The friends in this State are urging the appointment of Associate Justice C. A. Woods of the State Supreme Court to be United States Judge, the position held by Judge Nathan Goff, Republican, who was recently elected United States Senator from West Virginia.

It is our opinion that this bill would practically ruin some of the weaker newspapers, because it says nothing about the length of the "answer" or "appear in this state but that will gladly give space to any person whom it has in any way mistrepresented.

And besides there is a libel law in this state which protects six or eight columns in "explanation" if he wished to. It would probably interest a dozen.

### Morning Sickness

Many women suffer this mis-

ery. It makes its appearance so regularly that they learn to expect it and arrange their household work accordingly. Few women think of seeking medical help to get rid of it for good. If women only knew of the power and effectiveness of Dr. Simmons Squaw Vine Wine they would not be without it a moment longer than it would take to get it from the drug store. It is a splendid remedy for all nausea or sickness of the stomach. The first dose settles the stomach and makes the patient feel better. Additional doses act on the female generative system, strengthening weakened organs, regulating the habits, restoring tone and strength in every part of the body. It is essentially a woman's remedy prepared expressly to meet the need of women who suffer from the ailments common to their sex.
