DETAILS OF TURKS MASSACRE AT URUMIAH

Board of Foreign Missions of Presbyterian Church Receives Further News.

NEW YORK, April 29.—Details of the recent massacre of native Christians at Urumiah, Persia, by Kurds, received yesterday by the Presbyterian board of foreign missions, state that not less than 800 have been murdered there and that not less than 2,000 have perished from disease. The attacks, it would appear, have not been confined to Kurds, but have been made, in at least one instance, by Turkish soldiers. Crucifixes and burning of Christians alive have been reported, missionaries reported to the board.

The attack in which the Turkish soldiers were the assailants, according to reports received by the board was made upon the American mission and the French Roman Catholic mission. Five native Russian priests, the reports assert, were taken from the American mission by the Turks. The missionaries stated these men were "treated badly" and added that it was not known to them whether the priests were hanged.

A report had reached the Presby-

terian missionaries at Tabriz that Americans at Urumiah had been forced to pay \$10,000 ransom for refugees who had fled to the mission for protection. That report, it was stated, had not been confirmed.

Those and other matters pertaining to Urumiah were related in two letters received today from Dr. W. S. Vanneman of Salem, N. J., head of the Presbyterian mission hospital at Tabriz. Writing from Tabriz March 18, Dr. Vanneman said:

"About ten days ago the Kurds in Salmas, with the permission of the Turkish troops, gathered in all the Nestorian and Armenian men remaining there. It is reported, about 800. Four hundred were sent to Khosrova and 400 to Haft Dewan under the pretense of giving them bread. They were held a few days and then all of them tortured and massacred. Many of the women and children were taken away and ill-treated.

"We are very anxious about Urumiah. A letter dated March 1 from Dr. Shedd (Rev. Dr. W. A. Shedd of Marietta, Ohio.) came through by messenger two days ago. He said things were getting worse. Gulpan, which hitherto had not been disturbed was ruined. Fifty-one of the most prominent men of this village were taken and shot. The women and girls who could not escape were violated. This was done by the Turkish soldiers.

"Forty men had been taken from the Roman Catholic mission in Urumiah City, kept prisoners a few days, then were taken at night two miles from the city and shot.

"Dr. Shedd writes that not less than 800 had been murdered and not less than 2,000 had died of disease. This applies to Christians only. This is a very large per cent as more than half of the Christians fled to Russia."

Under date of March 21 Dr. Vanneman wrote as follows:

"We are more anxious than ever about Urumiah. On the 17th Turkish troops attacked our mission and the Roman Catholic mission and took five native Russian priests from our camp and treated them badly. We do not know yet if they were killed. The gates of the Catholic mission burned and they were all in great danger.

"Some of the native Christian preachers have been crucified and some burned but these were of other denominations.

"If the Russian troops should be withdrawn again every Christian would have to leave Tabriz.

"I do not believe the real condition very bad for the Armenian season of affairs is comprehended in America. It is practically the extermination of the Syrians (Nestorians) and very bad for the Armenians also. The only hope is occupancy by Russia."

BATTLE IN FLANDERS PRACTICALLY ENDED

(CONTINUED FROM PAGE ONE.) near Sochaczew on the Warsaw front, Petrograd attaches much importance to the Russian capture of Loubonia, northeast of the Uzok pass. It declares this will enable connections which the Austrians used in moving troops along the Beskids.

RECAPITULATION OF SEWER WORK PLANNED

BEFORE GOING FURTHER COUNCIL WILL LOOK INTO TO THAT ORDERED

FINANCES ALSO

Will be Looked Into in Addition Before Any New Work is Undertaken in This Line.

In connection with the disposal of the North Main street sewer line matter by city council in special session yesterday afternoon, the question of completing before that work is undertaken a batch of sewer work which was authorized some time ago arose, and for a considerable while there was a great deal of discussion of the matter.

No alderman was opposed to the laying of the sewer line on North Main street, where the paving is to be put down, but there were several of the members who wanted sewer work which is either under way in their respective wards already or scheduled to begin in the near future completed before the North Main street work is started.

Alderman Spearman contended that sewer work which is under way now in the southeastern section of the city should be carried to completion while the city's forces are there. Alderman Tate contended that sewer lines which have been authorized for portions of West Market street, Brown street, Monroe street and Maxwell avenue should be put down before any new work is taken up. Alderman Carter rased the contention in regard to sewer work which had been authorized for Tribble street.

After wrestling over the question for a large part of the afternoon, without reaching any satisfactory conclusion, it was suggested that members of council take an afternoon off next Tuesday and make an inspection of those streets along which sewer lines have been authorized, then take a look into the city's financial affairs, and if necessary, readjust the sewer work already outlined so that the city will not be run into debt. The suggestion met with the approval of all members of council, so the inspection trip will be made at Tuesday afternoon. In the meantime the mayor and city clerk and treasurer will prepare a statement of the city's finances for consideration.

BOSTON DEFEATED N. Y. NATIONALS

NEW YORK, April 29.—Boston defeated the New York Nationals 13 to 5 today in a game which started after unusual complication had arisen over New York's attempt to play Benny Kauff, who jumped to the Giants from the Brooklyn Federals just before the play was called. Umpire Quigley first declared the game forfeited to New York when Boston refused to play. The game started later without Kauff playing. Under President Toner's ruling, as reported by Secretary National league, the game stands as played.
