Lay Further Plans For Clean-Up Week

GENERAL COMMITTEE PAVES THE WAY FOR GENERAL CITY CLEANING

TO ADVERTISE

Various Schemes For Interesting the General Public in the Work Are Discussed.

To lay further plans for clean-up and paint-up week, which will be observed here April 19-24 inclusive, a meeting of the general committee was held yesterday afternoon at the chamber of commerce.

By a fortunate coincidence, Mr. George C. Reinfrank, the 28-day advance man of the Redpath Chautauqua Bureau was in the chamber of commerce rooms at the time the committee met and favored the committee with a highly interesting and instructive talk on landscape gardening and other "city beautiful" work. Mr. Reinfrank has devoted a great deal of study to these subjects and has done a great deal of landscape gardening about his own country home in the suburbs of Chicago. He gave the committee some very helpful suggestions with reference to landscape gardening and city beautiful work and how they should go about stimulating public interest in such a program.

Clean People's Property. The committee discussed the condition of a number of lots about the city, especially those close to the square, and a resolution was adopted requesting the city health officer to require property owners within a radius of three blocks of the square to give their premises a thorough cleaning, and that in case they refused to comply with the request, the health officer have the lots cleaned for them.

A number of other matters pertaining to clean up week were discussed, and particularly methods of advertising the event and getting the cooperation of the people generally. It was decided to have printed some 1,500 postal cards for mailing to housekeepers calling their attention to the clean up week. It was decided to request the management of the local telephone company to have the operators call up all subscribers on Friday and notify them of the mass meeting which will be held at the court house Friday night at 8 o'clock, when speeches apropos of the clean up campaign will be by State Health Officer J. Adam Hayne and Dr. E. A. Hines, superintendent of the Anderson County Hospital. The committee further decided to call on the managers of the local motion picture theatres to show slides on their screens advertising the meeting for Friday night in the court house.

HAS FINE STAND CORN ON 100 ACRES LAND

FRANK RHODY HAS ONE OF PRETTIEST CROPS TO BE SEEN NEAR CITY

COTTON PLANTING

If Weather Remains Favorable Last of the Week Will See Much Cotton in Ground.

That corn is coming up rapidly already and a large portion of the cotton to be planted in this county will be in the ground by the end of the week, provided the weather remains favorable, is the information brought to the city yesterday by a well known farmer of the county.

One of the prettiest stands of corn to be seen close to the city of Anderson is that on the farm of Frank J. Rhody. He has something like 100 acres of corn already up, 80 acres of this being in one field. Mr. Rhody stated yesterday that he will be through with planting cotton by Friday, provided the weather conditions remain favorable. Speaking of crops in general, Mr. Rhody stated that he had a splendid stand of beans in his garden, and that unless the frost nipped the plants he expected to be eating beans in a few weeks.

Reports from all sections of the county are to the effect that farm work is going forward with a rush just now. One does not have to go to the country to observe that, however, for he can tell by the absence of farmers and people of the country generally from the city that something quite interesting is going on in the country, and he surmises that it is farm work.

Ladies! Look Young Darken Gray Hair

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Mass Meeting Apropos Of Clean-Up Campaign

WILL BE HELD FRIDAY NIGHT IN COURT HOUSE AT 8 O'CLOCK

GOOD SPEAKERS FOR CAMPAIGN

State Health Officer Dr. J. Adam Hayne and Dr. E. A. Hines To Deliver Addresses

Indications point to a large attendance of citizens at the mass meeting tomorrow night at 8 o'clock in the county courthouse, which will be in the nature of a get-together conference apropos of clean-up and paint-up week, to be observed throughout the city beginning Monday morning April 19 and ending Saturday night the 24th inst. Two good speakers are on the program for the meeting, one being Dr. J. Adam Hayne, of Columbia, secretary of the State board of health, and the other Dr. E. A. Hines, secretary of the State board of health and superintendent of the Anderson County Hospital.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the quickest, surest dandruff cure known.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the

local board of health and head of the general committee in charge of the clean-up and paint-up week campaign, yesterday received a letter from Dr. Hayne stating that he accepted with pleasure the invitation to address the people of Anderson on the eve of the campaign and would arrive here Friday noon for that purpose. Dr. Hines has already consented to speak, so there is no doubt about either one of the speakers not being able to fulfill his engagement. Dr. Hayne will speak on the subject "sanitation," while Dr. Hines will talk on "The Duty of the Citizen of the Modern Crusade Against Disease."

Advertising Campaign. Various schemes for advertising the mass meeting Friday night were decided upon yesterday afternoon at a meeting of the general committee held at the chamber of commerce. It was decided to have printed some 1,500 postal cards for mailing out to housekeepers generally calling their attention to clean-up and paint-up week. Committees were appointed to request the management of the local telephone plant to have "central" call up all subscribers some time next Friday and remind them of the mass meeting at the court house that evening. A committee was appointed to see the managers of the various motion picture theatres and request them to announce on their screens that the mass meeting would be held Friday

evening at the court house.

Ward Committees. Meetings of the various ward committees have been held and plans laid for getting owners of all premises in the respective wards to clean-up their places during the week of April 19-24. Reports state that enthusiasm in the respective wards is at a high pitch regarding clean-up and paint-up week and that there is great rivalry between the respective ward committees as to which one will have the cleanest ward when the campaign is ended.

Personal

Sam Anderson, secretary of the Jackson Mill, of Iva, was in the city yesterday.

A. V. Barnes, a well known merchant of Lowndesville, was in the city yesterday.

Henry Moseley, cashier of the bank at Lowndesville, was in the city yesterday.

Dr. J. E. Algood, a prominent physician of Liberty, was in the city yesterday.

A. B. Boyce, who is connected with the Southern Railway, was in the city yesterday.
