A Danger Signal

One thing that Pickens county needs, and needs badly, is two or four good rural police to help the officers we now have to suppress the whiskey traffic and other misdemeanors.

Many of the people are becoming disgusted with the whiskey traffic in prohibition territory. Many of our farmers who are themselves prohibitionists and have money invested in their business are imposed upon while their backs are turned from one farm to another, by some trifling violator of the law who will slip in and sell his hands; and for the next few days his hands are drunk and sick and perhaps gambling.

The good road question is the main question now. If Congress would only appropriate a large sum, then let the state appropriate a good sum, then let every county issue bonds sufficient to make good roads.

"That Reminds Me"

Have you ever seen one of the old time corn mills—the kind they used before the war—where there was a long pole running thru the top of the building and the lower end was fastened in a stone and turned by a slave to grind corn into meal for his master?

We saw one at the corn exposition in Columbia last week and it reminded us of an incident of which we had heard.

When the carpetbaggers had control of the legislature in South Carolina there were a great many negro members of the legislature, and most of these negro members were ex-slaves and very ignorant.

The African legislator to which this incident relates to was a representative of a section that which runs the Cumbahee and Ashepoo rivers and which was thickly settled by the descendants of Ham. He had never heard of "mills" as relating to corn, but only as relating to the grinding of corn; so when a member from Charleston arose and made a motion to levy twenty mills on the dollar to raise money for some purpose, the dusky delegate from the Cumbahee arose and said, "Mister Speaker, I agree with de gentlemen from Charleston, dese I know well need at least twenty mills on de Cumbahee, and God knows how many on de Ashepoo."

We noticed in a paper last week that a Missouri legislator had introduced a bill to prohibit ladies wearing dresses buttoned in the back. What this legislator's object was we do not know. We casually mentioned the fact to Hon. J. E. Boggs, whereupon he said, "That reminds me of a time while I was making a speech. The crowd was extra large; and about time I had gotten half thru, a baby, in the arms of its mother, began to cry very vigorously. 'Lady, I asked, very kindly, can't you quiet that baby?' 'No sir,' she replied. 'Why can't you?' asked our distinguished jurist. 'Because,' replied the mother, 'my dress buttons in the back'. Whereupon Mr. Boggs resumed his speech.

We earnestly hope that the strait pension bill to pension the old soldiers will become law. The State of South Carolina is abundantly able to pay the old veterans and the certainty ought to count it a privilege to show to the old soldiers their appreciation of their services in this way.

It is a pity they left their homes and loved ones and went to the front, and for 4 years faced the cannon, rifle, bayonet and sword, and many of our brave boys went down while fighting bravely for what they thought to be right. When Lee surrendered at Appomattox in '65, the old war hero named boys who wore the gray came tramping home to find their farms all gone down, horses all stolen by the thieves who followed in the wake of the army, and some of these old soldiers were one armed with one leg. Many of them had to hobble along after the plow on a wooden leg, others with one arm had to tie a rope to the plow handle and fasten the other end around their neck and plowed to make their crops in this way. It will be an everlasting shame if the State does not do something for them.

Sloan's Liniment has done more good than anything I have ever tried for stiff joints. I got it and hurt so badly that I had to quit work for the longest time of the year. I thought at first that I would have to give up and take out, but I got a bottle of Sloan's Liniment and cured my hand.

A Bill of Interest to Pickens People

The following bill has been introduced in the legislature by Representative Williams of this county.

A bill to provide a system of government for Pickens county. Be it enacted by the General Assembly of the State of South Carolina:

Section 1. At the general election in the year 1914, one commissioner from each district, as hereinafter designated, shall be elected by the qualified electors, voting in the district, who shall constitute the County Board of Commissioners for Pickens county when organized, as hereinafter provided, who shall hold office for two years beginning the 1st day of January, 1915, and until their successors shall have been elected and qualified.

Section 2. That for the purpose of such election the said county shall be divided into three districts as follows: No. 1. To be composed of Pumpkintown, Dacusville and Pickens Court-house townships. No. 2. Shall consist of Easley and Liberty townships. No. 3. Shall consist of Central, Hurricane and East-tatoe.

Section 3. That said commissioners as soon as practicable after qualification, shall meet at the courthouse of said county and organize by electing one of their number chairman, and a clerk, not of their number. Said clerk is required to keep commissioners' office open during business hours during the year, probate and file all claims coming to the commissioners' office, the custody and care of all papers pertaining to the office and keep correct minutes of the proceedings of each meeting of the commissioners, and shall issue all warrants ordered paid by the commissioners.

upon the discharge of duties, each of said commissioners shall enter into bond in the sum of two thousand (\$2,000) dollars.

Section 5. The commissioners shall jointly have control over the courthouse and grounds, the county jail and grounds, the county poor farm and inmates and all bridges and ferries between adjoining counties.

Section 6. That each District Commissioner shall have control and supervision over all public roads, bridges and ferries within his district.

Section 7. That the commissioners shall first, jointly, reserve from the general county fund a sum sufficient to keep in repair the courthouse and grounds, county jail and grounds, poor farm and support of inmates thereof, also for the repair and maintenance of all bridges and ferries between adjoining counties and maintenance of the county chain gang, and apportion the remainder of said fund among the several said districts according to the miles of public roads in each district, which number of miles of public roads shall be found by estimation by the commissioners jointly, to be expended on the public roads and bridges within the respective districts.

Section 8. The county chain gang shall be maintained out of the general fund, and shall be worked under the supervision of the commissioner of the district in which it may be working, in the same proportion as to time as the mileage of public roads of the seven districts stand toward each other, such workings continuing about two months in each district at one time. Except in case of special storm or other special damages occurring in any district, in that case the chain gang shall work that district when such special damages may occur until the same may be repaired; provided, no delay from any cause shall cause any deduction from the time the chain gang is required hereby to perform work in any district.

Section 9. That said commissioners shall meet in joint session at least once a month for passing on claims, making contracts and purchases of material and supplies; provided, that all contracts for work done for the county or material or supplies or tools necessary purchased shall be let to the lowest bidder after at least two weeks' advertisement; provided, the amount of such contract shall exceed (\$10) dollars in value.

Section 10. That the salary of each commissioner shall be four hundred and fifty (\$450) dollars per annum, and the salary of their clerk shall be seventy-five (75) dollars per annum. All acts and parts of Acts in conflict with this Act be, and the same are hereby repealed.

Avery A. Stewart.

On the 28th of January 1913, Mr Avery A. Stewart died in Glenwood at the home of his brother, C. R. Stewart, after a long illness, with tuberculosis, and was carried to Holly Springs church the next day, where his funeral services were held by Rev. D. W. Hoyt, in the presence of a large congregation, then his body was laid away in the cemetery near by. Mr. Stewart was about 39 years old and had spent a good deal of his time in the west. He professed religion a few days before his death, united with the Baptist church at Glenwood and desired very much to be baptized, but was never strong enough. He seemed very happy and said to the family that he was saved. It was very touching after he had traveled around so much when he felt that the end was near he requested his brother to carry his body to the old church which he had attended when a boy, and where other loved ones sleep. He leaves an aged father, Capt. W. K. Stewart of Eastatoe, three brothers, viz. C. R. Stewart of Glenwood, W. M. Stewart of Pickens, R. D. Stewart of Dillon, Montana, and three sisters, Mrs. Elmira Stansell of Liberty; Mrs. N. D. Chapman of Eastatoe and Mrs. N. M. Chapman of Easley. To all these loved and breaved ones we offer our sympathy.

Whatever phraseology we may use, we can only hope to fall far short of depicting the real character of her, whose life was made so noble by those womanly characteristics. Though she be dead, yet she liveth—liveth in the hearts of all who knew her. She represented the highest type of virtues that makes humanity praiseworthy. She was kind, affectionate, and full of compassion. She visited the fatherless and widows in their afflictions and kept herself unspotted from the world. She stamped the memory of a true Christian on the hearts of all who knew her.
