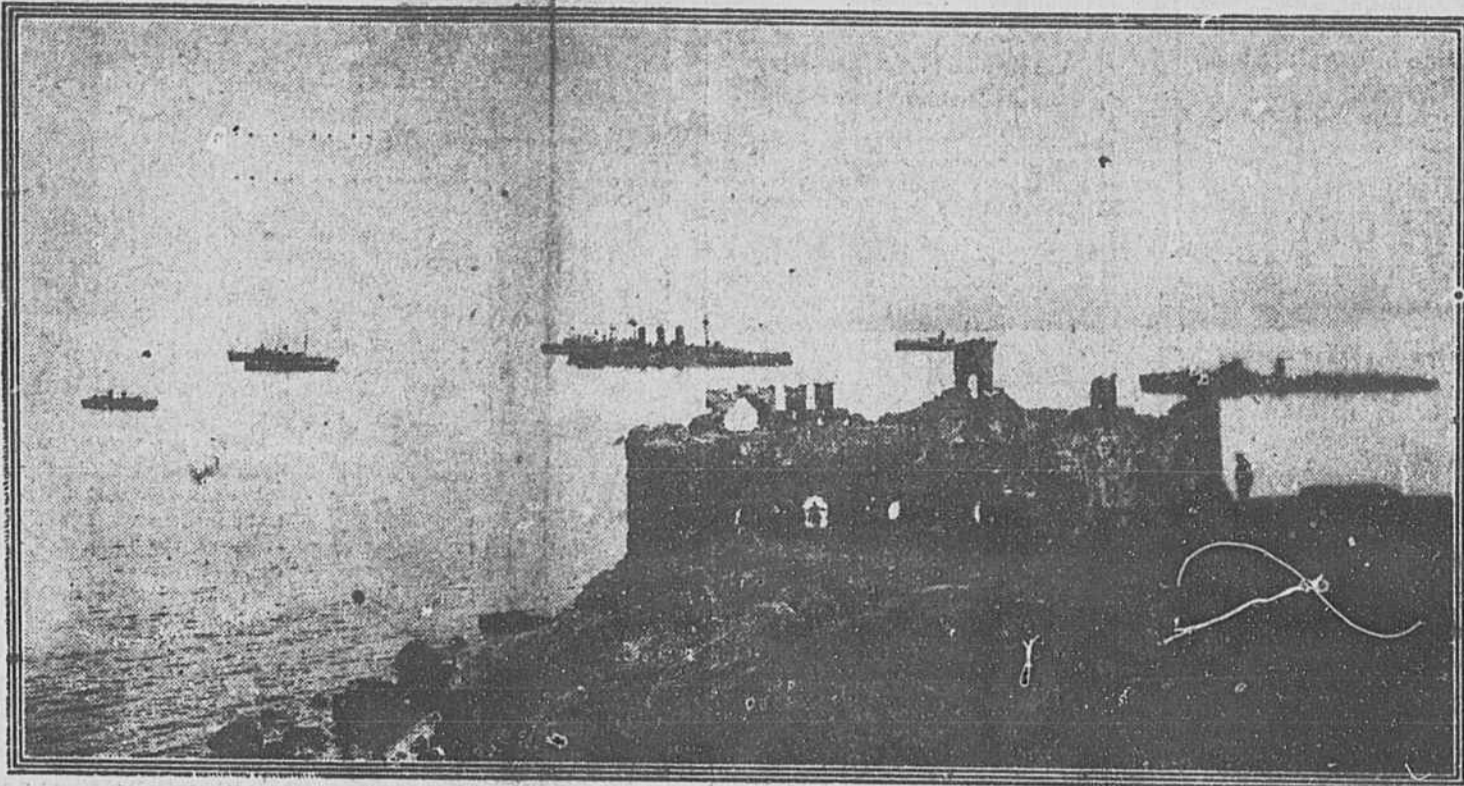

NEWPORT NEWS, April 13.—The German commander discharged yesterday officers and men of the British ships Tamar and Colby whom he brought to this port and they were transferred to the British hospital steamer Cassandra amid the plaudits of their fellow-countrymen aboard ships in the harbor. Last night they left for England, all of them glad to be alive and wondering how they slipped through the warships of the allies off the Virginia Capes. That the escape was a miracle, one was attested to by Capt. Thierfelder himself in an interview on his experience in racing to this refuge from the equator, after destroying the Colby, March 27 last.

"We started north from the equator short of coal and provisions," said Capt. Thierfelder as he took a respite from official business late in the day. "We also had sick sailors aboard, afflicted because of too much rice diet and lack of fresh vegetables. When we started north we hoped and had planned to meet up with German supply ships. Unfortunately for us none of the supply ships we expected turned up. What became of them I do not know, except we saw from the shelter of overhanging clouds one collier we had expected being chased by two British cruisers which fortunately could not sight us and we made our escape."

Unfortunately also on our trip north, through the mid-Atlantic, we did not meet up with any more ships from which we could get coal and some supplies. In this situation it was necessary for us to get to port and also to a dry dock and I picked out Newport News as the place to come.

Thompson Takes Oath.
CHICAGO, April 13.—Mayor-elect Thompson took the oath of office today, then, with a party of friends left for Peoria, Ill., where they will board a house boat tomorrow morning for a ten day trip down the Illinois and Mississippi rivers. He will assume office April 26.

FIRST PHOTOGRAPH OF WORK OF ALLIED FLEET IN THE DARDANELLES

What Remains of Fort Chanak Kelesy and Allied Fleet Landing Troops.

This photograph the first to arrive in the United States, actually giving war scenes in the Dardanelles, where there has been the heaviest fighting ever known to the navies of the world.

shows the great work the British and French vessels have done there. In the foreground there is what remains of the once seemingly impregnable Fort Chanak Kelesy at the entrance of the Dardanelles. This fort was battered to pieces by the modern guns of

the fleet, among them the eight fifteen-inch rifles of the Queen Elizabeth.

has not yet succeeded, and little has been heard of it. But General d'Amade is in command of a force which may encounter the Turkish army at any time, and thus end the fight for possession of the forts leading to Constantinople.

DR. SARGENT NOT TO HEAD INSANE ASYLUM

IS NOT QUALIFIED UNDER LAWS OF THE STATE

MANNING TALKS

Picked Best Man For Place—Overlooked Constitutional Questions.

COLUMBIA, April 13.—Governor Manning issued the following statement tonight:

"Several days ago I announced the appointment of Dr. George F. Sargent, of Maryland, as superintendent of the State Hospital for the Insane. This action was taken after a careful consideration and thorough search in this and other States. I was determined to get the best equipped man for the position, one whose experience, training and study fitted him for this special work."

"Since the appointment was announced, the constitutional objection has been raised that probably only a qualified elector of this State was eligible, and I am frank to say that the objection seems potent. In asking Dr. Sargent to undertake the superintendency, I had in mind only the welfare of the patients of the institution. I overlooked this constitutional question; but I stand for the constitution and the laws of our State, both of which are my guide in the conduct of the office I hold. I wish to say to the people of the State that I have revoked the appointment of Dr. Sargent superintendent because I respect the constitution and will not even appear to debate it."

MORE INDICTMENTS IN TANZER-OSBORNE CASE

Rae Tanzer, Attorneys and a Detective Are Indicted By Grand Jury.

NEW YORK, April 13.—Rae Tanzer and Maxwell and David Slade, her attorneys in the breach of promise suit she brought against James Osborne, and Albert McCullough, a detective, were indicted today by the federal grand jury which investigated the circumstances surrounding the filing of the suit. Miss Tanzer is charged with using the mails in an attempt to defraud.

Slade and McCullough are charged with conspiracy.
Noted Editor Dead.
KANSAS CITY, April 13.—William Rockhill Nelson, editor of the Kansas City Star died here early this morning.

S. C. CODE OF LAWS MAY NOT BE LEGAL

ATTORNEY GENERAL SAYS LEGISLATURE DID NOT ACT ON CODE

NO COPY IS ON FILE

Printed Copies of 1912 Code Contains Many Errors and Omissions.

COLUMBIA, April 13.—That the printed code of laws of South Carolina has not been declared by legislative enactment to be the laws and is not the general statutory law of the State, was the opinion expressed this morning by Attorney General Peoples. He says that the code of laws as contained in the reports of the code commissioner for the year 1911 and 1912 is the general statutory laws of the State.

"Certain errors" says the attorney general, "have been noted in the code printed by the Michie company, when compared with the new report of the code commissioner; said errors consisting in some instances in the omission of certain statutes and acts which were included in the reports of the code commissioner; other instances being a change in some of the statutes as reported by the code commissioner in such cases, it is the opinion of this office that the code of laws as contained in the reports of the code commissioner for the years 1911 and 1912, is the general statutory laws of the State for these reports have been so declared, and the code printed by the Michie company has not been so declared by legislative enactment." The opinion also declared that no copy of the code was attached to the act and that no copy is on file in the office of the secretary of State.

TO HONOR MEMORY OF ABRAHAM LINCOLN

President Orders Offices Closed and Flags at Half Mast.

WASHINGTON, April 13.—President Wilson tonight signed an executive order providing that fitting observance be given the fiftieth anniversary of the death of Abraham Lincoln next Thursday. He stated this was done as an evidence of profound affection of the American people for Lincoln's memory. He ordered that the executive offices of the United States be closed on that day and that the National flag be displayed at half mast over all federal buildings, forts and military posts, naval stations and all United States vessels. Owners and masters of United States Merchantships are requested to similarly display the American flag.

OFFICIALS INTERESTED IN MEXICAN SITUATION

CALL ON CONSULAR AGENTS FOR MORE DEFINITE INFORMATION

VILLA IS DEFEATED

Heavy Blow Inflicted By Carranza Forces at Matamoros.

WASHINGTON, April 13.—The state department telegraphed its consular agents in the vicinity of Celaya and Irapuato tonight for more definite information concerning the military situation. Interest in the outcome of the impending battle between Villa and Obregon is keen here as the question of communications with Mexico City from the border and the relief of many interior towns short of food is at stake.

Early reports from Consular Agent Carothers at Villa Headquarters said the Villa forces had withdrawn after the opening skirmishes. This is taken generally to mean in official quarters, that the Carranza claims of a victory in the opening struggles.

BRITISH PROTEST TO VILLA.

LONDON, April 13.—The foreign office has instructed the British charge d'affaires in Mexico City to protest to Gen. Villa against the new mining regulations which were promulgated by the Villa regime. The foreign office took this action on the receipt of advices from the charge that the mining regulations in question amounted virtually to a confiscation of the foreign mining interests.

BROWNSVILLE, Texas, April 13.—In a sortie today the Carranza garrison defending Matamoros inflicted a heavy blow on the Villa army besieging the town.

General Navarro second in command of the Villa troops was brought to Brownsville tonight dangerously wounded. The Carranza consulate here claimed the Villa dead numbered at three hundred. The sortie drew from the Villa forces their long promised shelling of Matamoros. The shelling stopped when the Carranza garrison returned to the trenches and tonight the firing has ceased, with the position of both armies practically unchanged.

GOVERNMENT TO BACK M'ADOO AND WILLIAMS

ATTORNEY GENERAL EMPLOYES BRANDIES TO ASSIST

NO INVESTIGATION

Of Bank's Affairs Under Way By The Department of Justice.

WASHINGTON, April 13.—Developments today indicated that the government intends to support Secretary of the Treasury McAdoo and Comptroller of Currency Williams in the legal fight precipitated by the Riggs National Bank to enjoin these officials from alleged attempts to drive that institution out of business through systematic, long continued persecution.

Attorney General Gregory announced tonight that the department of justice had employed Louis D. Brandeis to defend Williams and McAdoo in the injunction proceedings. Gregory declared his department and the treasury department are co-operating these proceedings. It was denied that the department of justice had undertaken an investigation of the affairs of the Riggs bank.

Lawyers discussed the question of whether the comptroller had exceeded his powers in certain acts of which the bank complains. It was maintained that for the sake of a precedent to be established this alone would be sufficient to insure a strong defense by the government. It seems probable that the case will go to the supreme court as both sides are apparently preparing to fight to the end.

CARRANZA MEN EXECUTE THREE HUNDRED PRISONERS

PERSONALLY ORDERED MACHINE GUNS TURNED ON PARTY OF SURRENDERING MEN—WOMEN ARE ALSO EXECUTED.

LAEEDO, April 13.—Information from Carranza officers and soldiers at NeuvoLaredo, Mexico, indicate that three hundred of the Villa troops who surrendered after yesterday's battle at Matamoros were summarily executed by Carranza forces. It was also reported that a number of women camp followers were executed.

It was reported that the Carranza general ordered machine guns on a party of surrendering Villa soldiers, resulting in the killing of seventy-six in a day. Another Carranza officer is credited in the killing. Carranza is credited with having killed one hundred and twenty prisoners with machine guns.

DAIRY CAR IS HERE TODAY

CLEMSON COLLEGE PREPARES A TREAT FOR FARMERS HERE

POULTRY EXHIBIT

Experts Will Lecture On Dairying and Poultry Raising and Give Demonstrations.

The splendidly equipped "dairy instruction car," including a poultry exhibit, which has been lent to Clemson College by the Southern Railway, will be in Anderson today.

The car is accompanied by dairy and poultry experts, and is to make a tour of towns and cities of this State. The car will be open for inspection and lectures will be given between the hours of 10 a. m. and noon and 2 and 4 o'clock p. m.

Completely Equipped. The car is splendidly equipped and will be accompanied by experts from Clemson College who will lecture and give dairy demonstrations and answer questions pertaining to this subjects.

There will be practical demonstrations in dairy equipments, handling of milk and its products and butter-making, as well as lectures by dairy experts.

Poultry Exhibit. This car will be equipped with model poultry appliances and the poultrymen of Clemson College will be along to give practical demonstrations.

The coming of this car is announced in large display posters which have been sent out by Prof. W. W. Lott, State agent and director of extension work, with headquarters at Clemson College.

Ladies are specially invited to attend the lectures and view the demonstrations.

Particularly Interesting. In view of the fact that cream route work was recently started out of Anderson, and has met with such phenomenal success, the announcement of coming of this car will doubtless prove of particular interest to a large number of people of Anderson county, and particularly those living along this cream route.

Prof. D. W. Watkins, dairy expert of Clemson College, has been in the city recently investigating the practicability of starting up another cream route here. He has been making a survey of the situation with a view of establishing a route that would start in the city and go in the direction of Belton, by way of the Drake place.

The schedule of the dairy instruction car, as published by Prof. Lott, is as follows:

- April 14, Wednesday, Anderson, 10 to 12 a. m. and 2:00 to 4:00 p. m.
- April 15, Thursday, Walhalla, 10 to 12 a. m. and 1:30 to 3:00 p. m.
- April 16, Friday, Westminister, 10 to 12 a. m. and 2 to 4 p. m.
- April 17, Saturday, Liberty, 10 to 12 a. m. and 2 to 4 p. m.
- April 19, Monday, Easley, 10 to 12 a. m. and 2 to 4 p. m.
- April 20, Tuesday, Greenville, 10 to 12 a. m. and 2 to 4 p. m.
- April 21, Wednesday, Pelzer, 10 to 12 a. m. and 2 to 4 p. m.
- April 22, Thursday, Campobello, 10 to 12 a. m. and 2 to 4 p. m.
- April 23, Friday, Yorkville, 10:30 to 12:00 a. m., and 2:30 to 4:00 p. m.
- April 24, Saturday, Rock Hill, 10:00 to 12:00 a. m., and 2:00 to 4:00 p. m.

The dairy instruction car will be stationed on the tracks of the Blue Ridge Railway near the old passenger depot on West Ertle street.

partners, to furnish an army transport for those Americans at Tampico who wish to return to the United States. Three hundred Americans have filed requests for transportation, but officials believe the number will be increased when the army transport, with a capacity of 1,500 arrives at the Mexican port. Threatened famine, continuous fighting in the outskirts of the city, and lack of work have caused an exodus of foreigners from Tampico.

Early Saturday morning a battle took place at Garza Valdes resulting in our capturing three military trains, five machine guns, a large quantity of arms and ammunition and 150 prisoners. The enemy lost about 150 killed, afterward completely scattering and escaping to the mountains in this vicinity. Our losses were twenty-two killed and thirty-two wounded.

BRYAN ASKS FOR TRANSPORT TO BEING AMERICANS HOME
WASHINGTON, April 13.—Secretary Bryan today asked the war de-
