Violation of Laws.

It is a bad thing to violate any law, no matter if you think the law a bad law. Parents who allow their children to violate laws that the parents themselves have laid down to be obeyed, no matter if the law itself is a bad law, or it may be a wrong law, nevertheless, if it is disobeyed with only a threat on the part of the parents that if the law be transgressed again that the transgressor will be punished, again and again the threat is made, again and again the law is broken. It will not be very long before the child will violate any and all the parental laws with impunity.

The school teacher who lays down certain laws to regulate the school must enforce the laws or the school will soon go to pieces. If the law is a bad law the thing to do is to have it repealed. It will not do to let it be constantly violated without punishment.

Our town, county and state laws are constantly violated and while we have convictions occasionally and a few people are punished for violations of law, yet the convictions and punishment are not frequent enough and severe enough to lessen the violations of law.

We are fully aware of the fact that it is rather hard to convict people for crime, especially when people are not fully in sympathy with the law that has been violated. We do not want to lay the blame for the lack of enforcement of the law at the door of anyone. Guess we are all to blame. Suppose we all try, officers and citizens, to do a little more and still a little more to enforce the law. The officers of the law cannot do it all. They must have the support of the citizens over the entire county.

Recently at one of our country churches, in one of the best communities, a young man let a pistol fall out of his pocket on the church floor. He deliberately picked it up, put it back into his pocket and remained in the church house. He certainly ought to have been reported and punished for violation of law. Would it not be a good plan to have detectives at all our churches on Sundays during the next few months and search all men suspected of carrying pistols and enforce the law that is so frequently violated? Law is intended to protect the innocent and the law abiding citizen. Only the lawless need fear and we ought to make them fear. Together let us labor to enforce our laws.

The blackberry is the most consistent winner of them all. It is a crop that hardly ever fails.

An exchange says an Atlanta man ate 75 sandwiches at one sitting. He is probably lying now.

It's no myth about those Columbus meals being square. After you eat one it feels like a square brick.

From all sections of Pickens county comes the report that the corn crop prospects are the best in the history of the county.

All the corn made in Pickens county will not be used for meal, either—some of it will be fed to stock.

Going over to Greenville on the train the other day, a man from Easley asked the news butch how he could get some eggs on the train. Just then the conductor came thru yelling Lathem! Lathem! and the Easley man got mad.

If Columbus had been named merely Colum, would Columbia State or a district? (We'll admit this is pretty bum, but we had to have six lines to fill up this column.)

Use of Calomel Practically Stopped

For Bilious Attacks, Constipation and all Liver Troubles. Dangerous Calomel gives Way to Dodson's Liver Tone.

Every druggist in the state has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is often dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," says the Pickens Drug Co.

Dodson's Liver Tone is personally guaranteed by the Pickens Drug Co., who sell it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of sluggishness, you have only to ask for your money back. It will be promptly returned.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy—harmless to both children and adults. A bottle in the house may save you a day's work or keep your children from missing school. Keep your liver working and your liver will not keep you from working. (Adv.)

Pickens Man Enjoys Gettysburg Reunion

I have just returned from Gettysburg where the blue and the gray spent a most pleasant and enjoyable week together. We, I mean the South Carolina veterans, fared sumptuously, had an abundance of good things to eat and just as well cooked and served as we could expect at our table or in visiting our neighbors at our own home. They were extremely social and

HOT AIR...

Is About the Cheapest Thing on the Market Today

Almost every paper you pick up these days, you read where some merchant tells you he can sell you goods for less than other merchants can buy them, that he can save you money on every purchase you make. Have you ever stopped to think why one merchant can sell you goods so much cheaper than another? The answer is very simple: He handles inferior goods.

Watch any concern that can always sell a \$1.50 article for 98c, or a \$1.00 for 67c. When you buy such merchandise, you are simply getting what you pay for, nothing more. These catch-penny, fake sales, however, are about a thing of the past, for people are getting wise to them. There was a time when these "below cost sales" would catch a few suckers, but the people, especially our Pickens county people, are on to their job, and what they want is value for their money, not cheap, shoddy goods.

We do not advertise to sell you goods below cost, or at cost, but we can sell you honest goods as low as any one, for we discount our bills, and buy in quantities which puts us on the ground floor with any one. A look thru our stock will convince you that we are prepared to back up every word we say, when it comes to prices, quantity and quality of merchandise.

Yours truly,

made us feel good all the while.

We had comfortable quarters and a number of ladies called to see us in our tents and invited us to their palatial homes, which was enjoyed by those who accepted the invitation.

I met and enjoyed a visit from Col. Wright, from Michigan, whom I found a pleasant caller in my tent. He confessed that he had been whipped at the second days fight at Gettysburg, but Gen. Hancock came in just in time and rallied the men and

overpowered us. He also acknowledged that we were fighters indeed and truth and hard to handle.

The ladies asked for a picture of a New York man who wore a suit he wore before the war when he was a member of the militia and he granted their request on condition that I stand by his side and hold his hand while it was taken, promising to send me a copy of the same.

Thus passed the fiftieth anniversary of the most noted and

one of the most destructive battles, which will ever be fresh in the memory of many and so will the reunion at Gettysburg. It was a grand old time never to be forgotten. A. F. McCord, Liberty.
