ALLEGED VIOLATION GALLON-A-MONTH LAW

WHITE MAN NAMED BED EVANS BOUND OVER TO HIGHER COURT

ALLEGED TO HAVE HAD TWO GALLONS

Arrested Near Orr Mills By Sheriff Gives Bond of \$200 Before Geiger.

Charged with having in storage on his premises more than a gallon-a-month law, a white man named Bed Evans was yesterday bound over to the court of general sessions by Magistrate G. H. Geiger under bond of \$200.

Evans was arrested at 10 o'clock Saturday afternoon in his home near Orr Mills by Sheriff Ashley and Deputy Sheriff Sanders. The sheriff stated yesterday that he found two gallons of whiskey hidden in the man's house. It seems that the arrest grew out of the officers coming into possession of a whiskey carton bearing the address of Bed Evans and billed to him at Hartwell, Ga., and which was of three gallon size. This led the officers to believe that the party who received the package got more than one-gallon of whiskey, which is the largest quantity one can receive under the new "gallon-a-month" law.

It is believed that this is the first arrest in Anderson county under the recently enacted "gallon-a-month" law.

CONVICTS WELL TREATED

Prominent Business Man Spends Day At County Convict Camp.

A prominent business man who spent Sunday at county convict camp No. 1, near Pendleton, as the guest of Capt. Carl McConnell, spoke yesterday in the highest terms of the condition of the camp and everything connected with it, convicts, males, etc.

"There are 31 males in the camp and I personally examined all of them and found three small sores on all that number. I looked at the males because I had heard that some of them were frightfully abused. I can certainly say that there is no truth in that report. Some of the finest males I ever saw are with that Pendleton camp."

Speaking of the treatment the convicts are getting, this visitor stated that he made inquiries among the negroes—unknown to the guard—and without a single exception was told that the convicts receive not only humane treatment from Capt. McConnell and the other guards but a great deal better treatment than some of them deserve. The gentleman went on to state that any reports in circulation as to the convicts receiving inhumane treatment are not borne out by the facts. The negroes, he stated, are well cared for in health and especially in sickness; that they are happy, and devoted to their captives.

FIRE LAST NIGHT

Negro House Near Toxaway Mills Was Destroyed.

First last night destroyed a small house, occupied by negroes, near the Toxaway mill. The property was owned by Hubbard McCully.

The fire department responded to the alarm, but as the fire was beyond the city limits and not in reach of a hydrant, nothing could be done to save it.

Told That There Was No Cure for Him.

"After suffering for over twenty years with indigestion and having none of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes J. Grobier, Houston, Texas. Obtainable everywhere.

SOUTHERN FAMILY LIFE IN THE CIVIL WAR DAYS.

"The Warrens of Virginia," the Lasky-Belasco photodramatic version of Wm. C. DeMille's play of the same name, shows a phase of Civil war life which has been little emphasized. This is the home life of the Southern families, rich a few months before, now patiently and courageously enduring poverty and defeat. The drama does not seek to justify the politics of either cause, but it must bring closer to all the world the sufferings of the Confederacy and the nobility of the "boys in grey." Blanche Sweet, who makes her Lasky debut in this production, plays the role of a Southern girl who is captured by her own lover, a Northern lieutenant. At the Paramount today.

TABLET TO MEMORY OF COL. J. S. NEWMAN

Clemson College Will Pay Tribute To Distinguished Agricultural Leader.

CLEMSON COLLEGE, April 19.—At the recent meeting of the board of trustees of Clemson College, the board authorized the placing of a tablet in the college chapel which should pay tribute to the memory of the late Col. J. S. Newman, first professor of agriculture at Clemson and one of the South's most distinguished and widely known agriculturists.

Col. Newman enjoyed prominence in his chosen field both abroad and at home. For eight years he was professor of agriculture, horticulture and animal industry at the Alabama Polytechnic Institute, and director of the Alabama State experimental station. From there he came to Clemson College as its first professor of agriculture, and was also director of the agricultural department of the college.

He was the author of several agricultural works, of which the best known is probably his "Southern Gardeners' Practical Manual." He was always an ardent gardener, and an earnest believer in and worker for diversification in agriculture.
