Take Hall's Family Pills for constipation.

Deputy Marshal Alexander and Constable LaBoon destroyed an illicit distillery outfit in full blast and captured three men in it above Pumpkintown last Wednesday.

Mr. and Mrs. B. F. Parsons spent Sunday with Mrs. Parsons aunt, Mrs. Verdin, in Anderson county. Mr. Parsons says that crops in Anderson county are fine and also says if you want to see the world in a day at a minimum cost and without trouble just get a Ford automobile.

Ernest Alexander, who has for the past three years been with Craig Bros. Co., has resigned his position there and has accepted a position with the Pickens Hardware and Grocery Co., where he will be glad to have his friends call and see him.

The young people of the town enjoyed a most delightful picnic Tuesday afternoon at Linwood Park.

RALEIGH, N. C. CHILD

Made Strong and Well by Vinol.
When we tell you that Vinol is the best remedy in our whole stock for making weak, puny, ailing children strong, robust and rosy, we are only telling you what has been proved by hundreds of mothers.

Mrs. V. O. Strother, Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared, and I am telling everyone about it."

What Vinol did for this little girl it will do for very weak and ailing child, because sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine, healthy color. It is pleasant to take, and we guarantee that the results will satisfy you—money back if they do not.
Pickens Drug Co., Pickens, S. C.

Mr. J. B. Jones of route has just returned from a visit to his father, Rev. M. L. Jones, Penrose, N. C. He was summoned there on account of the death of his father's wife, she having died last Saturday. He did not receive the message in time, however, for the funeral. The numerous friends of the Rev. Mr. Jones here, where he lived nearly all his life, will sympathize with him in the sorrow which has come to him.

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THE FORD'S BLACK-DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using The Ford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one."

Insist on The Ford's, the original and genuine. E-67

Labor-Saving Cole Planters and Distributors THAT EVERY FARMER NEEDS

Every farmer in this section should own one of these Cole Planters and Distributors. They positively pay for themselves after a few days in the field. The planter plants better and cheaper than any other planter ever built. The distributor makes one trip do for two—doubles the good from guano. Cole Planters and Distributors are the "Farmer's Friend." They were "born and raised" on a North Carolina farm.

You'll find them so downright useful and reliable that you'll wonder how you ever got along without them—why you were ever content to put up with out-of-date machines, when you could own a Cole!

The Cole Planter

SAVES Labor of 1 Man and Mule Seed

Plants Cotton, Corn, Peas, Beans, Peanuts and other Seed

At one trip the Cole Planter smooths the bed, opens a furrow, mixes guano with the soil, covers it, opens again, plants the seed and covers them in the most accurate manner. The guano being mixed with the soil directly underneath, you get a quick

start, get two chances at a big crop. The Cole Planter plants the seed in a straight line at the same depth. The depth is easily regulated. Cotton comes up in a straight line—without bunches. It can be chopped to a stand cheaper, cost of cultivation is less.

The seed fall in plain sight. The wind can't blow them away—none are wasted at the end of the row. Doesn't skip or bunch the seed—as far ahead of the old style planters—as the old style way is ahead of hand planting. Works perfectly on any kind of land, where other planters are unsatisfactory.

The Cole SINGLE FOOT Distributor

Opens a Furrow and Sows Guano at One Trip

Here's a Cole Distributor with opening plow in front, which many farmers prefer. With one you can run off rows, open a furrow, and sow guano at the same time. It'll save the work of one man and mule every planting day. Especially good for side-dressing—can be run right up alongside plant.

Strongly made thruout, large hopper, strong plow wheel with steel spokes. Convenient lever, cuts off flow of guano. Has the reliable Cole force feed, noiseless as a bicycle. Swivel rod holds distributor rigid while you fill the hopper.

Other Styles of Planters and Distributors to Meet Every Need

Besides these machines we have the Universal Single Foot (either force feed or Knocker), Universal Double Foot Knocker, and other styles suited to different uses. Discard your old out-of-date trouble making planter or distributor, hitch up to one of these labor saving Coles! Come and see them now.

Guaranteed By Us and By The Cole Mfg. Co.

The Cole is doubly guaranteed. The maker guarantees it. We guarantee it. Every machine must prove a practical daily working success in your field, no matter if the soil is rough or smooth, level or hilly, with crooked rows or straight. They are made as good as money and brains can make them—sold at a fair price to everybody. Come and see these machines. Get ready for planting time.

HEATH-BRUCE-MORROW CO., Pickens

Classified Column

One-Cent-A-Word

Subscribers of The Sentinel may have 25 words inserted in this column, free of charge

Winthrop College Scholarship and Entrance Examination

The examination for the award of vacant scholarship in Winthrop College and for the admission of new students will be held at the County Court House on Friday, July 4, at 9 a. m. Applicants must be not less than sixteen years of age. When Scholarships are vacant after July 4 they will be awarded to those making the highest average at this examination, provided they meet the conditions governing the award. Applicants for Scholarships should write to President Johnson before the examination for Scholarship examination blanks. Scholarships are worth \$100 and free tuition. The next session will open September 17, 1913. For further information and catalogue, address Pres. D. B. Johnson, Rock Hill, S. C.

The Cole Spreader and Cultivator

Lister and Side Dresser

Sows Guano and Throws a Good List at One Trip

With this machine you can feed guano to growing crops—get more good out of it—spread guano at the right time to make fruit, right where a network of roots need it. By feeding the guano during the plant receives all the benefits of the plant food. With cultivator attached (as shown in the cut) you can sow guano and effectively cultivate at the same time—save the work of one man and one mule. Two strong universal plow feet are furnished free. By removing cultivator and attaching plow feet, you have the best machine for sowing guano and throwing two good furrows upon it. The hopper holds 1 sack, and spreads uniformly any quantity from 100 lbs. to 2000 lbs. to the acre. Pays for itself in labor saved—doubles the good from guano.

The Cole DOUBLE FOOT Distributor

Sows Guano in Open Furrow, Throws 2 Good Furrows Upon It.

Saves Labor

The form of spout used on this machine spreads the guano, instead of putting it in a small stream. The fertilizer feeds more plant roots—gets more good from guano.

Positive force feed sows from 100 to 1,500 lbs. of guano to the acre. Instantly regulated. The plow feet throw two good furrows upon guano at the same time. Plow feet are strongly attached to side beams, so that good plowing can be done. You can leave it without danger of its falling. Graduated hitch post adjusts the weight on the plows.

Saving Time

YOU can buy clothes in two ways. One way is to choose the cloth from a piece of goods and have your measure taken, by somebody who may or may not know how; and wait ten days to three weeks to get them. You can't tell how becoming they will be; you take a chance on the fit, you don't know whether they will be well made or not.

The other way is to buy ready-made clothes. You choose the finished garment, the styles are produced by the best designers in the world, you know in a few minutes if the clothes fit. You know when you see our mark in them, that they're all wool, and finely tailored.

You can do it all in less than an hour, and wear the clothes home.

When you come to Greenville drop in and let us show you. REMEMBER we refund railroad fare,

SMITH & BRISTOW
